

A Real Doctor's Prescription

FOR THE DISTRESSING COMPLAINTS AND DISEASES OF WOMEN.

What the Most Eminent Medical Authorities Say of the Ingredients Contained in

Dr. Pierce's Favorite Prescription,

WHICH ARE:

- LADY'S SLIPPER (*Cypripedium Pubescens*)
- BLACK COHOSH (*Cimicifuga Racemosa*)
- UNICORN ROOT (*Chamaelirium Luteum*)
- BLUE COHOSH (*Caulophyllum Thalicoides*)
- GOLDEN SEAL (*Hydrastis Canadensis*)

Lady's Slipper cures cramps, spasms and convulsions, and has a specific action in painful periods, nervous twitchings, chorea and epilepsy. It quiets irritability of the nervous system, and causes the mind to become calm and cheerful. Its effects are most happy in hysteria, melancholia, sleeplessness, nervous headaches, excitability and sensitiveness. It is also a tonic of great power.

Black Cohosh is efficient in overcoming painful or suppressed periods, leucorrhea, ovarian pains, bearing down feelings, and the other diseases of the uterine system; the headaches which accompany them and those of nervous origin. It is employed successfully in the treatment of nervous excitability, St. Vitus's Dance and convulsions. It is an appetizer of particular efficacy, is used in rheumatic and neuralgic troubles, and is a general as well as a uterine tonic.

Unicorn root has distinctive medicinal properties. It imparts tone and vigor to all of the reproductive organs of women, and removes diseased and abnormal conditions. It is of the greatest service in cases of falling or other displacements of the womb, and it unquestionably makes childbirth easy and safe. It is of great benefit in inflammation of the bladder, dyspepsia, nausea and loss of appetite.

Blue Cohosh prepares women for

childbirth and makes them more comfortable in mind and body. It prevents miscarriages, causes labor to be easier, shorter and less painful, and diminishes the number of the days of confinement. It stops the nausea and vomiting of pregnancy and can be relied upon to produce good results in painful or suppressed periods, leucorrhea, uterine inflammation, and all the nervous symptoms attending the diseases peculiar to women.

Golden Seal is a valuable tonic which is especially useful in all inflammatory conditions of the mucous membranes exemplified by uterine and vaginal irritations, leucorrhea and bladder troubles. It quickly cures nausea, vomiting, indigestion and dyspepsia, and increases the appetite. It is also a regulator of the functions of the liver and the intestines.

All of these statements can be verified in detail by reference to King's American Dispensary, Bartholow's, Scudder's and other recent standard works on the medicinal action of the native drugs of North America.

The marvellously curative effects of the special combination of these remedies in one medicine, namely,

Dr. Pierce's Favorite Prescription

is testified to by the unanimous praises it has received from many thousands of women, each of whom has been restored to health by it, after suffering from some one or more of the diseases peculiar to her sex. DR. PIERCE'S FAVORITE PRESCRIPTION

IS UNIQUE in that it is the ONE MEDICINE FOR WOMEN, the makers of which make confidants of their patients and tell them exactly what they are taking. This Dr. Pierce gladly does, because the remedy has thousands of cures to its credit, and is made by such an intricate process that it cannot

be successfully imitated. DR. PIERCE'S FAVORITE PRESCRIPTION

IS DISTINCTIVE in that it is made from purely vegetable ingredients, namely, roots gathered in the native woods and which contain the healing principles elaborated by Nature in the earth of the silent forests uncontaminated by civilization's touch. DR. PIERCE'S FAVORITE PRESCRIPTION

IS EXCEPTIONAL in that it contains ABSOLUTELY NO ALCOHOL, and is free from all narcotics and other poisonous principles, and hence can be taken by the maiden, and wife, and the elderly matron and spinster with perfect safety and the assurance that it will never establish a drug habit. DR. PIERCE'S FAVORITE PRESCRIPTION

IS PECULIAR in that it is a remedy devised by a physician with an experience of over one-third of a century in treating women's diseases, and is NOT A PATENT MEDICINE in any sense of the word. It is, however, a household remedy which cures ninety-eight per cent. of the cases for which it is taken, and is so firmly established in popular favor that the carping criticisms and unwarranted denunciations of those who pose as reformers and show their ignorance by acting as amateur advisers of the sick cannot undermine the people's well founded faith in it.

Dr. Pierce's Common Sense Medical Adviser, a non-technical medical book of 1008 pages, profusely illustrated, contains many things of interest to ailing women. All of them should read it. It will be sent free on receipt of stamps to cover mailing—31 cents for cloth and 21 cents for the paper bound volume.

DR. PIERCE'S PLEASANT PELLETS regulate the activities of the liver and bowels safely, painlessly and surely. They are the best laxative known for sick or invalid women.

ROUSE DECLARES HIMSELF

Hall County Man Writes Friend He Is Candidate for Governor.

FORMER AUDITOR WESTON NOT SO FRANK

Certificates of Reappointment Were Made Out Yesterday for All the Members of the South Omaha Fire and Police Board.

(From a Staff Correspondent.) LINCOLN, March 5.—(Special.)—George I. Rouse, speaker of the house of representatives at the last session of the legislature, is a candidate for governor. For some months, in fact, even during the last session of the legislature, it was rumored Mr. Rouse would be a candidate, but now his official announcement is out. A letter was received from him by Addison Wait of the state banking department today and in the letter Mr. Rouse stated he was a candidate. Speaker Rouse hails from Hall county.

Weston Is Noncommittal. Former State Auditor Weston was in Lincoln this afternoon on personal business and called upon the officers at the state house. Mr. Weston has frequently been mentioned as a candidate for governor, but this afternoon he would not say whether he was a candidate or not. "Yes, I see my name has been mentioned

in connection with the office," said Mr. Weston, "but I have not said anything about it yet. I am looking after my business just at this time, and that is taking all of my time. We expect a big boom in our part of the state the coming year, and in fact we have been doing a big business out there for some time, so I have devoted very little of my time to thinking about it."

South Omaha Board Reappointed. Certificates of appointment were issued today by Governor Mickey to the members of the South Omaha Fire and Police board, all of whom were reappointed. The board consists of A. A. Nixon, T. J. Nolan, W. H. Van Sant, G. W. Masson and A. L. Dequigust. The term of office is three years, beginning the first Monday in April.

Grain Men File Answers. The Nye-Schneider-Powder Grain company denies the right of the attorney general to try it for violations of the anti-trust laws of the state, except under the provisions of the Junkin act, passed by the last legislature, and for violations made since that law became effective. This, it sets out in its brief filed in the supreme court this morning in answer to the petition of the legal department of the state asking for an injunction to prevent the grain dealers from combining to control the grain markets of the state.

The Holmquist Grain company and the Crowell Lumber and Grain company also filed answers denying specifically the allegations of the attorney general. The Nye-Schneider-Fowler company claims the law of 1887 has been repealed by the act of 1906 and to try its members un-

der the provisions of the new law prior to the prosecution for alleged offenses prior to the enactment of the law, thus raising a federal question. The company desires a rehearing on this question, which it said the court failed to pass upon in its opinion handed down at the time the demurrer of the grain men was overruled.

Prominent Colored Man Dead. Erastus Callahan, one of the old-time colored men of Lincoln, Kansas, perhaps as well as any citizen of the capital, died last night. His body was found in his room at Eleventh and O streets. Callahan was an old-time republican, and was the subject of many practical jokes by politicians. Some time ago a petition was circulated to get him appointed police matron, and it was not until a large number of citizens had signed it that Callahan was told the police matron had to be a woman. This almost broke his heart, and did take away considerable of his republican enthusiasm. He has been working as a porter in various saloons for a number of years.

Municipal Ownership Favored. The committee appointed by the Commercial club to look into the matter of municipal ownership of the traction company's lines in this city reported today in favor of the city owning its own street railway, but made no recommendation regarding the present lines. The committee also advocated enlarging the electric light plant to run the street cars.

Two Requisitions Honored. James Furlong, of Omaha, and wanted in Cook county, Illinois, on a charge of wife desertion, will have to go back to his old home for trial. Governor Mickey this afternoon honored the requisition from the governor of Illinois. The governor also honored the requisition of the governor of Kansas for the return to Bourbon county of Philip McIntyre, wanted for forgery. McIntyre is under arrest in Dawes county.

Lawyers Are Apathetic. The arrival of a number of attorneys to attend supreme court has created some talk regarding the meeting of lawyers Wednesday for the purpose of discussing the Burkett federal judicial district bill and a candidate for the place to be created. There is considerable doubt as to the ability of the lawyers to agree on a candidate and a serious doubt regarding the endorsement of the bill as introduced. There exists considerable sentiment to amend the bill so as to divide the state into four districts and make it mandatory to try cases in the division in which they originate. This is an idea endorsed by Chief Justice Sedgwick and a number of others.

When asked if he would be a candidate for the judgeship when the new district is created, Judge Sedgwick said: "Same one asked me a few months ago if I would accept the place if it were tendered me and I replied 'That is as close as I have come to announcing my candidacy.'"

It is talked among the lawyers that Judge Calkins of Kearney is also a candidate for the prospective job.

Boy Dies and Father Dying. STELLA, Neb., March 5.—(Special.)—Last Saturday evening Roy Meyers went to bed with his brother in apparently good health and when his brother awoke in the morning he found Roy a corpse beside him, having died during the night. The deceased was subject to heart trouble and had apparently died without a struggle. Yesterday noon his father, Charley Meyers, was taken with a fainting spell and went into a trance, being apparently dead till this forenoon, when he came to himself again and soon fell into another trance and his life is despaired of. The deceased boy was 18 years of age and lived with his parents on the Andy Tynan farm near Stella.

Big Sale of Fine Stock. KEARNEY, Neb., March 5.—(Special Telegram.)—The rapid combination stock sale of the Uinta Horse company, the Uinta Hereford Cattle company, William McLellere and H. C. Holt & Son begins tomorrow and will last three days at the big Holt sale pavilion in the southern part of

this city. Stockmen from as far east as Illinois and as far west as the Pacific slope are to be here and in fact many are already present looking over the hundreds of heads of Herefords, Shorthorns, Jacks, mules, horses and Duroc-Jersey hogs which are to be offered.

E. K. Valentine Coming to Omaha. WEST POINT, Neb., March 5.—(Special.)—It is rumored in the city that Hon. E. K. Valentine is about to move his residence and law office to Omaha. Judge Valentine has been a resident of West Point nearly forty years, coming here at the establishment of the first land office in this district. He antedates nearly all of the residents of West Point and Cuming county in point of residence.

Fisherman Will Fight Case. BEATRICE, Neb., March 5.—(Special Telegram.)—John Youcam failed to settle his case with Deputy Game Warden Hunger for having more fish in his possession than the law allowed and was arrested today. In default of \$50 he was lodged in the county jail to await his hearing, which is set for March 16. The fish which Youcam was selling were shipped in from Missouri. He received a telegram today from friends in Missouri stating that they would furnish him money for his defense and for him to fight the case.

Severe Snowstorm at Beatrice. BEATRICE, Neb., March 5.—(Special Telegram.)—A driving snowstorm set in here this afternoon and the ground this evening is covered to the depth of three inches.

News of Nebraska. STELLA—Reimers Bros. are filling their ice house with artificial ice from a plant in Atchison, Kan. PAVILLION—The heirs of Thomas Powers of Getzra failed in an attempt to break his will. GENEVA—The articles of incorporation of the Geneva Ice Cream company have been filed with a stock of \$2000. CAMBRIDGE—Cameron & Cowles have just closed a deal for the John Morgan 90-acre ranch, northwest of Cambridge, on the Muddy creek.

STELLA—The restaurant of Marvin Davis has been closed and Al Keith, the present cook at the Hotel Overman, will buy the stock and fixtures and continue the business at the old stand. WEST POINT—Frank Grekel returned from Newport, R. I., last evening. He has served in the United States navy with great credit to himself for the last seven years and has now received his honorable discharge.

TEKAMAH—The Commercial club is making great preparations for the banquet and amusements which will be held at the Merchants' Tuesday night. Speakers from Omaha interested in this work will be present. COOK—George Lucky received a very severe wound last Saturday while working at an emery wheel. The wheel broke and a large piece of the emery struck him above the temple, cutting a gash about two inches long.

SILVER CREEK—The second annual session of the Silver Creek farmers' institute closed Saturday evening, after two days of interesting work. Speakers from abroad were T. G. Ferguson of Beaver Crossing, L. C. Lawson of Clark and Miss Rosa Bontog of the state university. 81

Gordon. That six-letter word has come to mean more Hat Quality and more Hat Style than pages of type could tell.

\$3.00

ver Creek Commercial club entertained the farmers at a smoker. Mr. E. R. Gurney of Lincoln, delivering an interesting address. P. H. Bell and D. F. Davis of this city spoke briefly.

CAMBRIDGE.—This week's issue of the local paper contained the names of twenty-six parties who have moved from the east and located on farms in this section within the past few days, all of them having bought farms here during the recent land boom.

NORFOLK.—George J. O'Brien, a hardware commercial traveler, was robbed of \$100 in cash, letters and a number of valuable books, on Norfolk avenue. The grip was on the sidewalk while he stepped into a store. He later found the grip in an alley, badly battered and with the letters gone.

NORFOLK.—Union Pacific train service between Norfolk and Columbus is to be much improved, according to an official. The new train will be added to the regular train service. This will give several extra trains a day between here and Columbus, giving better connections with the main line for Norfolk and Sioux City.

SCHUYLER.—The city council has passed an ordinance authorizing the building of hay barns and storing of hay within 200 feet of residence, without the consent of owners. This will prevent the rebuilding of Bingham's barn which was destroyed by fire a few days ago. The action of the council is to protect the residence portion of the city.

WEST POINT.—State Manager F. Sonnen-schein of the Woodmen of the World has appointed March 15 as the date of a meeting of the committee, which has in charge the arrangements concerning the log rolling festival of the Woodmen of the World, which is to be held during the ensuing summer at some place not yet designated in this state.

FORECAST OF THE WEATHER

Fair Today in Nebraska, Except Snow in Southern Portion; Fair Tomorrow.

WASHINGTON, March 5.—Forecast of the weather for Tuesday and Wednesday: For Nebraska—Fair Tuesday and Wednesday, except snow Tuesday in southern portion.

For Iowa—Fair Tuesday, except rain or snow in southwest portion; Wednesday, rain in south, fair in north portion.

For South Dakota—Fair Tuesday and Wednesday.

For Wyoming—Fair Tuesday and Wednesday.

Local Record. OFFICE OF THE WEATHER BUREAU. OMAHA, March 5.—Official record of temperature and precipitation compared with the corresponding day of the last three years.

ICE SCARCE SENDS UP PRICES

Short Supply Causes Seventy-Five Per Cent Increase and May Do More.

DEALERS PREDICT WHATEVER THEY ASK

Say Demand Will So Far Exceed Supply that No Price Will Be Considered Too High.

Ice is approximately 75 per cent higher to Omaha consumers than it was a week ago. And that is not all, for dealers are predicting it will go still higher before the summer is over.

It is the opinion of W. R. Wood of the People's Coal and Ice company that the public may be misled by reports that it doesn't make any difference what I have to pay, but give me the ice. Can I get the ice at all? If I can, charge me what you like.

Mr. Wood says the available ice in Omaha, including the Talbot company's estimate of its daily output of sixty tons from January 1 to May 1 and 120 tons daily from May 1 to November 1, will amount to only about 40,000 tons. Between 80,000 and 90,000 tons of ice were used in Omaha last year. These figures do not consider the South Omaha packers. Swift is said to have his usual supply of ice, but an Omaha dealer who has knowledge of conditions declares Armour and Cudahy have secured but about one-third of their usual crop. Each is said to be about 40,000 tons short.

Effective First of Month. The advance in price went into effect March 1. It has ranged from 50 to 75 per cent with the various companies. To use the words of one manager, one company need pay no attention to the price of another, for it can sell all its ice at almost any price. The price to butchers has been advanced from \$2 a ton to \$2.50 a ton; to grocers and saloons, from 15 cents per 100 pounds to 25 cents. Small consumers have always paid on a scale according to the size of their purchases. Last summer those who used the least ice paid \$1 a ton; this summer they will pay at least \$1.10. The

situation with regard to price is said to be much better here than in Kansas City and St. Louis, where only two prices are charged, \$5 to big consumers and \$10 to others.

Dealers say ice will have to be shipped in from Minnesota before the season is over. The rate will be \$2.50 to \$3 a ton. If the Minnesota producers will sell cheap the ice from that country can be sold here for about the same figures prevailing since the advance. If they hold firm, local prices will rise further.

"Of course, it is possible the weather will yet be cold enough to freeze ice," said C. C. Hunsdale of the Talbot Ice company. "But although I have seen ice cut in March, I have never seen it made in March. I do not look for prices to be lower, and think they will be higher."

LOBINGERS AT TACLOBAN

Omaha Family Had Just Built Home in Town Destroyed by Fire.

Tacloban, the capital of the island of Leyte, one of the Philippines, whose destruction by fire was reported by the Associated Press cablegrams on Monday morning's papers, is where Judge and Mrs. C. S. Lobinger of Omaha reside. The property loss from fire is estimated at \$50,000. Only three days ago friends of the Lobingers in Omaha received a letter from them telling of how nicely situated they had become; that they had just completed the building of a new dwelling and had furnished it and moved in. It is naturally supposed their home went with the others if the reports of complete destruction are correct.

Sandbagged. E. E. Ridgeway, custodian of voting machines at South Omaha, has invented a hoisting device to facilitate the lowering and raising of the body of the machine upon the stands used when the machine is being operated. It is said greatly to lessen the danger of breaking the delicate mechanism. Mr. Ridgeway has made a proposition to the Omaha city council to sell several of the devices at \$30 apiece.
