DIRECT VOTE ON SENATORS

Iowa Senate Passes Resolution for Calling of Convention of States.

CONSIDERABLE SPICE IN DISCUSSION

Both Houses Decide to Adjourn Wednesday to Allow Members to Go Home for Municipal Elections Thursday.

(From a Staff Correspondent.)
DES MOINES, Feb. 23.—(Special.)—Senator C. G. Saunders of Council Bluffs, in the senate today, made one of the strongest addresses yet made in that body this session. In a speech favoring the direct vote on United States senators. The question before the senate was the Lewis measure to delegate the various states of the union to meet in Des Moines to plan to further the movement. Senator Saunders deprecated the play at politics in the senate. Several spoke before Senator Saunders and in answer to them he said the fathers had written wisely the constitution, but they did not write that one man could have the power to block the legislation of 80,000,000 of people. He called attention to conditions in Delaware, where there was failure to elect a United States senator because one millionaire persisted in buying his way to

office and declared if he was forced to go before the people he would not be a candidate; he referred to conditions in Colorado, Dakota and Kansas and said the time had come when it was the part of wisdom to put a check on the senate and he believed there would be less millionaires there if the hands of the people. The strongest address against it was made by Senator Dunham, who claimed it was a subtle attack on Allison and Dolliver and called on its sponsors to "come out of the grass and attack in the open the two Iowa senators." Senator Gilliland of Mills, in speaking on the measure, said he would vote for it, but took occasion to call much of the action on it horse play, but was willing to allow Governor Cummins to "exercise his ambition by having the honor to call the convention." The resolution was passed, 38 to 9.

Adjourns for Elections.

Because of the fact that many of the members of the legislature are interested in the elections in the cities, both houses have decided today to adjourn next Wednesday or Thursday till the Tuesday following to allow members to be home to vote on Monday.

House Has Resolution.

The Gilliland resolution calling on the governor for information was sent over to the house from the senate today and will likely come up tomorrow in the reading of senate messages and will be before the house for disposal. The measure is still a very live issue. Just what the house will do with it is problematic. There is some talk of amending it and talk of referring it to a committee. Some of the Cummins men propose to be heard on it and declare

that the records must show that the things Gilliland is trying to read into the governor's letter are not there. They declare their intention of voting for the resolution and will oppose any attempt to kill it off or sidetrack it in a committee.

The house changed its mind today on one question which had come before it—that of endorsing the plan for a national pure food law. A resolution had come from the senate endorsing the principle of the proposed national pure food law, and the house committee on federal relations had recommended that it be indefinitely postponed. When the report was called up a motion was made that the house reject the committee recommendation and concur in the senate resolution. This was adopted, 40 to 17.

The Newton and Northwestern road today purchased the Ames & College road, the line owned by Representative Greeley and running between the city of Ames and the Agricultural college. The line will be a part of the interurban connection between this city and Fort Dodge.

Lumbermen Elect Officers.

MARSHALLTOWN, Ia., Feb. 23.—(Special Telegram.)—The Central Iowa Retail Lumbermen's association in its eleventh annual convention, with its members present, elected the following officers this afternoon: President, C. W. Chapman of Waterloo; vice president, J. W. Junge, Marshalltown; treasurer, Andrew Rath, Ackley; secretary, C. E. Greaf, Eldora; directors, Warren Brown, Waterloo; G. N. Rose, Dubuque; C. E. Buchwald, Marshalltown; D. K. Warduton, Grinnell.

NEW ATHLETIC FIELD HERE

Grounds Will Be Furnished by Diets Association for Amateurs of the City.

Omaha is to have a new base ball park and athletic field, fenced in and equipped with the requisite grandstand, club rooms, with lockers and baths. The new park will be created by the Diets Athletic association, which is an outgrowth of the C. N. Diets base ball team, for several years among the best semi-professional clubs of the city. Several months ago the Diets Athletic association was organized and at present has a membership of about sixty. A large tract of vacant ground at Thirtieth and Spaulding streets has been leased by the association for three years, and upon this the buildings will be erected and the grounds laid out. There is plenty of room in the tract, and besides the diamond a number of tennis courts will be laid out and possibly a quarter or half mile cinder track for sports of that nature. Two base ball clubs will be organized and Saturday and Sunday games will be played throughout the season. It is probable tennis, track and foot ball clubs will be organized also.

C. M. SCHWAB ON WAY WEST

Former Head of Steel Trust Stops in Omaha Enroute to Tonopah. Charles M. Schwab, millionaire and former president of the Steel trust, spent several hours in the city Friday afternoon, coming in from the east on the Rock Island at 1:15 and leaving on the Union Pacific at 4:20. Mr. Schwab was in his private car, Loreto, which was a model of luxury. As the train rolled in at the station newspaper men approached and asked to see Mr. Schwab. They were informed by a person all covered with brass buttons and gold braid that Mr. Schwab would see no one. Just then Mr. Schwab chanced to pass the door and invited the newspaper men in. "I suppose you represent the press, well what can I do for you? How is everything out this way. I'll do anything you want except be interviewed. You see, my wife is in New York and I am just running out to California on a little pleasure trip," and thus spoke the former highest salaried man in the United States, the man who received \$1,000,000 a year as president of the Steel trust. He had the breezy, free and airy style of a westerner more than a financier of the effects cast. He was bul-

BIG BUILDING AT CEMETERY

Ten-Thousand-Dollar Structure to Be Erected at Forest Lawn by Harte.

The contract for a \$10,000 building at the entrance to Forest Lawn cemetery has been let to John Harte. The plans were drawn by John McDonald, who is also preparing plans for a similar building near the entrance and for a residence for the superintendent of the cemetery. John McDonald has let the contract to Peter Kiewit for a \$10,000 row of flats at 1919 Webster street for Mrs. R. O. McGrew. William Oxford has begun the erection of two ten-room flats at Twenty-first and Douglas streets. The building will cost \$10,000. The site was bought recently from C. J. Backus through Harrison & Morton. Herman Abraham has bought from Creighton university twenty-six acres of land on the Fort Crook boulevard, just across the Sargy county line from South Omaha. It will be subdivided for market. Schwartzchild & Sulzberger are looking for a site on which to erect an office building. They have made bids on several pieces of property in the wholesale district, but thus far have not found a lot where the price suits. For years the company has done business in a car near Fourteenth and Leavenworth streets. There is a rumor that Schwartzchild & Sulzberger are to build a packing house in South Omaha, but it is unconfirmed by reliable authority. A few days ago a repre-

Gas Rate for New York.

ALBANY, N. Y., Feb. 23.—The State Commission of Gas and Electricity today issued an order fixing the maximum rate for gas on Manhattan island at 50 cents per 1,000 cubic feet. The order goes into effect May 1 next and is to continue in force for three years.
