

BRIEF IN BURLINGTON CASE

Attorney General Brown Argues Tax Question for Eighteen Counties.
Insurance Companies Paying Taxes
Provident Life and Savings Company Refused License Pending Examination of Affairs of the Company.

(From a Staff Correspondent.)
LINCOLN, March 20.—(Special Telegram.)—Attorney General Brown has prepared a brief to be filed in the United States supreme court in opposition to the appeal of the Burlington railroad from the action of Judge Munger in dismissing the petition for an injunction to prevent the collection of railroad taxes in those counties where the amount in controversy was less than \$3,000.

In his brief the attorney general maintains it is the established rule of the court where an action is brought to enjoin the collection of taxes, and a number of tax collectors are made the defendants, the amount in controversy is determined by the amount sought to be enjoined against each. The case comes up in October.

Insurance Companies Paying Taxes.
All old line insurance companies and all casualty companies doing business in Nebraska have paid up their per cent tax on their gross receipts together with the fees due the state.

A TRAINED NURSE

After Years of Experience, Advises Women in Regard to Their Health.

Mrs. Martha Pohlman of 55 Chester Avenue, Newark, N. J., who is a graduate Nurse from the Blockley Training School at Philadelphia, and for six years Chief Nurse at the Philadelphia Hospital, writes the letter printed below.

Many other women are afflicted as she was. They can regain health in the same way. It is prudent to heed such advice from such a source. Mrs. Pohlman writes: 'I am firmly persuaded, after eight years of experience with Lydia E. Pinkham's Vegetable Compound, that it is the safest and best medicine for any suffering woman to use.'

Immediately after my marriage I found that my health began to fail me. I became weak and pale, with severe bearing-down pains, fearful backaches and frequent dizzy spells. The doctors prescribed for me, yet I did not improve. I would faint after eating, and frequently become nauseated.

When women are troubled with irregular, suppressed or painful periods, weakness, displacement or alteration of the female organs, that bearing-down feeling, inflammation, backache, bloating (or flatulence), general debility, indigestion, and nervous prostration, or are beset with such symptoms as sadness, faintness, lassitude, excitability, irritability, nervousness, sleeplessness, melancholy, "all-gone" and "want-to-be-left-alone" feelings, blues and hopelessness, they should remember there is one tried and true remedy.

Money cannot buy such testimony as this—merit alone can produce such results. The ablest specialists now agree that Lydia E. Pinkham's Vegetable Compound is the most universally successful remedy for all female diseases known to medicine.

Secretary Merchant of the Omaha Grain exchange has resigned his position and will be relieved April 1. The board of directors of the exchange accepted his resignation at a meeting Monday, the minutes of which read thus:

Resolved: That the board of directors reluctantly accept the resignation of A. H. Merchant as secretary of the Omaha Grain Exchange, effective as of the date of this resolution.
