ALL VOTERS MUST REGISTER

Conclusion of City Attorney Breen and Herdman Regarding Primary Election.

BROATCH, NATURALLY, DOES NOT LIKE IT

Attorneys Hold No Ballot Can Be Cast at the Primaries Except by Duly Registered Elector.

City Attorneys Breen and Herdman have decided it will be necessary for voters to be registered to vote at the primary election. The two lawyers reached this conclusion after a critical study of the Dodge primary law and the supreme court decision on the case.

named must be republican and the other democratic. The lawyers say this point is absolutely clear.

W. J. Broucher, who wants to see the bars let down, conferred with City Attorney Breen Friday, to learn his position about it. He was informed, in substance, as outlined, and was not at all pleased.

Several would-be couintines, have been buying real estate during the week, or, at least, making the transactions according to the records. One of the purchasers of a part interest in a \$10 lot is J. A. Beverly, a former street commissioner, and now candidate for the council from the Eleventh ward.

publican ticket at the last city election. He has reformed and changed the name of his platform from populist to republican with the hope that success will come to him through the use of that magical word, "republican."

As an humble citizen and voter, interested in good government, I rise to inquire if the business methods which Mr. Benson proposes to introduce into our city government are to be modeled and built upon the same plan that he has carried on his real estate speculation.

OMAHA, March 3.—Mr. Editor: I have read with much interest the platform of the reform candidate for mayor, Erasmus Benson. From the very first it seemed strangely familiar, and I wondered where it came from.

line, some of which found themselves in the neighborhood of two miles from the street car and no prospects of a street car line ever coming their way.

Now, what I would like to know is, if those same business methods that Mr. Benson employed in his business of selling real estate is to be applied to the business of the city of Omaha, and if he means when he states in his platform, that he is "in favor of the municipal ownership of the government," if he means that it shall be owned and operated as a real estate office, and if the city would then be entitled to membership in the Real Estate exchange.

BRAZIL GETS HIS PARDON

D. E. Thompson's Monkey Brought from Penitentiary to Omaha by Frank Dunlop.

Governor Mickey Friday pardoned "Brazil" from the penitentiary and gave him into the custody of Frank H. Dunlop of Omaha. Brazil was a monkey which D. E. Thompson had brought from South America with him, and which he gave to Mr. Dunlop.

REAL ESTATE ON THE MOVE

Many Sales for Business and Residence Purposes Are Made.

BLOOM WILL ENLARGE DOOR FACTORY

Frank Burkley Says His Printing Company Will Have New Home Built Next Summer, Ground Being Bought.

Alfred Bloom has bought a lot 32x12 feet, immediately west of his sash and door factory at Fifteenth and California streets, on which to build an addition to his factory.

Several Residences Sold.

Several good sales of residence property have been made recently by F. D. Wead. H. H. Churchill, general agent of the Great Western, has bought the brick residence at 2111 Pacific street. It is being overhauled for occupancy by Mr. Churchill's family.

worth street. The price was \$2,400. The property at 206 Spencer street, formerly owned by Mr. Wead, has been sold to Olaf J. Johnson for \$1,500.

Thursday saw the largest list of real estate transfers that has been made for several weeks, the deeds recorded amounting to \$6,679.

OMAHANS BACK FROM MEXICO

G. W. Wattles Says Southern Country Does Not Attract Him, Compared with United States.

Mr. and Mrs. Gordon W. Wattles, Mr. and Mrs. H. H. Kunkin, Mr. and Mrs. Kirkendall, Mr. and Mrs. E. E. Brown, Miss Ada Kirkendall, Miss Bradley of New York and Colonel and Mrs. Pratt have returned from a month's trip through Mexico taken in connection with a large party from Chicago.

with American civilization. While the country shows many kinds of civilization and progress, these are of recent origin, brought about since the reign of Diaz.

"Something of the condition of the country may be gleaned from the statement that 46 per cent of the children die before they are 6 months old. Beggars are on every hand and poverty and want is ten times more apparent than in the United States."

GRAIN EXCHANGE HOLDS UP

Maintains Record for Movement as Good as February of the Previous Year.

The report of Secretary Merchant of the Omaha Grain exchange for February shows a grain movement of practically the same volume as February of last year.

Table with columns: Received Forwarded Bushels, Bushels, and various grain types (Wheat, Corn, Rye, Barley) with their respective values.
