ONAHA. March 2, 190. Extremely weak foreign cables caused while the wheat at the opening. All news be arise. Argestina shipments were the crop. Large receipts, no demand, to the crop. Large receipts, no demand, to the domestic situation. The press-tion down tade, poor expert inquiry-time was too much and the market de-down to the domestic situation. The press-weak too much and the market de-tion down tade, poor expert inquiry-time was too much and the market de-down to the domestic situation. The press-tion down tade, poor expert inquiry-time the domestic situation. The press-tion down the domestic situation in the market de-tion down the book of the set of the

that government figures tomorrow are expected to show large reserves contributed to the weakness.
Oats opened weak and declined further, losing %c for the day. The movement is with light and the domestic demand good.
Clearances were 50,000 bushels wheat 66.Siz bbis flour, 452,000 bushels corn and 12.Obtable costs. Primary wheat receipts were 467,000 bushels and shipments of 177,000 bushels and shipments of 273,000 bushels and shipments of 468.Down bushels and shipments of 273,000 bushels and shipments and shipments and shipments of 468,000 bushels.
Laverpool closed %d lower on wheat and %G%d higher on corn.
Tate in the session New York reported thirty loads carn for export, July shipment.

Stocks of wheat at Minneapolis increased 00,000 bushels for the week. Argenting wheat shipments were 4.392,000 ushels, and corn shipments 203,000 bushels. Kansas City wired. "Corn is firm and

Kansas City wired: "Corn is firm and higher today. Receipts are only about one-fourth what they were last year. The pro-posed cut in freight races probably will clean up the greater part of our corn stocks in a short time." Joe Jackson of Wrenn & Co. is not so bearish as he was before wheat broke be-low 80c. He says. "The liquidation by the holders of May wheat has been very se-vers. The result has been that it has put the Chicago market to about the cheapest in the country, and while the situation itself does not show any more strength than it has the price is a great desi more in line with it than it was all through the winter. At that time the situation was weak and the market strong." The local range of options: Ge: Japan nominal. The Buena Vista Ore Buying, Smelting @ Power Co.

13

OFFERS 200,000 SHARES AT 15 CENTS EACH FOR SALE. FULLY PAID, NON-ASSESSABLE.

This company owns eight patents outright to produce an unlimited heat capable to treat any low grade ore. With gas made from \$5 per cent of air heated up to 600 degrees farenheit and 15 per cent of dis-tilled oil, called the waste from oil refineries.

Not the raw, crude oil should be considered. This is not an experi-ment, but a cold, proven, practical fact of many years practical experi-ment by the inventor and practical engineer, Charles A. Kuenzel.

We have started to build our plant at Buena Vista, Colo., upon a complex of land of 120 acres. We will positively smelt ore as low as \$2.00 with large profit, the sort of one ton will not be over 45 cents to smelt.

The metal will be refined at our own plant. We will start with one 35 ton smelter, which will be a sapacity of 210 tons per day.

We do not intend to fleod a large amount of stock for the simple reason, as soon as our first plant is in operation we will have all mine owners with us and get many times the price for our shares as we offer them now. There is no doubt that our shares will get up to the price of the Bell telephone shares, which were sold nineteen years ago at the same price as we offer ours now.

Do not consider this a stock jobbing scheme; it is a perfectly legitimate and practical business proposition. This offer is only good up to March 20, 1906.

Mine owners, or those interested in mining, can obtain controling interest with the inventor by means of a small investment, and become directors in the affairs of the company April 30th, 1906, the next election. Address,

The BUENA VISTA ORE BUYING, **SMELTING @ POWER CO. BUENA VISTA, COLORADO.** CHARLES E. KUENZEL, Pres. CHARLES A. B. SCHNURR, Sec . half of the receipts changed hands it sud-denly dropped. Buyers all of a sudden came to the conclusion that they did not want the bogs as badly as they thought, so that all of the advance of the morning was lost. The buik of the hogs sold at \$3.005 is, as against \$5.07505 ib yesterday. The top today. \$5.09-was 50 higher than anything brought yesterday. The market, as might be inferred from the above, was something of a dispondit-ment. At the opening everything seemed to favor higher prices, but later on when it became known that Chicago, in addition to the 21.000 fresh receipts, had 14.000 car-ried over from yesterday, the whole situa-tion changed, the drop in prices noted above following immediately. Local re-ceipts were so small that this market ordi-narily not have been affected, but Chicago, opening higher and then closing off on ac-count of the number of hogs on sale, made buyers here very cautions, and hence the uckness with which they lowered their bids when the truth was once known. grade Trading in oats was quiet and the mar-Trading in cats was quiet and the mar-ket weakened in sympathy with other grains. A feature of trading was the chang-ing of the May option for the July deliv-ery. Lower prices for cash cats had a de-pressing effect. May opened ½c to ½%¼c lower at D0200%c declined to 20%e and closed at the lowest point. Local receipts were 10% cars. Provisions were quiet and the market was steady during the first hour, but broke later an profit-taking in pork. A closing decline of 5610c in the prices of live hogs and decreased shipments of meat and lard weakened prices. At the close May pork was off 25%c at 81.557%. Lard was down 2%d6c at 81.1567.77%. Ribs were off 567%c at \$8.50. The leading futures ranged as follows:
