CHICAGO GRAIN AND PROVISIONS Features of the Trading and Closing

Prices on Board of Trade. CHICAGO, April 6.—Liberal shipments of wheat from Argentina and continued favorable reports concerning the crop in the United States had a depressing effect today on the local wheat market. At the close wheat for May delivery was off 148 the United States and a depressing effect today on the local wheat market. At the close wheat for May delivery was off 148 140. Corn was up 14694c. Oats showed a loss of 140. Provisions were unchanged to 240c higher.

The wheat market opened easier because of reports that the exports from Argentina were 4250,000 bushels against 3,616,000 bushels the previous week and favorable weather conditions in this country. During the first hour there was free selling by pit traders and commission houses and the weakness became pronounced. News of the day, however, was not all in favor of the bears. The Missouri reports, which declared the condition of wheat in that state to be \$5 on April 1 against \$7 on March 1, caused considerable covering by shorts. The local market was steady during the last hour and a large part of the early loss was regained. The close was steady. May opened unchanged to 160 lower at 77140. July ranged between 78546770 and 7714077140 and closed at 77140 and 120,000 bushels. Exports for the week as shown by Bradstreet's were equal to 120,000 bushels. Exports for the week as shown by Bradstreet's were equal to 2,000,000 bushels. Primary receipts were 42,000 bushels against 311,000 bushels a shown by Bradstreet's were equal to 2,000,000 bushels. Primary receipts were 42,000 bushels against 311,000 bushels as pear ago. Minneapolls, Duluth and Chicago reported receipts of 348 cars ayear ago.

The corn market was weak early in the day because of improved weather conditions, but later became firm on buying by cash houses. The market closed firm with prices almost at the highest point of the day. May opened unchanged to a shade lower at 165465c to 615c, sold off to 443,645c and then railied to 455c. The close was at 454c. Local receipts were 168 cars with 2 cars of contract grade.

Belling of the May delivery by local bulls was the feature of the oats market. This selling which had a depressing effect on the entire market, was brought on by improvement in weather conditions throughout the middle west. The m

Estimated receipts for tomorrow: Wheat, 3 cars; corn, 167 cars; oats, 181 cars; hogs, 16,000 head. The leading futures ranged as follows: Articles. | Open. | High. | Low. | Close. | Yes'y.

Foreign Financial.

LONDON, April 5.—Supplies of money were more abundant in the market today. Discounts were firm, owing to the weakness of continental exchanges and the state of the money market in New York. American eagles advanced and the price of bargold was put up 4d in anticipation of a demand from America. Prices on the steck exchange were irregular and the market was stagnant, the numerous ioan flotations checking investment purchases. Consols were easier, which was attributed to the situation in Natal. Americans opened dull, but recovered to above parity—notably. Atchison, Topeka & Santa Fe, Erle and Union Pacific—but the tone generally was unsettled and business was inactive. Prices dropped during the last hour and the mar-Foreign Financial. dropped during the last hour and the mar-ket closed dull at the lowest figures of the day. Foreigners generally were fairly steady. Japanese were irregular. Japanese imperial 6s of 1994 were quoted at 1014. BERLIN. April 6.—The tone on the bourse today was undecided.

OMAHA. April 6.—Bank clearings for to-day were \$1.491,149.11 and for the correspond-ing date last year \$1.344,629.20.

Wool Market.

BOSTON, April 6.—WOOL—The Boston Commercial Bulletin will say tomorrow of the wool market: Manufacturers are watching the situation very closely and sold and woolen representatives are around the market. Buyers from New England and woolen representatives are around the market. Buyers from New England and Pennsylvania are here and quite a fair aggregate of sales is being accomplished. Bold and supplies are vanishing and the extreme improbability of replacing them at local selling quotations. Merchants now religion of the manufacturer to produce and miritary admit that it is likely that higher prices than a year ago will rule in the territories on the new clip and consequently, they say, that it will be "up" to the manufacturer to produce and miritary wools are necessarily having the most active movement. About 1,500 bales of the former have been sold at 42c for 48c, 42c for 80s and 42b-432c for Merino 70s. Territory wools are very limited, while the demand for them is unabated. Worsted wools are most actively called for and full prices are being paid. Sales of all grades are small. Fine staple is worth 72673c and fine medium 68070c for fine and 650870c for good. A little California baled, scoured, sells at 60070c for fine and 650870c for good. A little California baled, scoured, sells at 922, 421 pounds of such prices are being paid. Sales of all grades are small. Fine staple is worth 72673c and fine medium 68070c. Fine dium at 65080c. Fine scoured territory is moving to speculators and consumers at 924, 400 pounds are such ority, are 66,271,777 pounds against 68,325.731 pounds at the same time last year. The receipts to date are 70, 400 pounds at year. The receipts to date are 70, 400 pounds against 68,325.731 pounds at the same time last year. The receipts to date are 70, 400 pounds against 68,325.731 pounds at the same time last year. The receipts to date are 70, 400 pounds against 68,325.731 pounds for the same period last year. Sec. Hight fine. 20021c; heavy fine. Sec. 100 pounds against 68,32 Wool Market.

CATTLE—With only forty-four cars of cattle in sight this morning there was not enough of any one thing to create much enthusiasm among buyers or make much of a market.

Beef cattle of desirable quality sold in fair season at prices that did not show any material change as compared with yesterday. The common to medium grades, that is, cattle not especially desirable, were slow sale, as buyers, having plenty of cattle on hand, were not obliged to take anything that they did not want.

Good cows and heifers were also free sellers at steady prices. The market on the better grades of she stuff has been in very bad saape all the week. On the other hand, common and inferior grades, such as are usually called canners, are very slow, not only today, but they have been the same way every day this week. Shippers should understand thoroughly that canners or anything else in the way of oid, common or medium grades of cows are not wanted.

There were no stockers or feeders in the yards in first bands to amount to anything. Speculators still had quite a number on hand, and while the feeling was steady, it would no doubt have been lower had there been anything like a large number of fresh arrivals on sale.

New Exchange Building. J. H. Wiese of South Omaha has secured the contract for the creation of the Nebraska Telephone company's exchange at South Omaha. The building will be at Long Distance 'Phone, Douglas 3514.

thing a little bit stronger than yesterday's general market. The sarly sales were largely on the basis of \$5.23\(\frac{1}{2}\) for strings of hoga. Later on it eased off and dropped back to \$5.30\(\frac{1}{2}\). In other words, the bulk of all the hogs sold at \$5.30\(\frac{1}{2}\) for strings of all the hogs sold at \$5.20\(\frac{1}{2}\) for same as the bulk brought yesterday, but the proportion of sales at \$5.22\(\frac{1}{2}\) was somewhat larger today. The trade was slow from start to faish and in spite of the fact that the receipts were so light, it took considerable time to effect a clearance.

Representative sales: Twenty-fourth and K streets and will cost about \$25,000. It will be two stories and a basement and 100 feet long by 31 feet wide. OWARA WHOLESALE MARKET.
