It Came from the Senate.

(From a Staff Correspondent.) DES MOINES, March 27 .-- (Special.)-The house committee on railroads today voted to recommend for massage the Hughes anti-ness bill which passed the senate some time ago, but amended it so as to include federal officers among thos: prohibited from riding on passes.

Debate on the indeterminate sentence lay by Saunders, which opened last week, was closed this afternoon and on the final vote the bill was killed by 18 to 28. The Fort Madison Tool company, which

It was presented by Representative Flenniken, who The big house of Schmoller & Mueller briefly explained the purpose of the bill and been proposed and opposed. Representa tives Chassell and English also urged and it Mr. Greene, who has always heretofore rosed as an advocate of primaries, came out against the bill, and gave objections to its main features. Mr. Temple spoke at length against the bill. He declared himself opposed to all legalized primaries and to the whole primary system and he would no vote for this bill or any substitute. He referred to the many petitions which have

come to members on the subject and he declared his belief that they represent nothing. The house received a report from a com mittee appointed to consider the typographical error in the last report of the executive council, wherein members were credited with "soap, etc." It was accompanied by a satisfactory explanation from

the clerks making the compilation. Mr. Chassell introduced a bill requiring railroads to sell a straight mileage ticket a 2 cents a mile and have it good for men

bers of the family. The house passed a bill permitting the organization of hospital boards in cities.

What the Senate Did.

The senate today passed the bill by Smith is set aside by the court and they are of Mitchell requiring all street cars to have vestibules on all sides of the front platform during the winter months, beginning with November 1, 1908. The present law requires the front platform to be enclosed

There is already a law preventing proxies, but some delegates' were elected delegates from more than one society and insisted on voting one time for each society. Th:
