THE OMAHA DAILY BEE: WEDNESDAY, MARCH 14, 1906.

Will be neither builled nor bluffed, but beat back the oil trust railroad hirelings in three hours, and has proven to the world that the strong arm of the state guarantees everlasting protection to independent refinery INVESTORS. However, the railroad emissicies have shown their testh, and the oil men have accepted the challenge, and already there is a giant organization for a square deal in Kansas well under headway, and will soon sweep over the entire state until the wheat raisers, the cattlemen, the farmers, the merchants and the inde-pendent oil producers and refineries will be banded together in an impregnable conservative organization, working in harmony with concentrated action to force and maintain fair and impartial treatment for every industry and encourage every legitimate enterprise to develop the wealth of the state, regardless of the wishes of any criminal prust. Such is the spirit of Kansas, and the good work will not stop in Kansas, but will spread into Missouri. Illinois, Nebrasks, Ok-laboma, Afkansas and Iowa, where Uncle Sam stockholders are numbered by the indusands, who, with their neighbors, will be a power for justice-for that is all an independent refinery or any other independent organization needs or has ever asked for-and this they have a right to expect anywhere under the American flag. The present just laws for the protection of Independent re-finerices in Kansas are the pride of the state, and any attempted sharp tricks of the aggressor oil trust will not be tolerated, for Kansas never retreats from a righteous position once taken, and you can depend on the state strengthening the present oil laws instead of allowing them to be ignored by any law breakers However, the railroad emissaries have shown their testh, and the oil men have

While the effort to trample under their feet with impunity the maximum freight rate law of Kansas, which stands approved by nine-tenths of the people of the state, was putling into effect orders direct from 26 Broadway, and was expected to be a death knell to the independent refineries of Kansas, still it is not the first time that the accessories to a plot to pillage property were stayed by the fear of retribution before they were shie to carry out the devilish purposes of their conspiracy. On the other hand, it has started a movement that will make the Uncle Sam Company a common cause with nine-tenths of the interests of Kansus, and means that the wheat raisers, cattlemen, farmers and merchants will be customers for Uncle Sam, oil, and will be backers of Uncle merchants will be customers for Uncle Sam, oil, and will be backers of Uncle Sam rights and NUMBERS THE DAYS WHEN OIL TRUST AGENTS WILL MOVE THEIR DISTRIBUTING WAGONS from Kansas because there will be no one disloyal enough to home industries to buy their trust-made oils. In other words, the Uncle Sam Company will not let up on its fight before the interstate commerce commission, seen to convene at Kansas City, will not retreat a six-teen-hundredth part of an inch or make a single concession under a bluff to the oil trust railroads, but will fight shoulder to shoulder with the other interests of Kansas that are justly entitled to equitable freight rates, and will stand for and hogs and all other commodities, either produced or hauled over common carriers in Kansas. These conditions mean that thousands of more Kansans will buy Uncle Sam stock, and that this formidable foe of the oil trust will grow stronger and stronger, until it will not only have nine-tenths of the oil trade of Kansas, but will be a power in the Missouri valley states. ONE HUNDRED AND TWENTT TWO more distributing stations will be completed in this many different trade centers in the Missouri valley states during the next six months. Uncle Sam Refinery No. 3-on the backs of the Missouri at Atchison-will be completed in NINETT DATS' TIME or less. Uncle Sam men are now at work on foundations for Uncle Sam Refinery No. 3, at Tuisa, Indian Territory, and the first car-ional of material is now beirg shipped from the East. Capacity of Uncle Sam Refinery No. 1, at Cherryvale, has been almost doubled, and sales of refined wissouri river continues, while men are this very day laying plop for the com-mencément of pipe line from the big Bartlesville oil wells of Uncle Sam Com-mencément of pipe line from the big Bartlesville oil wells of Uncle Sam Com-mencément of pipe line from the big Bartlesville oil wells of Uncle Sam Com-mencément of pipe line from the big Bartlesville oil wells of Uncle Sam Com-mencément of pipe line from the big Bartlesville oil wells of Uncle Sam Com-mencément of pipe line from the big Bartlesville oil wells of Uncle Sam Com-mencément of pipe line from the big Bartlesville oil wells of Uncle Sam Com-mencément of pipe line from the big Bartlesville oil wells of Uncle Sam Com-mencé to join our band now, over FIFTY-FIVE HUNDRED STRONG (rep-resenting every state and territory in the Union and also Canada and Mexico), at a price that you know is right, and at the same time de your part to assist this independent enterprises to become the greatest success of the age, which it is apparently destined to be. These conditions mean that thousands of more Kansans will buy Uncle Sam

Dividends Commence June 20, 1906.

THEY STARTED SOMETHING THAT THE LOVERS OF A SQUARE DEAL IN KANSAS WILL FINISH.

<text>

From each one of the above distributing stations the company can reach by wagon an average of eight good towns, besides hundreds of country stores. OWN OUR OWN TANE WAGONS.

CWH OUE OWN TARE WAGONS. There is not a missing link in the Uncle Sam lineup. Our territory is surrounded by hundreds of stockhold-ers, and public sentiment is with the company almost to a man. The company owns its own tank wagons. While you are coading this announcement Uncle Sam men will be selling oil to someone. Every day there is a steady inflow of cash for oil sold. More stations will soon be completed, and bence greater revenue for the company. In systeral of the above named trade cen-ters the company has two tank wagons delivering oil every day. every day.

OWN OR CONTROL OUR OWN CRUDE OIL.

Working along lines certain of grand success the company has put up every breastwork possible for pro-tection, and hence Uncle Sam owns or controls his own production. Lateral pipe lines are completed attaching three-fourths of the Cherryvale field with refinery No. 1.

OWN OR CONTROL OIL BIGHTS IN THISTY (30,000 THOUSAND ACRES.

Bome of this property represents the cream of the oil fields in Kansas and Indian Territory. Near Bartles-ville Uncle Sam has drilled in two ollers that startis-off at over ONE THOUSAND barrels the first twenty-four hours. This oil is very high grade-will make per cent gasoline.

COMPANY HAS THOUSANDS OF BABBELS OF OIL IN STORAGE.

Uncle Sam is storing oil at Bartleaville to start the big river refinery with.

OWN FOUR DEILLING EIGS-DO OUE DEILLING AT COST.

Uncle Sam has room on the different oil tracts to drill several thousand oil wells. Company owns four drilling rigs and does the drilling at cost. Don't you see the company is following a course that is hedging several lines deep for success?

CAN BOON BUILD UP OUE PRODUCTION TO ONE TROUBAND BARRELS PER DAY.

THOUSAND BARRELS FME DAT. With our four drills we can soon build up our pro-duction to ONE THOUSAND BARRELS per day. Now, before you throw down this paper, sit down and figure out how long it will take the oil trust to freese out this Uncle Sam company in the home of its friends, with its own pipe line to pump the oil to navigation, its own tank cars, own tank wagons and its distributing terri-tory surrounded by thousands of its stockholders de-manding that merchants handling Urcle Sam oil and so-liciting their neighbor to burn no other. While on the other hand there are thousands of the criminal trust and their railroad allies that they will shun trust oil as though it were polson. though it were point

EVEN AT ONLY ONE TROUSAND BARRELS PER DAY WITH OIL AT 4 CENTS PER GALLOW WOULD MEAN AN INCOME FOR UNCLE

SAM OF OVER SIX HUNDBUD THOU-

TELEGRAPES WILL BE TIGEING ORDERS FOR URCLE SAM STOCK.

Uncle Sam company is making good and will continue to make good, and has done more than it prom-ised. There are thousands of deals now pending all over the United States-hundreds of them in Canada. Lots of deals are closed by telegraph. There are hundreds of men who will be wiring the home office for reservations on Uncle Sam stock by the time this advertisement is out a half day. However, everyone who mails check or draft promptly on reading this announce-ment will receive his stock on the basis of the price asked hersin, if the stock is not all sold when remit-tance arrives.

BIGHTY PER CENT OF THE STOCE IS SOLD. BAL-ANCE SOLD AT THE PRESENT PRICE WILL COMPLETE THE GREAT WORK.

Remittances on Uncle Sam stock for the past twelve days have averaged over \$1,700.00 per day cash, while including the stock sold on installments, which will be paid for promptly, runs the sales some days to twice that amount. The stock is in demand, it is selling be-cause business men know it will go to at least 50 cents per share, and possibly par, during the next year.

WITH OUR PIPE LINE COMPLETED AND WITH LIGHT BARGES ON THE MISSOURI COMPANY

CAR DELIVER OIL AT ST. LOUIS FOR ABOUT 15 CENTS PER BARBEL.

The railroads ask anywhere from 60 cents to \$5 per

barrel to haul oil over the railroad a distance of 400 miles. However, the Uncle Sam company can deliver oll over the pipe line barges as above mentioned to St. Louis, nearly four hundred miles from the oil fields, but not much over-FIFTEEN CENTS (15c) per barrel. Figure for yourself the saving that pipe line will be and then remember that Uncle Sam has it nearly one-half completed from Cherryvals already.

REFINERY NO. & WILL BE COMPLETED IN 90 DATE OE LESS.

From ten to thirty men are now crowding to com-pletion the big Uncle Sam refinery No. 2 on the banks of the Missouri by Atchieon. Material is arriving every day. It is being paid for too. Don't wait until this big refinery is completed and then expect to buy this stock even at double the present selling price. Progression is the password of the Uncle Sam company. Better invest \$100 for five hundred shares and let your invest-ment grow with us.

MEN NOW AT WORK ON FOUNDATION FOR UNCLE SAM REFINERY No. 3 AT TULSA, L T.

the first ten years. It is an easy matter to build up and add to and take on bigger things after the work is all under headway. When you figure on an invest-ment in this stock, remember that it is not only prob-able, but possible, that this company will build up to where it will reine FIVE THOUSAND BARRELS A DAY on the banks of the Missouri at Refinery No. 2, to THREE THOUSAND BARRELS PER DAY at Cherry-vale for Refinery No. 1, now in successful operation, and to TEN THOUSAND BARRELS PER DAY for Re-finery No. 3, where work has now commenced at Tubers Indian Territory. Now H.00060 will buy you at present vale for Refinery No. 1, now in successful operation, and to TEN THOUSAND BARRELS PER DAY for Re-finery No. 3, where work has now commenced at Tulsa. Indian Territory. Now \$1,000.60 will buy you at present five thousand shares of this stock, which can not go any cheaper and must at least go to 50 cents per share. Now, the above results are possible, judging the grand success achievel by the company in the past, and should they be attained it would mean that UNCLE SAM STOCK WOULD GO TO FIVE (\$5.00) DOLLARS per share. You can take this statement for what it is worth, but this company has a great future, and at any rate you are ce tain of a safe investment, and you stand an even break for fortune making stock. On the other hand, if you can now secure THIRTY THOU-SAND shares for that amount. Should this stock even go to \$2.00 ner share it would mean ONE HUNDRED THOUSAND DOLLARS to you now for an investment of \$5.000.00. Now is certainly the time to get the stock, and if you buy the same and lock it in your bank box and hold it a couple of years you will not only secure dividends commenting June 30, but we think an increase in the value of your investment that will surprise the most enthusiastic backer of Uncle Sam.

SENITE AND LEAVES AN OPENING FOR THULS BAM.

Say what you please, the signs of the times give additional evidence every day that the robber oil trust is going to pieces. It has built on faise methods of bus-iness; it is enlisted under a black flag, and sooner or later must meet its Waterico, for right will win in the erd-it always has and always will. The Uncle Sam Company is backing the principles of a square deal, and as the pioneer in the field can soon supply the markets.

DIVIDENDS WILL COMMENCE JUNE 90.

There is no bluff about the payment of dividends on this stock commencing with June 26, 1906. They will be paid, and, furthermore, they will continue, no matter what some wise guys may say to the contrary. The Uncle Sam company has builded on a solid foundation from the start. The money paid in on stock has been placed where it has increased in value several fold and will continue to increase. If you have money to invest you simply while away a good opportunity to place it with a safe enterprise if you allow this opportunity to go by. The company is not in the gold brick class, neither is it a gold mine deal, but, on the contrary, is sirredy a STRONG MANUFACTURING ENTERPRISE. It has the backing and support of concernities and

for it and who are guarding over Uncle Sam's success with a protecting eys, and that this company is strong enough to stand many a storm and still keep off the breakers. It will grow stronger every day, regardless of any reports to the contrary, and if you want to grow with it now is the time for you to get into the band wagon before the stock is doubled up in price.

DON'T BE FOOLED BY SKIN GAME BROKERS.

There has been for months past a systematized same of blackmail against the Uncle Sam company. These blackmallers send out advertisements and encak them into responsible newspapers by fraud, offering Uncle Sam stock at a cut rate, when the facts are that the party signing the advertisement has no Uncle Sam . stock and cannot procure a single share under the market price. Besides this there are certain brokers whe. knowing that Uncle Sam stock is prominent before the public, place quotations in their lists, when they do not have the stock and could not fill an order, but desire to secure inquiries of prospective purchasers, when they immediately make some false excuses and try to load you up on some wildcat stock that they are anxious to get rid of. Sometimes these advertisements are signed from Cherryvale, when in reality not a single share of Uncle Sam stock that is paid for or is legitimate can be purchased at under the market price. Don't let these blackmallers best you out of your money, or delay until others have what you want. Mail your check or draft direct to the company and you will receive your stock promptly by return mail and have so trouble.

Company Will Sell Stock for the Next Few Days as Follows:

shares, \$20.00. 500 shares, \$100. 1,000 shares, \$200. \$,500 shares, \$500. 5,000 shares, \$1.000.

In addition to the Uncle Sam company selling its In subtition to the Onois bain company schemes the company siso makes the following monthly payment offer, so that investors of limited means can secure part of the pres-ent allotment before a big advance occurs, which is cer-tain to come. Offer is as follows:

MONTHLY PAYMENT OFFER

5,000 shares, \$150 cash, 6 monthly payments \$150 each 3,000 shares, \$ 50 cash, 6 monthly payments \$0 each 2,000 shares, \$ 50 cash, 6 monthly payments \$0 each 2,000 shares, \$ 60 cash, 6 monthly payments 1,000 shares, \$ 30 cash, 6 monthly payments 30 erch 15 each 500 shares, \$ 15 cash, 6 monthly payments, 250 shares, \$7.50 cash, 6 monthly payments \$7.50 each 100 shares, \$3.00 cash, 6 monthly payments \$3.00 each

SPECIAL OFFERS

For a few days the company will sell stock in Fifteen Thousand (15,000) lots-par value \$15,000-for \$2,800 cash

POWER OF THE OIL TRUST HAS BEACHED ITS

our ranks. Setter get in the fight to a finish for a enuare deal in Kanaus for all time to come and at the same time make some revenue besides by keeping some of the immense dividends exterted by the all trust by keeping the profits at home. The oil trust paid over TWENTY-FIVE MILLION DOLLARS in dividends last pear: Uncle Sam company can certainly ito one twenty-fifth as well in two years.

MAIN TRUNE RIVER FIFE LINE MEARLY ONE-HALF COMPLETED.

ALL TRUE RIVER FIPE LINE MARLY ONE-IALY COMPLETED. As everyone knows the plans of the Unole Sam formany from the start have been to be independent. Running straight north from refinery No. 1 at Cherry-vale is SIXTY-FOUR MILES of main trunk pipe line already laid and acrewed together and several miles of the ditched. The first two bis pipe line pumps and boll-persons the second paid for The first umping station of two screes is valid for and the second one leased. FIVE MILES MORE OF THIS main trunk pipe line is unloaded just east of Topeka ready to cross the Kanass river. Right of way is secured to the Kan-se at Cherryvale for way is secured to the Kan-se ther and nine-tenths of the balance is also secured. Over this pipe line Tucks Sam company can pump off to the Missurf river from Cherryvale for SIX CENTS (560) her barrel above railroad rates if the situades should any time be allowed to confiscent off the is being company offers not entire very chance to in-brown the her hand are building on ebselitive solid provide the heir own on religing a book in the screen but on the other hand are building on ebselitive solid provide the her for TWENTY CENTS per share. SAND DOLLARS PER YEAR.

However, the company is now securing an average double this for the oil, or, in fact, right at nine cents of double this for the oil, or, in fact, right at nine cents per gallon, and the company will in a very short time build up to where it will handle at least TWO THOU-SAND barrels of oil per day. Now, these are facta no investor can get around. Uncle Sam Company offers you a squade deal—a practicable proposition—a money-maker from the word go, and a lineup that the dirty millions of the oil frust can not break down. Wige in-vestors are buying the stock, and it is now or hever with you if you ever secure any of the stock, as the present excitement and determination of this giant com-pany for a square deal is going to line up hundreds of men quick for Uncle Sam stock. of

BAM EXFINIENT No. 3 AT TULSA, I. T. When you buy Uncle Sam stock you secure an in-terest in the pipe line, the oil wells, the oil rights, the-big refinery already concleted, at Cherryvale, the river refinery No. 2, being rapidly constructed on the banks of the Missouft at Atchison and refinery No. 3—where Uncle Sam men are now at work at Tulsa, I. T., in the very heart of the Indian Territory oil fields. First car-load of material has been ordered from the East for the Tulsa refinery, and will be on the grounds in from three weeks to thirty days. If statchood is defeated for Oklahoma by the oil trust and their railroad allies Uncle Sam company will build a refined oil line down the Arkanass river to Fort Smith and run light barges down to Little Rock and on to the big cities of the lower Mis-sissippi valley. sissioni valley. GIVE THIS COMPANY TIME-IT IS POSSIBLE TO

BUILD UP TO A CAPACITY OF RIGHTERN (18,-000) THOUSAND BARRELS DAILY.

Uncle Sam Company has a better start in the first year of its existence than the present oil trust had in

LOADING TANK CARS AT UNCLE SAM REFINERY NO. 1 CHERRYVALE.

The above picture was taken at Uncle Sam refinery at Cherryvale, Kas, the next day after the lying re-port was sent out from the capital of Kansas by certain eil trust hirelings that all the oil shipped in Kansas by independent refineries was shipped in barrels and the cans and pound packages. One railroad traffic man made a big spiel about the unjust part of the Kansas maximum freight rate law at the same time. Now we will sture this wise one event one hundred dollars to maximum regol rate law at the same time. Now we will give this wise guy expert one hundred dollars in gold for every pound can his road or any railroad in Kareas ever carried for the Uncle Sam refinery, and the Uncle Sam company shibe two times as much oil as all the other independent refineries in Kansas. We produce the other independent refineries in Kansas. We produce this ploture to show how easy it is for some people to get faischoods into the press reports of the land, se-pecially when it plugs a competitor of the oil trust. The Uncle Sam company ships three-fourths af its re-fired oil in tank cars and but very little in berrel ship-ments, and none in tin cans or pound packages. It is not practicable to do any barrel shipping to speak of, and Uncle Sam will not do any in air months, for by that time we will have stations so distributed in Kan-sas as to be able to reach the smite state from our dis-ributing stations by wagons after tank carrying the oil to the stations. The above referred to traffic agent, when he was trying to decrive the press and the people, did dot take time to tell only half the truth. He did

spialn that under the Kansas maximum freight rate is the railroad secure about forty (\$60.0) dollars a car basis rate to other distances, and that this is from 10 to be per cent more than rates charged by the roads them serves on several other kinds of material. Railroad means who acknowledge the truth know there is money in bauling oil in tank car lots under the Kansas maxi-mum freight tate is a new and this company is perfectly willing the railroads should make money-in fact, all any of the refinery companies want is a mouare deal is a rule can pay a little more than the usual freight as truet, which is sure to come, they will need just as you have money to invest better get on the right side of failes and at the same time make good money in your investment. Every day the base good money in your investment. Every day the Uncle Sam com-pany is shipping oil. Just a matter of a few weeks until this refinery No. I at Cherryvals for Uncle Sam. You can buy slock today for 20 cents per share, but you can buy slock today for 20 cents per share, but you can buy slock today for 20 cents per share, but you can buy slock today for 20 cents per share, but you can buy slock today for 20 cents per share, but you can buy slock today for 20 cents per share, but you can buy slock today for 20 cents per share. explain that under the Kansas maximum freight rate

aiready a STRONG MANUFACTURING ENTERPRISE. It has the backing and support of conservative and in-fluential men in both state and nation. The more stock you secure the larger will be your dividend check. If you are siready a stockholder now is the time to in-orease, for if you don't you may never have the oppor-tunity again. This announcement will be placed in the leading newspapers of the land. It will be read by millions of investors. The company is in telegraph com-munication with nearly one thousand investors and will reach over ELEVEN THOUSAND more by special letter report. The stock will be sold, and if you wish to be the owner of some of it now is your time for action.

FROM THE ARRANGAS RIVER TO THE MISSOURI BIVER WILL BE THE LINE-UP.

There is not a locality in the Missouri valley where Uncle Sam company can not take the oil trade of the trust away from them with the large number of sfock-holders Uncle Sam has. Don't you know this good will for the company is worth an untold value and is an asset back of this stock hard to estimate a value on? We don't have to beg people to buy Uncle Sam, but they just come anyway, and then want to know if they can help us out and willingly intercede with a neighbor.

UNCLE SAM SIMPLY GOING TO MAVE THE OIL TRADE OF RANSAS.

Everybody knows the stand Kansas has taken for a square deal for the oil fields. Go where you please in the United States and the average man has words of praise for the way Kansas let the oll trust know that iaw and order and justice still held forth in the Sunflower state. Now nine-tenths of the people of the state were willing that the state should even build a state refinery, and voted bonds to do it with. However, the average Kannan is going to be astisfied now if the Uncle Sam Company supplies the state. Now if you are a Kan-san and wish to be able to make a proud report of your state, get your shoulder to the wheel and do. a little talking for Uncle Sam and take some of the stock, if you only put in 2000, \$50.00 or \$100.00, but help out and you will be surprised in how short a time Uncle Sam will patrol the entire state. It is not the purpose of this company, nor its management, to try suid run anybody out of business, nor to assume that it can buck the dirty millions of the oil trust, but we do know that we can and will secure the oil business of Kanses with but very little more help from Kansan, and that by attending to our own business the oil trust will soon have rone to attend to in Kansas. Now, if you wish to help this company accomplien this grand success, get in line and do it now, so we can rush the success, get in line snd do it now, so we can rush the suit: CHAIN OF THREE GREAT REFINERIES TO COMPLETION were willing that the state should even build a state

BETWEEN TES MISSOURY OUNTER SUITS AND THE INTERTATE COMMERCE COMMISSION OPPOSITION TO UNCLE SAM THEY WILL HAVE THEIR HANDS FULL.

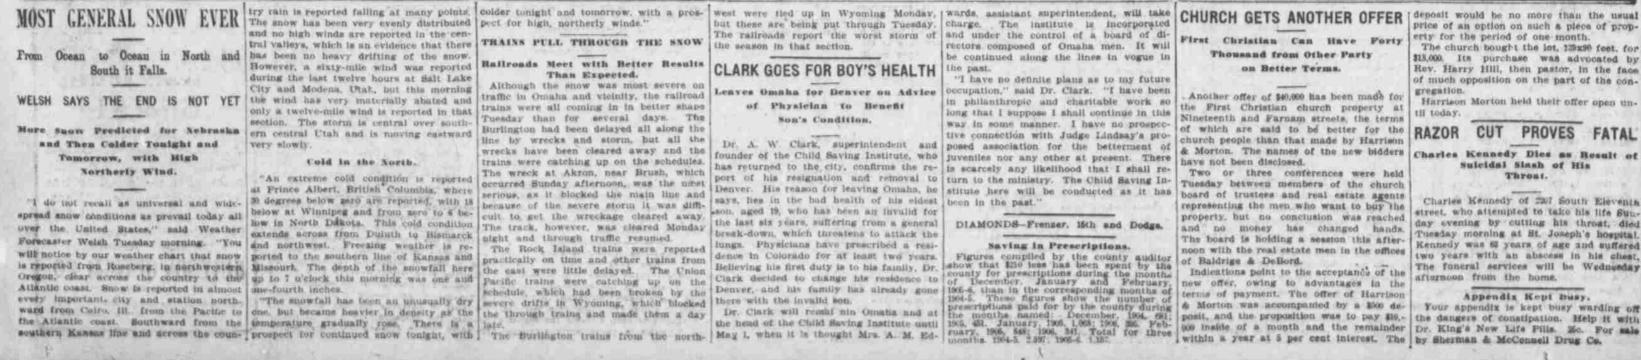

There is a wrong impression nometimes goes abroad. Some people get it into their heads that the oil trust and the railroats always have things their own way. While we are willing to admit that the part of the Uncle Bam Company is not any bed of roses, still every great success must expect to meet with some difficulties and be prepare for them. Sometimes the oil trust and the railroads assume a false front to divert the public eys. About the time that the interstate commerce com-mission summoned the whole bunch to come and explain the oil rate at Kansas City and about the time that Attorney General H. S. Hadley won before the supreme court of Missouri to when all this Kansas maximum freight rate bubble started. The real fellow that's in trouble in Kansas and Missouri today is the oil trust and the railroats, and they have a good hard job on hand. Don't get fooled by het air reports, but remem-ber Uncle Sam company has thousands ready to fight Uncle Sam Company is not any bed of roses, still every

Write for Pictures of the Refinery and Oll Fields and Other Reports

The company has a number of pictures taken of the oil fields and of the refinery stc., and other literature that explains more clearly the assets of the company and what the company is doing. If you do not send your check or draft by return mail you should write at once for full particulars and same will be sent you by return mail.

IN CONCLUSION.

We cannot in this space tell you of the many strong points of this great enterprise; however, in as few words as possible we have tried to explain the investment this company offers. It is doing a great work, making a big fight, but never for one minute has the management lost hope or faith that final grand success was certain. Kansans are the head of Uncle Bam-men who believe the American flag is greater than any thieving oil combine. We are old settlers of the state -we are making the fight in good faith-the stock is offered by advertising this way because the company desires a large number of stockholders, hence greater desires a large number of stockholders, hence greater influence. Instead of paying some bond scalper twenty to thirty per cent to bond and mortgage our properties, the company is selling the stock to the common people. There are no swelled-up guys or frenzied financiers connected with the management.—we are just common people, no better, but just as good as any. If you join our band you can depend on a square deal and that the management will guard your interests. The company has friends everywhere. Many a man is working for its success who does not own a share of the stock. Public sentiment is with us. The charter name of the company is The Uncle Sam Oil Company." Authorized capitalization is TEN MILLION shares, par value \$1.00 each. The stock is non-assessable. There is no persons al liability, and each share of the stock draws the same amount of dividends as any other share. The of-ficers of the company are James Ingersoil. Presidenty J. H. Ritchie, Vice President, and H. H. Tucker, Jr., Secretary and Treasurer. The before named men con-stitute the board of directors. The management now is the same as at the beginning. The oid guard is still in the traces. There are over slity men and woman working for the company in the different departments. There has been over FOUR HUNDRED AND FORTY THOUSAND DOLLARS cash paid in to the company's treasury for stock and oil. There are thousands of dol-lars of ol on hand. There sre shout FIFTY THOU-BAND DOLLARS SUBSCRIBED on stock already allot-iars of ol on hand. There sre shout FIFTY THOU-BAND DOLLARS SUBSCRIBED on stock already allot-iars of ol on hand. There are thousands of dol-lars of ol on hand. There are thousands of dol-lars of ol on hand. There are thousands of dol-lars of ol on hand. There are thousands of dol-lars of ol on hand. There are thousands will be and ol on hand. There are thousands of dol-lars of ol on hand. There are thousands of dol-lars of ol on hand. There are thousands of dol-lars of ol on hand. There are thousands of dol-lars of ol influence. Instead of paying some bond scalper twenty BAND DOLLARS SUBSCRIPED on stock already allot-ied from the ireasury that will be paid in on monthly payments. Both Bradstreet and Dun give the comparing rating and for further references write to T. R. Clen-dening, president of the Committee of Forty, address Atchison. Kansas, or to Wm. A. Stryker, editor of the Democrat. Tules, Oklahoma, or to any business house in Cherryvale, Kansas, or the Montgomery County Nation-al bank Cherryvale Kansas. For further particulars write or wire
