QUIET PREVAILS IN CHINA

Methodist Missionaries Say There is No Apparent Prospect of Trouble.

CABLEGRAM FROM BISHOP BASHFORD

Report Covers North, Central, West China, Foo Chow and Honghwa Mission Stations.

(From a Staff Correspondent.)

NEW YORK, Feb. 18.—In view of the many disturbing reports appearing in the public press concerning the conditions in China and the possibility of further outbreaks such as those at Linchow and Shanghai, and the consequent anxiety of relatives and friends of missionaries in China, the Missionary Society of the Methodist Episcopal Church sent cablegrams of inquiry to Bishop Bashford at Shanghai and also to representatives of the several missions of that church at Tien Tsin, North China, Nanking, Central China; Chungking, West China, and Foo Chow; for the Foo Chow and Honghwa missions.

These cablegrams were sent on Thursday and Friday, February 15 and 16. That to Bishop Bashford covered all the Methodist missions in China. He recently returned from an official visit to the West China mission, coming down the river through the Central China mission, whose chief stations are on the Yangtze. In the late fall he spent some weeks in the Foo Chow and Honghwa missions, in the south, where there has been the most agitation among the Chinese people.

The response from the mission treasurers in North, West and South China, dated February 17, are of like tenor to that from the bishop.

Tien Tsin.—No disturbance. Safe. Nanking.—No trouble any more reported. Foo Chow.—Foo Chow and Hingqua quiet. Chungking.—All quiet.

Not a letter received recently at the missionary office from any Methodist missionaries in China speaks of any trouble or excitement among the Chinese, or expresses any apprehension of an outbreak.

Statement by Secretary. The secretary of the Missionary Society at the foregoing statement the following: As China is in a transition state and the mass of western ideas is working in the mind, some ferment is to be expected; but any general uprising among the Chinese movement is, in the opinion of the best informed, improbable.

Agitation is Anti-Dynastic. LONDON, Feb. 18.—The Tribune's Peking correspondent in a dispatch discussing the growth of the American boycott into an anti-dynastic and anti-imperialist movement, says that the discovery that the boycott has united all parties and all faiths into a common purpose, says: As time has advanced, control has passed completely from the hands of honest merchants to the revolutionaries, until now it has become a great weapon to overthrow the present government.

Parry Discusses Boycott. INDIANAPOLIS, Ind., Feb. 18.—D. M. Parry, president of the National Association of Manufacturers, said today that the board of directors of that organization adopted resolutions on the Chinese exclusion subject as prepared by a special committee of the membership.
