It has never reached its most brilliant period. Selections made now are bound to be more satisfactory to those ladies who like to choose from a great number of becoming shapes

BRANDEIS BOSTON STORE & SONS
NO SIMILAR DISPLAY IN AMERICA SURPASSES THIS EXPOSITION OF
ELEGANT SPRING MILLINERY
Shown in Brandeis' Richly Appointed Millinery Dept.—Entire Third Floor.

Saturday will be the most important millinery event so far this season. We have a wealth of new and stunning models to show for the first time. These hats, many of them absolutely individual and exclusive, are in strict accord with the dictates of late spring style. The saloons are very prominent, while the graceful Warwick hats, the Cromwell effects and the saucy derby crown conceptions are beautiful arrivals.

The Charming BRANDEIS HATS at \$5
Practically every hat in this group is shown for the first time Saturday. All the correct new shapes, all the favorite color schemes. More style and beauty to a Brandeis \$5 hat than in others usually bringing \$10.

SMART LITTLE STREET HATS
These are serviceable, jaunty little ready-to-wear—each with a touch of smart style so characteristic of a Brandeis hat—as executed by our own staff of artists—style absolutely correct—
1.98

BEAUTIFUL MODELS at \$10
An array of bewitching beauty. Some of the prettiest models just received in this lot are perfect gems. It will be easy to select a becoming hat from this great assortment Saturday at
\$10

SPRING FLOWERS
A wonderful assortment of the newest, most popular flowers for trimming your spring hat—all new and fresh—every variety that is high in favor—large bunches on big bargain tables—
25c-39c

This hat is an original Brandeis model, sketched in our dept.

Many of the styles are exclusive.

Saving of 50c to \$1 on every pair
2.50-3.35

We Mention New Arrivals in the Dainty WHITE and LINEN SHADE OXFORDS. Will Be the Rage This Summer.

BRIGADIERS WHO WILL WAIT

Seven Men Not Included in Latest List of Proposed Major Generals.

REORGANIZATION OF ARTILLERY BRANCH

Coast and Field Artillery Will Be Separated and Later Will Have Regimental Formation if Plans Prevail.

WASHINGTON, March 30.—Seven brigadier generals, all veterans of the civil war, were not included in the list of such officers sent to the senate recently by the president for promotion to the grade of major general. Their names were omitted from the list for various reasons, but rather because in five cases they were staff officers and at the moment only line vacancies were in mind. In five cases the officers were at the head of great staff departments and it was not deemed wise or desirable from any point of view to retire them at this time from active service. However, it is now proposed that at least it shall be made possible for them to attain the grade of major general when they actually go upon the retired list. The officers on staff duty are: Brigadier General George B. Davis, judge advocate general; Brigadier General Charles F. Humphrey, quartermaster general; Brigadier General Alexander MacKenzie, chief of engineers; Brigadier General Robert M. O'Reilly, surgeon general, and Brigadier General Francis S. Dodge, paymaster general.

What on Waiting List.

The two line officers of the rank of brigadier general are Jesse M. Lee, selected to command the new brigade based at Fort Stotsenberg, Philippine islands, and Theodore J. Wint, commanding the Department of the Missouri, at Omaha.

BARGAINS IN MEDICINE.

A woman once wrote us that she was not going to buy Scott's Emulsion any more because it cost too much. Said she could get some other emulsion for less money. Penny wise and pound foolish. Scott's Emulsion costs more because it is worth more—costs more to make. We could make Scott's Emulsion cost less by using less oil. Could take less care in making it, too. If we did, however, Scott's Emulsion wouldn't be the standard preparation of cod liver oil as it is to-day.

LEGISLATIVE BILL IS PASSED

House Approves Measure Appropriating Thirty Millions for Departments.

AGE LIMIT FOR CLERKS RULED OUT

Section Reducing Salaries of All Employees Over 65 Years of Age Eliminated on Point of Order.

WASHINGTON, March 30.—The house today passed the legislative, executive and judicial appropriation bill, carrying \$30,000,000, after considering the measure two weeks. The feature of today's proceedings was the elimination of the age limit of clerks, a provision which created much discussion and which incited the fight against the bill. The bill as passed carries nearly \$700,000 less than the last appropriation bill for similar purposes. The legislative bill was taken up immediately after the reading of the calendar. During the consideration of the bill the bureau of standards was severely criticized by Mr. Slayden of Texas and Mr. Gaines of Tennessee. It started with twelve opponents, and the present bill carried an appropriation for eighty-seven officers and employees. The item was allowed to stand. When section 8 was reached, classifying persons over 65 years old and making a horizontal reduction in salaries after that age, Mr. Ketter of Ohio made a point of order and was sustained. The committee having completed the reading of the bill, proceeded to insert the several items against which points had been made previous to the passage of the rule prohibiting points of order. Criticism of the Standard Oil company for participation in politics was made by Mr. Mann of Illinois. He recited the fact that he had made reports and had had charge of several bills in the past aimed at this company, and that now the company was endeavoring to retaliate by activity against him in his district. The house completed and passed the legislative, executive and judicial bill at 6 o'clock, when it adjourned until tomorrow.

HAZING BILL AGREED UPON

House and Senate Get Together to Plan for Coast Naval Cadets.

WASHINGTON, March 30.—The conference on the anti-hazing bill for the Annapolis Naval academy reported a complete agreement today. The agreement retains the house substitute with an amendment to the first section. This section provides for the dismissal of midshipmen from the academy by the superintendent for other causes than hazing. The amendment agreed to in conference stipulates that then an issue of fact is raised between the superintendent and the answer of the midshipman it shall be determined by a special board of inquiry. This does not apply, however, to questions raised in the records of the midshipman disclosed by demerit records.

COMMITTEE FOR FREE ALCOHOL

Representatives Would Have Internal Tax Taken Off Spirits Used as Fuel.

WASHINGTON, March 30.—The house committee on ways and means today authorized a favorable report on the free alcohol bill. The bill was reported as prepared by the subcommittee and introduced by Chairman Payne. It provides that, beginning three months after its passage, domestic alcohol of such degree of proof as may be prescribed by the commissioner of internal revenue and approved by the secretary of the treasury may be withdrawn from bond without the payment of internal revenue tax for use in the arts and industries and for fuel, light and power, provided it shall have been mixed in the presence and under the direction of an authorized government officer before withdrawal with denaturing material suitable to the use for which the alcohol is withdrawn, but which destroys its character as a beverage and renders it unfit for liquid medicinal purposes. A penalty of five years' imprisonment and \$5,000 fine is imposed for either the distillation of the use of any process to render the alcohol so withdrawn saleable as a beverage or for medicinal purposes. The bill appropriates \$200,000 for the employment of such additional force of clerical and other personnel as may be necessary to administer the act.

BRANDEIS BOSTON STORE & SONS

49c-\$10

THE CHILDREN ENJOY
Life out of doors and out of the games which they play and the enjoyment which they receive and the efforts which they make, comes the greater part of that healthful development which is so essential to their happiness when grown. When a laxative is needed the remedy which is given to them to cleanse and sweeten and strengthen the internal organs on which it acts, should be such as physicians would sanction, because its component parts are known to be wholesome and the remedy itself free from every objectionable quality. The one remedy which physicians and parents, well-informed, approve and recommend and which the little ones enjoy, because of its pleasant flavor, its gentle action and its beneficial effects, is—Syrup of Figs—and for the same reason it is the only laxative which should be used by fathers and mothers. Syrup of Figs is the only remedy which acts gently, pleasantly and naturally without gripping, irritating, or nauseating and which cleanses the system effectually, without producing that constipated habit which results from the use of the old-time cathartics and modern imitations, and against which the children should be so carefully guarded. If you would have them grow to manhood and womanhood, strong, healthy and happy, do not give them medicines, when medicines are not needed, and when nature needs assistance in the way of a laxative, give them only the simple, pleasant and gentle—Syrup of Figs. Its quality is due not only to the excellence of the combination of the laxative principles of plants with pleasant aromatic syrups and juices, but also to our original method of manufacture and as you value the health of the little ones, do not accept any of the substitutes which unscrupulous dealers sometimes offer to increase their profits. Please to remember, the full name of the Company—CALIFORNIA FIG SYRUP CO.—is printed on the front of every package. In order to get its beneficial effects it is always necessary to buy the genuine only. For sale by all reliable druggists.

CANNIBALISM IN THE NORTH

Russians Hear Story of Awful Fate of Natives in Arctic Circle.

ST. PETERSBURG, March 30.—The horrible accounts are reaching St. Petersburg of cannibalism and starvation among tribes inhabiting the frozen Arctic plain of the Chukotka peninsula, at the extreme of Asia. Most of the remainder died of starvation during the winter of 1904-5, leaving the inhabitants without means of communication or food. During the last winter whole tribes have died and members of the Oymyakon and Olovyra tribes, when facing starvation, assembled in council and decided that nothing remained but death.

MENDOZA TO CONTINUE WORK

Colombian Minister Has Another Word to Say Regarding Strained Relations.

WASHINGTON, March 30.—The announcement at the Colombian legation that Mr. Mendoza, the Colombian minister, will return to Washington from New York early next week is regarded in diplomatic circles as an indication that he intends to conduct further negotiations with Washington regarding the strained relations between Colombia and the United States. It was freely predicted that Mendoza was about to leave the United States, but it is now believed he has some new proposition to lay before Secretary Root.

RAILROADS AND COAL MINES

Eastern Lines Asked About Relations with Fuel Companies.

WASHINGTON, March 30.—The Interstate Commerce commission announced today that in connection with the coal and oil investigation ordered by congress it had directed the Pennsylvania Railroad company, the Baltimore and Ohio Railroad company, the Chesapeake & Ohio Railway company, the Norfolk and Western Railway company, the West Virginia Central & Pittsburgh Railway company, the Buffalo, Rochester & Pittsburgh Railway company, and the New York Central & Hudson River Railroad company to furnish the following information: A list or statement showing the names and location of all coal mines upon the said lines or road or upon the lines of other roads in which the said companies are interested, giving the rating of each such coal mine for coal distribution, when car distribution is made upon a basis involving the rating of mines. A list of the names of stockholders at large in each of the said companies, specifying such date and including the postoffice address of each stockholder, if that will not occasion delay in complying with this request and in case where the last dividend was paid to persons not stockholders of record, the names and postoffice addresses of such persons. A list of the names of stockholders present in person at the last annual meeting and a list of the names of stockholders acting as proxy at such meeting and a blank form of the proxy used. A map or maps showing the location of any lines or railroads in which said companies are interested, also a map or maps of any lines or railroads in which said companies are interested, showing the location upon said lines of such companies of each coal mine, over which coal is offered for shipment.

Twenty Millions for Buildings.

WASHINGTON, March 30.—The house committee on public buildings and grounds today reported favorably a bill carrying appropriations of \$20,000,000. The details of the bill are not fully completed and the committee voted to refrain from disclosing the projects to be included in the measure until the report is finally completed, which will be in about ten days.

For State Engineer. STURGIS, S. D., March 30.—(Special.)—Samuel H. Lee of this city, who for more than a year has been employed in the construction department at Fort Meade, has been appointed state engineer of South Dakota by Governor Stead. Mr. Lee has resigned his position at the post and in a few days will leave for Pierre to enter upon duties.

NOTE TELLER UNDER ARREST

Joseph P. Turner, Old New York Bank Employee, Taken for Grand Larceny.

NEW YORK, March 30.—Joseph P. Turner, note teller at the National Bank of North America, was arrested and arraigned in police court today on a charge of stealing \$34,000. The alleged peculation, it is charged in an affidavit presented to the court, have been going on for twenty-five years. Officials of the bank appeared in court to press the complaint. Cashier Wire of the bank said that \$23,000 of the amount alleged to have been stolen was taken before 1900. Turner was retained without bail until Monday. He is 39 years old and has been in the employ of the bank for about thirty years.
