**CLARK OR WALN APRIL SECOND**  
One of These Alleged Murderers Will Be Placed on Trial Then.

**SLABAUGH CONFIDENT OF CONVICTION**  
Flurry Friends Will Haze Their Trial in District Court Before Nelson of Lausten Quartet.

Either Harrison Clark or Calvin Waln, two of the alleged murderers of Street Car Conductor Flury at Albright, will be placed on trial in district court April 2 if the plans of County Attorney Slabaugh are carried out. Judge Slabaugh said Wednesday he had fixed on that day for the beginning of the trial, but he did not know which one of the two would be tried then.

Clerence Gathright, the one of the trio who confessed and pleaded guilty at his preliminary hearing, will not be tried until after his two companions are disposed of. Both of the other two are inclined to "stand fast," but County Attorney Slabaugh believes he has a strong case against all of them outside of the confession.

It is understood the three men will be arraigned some time Thursday and will then be taken immediately to Lincoln again for safe keeping. Their present whereabouts will not be disclosed by employees of the sheriff's office, but the announcement is positively made that they will not be taken to the county jail.

It is now the intention of the county attorney to try one of two, and perhaps all of the Flury murderers before the case of Raymond Nelson, the Lausten murderer, is taken up.

**SEVERAL MEN IDENTIFY MAHER**  
Persons in Roemer Saloon Say He Helped Ford.

James P. Maher, the alleged accomplice of Mickey Ford in the holdup of the saloon of Leo Roemer at Twenty-fourth and Q streets, South Omaha, was positively identified by a number of men in the saloon at the time in the trial before Judge Troup Wednesday. Roemer was the first witness, and he testified that Maher and Ford entered the saloon with drawn guns, with which they covered the crowd. Ford, who had a handsome face, was positively identified by a number of men in the saloon. He refused. One of the men in the saloon threw 15 cents down on the bar in front of Ford, but Roemer picked it up and put it in his pocket.

"The bluff worked and Ford began to back out of the saloon. Then, the witness said, Maher came over to him and told him to turn around.

"I won't do it," Roemer answered. Then Maher began to back out also. Outside the saloon the men shot four or five times. There were five or six men in the saloon at the time and they were called to the stand to identify Maher. The holdups got no money from the crowd. Ford was convicted for his share in the crime some time ago and is now awaiting sentence.

The defense introduced witnesses yesterday afternoon in an effort to prove that Maher is a mental wreck and was drunk on the day of the holdup and incapable of forming an intent to rob. Dr. Enser of South Omaha said he had observed Maher while making professional visits to the home of Mr. Scott, where Maher was staying, and while he did not think he was insane he believed he was a mental wreck from drink and irresponsible for his acts. Several other witnesses testified he talked irrationally at times and did not know what he was doing. Evidence was also introduced to show he was drunk on the day of the holdup, but in rebuttal the state recalled several witnesses to show he was not badly intoxicated. He was in the saloon. Police officers who saw him a

**MORRISSEY JURY CANNOT AGREE**  
Alleged Accomplice of Mickey Ford Escapes Conviction.

The jury in the case of James Morrissey, alias Morrison was discharged shortly before noon Wednesday, without reaching a verdict. It is understood the balloting stood seven to five for conviction from the time the jury went into the jury room at noon Tuesday, until it came out Wednesday. Only once was there a deviation from this vote, but the change was on account of an error on the part of one of the jurors and was immediately corrected.

In view of the fact no verdict appeared possible, Judge Troup discharged the jury. The case against Morrissey was not considered a very strong one. Only one witness identified him and he was not positive in his identification. Other testimony showed he had been seen in company with Mickey Ford the night of the holdup about six blocks from the saloon of John Rybin, which was held up. The defense introduced evidence to show the defendant was too drunk the night of the crime to have participated in the holdup. The defendant was informed against under the name of Morrissey, but his true name is Morrison. John Martin, who was charged with burglary at a room in the Roma hotel and stealing a suit of clothes worth \$25, pleaded guilty to petty larceny before Judge Sutton and on the recommendation of the county attorney was sentenced to thirty days in the county jail. Martin occupied one room in the hotel and according to his story went into an adjoining room and took the clothes. He found the door standing open and the defense contended it did not constitute a burglary.

Ole Jackson, charged with criminal assault, was sentenced on a \$1,000 bond signed by Chase Green, a colored man. Frank Noonan, charged with the murder of a man named Carlson in South Omaha, was released on a \$5,000 bond Wednesday.

**WILLIAM BARTEE GOES ON TRIAL**  
Negro Charged with Murder Faces Court and Jury.

The trial of William Bartee, colored, charged with the murder of Henry Brown, was begun Wednesday afternoon before Judge Sutton. The murder took place on the night of February 4 at 26 North Eleventh street while Bartee, Brown and some other negroes were drinking a can of beer which had been brought into the place. The charge is murder in the second degree. The work of securing the jury was begun at 2 o'clock.

**MRS. CROWE SUES FOR DIVORCE**  
Wife of Notorious Character Asks Court to Grant Her Legal Separation.

Pat Crowe is the defendant in a divorce suit filed yesterday afternoon by Mrs. M. Crowe through her attorney, J. A. C. Kennedy.

Mrs. Crowe, who is a domestic and housekeeper in South Omaha, alleges in the petition that she has been a resident of that city for the last twenty years. She and the defendant were married August 2, 1883, at South Omaha, and three children have been born to them, all of whom have died.

Fifteen years ago, she says, he deserted her and since that time has not contributed a cent toward her support. She has served during this time to earn her own living by hard labor.

Since their marriage, she says, he has served two terms in the penitentiary, both exceeding three years in length. One term was served in Illinois and the other in Missouri.

She says she is wholly without means and asks the court to require the defendant to furnish her money on which to live during the pendency of the suit and finally allow her permanent alimony. She says

**GREAT NORTHERN BRANCHING OUT**  
Rumor Line is to Be Extended into Rosebud Country.

(From a Staff Correspondent.)  
NORFOLK, Neb., March 21.—(Special.)—The Great Northern railroad is soon to break into northwestern Nebraska and the Rosebud country of southern South Dakota, according to rumors at Butte, the county seat of Boyd county, through which town the road is expected to pass. The railroad line is to extend from O'Neill northward, thus capturing much stock and grain for Sioux City, St. Paul and Minneapolis. During the past two or three days an official of the Great Northern has been in Butte, talking with leading business men of the town regarding the projected road. And more than that, it is said on good information that the railroad has purchased an old abandoned grade between O'Neill and Butte, which will be used.

**MURDER TRIAL ON AT O'NEILL**  
The trial of Myron Irwin, charged with the murder of Bob Ceans, a year ago near Badger, near the Boyd-Holt county line, began at O'Neill today and will continue during the next ten days.

This is the second trial, Irwin having been found guilty of murder in the second degree. The killing is alleged to have resulted from a quarrel that started at Butte, Neb., March 20, 1905. It is alleged that Irwin stabbed Ceans twice after they had left town, and after they had crossed the Niobrara river into Holt county. Ceans died a half hour after he was stabbed. One wound was in the heart and the other in the stomach.

**PLANS FOR THAYER FUNERAL**  
Public Services to Be Held Friday Afternoon at 2 O'clock.

NEW MOVE IN THE GRAIN TRUST CASES  
Firms Which Have Not Yet Filed Answers Asked to Do So Within Ten Days—Refuse to Take Testimony.

(From a Staff Correspondent.)  
LINCOLN, March 21.—(Special.)—Arrangements for the funeral of General John M. Thayer, to be held at 2 o'clock Friday afternoon at St. Paul's church, have about been completed, and tomorrow Adjutant General Culver will issue his formal orders giving in detail the plans for the formation of the procession. As now outlined the order of the procession will be as follows:

Second Regiment Band.  
Millers of the Republic.  
Clergy.  
Funeral Car.  
Family and Relatives.  
Members of Old First Nebraska Regiment.  
Grand Army of the Republic.  
Spanish and Philippine War Veterans.  
Distinguished Visitors.

The procession will accompany the body of the dead soldier-statesman from St. Paul's church to Wyuka cemetery, where the burial will occur.

The services at the church will consist of brief addresses by prominent citizens who are intimates of the family of General Thayer and each will talk on some particular phase of his life. The ceremonies will begin promptly at 2 o'clock. At the hour set for the funeral all state offices will be closed and it is probable Mayor Brown will tomorrow issue a request for all business houses to close during the time of the funeral.

While all the members of the National Guard companies located in Lincoln will be ordered to participate in the ceremony, General Culver has not yet decided what other companies will be ordered to Lincoln. At this time he is contemplating using nineteen companies and it is likely he will finally conclude to do this.

The body of the dead general will be brought to the capitol and placed in the senate chamber at 1 o'clock tomorrow, where it will remain until the same hour Friday. Previous to this short services will be held at the house of Rev. Mr. Jones of St. Paul's church. A military escort will accompany the body from the house to the capitol and will remain on duty during the time the remains lie in state.

**NEW MOVE IN GRAIN CASE**  
The supreme court this morning ordered all defendants in the grain case who have not yet filed answers to do so within ten days.

The court also announced it would appoint a referee to take testimony in the case and report on facts and law. The appointment will be made at the next sitting of the court.

The supreme court granted the state in the case wherein the attorney general brought suit for \$40,000 against the State Journal company for selling supreme court reports alleged to have been copyrighted by the state.

HASTINGS, Neb., March 21.—(Special Telegram.)—J. F. Kealy, night yard master of the Burlington, was killed late last night while assisting in the switching of freight cars near the roundhouse. He made a mistake in front of a moving car and was struck by the wheels, which passed over the right leg near the knee and the left leg a few inches above the ankle. He lived only a few minutes after the accident occurred. Mr. Kealy had been an employee of the Burlington for twenty-five years. A few months ago he was promoted to the position of night yard master. Mr. Kealy was 55 years old. Mrs. Kealy, the widow, two sons and five daughters survive him.

**WOOL GROWERS REORGANIZING**  
BUFFALO, Wyo., March 21.—(Special.)—The Northern Wyoming Wool Growers' association will meet today at 10 o'clock to reorganize. The association will probably join the Wyoming Wool Growers' association, and in turn become members of the National Wool Growers' association. The local association was organized many years ago, but the members have taken no interest in its affairs for several years, and steps were taken at the annual convention of the state association at Casper to reorganize. Fred Kallenback of Kaycee is the present secretary.

**USE THE STREETS AND THE RIGHT TO BE PROTECTED**  
by the laws of the state and of Douglas county and is therefore a valuable asset. Incidentally, the brief states the company made no showing that its franchise was not worth what the county assessor claimed it was worth.

**CONGRESSIONAL SITUATION**  
The republicans of Lancaster county are in a peculiar position insofar as the selection of a candidate for congress is concerned. For some time politicians in the outside counties, as well as some of the home talent, have been flirting with Judge W. Field to make the republican congressman. Incidentally, the brief states the company made no showing that its franchise was not worth what the county assessor claimed it was worth.

This will give all the other counties an excuse to get out their favorite sons, with the result that Lancaster county may not only lose the nominee, but may also cause a break with Cass county, which will give the nominee to the outside counties for years to come.

Many of the politicians in this county are anxious for the delegation this year to be given to Pollard, and thus cement the tieup with Cass county. Then two years from now, if Lancaster county wants the congressman, it can do so with some hope of success, call upon Cass county for assistance. Should Lancaster break with Cass and help turn down Pollard then Lancaster may have a hard time getting the lion's share of the spoils of the district as it has heretofore had.

**INSURANCE COMPANY INCORPORATES**  
The Mutual Life Insurance company of Lincoln filed its articles of incorporation with the secretary of state this afternoon. The capital stock of the company is to be \$200,000 and the stockholders are N. Z. Snell, George E. Howard, S. H. Burnham, A. J. Sawyer, J. C. Seacrest, Victor Seybold, J. H. Helm, Frank M. Hall and others. The company will begin business April 1.

**FURNACE COUNTY LAND BOOMING**  
ARAPAHOE, Neb., March 21.—(Special.)—The southwestern part of Arapahoe county is showing a boom in prices for lands, as well as town property, as attested by the many sales of farm lands that have been made from \$20 to \$50, and even \$60 and \$80, per acre, above improvements, and where the tracts of land were small and especially valuable, ex-ceeding \$100,000; while town property in Arapahoe and adjoining towns, has been transferred at prices nearly blue sky high. One of the sales, and cheapest according to value, was that of the Star mill, by George E. Clark to Iowa parties, incorporated as the Arapahoe Milling company, of his holdings of mill, dam, race and contingent property, valued at \$100,000, but sold on the installment plan, which will bring the price paid about \$20,000, and regarded as a good buy. The Boehner block has been sold for \$3,500 to Henry Puls and A. R. Sallor, but contracted for several weeks ago, and could be sold at several hundred dollars profit today.

**WOMAN DIES**  
John Harris, sixty-two years of age, died two months ago, and has already sold not more than half and realized a profit, retaining the most valuable. This is western Nebraska, a "get rich quick" country, and not prohibited from the United States mails.

**ASSAULTS DISMISSED**  
William A. Simmons of Dawes county, who was sentenced to the asylum under the provisions of the insane law, filed a brief in the supreme court this afternoon in which he not only vigorously attacks the constitutionality of the law, but also goes after those who operated it against him. Simmons says he is 50 years old and is worth about \$20,000, which he accumulated trading and dealing in horses. He denies ever being an inebriate, but says he has always kept liquor in his house and has taken a pull at the bottle whenever the spirit moves him to do so. He claims the sheriff of Dawes county is a dealer in horses also and is a teetotaler, and that no member of the insanity board takes a drink, but the contrary are prohibitionists. The sheriff, he claims, managed the affair to get him in the asylum to get him out of the horse trading business.

**WESTERN UNION ASSESSMENT**  
It has been placed squarely before the supreme court to say whether the franchise of the Western Union Telegraph company is subject to assessment and taxation. The case comes up from Douglas county, where the district court held the value placed upon the franchise by the County Board of Equalization was wrong. County Attorney Slabaugh seeks to have that decision reversed. The county assessor valued the franchise at some \$27,000. The company asserted the valuation was arrived at, by making the franchise equal to the value of the gross receipts of the company. The franchise by the United States and therefore it was not subject to taxation by the authorities of Douglas county. This question the county attorney holds is immaterial. The county attorney holds the franchise gives the company the right to

**"FOR KIDNEY TROUBLE AND A WEAK BACK."**  
"Pe-ru-na Has No Equal."

**An Emphatic Endorsement.**  
MR. M. BRODERICK.

Mr. M. Broderick, 435 E. 46th St., Financial Secretary Stable Employees Union, No. 1041, Chicago, Ill., writes:

"I have been suffering from a weak back and kidney trouble for some time and have been able to find relief only through the use of Pe-ru-na. During the winter season I usually keep a bottle of your medicine in the house and by taking a dose at night, I am feeling fine the next morning. Some of my friends assure me that Pe-ru-na is equally as good for their various ailments as it is for my complaint, but I do know that for kidney trouble and suffering from a weak back it has no equal."

**Kidney Trouble Is Not Always Recognized as Catarrh—Pe-ru-na Remedy Is a Remedy For All Phases of Catarrh.**

Like catarrh, it pervades the whole system, and counteracts the effects of the disease. A great many people believe that they have been cured of chronic Bright's Disease by the use of Pe-ru-na.

It is certainly true that in the earlier stages of Bright's Disease, Pe-ru-na is an effective remedy. Numerous testimonials on this point establish the fact beyond all doubt.

Mr. Otto A. Fleischer, American epicurean, formerly Chief of Col. W. J. Cody, 142 Sixth Ave., Seattle, Wash., writes:

"I suffered with kidney and bladder trouble until life did not seem worth living. I had tried many medicines, but did not get any relief until I took Pe-ru-na. It was really wonderful how much better I was after I used this medicine only a week. At the end of six months I found to my relief that it had rid my system of all poisons and I was cured to stay cured."

Any medicine that is a remedy for catarrh of one organ is obviously a medicine for catarrh of any other organ. Pe-ru-na is an internal, systemic catarrh remedy.

He came to Nebraska in 1868, taking a homestead near Emmett. He resided in this city until about ten years ago, when he removed to Iowa. He leaves a wife and five children.

BEATRICE—The mayor and city council are considering the advisability of cutting down the fire department, and a meeting is soon to be held by the department and

ARAPAHOE—Several citizens desiring a more commodious and larger hotel, something very much needed, purchased the Arapahoe house, intending to remove same and build a large hotel building commensurate with our needs. Last week at a meeting of the stock holders, C. R. Rossman made a proposition to buy their holdings and deposited a guarantee of several hundred dollars to build such a hotel building as was desired of not less than twenty-five rooms, and if he proved a good hotel man may make it a success. While the Arapahoe house, owing to its location, is inadequate for the purpose, yet Mr. Trimble has given good service to the traveling public, and his family will leave from all appearances things political will be lively in Wynome at the April election.

FREMONT—A barn belonging to A. Clark Records was discovered on fire about 1 o'clock this morning and owing to a mistake in giving the locality of the alarm was entirely consumed by the fire. The barn was situated on the corner of 10th and 11th streets. At the time the alarm was given a team of heavy horses belonging to the Standard Oil company, which were being driven to the Commercial National bank, became frightened and broke loose and started down Main street. The collision with Mortensen & Christensen's delivery wagon which was just starting out with a load of groceries and scattered its contents. They next smashed the back of a buggy belonging to Charles Wiley, a Saunders county farmer. William Locke's ice wagon was next in line, but this proved too strong for them and after showing it and the team attached to it for a block were caught.
