### OPIUM LAW FOR ISLANDS

Philippine Commission Passes Measure Regulating Sale and Use of Drug.

MONEY REALIZED USED TO FIGHT HABIT

Report from Manila Comes in Time to He Used as Supplement to Letter from Secretary Taft.

WASHINGTON, March 12.-The president today sent to congress the report of the opium commission appointed in 1904 to investigate the use of opium in the Philippines and to suggest means for its regulation. The report itself, in outline, has already been published, but in view of the carnest efforts of Christian clergymen and recormittory societies to stop the truffic in opium in the Philippines, and adoption ince the publication of the report, the letter from Secretary Tuft, which accompanies the president's message to congress,

My Dear Mr. President: I have the honor o enclose herewith for transmission to ongress the report of the commission ap-ointed by the Philippines commission to pointed by the Philippines commission to investigate the use of opium and the traffic the therein and the rules, ordinances and laws regulating such use and traffic in Japan, Formosa, Shanghai, Hong Kong, Saigon, Singapore, Eurmah, Java and the Philippine Islands.

The law is force in the Philippine islands under the government of Spain made it.

under the government of Spain made it uniawful for any Filipino to smoke or use opium in any way. It permitted, however, a license to issue for the maintenance of opium smoking resorts, to be patronized opium smoking resorts, to be patronized only by the Chinese, and police supervision was exercised over the resorts, and any Filipino found there was arrested and punished. The owner of the resort was also punished for conniving at the Filipino's violation of the law. It is generally thought that the law was fairly well enforced, and the spread of the drug among the Filipinos was much retarded by its enforcement.

When the American troops entered Ma-nila and took possession of the islands the Spanish opinm law was not continued in force. A duty was imposed on opium and towns were enjoined to pass ordinances for-bidding the establishment of opium dives. Such information as the commission could obtain indicated that the suspension of the Spanish law had led to an increase of the use of the drug among Filipinos.

American Law Deferred. American Law Deferred.

Early in 1965 there was introduced in the Philippine commission for enactment into a law a bill following in some respects the Spanish law, especially in the main feature, that the sale of opium to Filipinos and its use by them be absolutely propioted and made a penal oftense by the members of the house. It was very vigorously opposed by the dergymen of the city of Manila. Indeed, so strong was their opposition that it led the commission to table the bill and to appoint a committee authorized to visit the various Oriental countries to investigate the measures taken by the different governments for the purcountries to investigate the measures taken by the different governments for the purpose of suppressing the use of option. This committee made its report to the Philippine commission in June 1904. The report was not transmitted by the Philippine commission to this department until last August. The time since then has been taken in the printing of it and the correction of typographical and other correction of typographical and other corrections.

New Law Enacted.

A supplement to the secretary's lette contains a cablegram received from the governor general of the Philippine islands at Manife, indicating that the public discussion of the proposed oplum bill has been finished and that the bill was passed. There was little opposition except from clergyment, who favored government monopoly, but in view of the short time before total prohibition, was not strenuous in its advocacy. It is felt by the commission, it is announced in the report, that the estimate of government monopoly, with the necessary force of employes, was impracticable in view of the fact that importation and use of opium was to be prohibited after about two years, under the act of conapproved March 3, 1905.

The bill in its general terms provides for the abolition of the optum traffic, in accordance with the provisions of this act of congress, which prohibits the importation of oplum. in whatever form, after March 1. 1808, except by the government, and for medicinal purposes only, and makes it unlawful at any time to sell opium to any native of the Philippine islands except for

medicinal purposes.

Native Use Forbidden. The commission's proposed high license bill makes it unlawful to sell opium to any native of the Philippine Islands except for medicinal purposes, and the provisions as to license shall apply only to the Chinese and only to those of the Chinese who are now habitual users of the drug; it penalizes any use of opium, unless prescribed by a physician, by any except registered habitual users among the Chinese, who are required to pay a license of 5 pesos, and who must use the drug in their own residences; authorizes use by hospitals and physicians and sale by pharmacists to phyexcept by authorized persons; provides machinery regulating wholesale and retail dealers; regulates sales, withdrawals and records, gubstantially as with liquors in internal revenue law; requires license and bond for wholesale dealers and imposes a high license on wholesale und retail dealers. The bill provides that revenues received from this source are to be used in dissimitating information concerning the evils of opium using, payment of hospital expenses of habitual users desiring cure, payment of the expenses of Filipino students in the United States, salaries of Filipino teachers in the islands and the construction of school buildings.

The Segigantic conspiracy of Coughs, sicians' prescription; penalizes possession

PLANS FOR BOWLING CONGRESS

Tournament Association Beeldes le Take Sunday Games from Schedule. Take Sunday Games from Schedule.
LOUISVILLE, Ky., March 12—Fearing
that a temporary injunction would be
swarn out by members of the Civic league
the Louisville Tournament association deolded to omit from the American Bowling
congress schedule the Sunday games arrunsed for March 18 and 25.

This will add at least an hour's bowling
to each week day and the contests will
open at 10 a. m. instead of 11 as previously
announced. The sixteen alleys were practically completed today and an army of
men is busy putting the immense armory in
shape for the coming tournament. The
schedule provides \$5,800 in prizes for 22 live-

men is busy putting the immense armory in shape for the coming tournament. The schedule provides \$5,800 in prizes for 221 flvaman teams, \$4,500 for \$50-two-man teams, \$4,500 for \$50-two-man teams, \$4,500 for \$50 two-man teams, \$100 for \$50 two-man, \$100 for \$50 two-

Exciting Race at the Roller Rink A nve nights' race was begun last night t the Auditorium roller rink which promses to become fineresting as it progresses There were seven starters and they skated ter minutes. five of the skaters made exther minutes five of the skatters made exactly thirty-five laps, or two and oneicalf miles; one made thirty-fix laps, or
two and one-half miles and one lap, and
one skatter threw a skate and lost three
laps. The contestants will skatte ten minutes each night, including Friday night,
when the race will close. Manager Gillan
has put up two substantial cash prizes for
the first and second swiftest in the race
which will be paid to the winners on Friday might. At the close last night the
score stood as follows: Hoastand, two
miles and seven laps; Hobart, two miles
and four laps; Cott, two miles and seven
laps; Matherly, two miles and eight laps;
Ford, two miles and seven laps; Brown, two miles
and seven laps. and seven laps.

Kent Captains Base Ball Nine. Kent Captains Base Ball Nine.

10WA CITY, March 12—(Special Telegram,)—Maurice, Kent of Marshalltown was elected captain of the Iowa university base ball team in place of Dennis, who resigned on account of having played professional base ball. Kent is one of the strongest all-around athletes in the university. He was quarterback of the foot ball team for the last two years and one of the star pitchers of the base ball team, as well as being one of the best jumpers in the state. He is a sophomore in the college of liberal arts, a member of the Sigma Alpha Epsilon fraternity and one of the most popular men in the university.

Gardner Defeats Wright.

CHICAGO, March 12.—In the class A amateur billiard championship tournament tonight Edward W. Gardner of Passale, N. J., defeated Harry A. Wright of San Francisco 300 to 205. Pittsburg Nationals Start South.

PITTSBURG, March 12.-Pittsburg Na-tional league ball team left here tonight for their training camp at Hot Springa,

Sporting Brevities. Waboo Sam Crawford has decided to accept the offer of Manager Armour of the befroit team and will leave Monday night o join the team.

he will be in Comaha with his men March 27 or 28 and will remain until April 4, playing games with Omaha March 31 and April 1 and 3. Negotiations are on with Burlington for an exhibition game April 2.

The automobile dealers of the city are bestiring themselves for the coming autoshow. The jobbers of the city will be asked to send out 100,000 circulars in letters to the merchants of the state and rates will be secured on the railroads that the merchants of the state may come to see the show. The manufacturers are responding much better than was anticipated by the directors when the show was first sponding much better than was anterpared by the directors when the show was first considered, and these with the accessory manufacturers will make a splendid show.

The Big Nine conference refused to allow the college athletes to play summer ball with professional teams and still maintain a considerable. with professional teams and still maintain their amateur standing. Considerable sentiment is being developed the other way in this matter, some of the leading college authorities holding to the position that it is no worse for a student to earn a little expense and spending money playing base ball at some summer resort than it is to wait on the table at that resort

it is to wait on the table at that resort and it is a heap sight higher in the eyes of the summer boarders.

Charles B. Perry, manager of Doane cellege foot ball team, is in the city arranging a foot ball schedule for next fail. Games already have been fixed with Washburn, Nebraska. Creighton, Bellevue and South Dakota. Doane won the championship hast fall and the whole college is back of the foot ball team in its effects for clean ball. It. Perry says seven of the old foot ball cam will return and candidates stready ire being heard from for several of the cacant positions. Doane already has been a big factor in college athletics in Neoraska and will continue to be such as ong as it maintains its present position or clean sport.

St. Louis wants the American Bowling

Louis wants the American Bowling congress and tournament for next year and has asked the assistance of the Omaha bowlers, who may go to Louisville in, in securing the dates. St. Louis has organized securing the dates. St. Louis has organized a company for the express purpose of securing this prize, and will make every effort. Headquarters will be maintained at Louis-life, where all visiting bowiers will be entertained by the men from St. Louis. It claims the best interest of bowling will be subserved by holding the national tournament at that place because of the yast territory which is tributary to St. Louis—to the southwest, where bowling is in the ascendency.

### EACH PARENT FILES SUIT

Mr. and Mrs. C. C. Bassett of Washington Start Divorce Proceedings.

WIFE IN OMAHA, WHERE SHE HAS CHILDREN

Preacher Named by Husband Who Goes Into Capital Court-Woman Daughter of Ex-Senator Rice of Arkansas.

Mrs. Fannie Rice Bassett, a daughter of ex-Senator Rice of Arkansas and prominent socially in Washington, D. C., is an applicant for a divorce in the district court of Douglas county. Her husband is Charles C. Bassett, who is employed in the government geological survey and now a resident of Washington. Mrs. Bassett came to Omaha about a year ago and has resided here since.

Her petition was filed February 13 and was immediately withdrawn by her attorneys, Baxter & Van Dusen.

The principal charges are cruelty and consupport for the last two years. Mrs. Bassett has with her their five children, four boys and one girl. They are all under 19 years of age and it is understood the principal fight will be over their cus tody. Word was received Sunday that Mr. Bassett had begun divorce proceedings in the courts of the District of Columbia and also was asking the custody of a part at least of the children.

Baxter Talks of Case. After the receipt of the following special telegram from The Ree's Washington correspondent last night Judge Baxter was called up by telephone from his residence at the Madison hotel and asked if Mrs. Bassett could be interviewed. " 'Positively not,' were her own words

today," said the judge. "Mrs. Bassett told" me today when your reporter called on me she would not see a newspaper man now. She would not talk if she did see one, but would only refer the reporter to me." Judge Baxter was apprised of the conents of the Washington dispatch.

"Yes, we understood the suit had been filed," he said, "but I did not know on what grounds. I am not familiar with the details of the case as your telegram gives them. I knew nothing of this preacher's identity. I will say this much: They in the east have been making threats of a cross-suit ever since we filed our case in Omaha. They first tried to get Mrs. Bassett to consent to give up some of the children to her husband, all of whom she has with her and all of whom she will keep. She will never surrender one. Bailing to secure the children by peaceable means, they then resorted to threats. These ugly charges were made against her, but she was still informed they would be withdrawn and the husband would not file suit if she would give up the children. Still she refused. Finding they could not coerce or intimidate her, they filed the suit, but as we filed first ours will be tried first in Omaha, and it will be tried very soon, too. That suit in the east is wholly for the the into submission to their demands.

WASHINGTON, D. C., March 12 .- (Special Telegram.)-What promises to be a nost spectacular divorce case has been begun in the courts of the District of Columbia through cross bills that have just been filed. The parties to the suit are Mrs. Charles C. Bassett of Quaha and Charles C. Bassett of Washington. Mrs. Bassett is represented by Hillary Herbert, ex-sccreary of the navy. Bassett, who is a topographer in the geological survey, began suit against his wife on statutory grounds, naming E. Lawrence Hunt, formerly pastor of Washington Heights Presbyterian church of this city. The charges against Hunt becoming known to members of his church, he was compelled to resign, later being called to a church in Brooklyn. Mrs. Bassett went to Omaha a year or more ago and having secured residence there began sult against her husband on the ground of consupport and extreme cruelty. Mrs. Bassett is said to be an accomplished woman. Mr. Herbert said today the case would be fought to a finish that his client's name might be freed from sensational charges made against her by her husband. It is terday there was intense excitement, and in all probability he will be asked to resign his Brooklyn charge.

### PRESSURE NOT SUFFICIENT Force of Water Company's Plant Pronounced Too, Weak by Fire Chief Salter.

In his testimony before the jury in the federal court case of the Omaha Water ompany against the city of Omaha for hydrant rentals Chief of the Fire Department Salter said Monday morning that the fire pressure obtained from many of the hydrants in certain parts of the city was not sufficient to carry a solid stream of water beyond the fourth story of buildings. In many instances the third story was the limit of a solid stream. It was for the reason of the deficient fire pressure in the water mains of this city that so muny steam fire engines were used and needed,

Mr. Salter was sharply cross-examined by R. S. Hall for the water company. Superintendent A. B. Hunt of the water company testified as to the location and placing of hydrants in various parts of the city since the establishment of the plant. Among the witnesses examined Monday afternoon were A. C. Koenig, secretary of the Water board; Dr. A. H. Hipple, member of the Water board, and Benezette Williams, a hydraulic engineer of Chicago. The testimony of Mr. Koenig and Dr. Hipple bore chiefly upon the faulty filtration of the water and the location and number of hydrants, which had not been made in conformity with the contract between the TWO LIBEL SUITS BY JEROME city and the water company. Engineer Williams' evidence bore chiefly upon the comparative value of vertical, angular and horizontal pressure and was largely technical, it being the purpose of the defense to show the inadequacy of the fire pres sure furnished through the mains by the on the stand at the adjournment of court

Monday evening. City Engineer Rosewater will be called York Evening Journal. The suits were filed Tuesday for examination. From present in the supreme court and the complaint indications the trial of the case will continue for the remainder of the week.

STORM DELAYS REPAIR WORK

Main Line of Burlington Closed Near Akron at Place of Wreek.

LINCOLN, Neb., March 12-A flerce snow storm, which is raging in the vicinity of Akron, Colo., where Burlington trains Nos. 1 and 14 collided last night, interferes with the work of the wrecking crew and progress is almost impossible. Meanwhile the main line tracks of the Burlington are blocked, with little prospect for an early clearance. Trains have been run out from Denver and McCook to care for the passengers, none of whom was injured.

Most significant tendency of this period is the change in women's relations to one another. Are women's clubs the cause?

Are women's clubs are formed to do something. Compare.

The ninety-third annual meeting of the Ladies' Benevolent society was held recently at Charlestown, S. C. During the past three years the society has conducted a visiting nurses; work which seems to be the most satisfactory work yet done. The superintendent of marses reported 196 patients cared for dwing the past year, and \$777.19 spent. The society has 161 members and is closely allied with the Associated Charities of Charleston, this co-operation materially furthering the work of both organizations. As early as 1814 the society gave its aid to women in their efforts to earn a living in such ways as were ing such sewing from the mistresses of work guild developed until today the society embraces several departments that are working for needy ones, whether they be men, women or children. The work stated that when the congregation of is supported by the membership dues and Hunt's church heard of these charges yes- by contributions from interested friends. When the visiting nurses' work was daunched three years ago the society had in sight support for but a few months, but the worth and value of the work was so oon demonstrated that its friends have proud of its record, not only as one of the oldest organizations of the south, but one of the oldest women's organizations

> Speaking of a trip which he and his wife repudiation of Mr. Chamberlain's fiscal polcently made in the interior of Persia, the Rev. F. M. Stead, a Presbyterian missionary, tells of a visit they made to a remarkable Persian woman who had hit upon a comfortable way of managing her nusband. The place was a little village called Gizil Ali, where Mr. Stead had the privilege of preaching in a Persian "anderoon" (the apartments of the woman), The woman of the house, Khan Gizi, he considers one of the freest women in Persia, and told her so. She manages her own household and large estates personally; governs her villages, and acts the part of a judge for all her seris. She deals with putsiders herself, and carries on a large correspondence. She has a husband, whose little property she bought up long ago, and to whom she now pays a monthly salary of forty tomans. He stands in practically the same relation to her as one of her hired servants. She sat and talked with Mr. Stead with veil drawn aside, quite as an English or American woman might do, which is most unusual when Persian customs are considered. Khan Gist and her household probably has no equal in Persia.

# DOCTORS FOR MEN

THE MEN'S TRUE SPECIALISTS Longest Established, Most Successful and Reliable Specialists, as Medi-

cal Diplomas, Licenses and Newspaper Records Show.

Everything has to have a beginning, and one of the most profile sources of the diseases and weaknesses so prevalent among men is the result of abuses in early life or neglected or improperly treated pelvic diseases, such as Gonorrhoea, etc. While Gonorrhoea is considered one of the simplest contagious diseases, yet through neglect it develops into Stricture and Gleet, insidiously progressing and lenaciously fastening Itself upon the system until it has invaded the kidneys, bladder and prostatic region, rendering it so complicated as to be incurable in some cases. Perhaps the first symptom was a little discharge, which if properly treated, could have been cured in a tew days. Rhaumatism is another result of improper treatment of this condition, producing not only exeruciating pain, but it frequently warps and twists one or more of the joints in the body, producing horrible deformities, frequently depriving the individual of the ability to carn a living for himself, leaving him a helpless and tortured cripple for life. Another deplorable result of this disease when improperly treated is swollen glands, that are not only painful, but will finally destroy a man sexually, and in many cases physically. When this disease, through neglect or improper treatment by its extension has caused a cystitic invasion of the bladder, thence by its extensions up the uterers to the kidney it there produces results that are indeed lamentable. Some men through ignorance of the consequences which are sure to follow neglect or improper treatment, consider this a trifling aliment and rely upon patent medicines, druggists and unskilled doctors in an effort to secure relief for the cost of a bottle of medicine, and by this procedure allow the disease to make such serious inroads upon the sexual and nervous systems that it incapacitates them for the physical, mental and sexual duties of life, and the patient pays dearly for his economy, or the selection of incompetent attendance. cal Diplomas, Licenses and Newspaper Records Show.

We Cure Safely and Thoroughly: Stricture, Varicocele, Emissions, Nervo-Sexual Debility, Impotency, Blood Poison (Syphilis), Rectal, Kidney and Urinary Diseases

and all diseases and weaknesses of men due to inheritance, evil habits, excesses, self abuse or the result of specific or private diseases. We make no misleading statements, deceptive or unbusinesslike ropositions to the afflicted, neither do we promise to cure them in a ew days, nor offer cheap, worthless treatment in order to secure their patronage. Honest doctors of recognized ability do not resort to such methods. We guarantee a perfect, safe and lasting cure in the quickest possible time, without leaving injurious after-effects in the system, and at the lowest cost possible for honest, skillful and successful treatment. FREE Consultation If you cannot call write for symptom blank, and Examination Office Hours—8 s. m. to 8 p. m. Sundays, 10 to 1 only.
