### GOSSIP OF THE POLITICIANS

Secret Benson Meeting Widens Breach in the Fontanelle Banks.

OTHERS NOT IN SORE AT THE CHIEFS

"Billy" Saunders' Leadership is Proving an Elegant Boomerang for the Banks Will Not Follow Solidly.

The secret meeting to boost Benson's candidacy held in the Omaha Commercial college building Tuesday had served further to disorganize the Fontanelle club ticket, since a few bits of information concerning it have leaked out. Other candidates do not conceal how sore they feel at the independent movements made for Benson, while they are left out of the calculations entirely. Some of them have had cards printed, leaving the state and all mention of the club endorsement off, and a number of Fontanelles persist in appearing at the Broatch meetings and joining in the proceedings as though there were no such majority candidate as Benson supposed to be hitched up with them.

According to the tales told the aforementioned secret meeting grew out of a few dinners enjoyed together by "Billy" Saunders, W. A. DeFord and Rev. S. D. Dutcher, pastor of the First Christian church, at a cafe on Farnam street. Saunders is the official manager of the Fontanelle club campaign and the latter are supposed to be the First Christian church. Practically all of the invitations to the session were issued through clerymen. This was how Conspirator Loback, a democrat, happened to get in. His pastor, unwise to political matters, did not perceive the partisan lines that barred Loback and put the latter in an awkward attitude.

### WILD WITH ITCHING HUMOR

Eruption Broke Out in Spots All Over Body—Caused a Continual Itching for Two Years—Doctor's Medicine Did no Good—Cured at Expense of only \$1.25 and Now

THANKS CUTICURA FOR COMPLETE CURE

"Some time ago I wrote you for a book of the Cuticura Remedies and received it O. K. and went and bought the Soap, Ointment, and Pills. They did me more good than any medicine I ever used. They cured me of my skin disease, and I am very thankful to you. My trouble was eruption of the skin, which broke out in spots all over my body, and caused a continual itching which nearly drove me wild at times. I got medicine of a doctor, but it did not cure me, and when I saw in a paper your ad., I sent you for the Cuticura book and I studied my case in it. I then went to the drug store and bought one cake of Cuticura Soap, one box of Cuticura Ointment, and one vial of Cuticura Pills. From the first application I received relief. I used the first set and two extra cakes of Cuticura Soap, and was completely cured. I had suffered for two years, and I again thank Cuticura for my cure. If you wish, you may publish this. Your friend forever, Claude N. Johnson, Maple Grove Farm, R. F. D. 2, Walnut, Kan., June 15, 1905."

### ITCH! ITCH! ITCH!

SCRAATCH! SCRAATCH! SCRAATCH! This is the condition of thousands of skin-tortured men, women, and children, who may be instantly relieved and speedily cured by warm baths with Cuticura Soap and gentle applications of Cuticura Ointment, the great Skin Cure, and mild doses of Cuticura Resolvent Pills, which physicians and all else fail.

### CANVASS FOR Y. W. C. A. FUNDS

Work of Women Has Varying Effect Upon the Different Solicitors.

SOME GOOD SUMS ALREADY ARE IN

Mrs. Thiden Warns All to Sign Association Pledge Card Before Making Any Subscriptions.

The building headquarters of the Young Women's Christian association on the third floor of the Paxton block is the busiest place in Omaha. The solicitors came in by scores at noon Friday in several stages of elation and dejection according to their results, but one and all reported kindly, courteous reception. While the finance committee has as yet made no statement as to the amount of subscriptions received, various members who have been soliciting among the business men confessed to pledges ranging from \$25 and \$50 up to \$100. The team work is progressing splendidly, considering the limitations placed upon the canvass of the "girls." In spite of these limitations, however, the team work has resulted in some complications.

Some of the young women not understanding they are not allowed to solicit from heads of firms, professional men and women, wives of business men or heads of departments, have asked these subscriptions, and when members of the visiting committee have called later they have learned the subscription already has been given, and, too, with few exceptions, for a much smaller amount than these business men have been rated as able to give. Mrs. George Thiden, chairman of the finance committee, warns everyone not to make a cash subscription without first signing the association pledge card. It has been learned that some one has solicited cash subscriptions for the association without having the pledge cards signed, and it is impossible to learn whether they were authorized solicitors or not.

Plans from the Architect. Architect Kimball met with the building committee Thursday afternoon to present interior plans and plans of the elevation of the first of the new building. The committee will probably be ready for the first of next week and will be set up in some conspicuous place down town as soon as it arrives.

Miss Elizabeth Jones, one of the national secretaries, will arrive Monday from the east and probably will spend the remainder of the month in the local work. The following limitations have been placed upon the solicitation of members of the teams of ten and those assisting them:

There shall be ten captains, consisting of one captain and nine lieutenants in each company. Soliciting shall be among wage earners only. No soliciting shall be done among the following: Heads of firms. Heads of departments in large firms. Heads of departments in large corporations. General representatives and agents of outside companies. Professional men and women. Women whose husbands are connected with the business of the company. Women of large independent means.

### ANNOUNCEMENTS OF THE THEATERS.

At the Orpheum the matinee and night performances today will bring the curtain to a close. The curtain will rise at 3:15 prompt tonight. For the week commencing Sunday matinee a delightful mixture of entertainment is promised. The eight Allisons will head the bill, an extraordinary acrobatic feature. Other contributions are: Sidney Dean and company in the novel slanging sketch, "Christmas on Blackwell's"; the five Vernons, violinists; Wynne Winslow, the lyric soprano; Armstrong and Holly in a sketch entitled "The Expressman"; William Davis, who will be remembered as a popular member of the Woodward Stock company, and company, presenting "Daniel and His Lions"; Barr and Evans, two unique fun-makers.

### SUN WILL SHINE ON GREEN

Fair Day for Celebration of the Patron Saint of Emerald Isle.

The weather promises to be good for tomorrow, St. Patrick's Day, or as Colonel Welsh puts it: "Being the Shamrock-knockal period only decent weather need be looked for. The local forecast tells about all there is to the story, which is for clearing weather, fair Friday night and turning warmer Saturday. The temperature at Omaha Friday morning was 7 above zero, though up at Valentine 15 below is reported, and 4 below at North Platte. There is a marked rise of temperature in the northwest, and it is growing warmer in both the Dakotas. Snow is reported in the lower Missouri and Mississippi valleys and in the Ohio valley and lake regions this morning. Rain and sleet prevailed along the Atlantic coast Thursday and the storm seems to be moving eastward. We can confidently look for clearing weather for the next day or two with a gradual rise in temperature."

When you take a fire or tornado policy on property in the National-office ground floor McCague building, this city—you are patronizing an Omaha institution doing a strong business in the west. That is good for Omaha.

### IN KENTUCKY IN BORDER DAYS

Nebraska Banker Saw Frank James and Younger Boys Shot at Brandenburg.

Arminius P. Culley of Loup City, one of the leading bankers of Nebraska, is attending to business interests in Omaha for a few days. Mr. Culley is president of three banks, First National at Loup City, Greeley and State bank of Sargent, beside which he was the organizer of the First National bank at San Pedro, Cal. He also is a big land owner.

Mr. Culley is a Kentuckian, born and bred, in other words a thoroughbred, but while retaining warm affections for his native state he professes Nebraska to live and work in. During his boyhood days in old "Kentuck" Mr. Culley witnessed one of the many stirring events which were enacted there in the old "border days."

"I was at Brandenburg the day the James and Younger boys were attacked by town people who were scouring the country for some 'boss' thieves," said Mr. Culley. "I was only a boy, about 16 years of age. I remember Frank James and Cole and Jim Younger went to the old hotel and were followed by an angry mob. The people didn't know who the Youngers and James were; all they knew was that they were strangers, and it was a bad thing in those days to be a stranger in a community where a 'boss' thief had been perpetrated. First thing I know some one whipped out a pistol and began shooting. A ruffian followed and when it was over Jim Younger and Frank James were pretty badly shot up. They managed to get out of the hotel and scramble up over the mountain to an old doctor's place where they received treatment. Public sentiment was against the men who shot the strangers after the first excitement blew over, for it became apparent they were not the horse thieves."

"And do you know it was only a few years ago that the people of Brandenburg really came to know who the men were who were shot that way?"

Mr. Culley is an advocate of the present persistent movement for reform in financial as well as political affairs in the country.

### JACKSON'S HOLE VINDICATED

Famous Wyoming Place Defended by Old Timer Who Denies Calumnies Against It.

Fred Lovejoy of Grovont, Wyo., a hunting guide of the Jackson's Hole and Yellowstone Park country, is an Omaha visitor, calling on old friends and incidentally talking up the Jackson's Hole country as the paradise of hunters for big game and endeavoring to persuade a few people to take their outing up there this summer and fall.

"The Jackson's Hole country has been much maligned," he said, "and I want to disabuse your minds about it being the refuge for bad men; it is just the reverse of all that. The people up there are as good a class of folks as you can find anywhere. Of course the region is not very populous, but what there are of us are good. It is the greatest hunting country on the continent today. Elk, there is no limit to them. Plenty of deer, enough brown and black bear, with a few silver tips to give the seeker after sturdy game all the excitement he cares to hanker after. Then there are lots of antelope up in the mountains, and if a hunter wants to earn his spurs he can get an occasional shot at a mountain sheep. It is as much of an agricultural country, but some settlers are coming in, and we have irrigation projects under way, getting the water from Snake river.

"There are some few cattle in the country and the ranchmen are good, big-hearted fellows that it is a pleasure to meet. There is no place on earth where you will meet more hospitable treatment.

"Our hunting season generally runs from the middle of September and the game laws are liberal. Of course the wanton destruction of game is not permitted at all. There are a few buffalo to be seen in that section, but there is a heavy penalty against killing them; \$50 is the fine imposed by the government. These buffalo are generally strays from the Yellowstone Park herds."

### Common Colds Are the Cause of Many Serious Diseases.

A physician who has gained a national reputation as an analyst of the cause of various diseases, claims that if catching cold could be avoided a long list of dangerous ailments would never be heard of. Every one knows that pneumonia and consumption originate from a cold, and chronic catarrh, chronic bronchitis, and all throat and lung trouble are aggravated and rendered more serious by each fresh attack. Do not risk your life or take chances when you have a cold. Chamberlain's Cough Remedy will cure it before these diseases develop. This remedy contains no opium, morphine or other harmful drugs and has thirty years of reputation back of it, gained by its cures under every condition.

### White snow was falling last Thursday

White snow was falling last Thursday when spring like at Shelley's Kaufman's orchestra furnished music and cut flowers vied with artificial ones in beauty. The many callers were unanimous in their praise of the beautiful hats and showed their appreciation of the low prices on the hats by numerous selections. The display and sale of imported hats and gowns will continue all next week. Early selections are the best.

### JUSTICE GETS A MOVE ON

Goes Along at Swift Pace Up in Thurston County in Horse Thieves Case.

"We do things up fairly quick in Thurston county," said Sheriff S. M. Young of that county Friday morning at the federal building. "As a sample I have just returned from Lincoln, where I lodged two horse thieves in the penitentiary. There were Ernest Shepherd and William Roberts the former getting five years and the later two years. The parties got away with a horse on the Winnago reservation Tuesday, were arrested Tuesday night, arraigned and pleaded guilty Wednesday and were sentenced to the pen and I took them down to Lincoln Thursday. We are rather disposed to think that this is a record breaker. Thurston county is a very unhealthy locality for horse thieves anyhow and the disease takes them off quickly."
