

HUNTINGTON CASE A BIG ONE

Involves Richards and Comstock in Talk of a Criminal Prosecution.

HEARING IN OMAHA AT ACCUSED'S REQUEST

Cattlemen Propose to Make This a Test Case, Drawing Out and Publishing All Details of the Entire Situation.

While he was bound over to the federal grand jury of \$50 by the United States commissioner at Chadron to answer for alleged subornation of perjury in the matter of procuring fraudulent land filings within the Bartlett Richards and W. G. Comstock enclosures, Thomas M. Huntington of Gordon has expressed a wish for a preliminary examination before United States Commissioner Anderson at Omaha, which will be held here April 10.

Something of a very interesting nature is expected to develop at this hearing, as it is asserted by some of the friends of the cattlemen they propose to make a test case at this hearing in order that all the facts may be given the widest publicity.

W. P. Gurley of Omaha, it is stated, and former State Senator W. H. Reynolds of Mullen will appear as attorneys for Mr. Huntington in this case. Both of these lawyers were recently in Washington in the interest of some sort of land-tenure legislation and have been employed by some of the cattle interests to look after matters for them before the United States courts in the pending grand jury investigations. Mr. Gurley has been in frequent consultation with Special District Attorney Bush since the former's return from Washington, presumably as to the status of the cases now before the Department of Justice.

There seems to be but little question that the cases are going to be fought to a finish by the cattle men of Sheridan and Cherry counties and a strong effort will be made to show that coercion was used by the agents of the secret service department in procuring the affidavits to substantiate the charges of alleged fraudulent filings.

It is believed Huntington's land trafficking has been in the interest of Richards and Comstock and it is hinted furthermore, that as a result of the pending hearing a criminal case involving Richards and Comstock may arise.

JIM KEY RIDES FROM DEPOT

Wonderful Horse Arrives in Omaha for His Three Days' Engagement Next Week.

Jim Key, with his manager and trainer and corps of assistants, arrived in Omaha Saturday at 1 p. m. and was taken at once to a padded stall arranged for him in the basement of the Auditorium. The management had wired ahead to have H. S. Mann secure a horse ambulance to carry Jim Key from the station. With Jim Key was his constant companion, the terrier Monk, who never leaves him.

Jim Key will show at the Auditorium for three days beginning Monday night. He is the wonder of the age, as far as horses go, being valued at \$100,000 and being educated until he is a marvel at all kinds of tricks which he shows in his performances.

Jim Key is owned by Mr. Rogers of Boston, who shows him at some of the leading summer resorts in the summer for gain and in the winter for amusement of his performances to the humane societies. No horse in the world receives the care and attention as does Jim Key, and he excites all sorts of admiration wherever he is shown. Last week in two days at Kansas City he showed to over 50,000 people.

MILK BUSINESS ON INCREASE

Trade Becomes So Large New Dock Must Be Built at Union Station.

The Union Pacific will build a new milk dock at the Union station to care for the immense amount of milk and cream which daily is brought into that station. The platform will be thirty by sixty feet and will be located at the eastern end of the station, no cover to be built for the present. Milk is brought to Omaha on the trains in ten-gallon cans and these have been handled on the eastern end of the depot platform, but the business has grown to such enormous proportions that special arrangements were necessary. The average is now about 250 of these cans per day and in the busy season the run is between 300 and 400 cans per day.

MRS. EDWARDS MAY GET IT

Assistant Superintendent Child Saving Institute Spoken of as Successor to Clark.

The board of trustees of the Child Saving Institute has not met to take up the resignation of Superintendent A. W. Clark's resignation. In fact the resignation has not yet been accepted. Rev. Mr. Clark stated Saturday morning there is no question as to his going to Denver.

The next regular meeting of the trustees would be Saturday evening, April 7, but it is possible a meeting may be held at an earlier date. Mrs. A. M. Edwards, who has been assistant superintendent of the institution for nearly four years, has been spoken of as a likely successor to Rev. Mr. Clark.

Precaution with Aperients.

A medical journal in an article on aperient waters states that they have very properly come into general employment, but that the public should not overlook to ascertain whether these laxative waters have been bottled with the scientific care that should be accorded a medicinal agent. It quotes Prof. Liebreich of the University of Berlin as saying that one such water, the "Aperient," from springs near Budapest affords this necessary guarantee, as it is bottled under eminent scientific supervision.

The Apollinaris Company of London controls the Apertis springs of Budapest. This London company also controls the immense output of the Apollinaris spring which is located at Neuenahr, in Germany, a beautiful spot which attracts many tourists.

JUVENILE COURT'S NATAL DAY

Celebration of First Anniversary Will Bring Two Officers of Chicago Court Here.

In connection with the first anniversary celebration of the establishment of the Omaha juvenile court, Judge Julian Mack of the Chicago juvenile court and Chief Probation Officer Henry Thurston of the same city will speak Sunday afternoon at a mass meeting to be held in the auditorium of the Creighton college of law. The meeting will be called at 4 p. m., and after the visiting speakers have talked of juvenile work in the Illinois metropolis, various local speakers interested in the work will speak. Probation Officer Bernstein will read the first annual report.

Judge Mack and Officer Thurston will be met at the depot at 7:45, by Judge Day, Probation Officer Bernstein and Attorney C. R. Elgittor, who will escort the guests to the Her Grand hotel, where Rome Miller will entertain them at luncheon.

Among those who will have luncheon with Judge Mack and Mr. Thurston will be Judges Day and Elgittor, Probation Officer Bernstein, Superintendent of Schools Davidson, H. C. Pennock, C. S. Elgittor and Victor Rosewater. After luncheon the party will go to the Detention school.

Messrs. Mack and Thurston were invited by the local juvenile court authorities to come here on the occasion of the first anniversary celebration and speak to those engaged in the local work of correcting the youth of the county.

The visitors will return to Chicago, Sunday evening.

BURKLEY BUYS LINTON BLOCK

Pays Twenty-Seven Thousand Dollars for Building at Thirteenth and Mason Streets.

Frank J. Burkley has bought from the National Life Insurance company the Linton block at the northeast corner of Thirteenth and Mason streets for \$27,000. The sale was made through Thomas Brennan. Mr. Burkley has made a number of investments in real estate in the last few months, and he has transferred some of his holdings at a neat profit. Last fall he paid \$2,000 for a lot at Thirteenth and Cass streets, and two weeks ago sold it to the Northwestern railroad for \$4,250. The Linton block consists of stores and flats.

Edward W. Homan has bought as an investment, through Thomas Brennan, an 88 foot lot at Sixteenth and Burt streets, from the Penn Mutual Life Insurance company.

Other sales reported by Mr. Brennan are: The northeast corner Thirteenth and Chicago streets, to the Northwestern, for \$7,000; house and lot at 219 Poppleton avenue, to Lee C. East for home, \$2,750; south-west corner Fourteenth and California, 60x88 feet, to A. B. Alprin, for \$2,500; house and lot at 467 Farnam street, to Charles M. Rackley, for \$1,500.

'FRISCO AROUSES GRAIN MEN

Puts in Rate Which Tends to Divert Heavy Shipments from Omaha Market.

Omaha grain men are stirred up over a new rate announced by the 'Frisco road on grain to the south which will have a tendency to cut considerable grain away from the Omaha grain market. The 'Frisco has so manipulated the rates that shippers from the central stations in Nebraska can ship to Memphis cheaper via Kansas City than through the Omaha market. This is done by making a cut on the rate south of Kansas City, on grain from central Nebraska, without affecting the rate between Kansas City and Omaha, that is cheaper to ship via Kansas City than via Omaha. The lowest rate to the south now from points in Nebraska is to pay the local to Omaha and then ship south. By the cut of the 'Frisco Omaha is cut off the route and shippers can better ship direct to Kansas City at the higher rate and then ship on south by the reduced rate.

DIAMOND LOST AS BY MAGIC

Three-Hundred-Dollar Stone Falls from Jeweler's Tweezers and Cannot Be Found.

Albert Edholm, jeweler at Sixteenth and Harney streets, lost a valuable unset diamond, Friday afternoon in an unusual manner. Mr. Edholm was holding the stone up with a pair of tweezers for a customer to view. The diamond became released from the tweezers, flew into the air and has not since been seen. After a careful and systematic search of the store, Mr. Edholm came to the conclusion the stone dropped into someone's pocket or lodged on some part of the clothing and was carried out. Several persons were in the store at the time. The diamond was valued at \$300. Every nook and crevice of the store and basement was examined for the jewel.

BOYS ADMIT PLAYING POOL

Children Tell Juvenile Court They Patronized John Andrews' Place Frequently.

At yesterday's session of the juvenile court, held by Judge Redick, two of the boys charged with frequenting the pool hall of John Andrews, 313 North Fifteenth street, were found to be delinquent and were placed on probation.

Hymie Cohen, 12 years old, one of the two boys, testified he had frequently played pool in Andrews' pool hall. Clifford Hearn, 15 years old, also testified he had frequented the place and said he was taken out of the hall Saturday night by Sergeant Benfro of the police force.

The case against Mr. Andrews, charged with aiding and abetting delinquency in children, is pending before the juvenile court.

COUNCIL AND THE MAYORSHIP

What Former Will Do is Question of Supreme Interest Just Now.

SEVERAL THEORIES TO CHOOSE FROM

Kimman's Retention, Hennings' Election and No Present Action Three of Most Popularly Discussed Courses.

All kinds of rumors as to what the city council majority will do about filling the mayor's office were hawked about the streets and city hall Saturday morning.

You could take your choice of believing that Mayor Zimman would be retained in order to better the chances of the majority members for renomination; that City Treasurer Hennings was to be elevated, to help his mayoralty boom; that the council majority would displace Zimman at once as a matter of revenge to save old sores and that nothing would be done in the matter, at least until after the primaries, for fear of unlooked-for boomerang effects that might ensue.

Several of the majority councilmen, asked the question point blank as to what would be done, replied no action would be taken and Mayor Zimman would be retained to hold the office at least until after the primaries, April 2.

Some of the bogus forecasts went to smash when the council completed its adjourned session after filling vacancies and appointing clerks to the primary election boards and confirming the list of polling places, without turning a hand on the mayoralty matter.

City Attorney Breen gave out a positive opinion that the council majority has the right to fill the office of mayor by electing any eligible person whom it cares to. That until this is done Harry B. Zimman is ex-officio mayor as president of the city council. In accordance with advice from the legal department Zimman has assumed the duties of the office and is performing them.

PROSPEROUS SAVINGS & LOAN

Special Dividend of Ten Per Cent to All Installment Stockholders Declared.

Unquestionably without precedent was the action of the board of directors of the Bankers Savings and Loan association in declaring a 10 per cent special dividend to all installment stockholders at an adjourned meeting held at the office of the company, 219 16th street, Thursday evening, March 22. This dividend is independent of and exclusive of the regular annual 5 per cent dividend paid by this most excellent association.

The magnificent success of this association could only have been achieved by the soundest and most conservative business methods, coupled with the strictest economy in handling the association's funds on the part of its board of directors.

COLORADO UNION PACIFIC

Where Land Yields Twice Its Cost in the First Year

Will you, Mr. Farmer, if you find it a hard matter to much more than "make ends meet" just reason out this proposition?

The land in South Platte Valley, Colorado, yields 20 tons of sugar beets to the acre every year—sure crop, never a failure. Choice land ready for plowing averages \$40 per acre, 40 acres, costing \$1600.00 will yield 800 tons of sugar beets a year—worth \$4,000.00. And the Sugar Factory on the ground will contract right now to pay you \$5.00 a ton for all the beets you can raise for 3 years and a field superintendent of the sugar factory will visit you several times a week to give you the benefit of experience in beet culture and help you install proper methods to insure 20-ton-to-the-acre crops.

Will you just sit right down now and write to the
