NUMBER OF OTHER CASES CONTINUED

Judge Fails to Hand Down Ruling on Motion for a New Trial in the Doyle-Burns Mining Suit.

Pat Crowe, indicted jointly with Arthur Levi on the charge of holding up and robbing the crews of two motor cars, will not be tried at this term of district court. Wheeler presiding, but the trial jury has not been summoned until April 9.

The trial of James Arthur, charged with complicity in the attempt to rob the bank of Treynor, Ia., which was set for yesterday, has also been continued to the March term on application of the defense. John Bernstein, Arthur's alleged pal and accomplice, who is serving a ten-year sentence in the Fort Madison penitentiary, he having pleaded guilty to blowing the bank safe, was brought from Fort Madison late Sunday night by Sheriff Canning and placed in the county jail here. Bernstein will be produced as a witness by the state. It is expected that he will be kept here until Arthur's trial in April.

All of these cases will be presented to the grand jury and it is expected that body will be busy for a week or more.

Farmer Injured in Runaway.

Ernest Sulhoff, a farmer residing in Garner township, was more or less seriously injured in a runaway accident yesterday morning. He was driving to the South Omaha market with a load of hogs, when his team took fright at something on Washington avenue and ran away. At the turn from Washington avenue to Eighth street the wagon struck the curb and Sulhoff was thrown out.

The team kept on its way until it reached a point near the Rock Island freight house, where it collided with a telephone pole and the wagon was overturned. Sulhoff's 7-year-old son was thrown out with the load of hogs, but escaped injury, as did the hogs. The wagon, however, was badly demoralized. Sulhoff was taken to the office of a physician on Broadway, where examination showed he had several ribs broken and possibly internal injuries. He was later removed to his home.

GREAT WESTERN ASKS A HEARING

Intimation It Will Fight Viaduct on Woodbury Avenue.

At the meeting of the city council last night State Senator Saunders, appearing as local attorney for the Great Western railroad, requested that action on the ordinance requiring the railroad company to construct a viaduct at Woodbury avenue be deferred until an opportunity could be afforded the general attorney of the road to be heard before the council. Senator Saunders' talk to the city council conveyed the impression that the railroad intended fighting the order to put in the viaduct and there was some opposition to any further delay in the matter, but finally the ordinance was laid over until a meeting to be held Wednesday afternoon, March 14, at which time Senator Saunders stated he expected the generaly attorney of the road would be able to be present. At the request of Robert Wallace, residents in the neighborhood of the Woodbury crossing, who are vitally interested in the establishment of the viaduct, will also be given a hearing at this meeting.

Hereafter all persons doing public weighing will be required to purchase tickets from the city clerk at the rate of $1 per 100. Of the money thus received the city will receive one-third and the city weighmaster two-thirds, thus giving the city weighmaster 2 cents on every load weighed in the city on public scales. The ordinance also permits the weighmaster to charge $1.50 for testing all public scales, the same as he is allowed to charge for testing private scales. Heretofore he was required under the ordinance to test all public scales free of charge.

RHEUMATISM

AN INSIDIOUS DISEASE THAT BREAKS DOWN THE STRONGEST

Rheumatism does not come on in a day; the causes that produce it work silently in the system for years. This insidious disease becomes intrenched in the blood, and some exposure to cold or damp weather, or slight indiscretion brings on an attack. Poor digestion, stomach troubles, weak Kidneys, torpid Liver, and a general sluggish condition of the system are responsible for Rheumatism. Food souring in the stomach poisons the blood, the failure of the Kidneys and Liver to act properly leaves waste matter and impurities in the system, which, coming in contact with the natural acids of the body, form uric acid. This is absorbed by the blood, and as it penetrates to the muscles, nerves and bones produces the terrible pains and aches and other disagreeable symptoms of Rheumatism. Life is made a torture by its excruciating pains, nerves are shattered, the health undermined, and if the disease is not checked it breaks down the strongest constitution. It will not do to depend on plasters, liniments, etc.; such treatment is helpful in easing the pain and reducing the inflammation, but does not reach the blood where the real trouble is located. S. S. S. cures Rheumatism by purifying and invigorating the thin, acrid blood, driving out all impurities and poisons and sending a stream of strong, rich blood to wash out all irritating particles that are causing the pain and inflammation. S. S. S. stimulates the sluggish organs to better action, tones up the stomach and digestion, restores nervous energy and builds up the entire health. S. S. S. cures Rheumatism, whether acute or chronic, and the cure is thorough and lasting. Book on Rheumatism and any medical advice desired without charge.

ITCHING SCALP FALLING HAIR

Came Out Constantly—Hair Finally Had to Be Cut to Save Any—Scalp Now in Good Condition and No More Itching—Another Effective

CURE BY THE CUTICURA REMEDIES

"I will gladly give you all the information concerning my case. I used the Cuticura Soap and Ointment for a diseased scalp, dandruff, and constant falling of hair. Finally I had to cut my hair to save any at all. Just at that time I read about the Cuticura Remedies. Once every week I shampooed my hair with the Cuticura Soap, and I used the Ointment twice a week. In two months' time my hair was long enough to do up in French twist. That is now five years ago, and I have a lovely head of hair. The length is six inches below my waist line, my scalp is in very good condition, and no more dandruff or itching of the scalp. I used other remedies that were recommended to me as good, but with no results. If you wish to publish any of what I have written you, you are welcome to do so. I am, respectfully, Mrs. W. F. Griess, Clay Center, Neb., Oct. 23, 1905."
