

ELKINS IS AFTER CUMMINS

Senator Takes Notice of the Governor's Fort Dodge Speech.

WHAT HAPPENED BEFORE THE COMMITTEE

Appearance of the Governor as Noted by the Record Contrasted with His Statements on the Stamp.

WASHINGTON, March 20. (Special.)—Senator Elkins today made public a letter written to Governor A. B. Cummins of Iowa in reference to the speech made by the governor at Fort Dodge, when he opened his campaign for re-election.

RUNKEL'S COCOA

is both a food and a stimulant. It is pure and wholesome—just the powdered cocoa bean properly treated by extracting enough of the oil to make it entirely digestible, but with enough left in to make it the most nourishing and delightful beverage that nature has given man.

No sugar to add to the bulk—no flour or starch or arrowroot to increase the maker's profit and put down the quality. When you pay as little you get far less.

Sold by grocers everywhere. Send for sample of Cocoa and mixture of Cocoa.

RUNKEL BROTHERS, Cocoa and Chocolate Manufacturers, New York.

CLOTHING COMPANY ENLARGES

Omaha Clothing Company Leases Second and Third Floors in the Adjacent Building, 1315 Farnam Street, and Will Fit up for Sales Rooms.

Albert Rosenthal, manager of The Omaha Clothing company, has leased for his company the second and third floors in the adjacent building on the west, 1315 Farnam street, which are now occupied by Samuel Burns crockery store and is having them fitted up for salesrooms for their furniture, carpet, draperies and ladies' suit departments.

The rooms are being thoroughly overhauled and the hardware will be cut in each wall, thus throwing each floor into one large salesroom.

The ladies' suit department will occupy the second floor, along with the carpet and drapery department, while the entire third floor will be used as a display room for the furniture.

The Omaha Clothing company is an illustration of what enterprise and progressive business methods will do. They began business under the present management a few years ago in a very small way, handling nothing but men's clothing in a small store.

In a short time a complete line of goods was added, and the business grew year by year until their rapidly increasing business demanded more room and they moved into their present quarters, where a ladies' suit department was added.

Mr. Rosenthal stated that as soon as they had put in their ladies' department their trade called for house furnishings and a stock of furniture, carpets and draperies were put in. He said it seemed to work this way: "Our customers who traded with us and had been taking advantage of the liberal credit plan upon which our store is conducted evinced a desire of making purchases from us in lines of goods which we had not at that time."

Mr. Rosenthal, who is buyer as well as manager for the company, just recently returned from an extended tour of the eastern markets, where he has been for the past seven weeks buying for the different departments of his establishment.

Until March 21st, either a genuine water color or an X-ray art enlargement free with each set of ten photos.

HEYN, THE PHOTOGRAPHER, 213-15-17 South 15th St. (Odd Numbers.) Jim Key is coming.

NEWS FOR THE ARMY.

Leave of absence for one month has been granted Captain Clyde E. Hawkins, Second Iowa Infantry, Fort Riley.

Honorable discharges from the regular army have been granted the following named privates: Private Jacob J. Butterfield, Company K, Thirtieth Infantry, Fort Crook, and Brownlow B. Mitchell, Company A, Eleventh Infantry, Fort B. A. Russell.

Among the recent visitors at headquarters of the Missouri National Guard are: Captain John O. Furlong, Sixth Cavalry, on leave; Captain Julius A. Penn, Seventh Infantry, side-le-camp on the staff of Major General Henry C. Corbin, commanding the Northern Missouri division, sprung from San Francisco to St. Louis, and First Lieutenant F. P. Amos, Eleventh Cavalry, on leave.

The following general court-martial sentences have just been promulgated from headquarters: Private Arthur Decker, Troop A, Thirtieth Cavalry, Fort Riley, for larceny and selling government clothing, dishonorable discharge and six months imprisonment; James J. Collins, Troop F, Eleventh Cavalry, Fort Des Moines, for conduct prejudicial, dishonorable discharge and six months imprisonment; Henry E. Bush, Ninety-third company, camp on the staff of Major Joseph A. Flanagan, Company K, Eleventh Infantry, Fort Leavenworth, for desertion and dishonorable discharge and one and one-half years imprisonment; Edward P. Turner, Company A, Twenty-fourth Infantry, Fort Leavenworth, for desertion, dishonorable discharge and one year's imprisonment.

GOSSIP OF THE POLITICIANS

Hennings' Opponents Get Soared and Circulate Dirty Canards About Him.

LIKELY TO REACT AS BOOMERANGS

Breen and Elsbourn Agree Naturalized Citizens Must Have First Papers Thirty Days Before Primaries Open.

That City Treasurer Hennings' campaign for the mayoralty nomination is making good headway is becoming plainer every day and is now supported by the report that both the Benson and Broatch managers are preparing onslaughts upon Hennings. One story that has come to the friends of Hennings is that a circular is to be sprung attacking Hennings "for having gone on a bond for Tom Dennison."

The sum and substance of the charge is found in the fact that Hennings as treasurer has been called upon regularly to sign all appeal bonds for official cases to which any city officer is a party, and when the suit was brought to compel the mayor and chief of police to close the Diamond pool room, involving the question to what extent the court would interfere by mandamus with the executive authority in the enforcement of the police regulations, the appeal bond for Mayor Moore and Chief of Police Donahue were taken to Hennings, like all other official appeal bonds, and signed by him as a matter of course.

The other candidates must be getting scared, declared one of the city officials not over friendly to Hennings on hearing the story, "for they wouldn't pick up anything like that. If Hennings had refused to sign appeal bonds for city officials they probably would have jumped on him just as hard. If they try to spring this thing they will surely make a fiasco of it."

City Attorney Breen and City Clerk Elsbourn have agreed that it is necessary for a naturalized citizen to have taken out his first papers at least thirty days before primary day in order to be specially registered for that event and also to deposit property and favorable to the Broatch cause were on hand and the negroes were sworn in as rapidly as possible. Old residents of the Third ward with the colored population there were unable to recognize the majority of faces presented. The affidavits made are open to public scrutiny in order to get an affidavit of special registration. The clerk announced Tuesday he proposed to enforce these decisions to the letter.

An appeal was made to disregard the demand of the law for a physician's certificate in cases where sickness on all three of the last registration dates is pleaded, but without avail. The doctor involved was a blind man, who claimed to have been too poor to hire medical aid, but who was willing to produce evidence that he had been confined to his home. City Attorney Breen ruled that he could not be specially registered without the certificate.

At noon Tuesday three republicans and two democrats had sworn in their registration and twenty-six republicans and three democrats had procured removal certificates.

Nasty little stories are going the rounds about money offered by councilman candidates to competitors to withdraw. Some of these reports have a definite and unpleasant aspect and many persons are straining themselves to get evidence to prove them. The Dodge law makes it a misdemeanor to give money to the side of \$100 to \$500 or imprisonment for sixty days to one year for the offering to accept or receiving valuable considerations, not only for withdrawing but for remaining out of the contest or coming in. One of the tales in circulation mentions the small sum of \$200. Another says that the money is in the preparation of affidavits with what is alleged to be a serious but not criminal offense. This document may not be sprung, as it is said to have been founded on a false conception of governing facts.

The "Announcement of the Theater." The "Gingerbread Man" will be offered at a matinee on the Broadway theater this afternoon, and again this evening, closing the engagement in Omaha. It has proved a most successful stay from every point of view.

The grand opera season, which begins on Friday night, will be a thorough success, for the advance on the subject and the inquiry as to the opera to be sung indicates a great interest on the part of the public. The Savage organization is one of the strongest ever organized for the purpose of singing grand opera in English, and is the more remarkable because the director has chosen American voices for the roles.

On Friday evening Faust's romantic opera, "L'Attaque de Paris," "La Boheme," will be sung; on Saturday afternoon Verdi's great masterpiece, "Faust," will be the bill, and on Saturday evening Richard Wagner's romantic story, "Die Walkure" will be given. In all his wealth of scenic investiture and musical grandeur, the grand opera has a certain ring at 8:15; on Saturday afternoon the overture to "Faust" will be played at 2:15, and on Saturday evening the prelude to "Die Walkure" at 7:30.

Anyone who is missing "The Second in Command" in the Woodstock week is passing up the best thing in the Woodstock Stock company has just done. The next matinee will be given on Thursday afternoon.

Mr. and Mrs. Brigham, said to be the sweetest couple in the world, will be an extra feature of the program on Friday on Thursday at the Orpheum. The couple were married recently at the home of Mrs. Brigham in Council Bluffs. Both have had extensive stage experience. Mrs. Brigham is thirty and some odd inches tall. She is pretty and doll-like in appearance and has a husky, manly voice. Mr. Brigham is only two inches taller than his wife. He said to be a very clever comedian. They will appear in a sketch entitled "Daisy and Hans." They appear at this one matinee performance only.

Attention, F. V. U. There will be a meeting of Vicksburg Regiment No. 1 and Sixth Regiment No. 2, Union Veterans' union, on the evening of March 23 in the Bright hall, Nineteenth and Farnam streets. All members of both regiments are requested to be present as important business will come before the meeting. Comrades come out in force for good government now, as we did from '81 to '86. By order of S. F. Moore, Regimental Commander.

The Thank Offering Meeting of the congregational church will be held this evening at 8 o'clock in the church parlors. Mrs. A. E. Dean, who has spent the last four years in Mission work in India, will tell of her experience and work. The program will be followed by greetings to Mrs. Dean and social hour.

Sterling Silver—Frenner, 15th and Dodge. John Burke, Where Are You? James A. Wilson of Rapid City, S. D., has a sample of Mellin's Food for your baby just as soon as we get your letter and will give you the benefit of our experience.

The ONLY Infants' Food receiving the GRAND PRIZE at St. Louis, 1904. Gold Medal, Highest Award, Paris, Ore. 1905. NELLIE'S FOOD CO., BOSTON, MASS.

GATHRIGHT PLEADS GUILTY

One of Colored Trio Confesses to Murder of Edward Flury.

CLARK AND WALN DENY THE CHARGE

All Waive Preliminary Examination When Arraigned Before Judge King in the South Omaha Police Court.

Clarence Gathright pleads guilty and Harrison Clark and Calvin Waln or Warren not guilty to the murder of Edward Flury, the conductor on the Walnut Hill-Albright street car line, the morning of March 8.

Clark, Waln and Gathright were taken into police court in South Omaha at 10:30 Tuesday morning. They were arraigned before Judge King on the charges of murder in the first degree and, on the second count, murder while committing a robbery.

Clark and Waln were brought in from Lincoln by Chief Briggs and Captain Shields, arriving on the 10:30 a. m. train. Detective Elfelder brought Clarence Gathright from Fremont. After the arraignment, Chief Briggs and County Attorney Shabugh, who was present and read the arraignment against the three men, took Gathright into the chief's office where they reviewed the evidence of his confession together. After the interview the attorney said several new features had been developed, which had strengthened the case of the state materially, but that he did not care to discuss the evidence. He said:

Return to Lincoln. "You may say the prisoners have been arraigned and all of them waived preliminary hearing. They will be returned to Lincoln to await trial. The evidence in the case has been made stronger than ever before."

After the interview with Gathright, Mr. and Mrs. Ross, colored, Twenty-third and R streets, South Omaha, were questioned. It is said Mrs. Ross furnished Clark with one of the guns which were used on the night of the murder. Tuesday morning Ross identified the gun, and his wife, who had previously declared that Clark did not get the gun, weakened on her statement so far as to say she had last seen the gun Wednesday morning, and that after that she could not account for its whereabouts.

After the arraignment, Clark and Waln, who had been handcuffed together, were returned to the cell in the city jail, and Gathright, under guard, was kept in the jail office. They will be returned by the evening train to Lincoln, where they will be confined in the penitentiary until the day of their trial.

Committed in Douglas County. The complaint charged the crime had been committed in Douglas county, which had been a point of inquiry. It is understood through examination of the grounds has shown the conductor to have been within the limits of Douglas county when he was wounded, even though his assailants may have been in the other county.

Of all three captives, Gathright appeared to be the most disturbed in mind during the reading of the arraignment. He stood like a hunted animal, at the side of the chief, with his eyes wandering in all directions. The other two looked sullen and a little worried, but with no evidence of agitation. Clark frowned slightly when Gathright was stood up next to them. After being returned to the cell Clark and Waln said a hurried adieu to the chief, and quaver through one song which sounded rather tremulous, as from strained nerves. It was their one attempt at bravado.

PERSONAL PARAGRAPHS. Charley Thorpe, the jockey, is in the city from Geneva, N. Y., to attend the Merchants, attending the shooting tournament. H. C. Maynard of Fremont has been admitted to practice before the United States courts for the district of Nebraska.

Game Warden George Carter of Lincoln, is at the Merchants, called here by the leading medical writers of the several cities, at once takes his medicines out of the class generally known as "patent" or secret medicines, neither of which term is at all applicable to the medicine in question, which appears on the wrapper of the medicine as the great laboratory at Buffalo, N. Y.

It places them in a class all by themselves. Neither of them contains any alcohol, which fact alone should cause them to be classed all by themselves and as entirely harmless vegetable extracts, made and preserved by the use of glycerine and not with the usually employed strong alcohol, which works so much injury, especially in cases where treatment, even though a few weeks, must be continued for considerable periods of time, in order to make the cure permanent.

Many years ago, Dr. Pierce found that chemically pure glycerine, of proper strength, was far better than alcohol both for extracting and preserving the medicinal principles residing in our indigenous native medicinal plants, such as he employs exclusively in manufacturing his medicines.

Some of these medicinal roots have, since Dr. Pierce first commenced to use them, advanced so in price, that they may be cultivated with great profit by our farmers. This is especially true of Golden Seal root, which enters into both the Doctor's "Golden Medical Discovery" and his "Favorite Prescription." It now brings upward of \$1.50 a pound, although formerly selling at from 15 to 20 cents a pound. Many tons of this most valuable root are annually consumed in Doctor Pierce's Laboratory.

From "Organic Medicines," by Grover C. M. D. of New York, we extract the following concerning Hydrastis (Golden Seal root), which enters largely, as we have already stated, into the composition of both "Golden Medical Discovery" and "Favorite Prescription." Dr. C. M. D. says: "Hydrastis exerts an especial influence over mucous surfaces. Its action in this respect is so manifest that the indications for its employment cannot be mistaken. (Hence the efficiency of Golden Medical Discovery, which is rich in Golden Seal root, in all catarrhal affections, no matter in what part of the system located.) Upon the liver it acts with equal certainty and efficacy. As a cholagogue (liver invigorator), it has few equals. Also in scrofula, glandular diseases generally, cutaneous eruptions, indigestion, debility, diarrhoea, and constipation."

Doctor C. M. D. continues: "Hydrastis (Golden Seal root) has been successfully employed in the cure of leucorrhoea. It is of singular efficacy when that complaint is complicated with hepatic (liver) aberration (derangement). Hydrastis is also of inestimable value in the treatment of chronic derangements of the liver. It seems to exercise an especial influence over the portal vein and hepatic (liver) structure generally, resolving (dissolving) biliary deposits, removing obstructions, promoting secretion, and gives tone to the deparating (cleansing) functions generally." Dr. C. M. D. further says: "We would here add that our experience has demonstrated Hydrastis to be a valuable remedy in bronchitis, laryngitis, and other affections of the respiratory organs."

After reading the foregoing extracts you can doubt the great efficacy, in a long list of diseases, of "Golden Medical Discovery," one of the principal ingredients of which is Golden Seal root (Hydrastis)? And this applies with equal force to Doctor Pierce's Favorite Prescription for weak, worn-out, over-worked, nervous, invalid women.

Dr. Pierce's Pleasant Pellets are composed largely of concentrated principles extracted from Mandrake root. They regulate and invigorate the stomach, liver and bowels. One or two little sugar-coated "Pellets" a dose.

A NEW DEPARTURE

"Taking Time by The Forelock."

All observing people must have noticed a growing sentiment in this country in favor of only put-up foods and medicines of known composition. It is but natural that one should have some interest in the composition of that which he is expected to swallow, whether it be food, drink or medicine. This sentiment has resulted in the introduction in the legislatures of many of the States, as also in the Congress of the United States, bills providing for the publication of formulae of ingredients on wrappings and labels of medicines and foods put up for general consumption.

Recognizing this growing disposition on the part of the public generally, and satisfied that the fullest publicity can only add to the well-earned reputation of his proprietary medicines, Dr. R. V. Pierce, of Buffalo, N. Y., has "taken time by the forelock," as it were, and is publishing broadcast, and on each bottle wrapper, a full and complete list of all the ingredients entering into his medicines, "Golden Medical Discovery," the popular liver invigorator, stomach tonic, blood purifier and heart regulator; also of his "Favorite Prescription" for weak, over-worked, broken-down, debilitated, nervous, invalid women.

This bold and open-spoken movement on the part of Dr. Pierce, has, by showing exactly what his well-known medicines are composed of, completely broken down the harping critics who have heretofore unjustly attacked them. A little pamphlet has been compiled from the standard medical authorities of all the several schools of practice, showing the strongest endorsements by leading medical writers of the several ingredients which enter into Doctor Pierce's medicines and recommending these ingredients for the cure of the diseases for which Dr. Pierce's medicines are advised. A copy of this little booklet is mailed free to any one desiring to learn more concerning the valuable, native medicinal plants which enter into the composition of Dr. Pierce's medicines. A request, by postal card, addressed to Dr. R. V. Pierce, Buffalo, N. Y., will bring this little booklet by return post. It tells exactly what ingredients are used in the making of Dr. Pierce's famous medicines.

This striking departure of Dr. Pierce from the usual course pursued by the leading medical writers of the several cities, at once takes his medicines out of the class generally known as "patent" or secret medicines, neither of which term is at all applicable to the medicine in question, which appears on the wrapper of the medicine as the great laboratory at Buffalo, N. Y.

It places them in a class all by themselves. Neither of them contains any alcohol, which fact alone should cause them to be classed all by themselves and as entirely harmless vegetable extracts, made and preserved by the use of glycerine and not with the usually employed strong alcohol, which works so much injury, especially in cases where treatment, even though a few weeks, must be continued for considerable periods of time, in order to make the cure permanent.

Many years ago, Dr. Pierce found that chemically pure glycerine, of proper strength, was far better than alcohol both for extracting and preserving the medicinal principles residing in our indigenous native medicinal plants, such as he employs exclusively in manufacturing his medicines.

Some of these medicinal roots have, since Dr. Pierce first commenced to use them, advanced so in price, that they may be cultivated with great profit by our farmers. This is especially true of Golden Seal root, which enters into both the Doctor's "Golden Medical Discovery" and his "Favorite Prescription." It now brings upward of \$1.50 a pound, although formerly selling at from 15 to 20 cents a pound. Many tons of this most valuable root are annually consumed in Doctor Pierce's Laboratory.

From "Organic Medicines," by Grover C. M. D. of New York, we extract the following concerning Hydrastis (Golden Seal root), which enters largely, as we have already stated, into the composition of both "Golden Medical Discovery" and "Favorite Prescription." Dr. C. M. D. says: "Hydrastis exerts an especial influence over mucous surfaces. Its action in this respect is so manifest that the indications for its employment cannot be mistaken. (Hence the efficiency of Golden Medical Discovery, which is rich in Golden Seal root, in all catarrhal affections, no matter in what part of the system located.) PARTNERSHIP IS BROKEN UP

Man Who Furbushes Money Has One Who Furbushes His Brains Arrested.

S. V. De Unger was arrested on a train Tuesday afternoon on complaint of R. B. Cameron of Omaha. A complaint was filed with the court last Tuesday afternoon charging De Unger with larceny as bailed to the extent of \$750, said to have been entrusted to him by Cameron on the understanding De Unger would use the money as security with a publishing firm which would get out a book on Omaha and its present greatness. De Unger is said to have secured from Traut 1500; Douglas Printing company, 150, and the Baker Bros. company (engravers), about \$100.

February 1 Cameron met De Unger in Omaha. Cameron was the man with the money, while De Unger furnished the book. They styled their partnership as Midland Publishing company. De Unger secured many contracts from local business men for space in the book. At the outset Cameron furnished De Unger \$500 in cash for a half interest in the profits to be derived from the book. The book was making good headway and Monday afternoon De Unger stated he needed \$750 to insure some publishing company he and Cameron were acting in good faith in publishing the book. The money was to have been given to a local bonding company, but when De Unger and the \$750 left simultaneously Cameron grew uneasy and notified the police, who advised the authorities that De Unger and Cameron is about 25 years of age, while De Unger is 35.

Cameron stated he met De Unger for the first time about February 1, when the partnership was formed.

When arrested De Unger did not have the money with him. He stated he will not return to Omaha without requisition papers.

Dickey Homestead Sold. The J. J. Dickey homestead at the northeast corner of Twenty-fifth and Dodge streets, was sold, through the Byron Reed company, to James H. Hunter, for \$550. Mr. Hunter is assistant claim agent of the Northwestern, and has a two-room house on the lot.

DIAMONDS—Edholm, 15th and Harney. Marriage Licenses. The following marriage licenses have been issued: George E. Sutton, Benson, 24; Mary E. Peterson, Benson, 25.

DR. WESTMALL'S SENNA LIVER PILLS

A PILL WITHOUT A PAIN.

For deranged system—OBSTINATE CONSTIPATION, BILIOUSNESS, SOUR STOMACH, SICK HEADACHE, NAUSEA, NERVOUSNESS, JAUNDICE, TORPID LIVER.

YOU'LL FEEL SO GOOD NEXT MORNING. If you take one at bed time. They work so nice and easy. Contain no opium, no cocaine. No disagreeable after effects. Ingredients are purely vegetable.
