

Suggestions for Spring Cleaning

These bright, sunny days make us feel that Spring is at last here with her many duties of house cleaning, laying away of winter clothing, and bringing forth the last year's garments to be put in shape for another season's service.

More and more each year the women of Omaha realize the great help The Pantorium is to them at such times. Below we mention a few of our specialties.

HOUSEHOLD ARTICLES

There are many soiled articles that require careful and expert handling, such as piano seats, sofa pillow covers, draperies, portiers, etc. We clean any of these and restore them to their original brilliancy without the least danger of injuring them in any manner.

RUGS AND CARPETS

We have by far the most up-to-date methods and machinery in the city for cleaning and disinfecting carpets and rugs. Our price for carpets is 10c per yard and for rugs 10c per square yard.

THE NAPTHA PROCESS

is the latest for carpets and rugs that are badly soiled and full of grease spots. It makes them clean as new and does not take the life out of them. The price is 10c per yard for carpets and 50c per square yard for rugs.

We have the only plant in the city equipped for this work.

MEN'S AND WOMEN'S GARMENTS

For many years we have set the pace and price for the care of men's and women's clothes. Realizing that a "satisfied customer" is our best advertisement, we make it a point to give them just a little better work and service than they can get elsewhere.

REGARDING WINTER CLOTHES

Many people have a habit of laying away their winter garments without first having them dry cleaned. Such a course often proves expensive, as the dirt and grease that are in them tend to rot the cloth. By having them cleaned before laying away you will find, when you unpack them next fall, a fresh, clean suit, all ready to put on.

If you failed to take our advice last fall you will soon be unpacking some dingy looking spring clothes. If so, send them in and we will put a spring look on them that may save buying new ones.

ALTERING AND REPAIRING

We have a special department for altering and repairing both men's and women's garments. We put in new linings, re-bind skirts, alter suits and jackets, etc.

We employ only skilled workmen in our various departments.

DREXEL'S \$3.50 MEN'S SPECIALS

If you have never worn them you have seen them on the feet of your friends. Nothing in Omaha can compare with them in value, no matter what name is given them. This is the best \$3.50 value ever shown in a man's shoe. We guarantee this and refund your money if you are not satisfied that it is true. What more could you ask?

Made in all leathers—patent calf, gun metal calf, velour calf, box calf, vict kid.

Button, lace or blucher—all sizes—all widths, AA to E.

ONE PRICE—\$3.50

"THE LAST WEST"

MECCA OF HOMESEEEKERS.

OFF FOR WESTERN CANADA.

Read Carpenter's Letters About Western Canada. Published Every Sunday in This Paper—They're Eye-Openers.

Three thousand miles of new railway are under way in that rich farming country. Ninety million bushels of wheat from 100,000 acres in 1905. The world's best small grain country. The splendid business openings. Cheap land for money makers. Free homesteads for all who want them. The last chance to get free or cheap land in America's humid belt.

One hundred and twenty thousand new settlers in 1906—400,000 Americans coming this year.

Sixty thousand Americans coming this year. Special homeseekers' railway rates Tuesdays.

Don't be too late. For free copies of a handsome magazine, interesting literature and all sorts of information about Western Canada, its fertile lands and its growing cities, write to Western Canada Information Bureau, 7 N. York Life Bldg., Minneapolis, Minn.

For particular information write to C. N. Bell, secretary of the Board of Trade, Winnipeg, Minn.; William Grant, Secretary Board of Trade, Regina, Saskatchewan; H. C. Beatty, commissioner, Saskatoon, Saskatchewan; Hugh McCallar, commissioner, Moose Jaw, Saskatchewan; Mayor E. G. Forster, Medicine Hat, Alberta; J. H. Wilber, Saskatchewan; C. W. Rowley, president Board of Trade, Calgary, Alberta; E. T. Fisher, secretary Board of Trade, Edmonton, Alberta; J. A. Thousands of Americans Finding New Homes in the Canadian West—Railways Taxed to the Limit.

MINNEAPOLIS, Minn., March 31.—"This is the greatest year for immigration from the states that Western Canada has ever known," said Theodore M. Knappen, secretary of the Western Canadian Immigration Association, which has its headquarters here. "The railways are taxed to the limit of their capacity to handle the passenger who are moving into Canada and the freight cars containing their stock and household goods. Several hundred cars of settlers' effects are now held up at North Portal, Saskatchewan, on the Soo line, awaiting inspection by Canadian customs. Last year 40,000 migrated to Western Canada. This year the number will be at least 60,000. So great is the eagerness to get to the front in Western Canada that trains have actually left Minneapolis filled to overflowing and leaving scores of disappointed homeseekers standing on the platform of the station, to wait for the next train. To some this rush seems remarkable, but to those who know that as a matter of fact Western Canada has the most considerable body of cheap or homestead lands left in the American humid belt, the movement is not at all surprising. The course of empire is taking its way northward, and J. J. Hill sees the signs of the times and is planning some thousands of miles of Great Northern lines in Western Canada.

"Thirteen coaches of settlers left Minneapolis Wednesday on the Soo line alone, and twenty-two coaches are already engaged for next Wednesday. At the present time there are over 400 carloads of settlers' effects enroute between Minneapolis and the boundary. The movement necessitates so many special trains that the railways have difficulty in securing power."

Die Moving Picture Show.

Manager Gillan returned yesterday from Chicago, where he contracted for some great moving pictures for the Automobile Show at the Auditorium this week. The pictures will include the famous Gordon Bennett races, the Vanderbilt cup races, the hazardous automobile adventure, the automobile holdup or modern brigandage, and a lot of humorous and startling stunts performed by automobile experts.

The show will be put on in two parts, the first part beginning at 8:30 and lasting twenty-five minutes. The second part will begin at 9:30 and continue about twenty-five minutes.

These pictures will be put on by one of the best expert moving picture men of Chicago, and the canvas will be thirty feet square. The canvas will be located on the stage and the machine in the west end of the balcony. This great show will be put on every night of the Automobile Show, beginning Wednesday night.

A New Catalogue.

The Regent Shoe Co. have just received from the printers their 1906 catalogue. It is a handsome little booklet, containing 22 pages. The front cover is an attractive design printed in two colors on hard paper. The entire 22 pages are generously illustrated with the popular, conservative and latest styles in men's shoes. It is chock full of good shoe information and is a handy booklet to have around if you are interested in foot comfort and shoe quality and economy.

An instructive paper on "Fruits and Flowers" is assured at the meeting of the Omaha Philosophical society Sunday, when Mr. E. L. Emery will deliver the opening address. Mr. Emery has been a life-long student of plant life and has devoted much time and labor in the preparation of a paper that cannot fail to be both entertaining and edifying. The society meets at 3 o'clock, p. m., in Room 3, Patterson block, Seventeenth and Farnam streets.

TWENTIETH CENTURY FARMER

A Useful Present.

Subscription - One dollar a year.

The recent call for councilmanic recruits—"strong men, loyal and true, to serve and to save" our city, has met with a response never before equaled in the annals of municipal affairs.

VIEW THE SPECTACLE: ONE HUNDRED AND THIRTY-SEVEN patriots have enrolled, realizing full well that in the coming battle of ballots on the 2d OF APRIL, but twelve will survive to tell the awful tale.

I present herewith my card and beg to solicit your vote for what I conceive to be one of the most responsible positions within the gift of the voters—the office of COUNCILMAN FROM THE FOURTH WARD.

I base my claims to your support upon substantial grounds.

I assert it to be the duty of every citizen and taxpayer to demand of every aspirant to a position of trust, a certificate of character, a record for honesty, integrity and capacity, and a COGENT reason why he is entitled to the confidence and support of the TAXPAYING ELEMENT.

I am opposed to granting special privileges to use any of our streets or alleys without paying the city proper compensation for such privileges. I am in favor of granting lenient conditions to enterprises seeking location in our city, always with an eye single to the rights of the taxpayers.

I pay into the treasury every year the four-hundredth part of the annual levy. Am I not entitled to represent you in the office I seek?

I will give my loyal support to any mayor elected who will stand for good government and an intelligent administration of the laws.

Finally, let us elect a council composed of members whose interests are so closely identified with Omaha that it would hardly be possible for any of them to disappear in a night and leave no trace behind. The sooner the city awakens to the necessity of running its own household, the sooner rational economy will take the place of reckless extravagance.

Sincerely yours for good government,
KENNARD.
