

PLANS FOR NEW INDUSTRY

Several General Ideas Considered but Committee is not yet Determined.

OTHER CITIES FURNISH SUGGESTIONS

Prime Purpose is to Incorporate Company of Hundred Thousand Dollars Capital to Subsidize Enterprise.

The proposition of the Omaha Commercial club for the organization of a stock company to secure new industries for the city, has aroused considerable discussion among the business men.

It is the idea to incorporate a company of not less than \$100,000 capital stock, divided into 1,000 shares of \$100 each, to be subscribed by business men who wish to see the city grow.

What Other Cities Are Doing.

In case it should be called on for information as to what other towns are doing in this line, Commissioner E. J. McVann of the Commercial club has collected some data, showing plans carried out and projected.

Scranton, Pa., with a population of 102,000, has organized a company with a capital stock of \$500,000, and several months ago had already \$120,000 subscribed.

Land Platted at Peru, Ind. The Oakdale Improvement association, Peru, Ind., platted land and got a belt line through it.

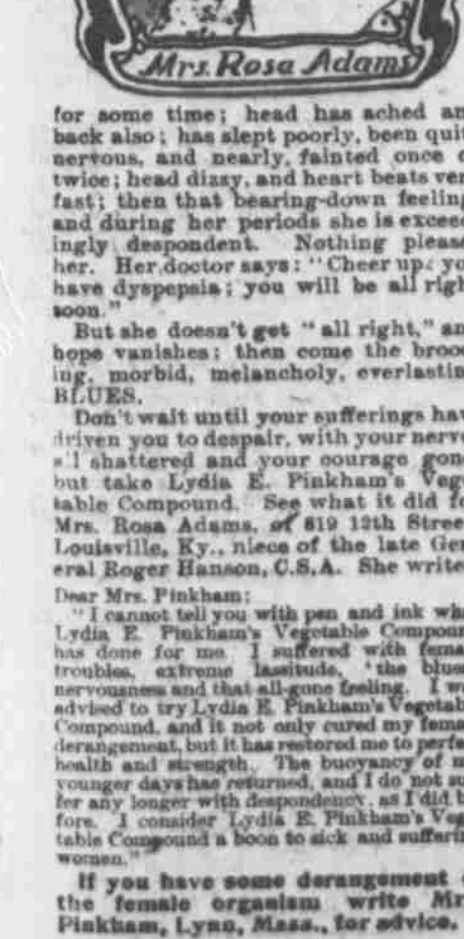

Coffeyville, Kan., has a Commercial club which in the last three years has disbursed more than \$80,000 for new industries.

Cure For The Blues ONE MEDICINE THAT HAS NEVER FAILED Health Fully Restored and the Joy of Life Regained.

When a cheerful, brave, light-hearted woman is suddenly plunged into the blues, it is a sad picture. It is usually this way: "She has been feeling 'out of sorts' for some time; head has ached and back also; has slept poorly, been quite nervous, and nearly fainted once or twice; head dizzy, and heart beats very fast; then that bearing-down feeling, and during her periods she is exceedingly irritable. Nothing pleases her. Her doctor says: 'Cheer up; you have dyspepsia; you will be all right soon.'"

But she doesn't get "all right," and hope vanishes; then come the brooding, morbid, melancholy, everlasting blues. Don't wait until your sufferings have driven you to despair, with your nerves all shattered and your courage gone, but take Lydia E. Pinkham's Vegetable Compound. See what it did for Mrs. Rosa Adams, of 619 13th Street, Louisville, Ky., niece of the late General Roger Hanson, U.S.A. She writes: Dear Mrs. Pinkham: "I cannot tell you with pen and ink what Lydia E. Pinkham's Vegetable Compound has done for me. I suffered with female troubles, extreme lassitude, 'the blues,' nervousness and that all-gone feeling. I was advised to try Lydia E. Pinkham's Vegetable Compound, and it not only cured my female derangement, but it has restored me to perfect health and strength. The buoyancy of my younger days has returned, and I do not suffer any longer with despondency, as I did before. I consider Lydia E. Pinkham's Vegetable Compound a boon to sick and suffering women."

If you have some derangement of the female organism write Mrs. Pinkham, Lynn, Mass., for advice.

WIFE ENTIRELY TOO WILLING

For that Reason Ed Gilmore Chances His Mind About Committing Suicide.

What is the use of dying by your own hand and of your own wish for the purpose of piquing somebody when that body refuses to be piqued and tells you to go ahead and die? This reflection is probably, according to the police, what saved Ed Gilmore, State street and Grand avenues from going to sleep forever from self-administered laudanum, on a pile of sawdust at the Jensen ice house on Grand avenue.

The finding of Gilmore lying prone and motionless, by John Johnson, 142 North Seventeenth street, and a companion, was the cause of the hurried departure of Police Surgeon Willis from the station to the scene late Thursday afternoon. In a pocket of the man's coat Willis found an empty bottle of laudanum, but he could not find any signs of the contents having reached the inside of the man's body.

Gilmore married a daughter of C. H. Schlotfeld, 429 Sherman avenue, recently, but did not get along well with his wife, and at last she left him to go and live with Thomas Murray, Sixteenth and Port streets. The deserted husband went to the house Thursday to secure his wife and met Murray, an old man nearly 90 years, for the first time. Gilmore is a young man, but when a hand-to-hand conflict ensued between the two he found the aged protector of the wife too much for him and he was obliged to depart, leaving his run-away wife behind and with sundry ignominious truths about the face.

Not Full Dress Affair. Manager Gillan says a mistaken impression has gone forth that the people are expected to wear full dress to the show, but this is wrong.

Notes of the Show. Among the most striking of the new features added to the show Thursday night was the six-cylinder motor.

Announcements of the Theater. Richard Cade is one of the comedians of whom it may truly be said, "He never disappoints," and as the author of his own plays he is able always to secure the very best of results with regard to himself.

LARGER CROWDS THAN WERE EXPECTED

Out-of-Town People Are Not Only Looking, but Are Buying, and Everything, Therefore, is Happy.

Omaha's first automobile show is an assured success. This month is made certain by the attendance for the initial day and by the enthusiasm of all who go to view the show.

Men Have Product. The exhibit which attracts the most attention is the new home product of the Kearsch company. This machine is a home-made affair and is a beauty. It is a heavy truck with an eighteen-horse power engine on a low gear, which will be able to haul a load up any of the hills of the city.

MEN TO ASSIST THE WOMEN

Result of Conference Lasting Several Hours at Y. W. C. A. Headquarters.

A number of business men of Omaha gathered at a dinner at the Central Young Women's Christian association rooms at 528 Orchard last night for the purpose of talking over with the members of the building committee for the new association structure the matter of joining hands with the women during the closing days of the fund-raising campaign.

Remarks were made by almost every person present, among whom were C. M. Wilhelm, H. A. Beaton, H. D. Seely, W. P. Smith, G. M. Hitchcock, Charles S. Sherman, J. C. Wharton, C. M. Robinson, Nathan Merriam, C. S. Hayward, Charles E. McGraw and J. E. Baum. The deliberations and talks were continued until after 9:30, the result being a committee consisting of J. E. McGraw and Robert Cowell, was appointed to cooperate with the chairman of the building committee and secretary of the association to appoint a committee of thirty business men to advise and assist the women during the rest of the campaign.

The team work afforded the feature of the Young Women's Christian association building campaign Thursday, their subscriptions up to noon having raised their total considerably over their original goal—\$10,000.

Interested friends from out of town, or those who are out of the city temporarily, continue to be heard from. Mr. and Mrs. John A. Dempster, who are wintering in San Antonio, Tex., telegraphed \$50 to the building fund Thursday morning.

The French Dry Cleaning works, 308 Farnam street, has offered 38 per cent of its proceeds from April 5 to 14 to the building fund.
