

UNION PACIFIC VALUATION

Company Files Statement of Property and Earnings with State Board.

LANCASTER POLITICIANS SATISFIED

Not Anxious to Have Senator Nominated by Convention, but Willing to Submit to the Decision of the Committee.

(From a Staff Correspondent.)

LANCASTER, April 6.—(Special.)—The report of the Union Pacific Railroad company of its property and its value to be used as a basis of assessment by the State Board of Assessment was filed with the secretary of the board today and shows the road did a business amounting to only \$27,561,654.46 during the year. This is an increase of something over \$4,000,000 over the year before.

The road also filed a statement to show what it earned in Nebraska. The following explanation is attached to this statement:

The earnings here shown include all earnings on both local and interstate traffic, the gross earnings on local freight and passenger traffic are 11.2 per cent of the total gross earnings on all such traffic in, through and over the state. The net earnings shown are found by deducting the expenses of operation and taxes from gross receipts. They cannot be taken to represent the actual net profits from the business.

The following statement shows the earnings of the road in Nebraska:

Table with 2 columns: Year, Gross earnings, Net earnings. Rows for 1904, 1905, 1906.

While there is general satisfaction throughout the state house over the work of the state committee last night, there is especial rejoicing in some quarters of the city—the hotel quarters.

Some of the one-time so-called machine men down here wanted the endorsement of a senatorial candidate left out of the call, now that Lancaster has no candidate for that place, but they expressed themselves as being well satisfied with the call as adopted, and whatever grievance they may have will come out at the state convention.

Naturally most of the state officers wanted the convention held in Lincoln, because they live here and will not have to be away from home at convention time. The date also seems to satisfy all the candidates here, though state officers had previously said they would be satisfied with whatever the committee did.

The official call may not be issued for some time yet, as there is no great hurry for this to be put out. All of the committee members left town during the early hours of the day, as quick as they could get trains back home.

After the Automobile Men. Secretary of State Galusha is in receipt of information that the county attorneys of Douglas and Lancaster counties are permitting owners of automobiles to sport around over the Omaha and Lincoln roads which have not been registered under the provisions of the automobile law enacted by the last legislature. In Lincoln

It is reported there are two of the unlicensed machines with the Omaha. It is said they are numerous. The law requires all motor vehicles shall be registered with the secretary of state who shall furnish the owners with a metal seal showing the number of the machine. An infraction of this law is punishable by a fine of \$25 for the first offense and for subsequent offenses a fine of \$50 or imprisonment in the county jail. It is the duty of the county attorneys to enforce this act.

State Officers Out of City. Governor Mickey went to Norfolk this morning to take a look at the insane hospital, Superintendent McBrien is visiting the various district teachers.

Secretary of State Galusha is transacting official business in Omaha. H. C. Lindsey is stopping at a dental office for repairs. A. B. Allen is cleaning up the rubbish left by the state committee in the headquarters and incidentally getting things up and out of the state office. Land Commissioner Eaton is preparing to go out in the state next week to look over appraisements of school land.

The Nebraska Seedless Apple company, a Colorado corporation, has filed its articles of incorporation with the secretary of state and will do business in Nebraska. The object of the corporation is to grow seedless apples and trees in every county in the state. The capital stock of the company is \$100,000 and the incorporators are F. A. Franklin, J. D. McAdams and Henry Balach. Franklin lives in Lincoln.

The Cosmopolitan Hotel company of Omaha today filed its articles of incorporation with the secretary of state. The capital stock of the company is \$500,000.

The taking of testimony in the Burlington railroad tax injunction suit, scheduled to begin this morning, has again been postponed until Tuesday. Charles J. Greene, attorney for the Burlington, telephoned he was busy in another case and could not get away for several days.

At its session yesterday the supreme court adopted an amendment to its rule governing the examination of applicants to be admitted to the bar. Hereafter the rule has been for the examinations to be held in Lincoln on the second Monday of June and the third Tuesday of November.

This change is made to help out the students of the Omaha law school who are graduated in June after the board has held its examinations. Under the new rule it will be possible for the examining board to go to Omaha to hold the examination and they can hold it immediately after the commencement exercises.

CONVENTION CALL IS DELAYED

First District Committee Unable to Reach an Agreement.

(From a Staff Correspondent.) LINCOLN, April 6.—(Special.)—The congressional committee which met and adjourned tonight without calling a convention or a primary to meet again at the call of the chairman. Friends and opponents of Pollard waged a fierce fight all afternoon for and against the primary with the result the committee was unable to come to an agreement.

During the afternoon Pollard had concluded to accept a convention, but later became suspicious of the manifestations of friendship on the part of the opponents of the primary and his friends on the committee held for a nomination by direct vote.

It was reported that Judge Holmes would withdraw if Pollard accepted the convention, but the election manager had no assurance that other candidates will not come out. Should he get a primary and have no opposition he would have to pay the total cost, so he is in something of a dilemma, hence the adjournment without action. The election manager has decided to leave the matter of a primary to the next county convention.

CONTEST FOR CHIEF OF FIREMEN

Mark Mortensen Re-elected at Fremont on Third Ballot.

FREMONT, Neb., April 6.—(Special.)—The annual meeting of the Fremont Fire department was held at the district court room last evening. On account of there being a number of candidates for chief there was a large attendance. Chief Mortensen reported only eighteen fires during the year. Total loss, \$2,212.05. Insurance paid, \$8,875.46; number of active firemen, 172. The election of officers was held as follows: President, J. C. Cleland; vice president, W. R. Wilson. There were four active candidates for chief and Mark Mortensen was re-elected on the third ballot.

The annual state firemen's tournament is to be held here this year and the matter of fixing the date was left with the board of control. Inasmuch as there is considerable talk of an elaborate celebration of the semi-centennial of the founding of the city, which will occur on September 2, next, it seemed the sentiment of the meeting that the tournament be held at the same time. As the first settlers located here August 23, though the town was not laid out until September 2, the latter date was looked upon with more favor.

Parker Held to District Court.

HUMBOLDT, Neb., April 6.—(Special.)—Walter Parker, the individual who attempted to clean out the city Wednesday evening, was arraigned in the court of Justice John H. Hendrich this morning on four separate complaints drawn by County Attorney James, and waived examination on each count and was committed to the county jail by the magistrate upon confining his inability to give the \$1,000 bond required. The strongest case against Parker will be the one where he is charged with biting and mauling Len Manning, the latter suffering a deep wound on the cheek from Parker's teeth, while one thumb was almost severed by the same means. For this offense the county attorney is committed to the penitentiary. Manning, as well as the other victims of Parker's assaults, are recovering from the effects of their experiences, although both the James boy and Johnson were considered in serious condition for a time. The latter was taken about the eyes, and for a time it was feared the sight of one might be lost.

SUFFERED AGONIES FOR FOUR YEARS

Whole Foot Nothing But Proud Flesh—Tried Different Physicians and All Kinds of Ointments—Could Walk Only With Crutches—Ohio Man Says

"CUTICURA REMEDIES THE BEST ON EARTH"

In the year 1899 the side of my right foot was cut off from the little toe down to the heel, and the physician who had charge of me was trying to sew up the side of my foot, but with no success. When he failed, he began trying to heal the wound with all kinds of ointments, until at last my whole foot and way up above my calf was nothing but proud flesh. I suffered untold agonies for years, and tried different physicians and all the physicians. I could walk only with crutches. It is sixteen months ago since I began using Cuticura Soap and Ointment for my limb and foot. The first two months the Cuticura Remedies did not seem to work, but I kept on using them both. In two weeks afterwards I saw a change in my limb. Then I began using Cuticura Soap and Ointment often during the day and kept it up for some months, when my limb was healed up just the same as if I never had trouble. It is eight months now since I stopped using Cuticura Remedies, the work on God's part, and I am working at the present day, after five years of suffering. The cost of Cuticura Ointment and Soap was only \$6; but the doctors' bills were more like \$600. You can publish my name and refer any one to write to me about Cuticura Remedies. I will answer all letters if postage is enclosed. John M. Lloyd, 715 S. Arch Ave., Alliance, Ohio, June 27, 1905.
