AFFAIRS AT SOUTH OMAHA

Gathright Brought Back to Be on Hand for Trial of Clark and Wals.

WORKING ON COUNTRY CLUB GROUNDS

T. J. O'Neil Submits a Proposition for Settlement of Controversy Over Location of the City Hall.

Chief Briggs made a trip to Fremont yesterday afternoon for the purpose of bringing to South Omaha Clarence Gathright, so that he may be here at the trial of Harrison Clark and Calvin Wals, which is set for Monday. At the time of the preliminary Gathright has been held prisoner in Fremont, while the two other members of the gang have been retained in the penitentiary at Lincoln. The chief arrived in South Omaha with his charge at 2:45 and he was placed in the isolation cell of the city jail. The chief remarked on the fast time made on the trip. He left Fremont at 5:45 and was in the jail in South Omaha in just one hour. Gathright's imprisonment seems to have had little effect on his appearance. He has the same boyish, inquiring look as at the time of his former appearances.

More Trouble for Uvick.
Peter Uvick was again arrested yesterday for a breach of the Stocumb law. Otto Sobush makes the allegation that the former sold liquor to Charles Eamms, a minor, and that Eamms became intoxicated and while in that condition recklessly fired a revolver at parties in and about Uvick's saloon at Twenty-seventh and M streets. Eamms was arrested Thursday and fined for reckless use of firearms within his city limits. Uvick will have his trial April 14.

Work at Country Club.
An important meeting of the South Omaha Country club was held in the office of Dr. C. M. Schindel yesterday afternoon.

A review of the affairs of the club showed that the membership and the general interest warranted all the plans of the organization being put into execution. There are now 100 paid up members and many more are waiting until the formal opening of the club house grounds before subscribing their names. The work of building the club house will begin Monday. A foreman has been selected by the board of directors and he will oversee the construction of the building. Work on the grounds has already begun. It is expected the formal opening will come as early as the middle of May. The permanent standing committees of the club were appointed at yesterday's meeting. They are: Finance, W. B. Cheek, C. W. Sears and C. M. Schindel; house, W. B. Tagg, C. F. Mann, D. S. Clark; grounds, Al Hunter, L. A. Brunck, W. R. King, A. J. Caughy, N. R. Byerson; baseball, Al Powell, H. Martin, S. R. Cox; tennis and croquet, W. H. McCreary, Bert Anderson, P. M. Wheeler; entertainment, G. M. Hamill, W. W. Fisher and R. E. Schindel. The directors of the club were assured by the street railway company that the street railway will be finished by the time the early summer season opens.

O'Neil Has a Proposition.
In consideration of the present tangle on the question of the city hall site, T. J. O'Neil comes forward with the following proposition by which he hopes to be able to arbitrate the question of location:

Now that the people of South Omaha are becoming very much interested in the matter of the city hall location, and being a large taxpayer myself, I realize the serious nature of the matter. From the present outlook, the city is liable to have to pay 4 1/2 per cent on \$70,000 bonds for at least two years, while the \$5,000. The rent which the city must pay for its various offices is something like \$200 per year, and the total loss to the city and tax payers will equal at least \$200. Viewing the matter from this point of view it is indeed deplorable and while I feel that inasmuch as the people of South Omaha are good citizens and desirous to make the best of the situation, I have decided to make the following proposition to Mr. Hunt and his co-partners:

I shall select five citizens, who are property owners and business men doing business and residing north of O street. Mr. Hunt may select five like citizens south of O street, these ten to select one to be the arbitrator. I will submit to this committee the proposition which we each submitted to the council on last Monday night and the arbitrator selected by a majority of this committee must be accepted by each of us, the selection to be made by Saturday night.

Gillis Makes Statement.
J. J. Gillis, city clerk, states regarding the rumor which has gained circulation to the effect that Mr. O'Neil had received his warrant for the city hall site as ordered by the city council last Wednesday night, that the warrant as it was made out and signed by the mayor, is still in the vault in the city clerk's office and will remain there until the court gives permission to sign the same. He wishes further to state that on all usual occasions he is willing to carry out the wishes and orders of the council, but knowing the circumstances of this case, and the previous difficulty encountered, and not knowing whether he had the legal right to carry out the order, he thought it best to wait for the full sanction of the law before signing the warrant.

Sunday Services.
Regular services will be held in the First Methodist church Sunday morning and evening. Dr. F. M. Sisson will preach at both hours.

Dr. E. L. Wheeler's morning sermon at the First Presbyterian church will be on the topic, "Christ, Our Great High Priest." In the evening a lecture will be given by Dr. C. W. Higgins on "The Mormons and the Mormon Question." Dr. Higgins is recently from Salt Lake City. There will be special music by the choir. Officers of the King's Daughters will be formally installed by Dr. Wheeler Friday afternoon at a meeting at the home of Mrs. George Stewart, Twelfth and I streets.

At the United Presbyterian church the Sunday morning sermon will be a discussion under the head "Two Foundations." In the evening the sermon will be a reminiscence in history under the caption, "Appomattox," in commemoration of April 9, 1865, a sermon prepared for old soldiers and for young people as well. There will be special music.

Rev. George Van Winkle's Sunday morning sermon will be suggestions in the way of "Help for a Weak Christian." In the evening no special topic is given, but the pastor will follow his usual style of evening talks. The First Baptist choir will furnish music.

Messie City Gossip.
A. Glitsch has taken out permit for improvements on his property at 2223 Madison street.

C. E. Campbell expects to go to Denver within the next two weeks and may remain there permanently.

The birth of a daughter is reported at the home of Frank S. Sisson, 525 South Twenty-eighth street.

George M. Scoville will soon build a fine new residence on his property between A and B streets on Twenty-fourth.

Union Pacific and Burlington cars were broken into last two days and dry goods of value taken.

The Merchants' base ball team is newly organized and is scheduled for a contest with a similar organization in Council Bluffs.

The mock initiation given by the Hebeek lodge last night at Odd Fellows hall was an affair of consequence to the full satisfaction of the large crowd present.

The Nebraska Telephone company is laying new cables through its conduit. Work on the new exchange at Twenty-fourth and K streets will begin within a few days.

Mrs. W. D. Trossen, who has visited for some time past in her old home in Cadiz, Ky., returned Thursday night, accompanied by her mother, who is over 90 years old.

The Swedish-Norwegian Republican club held a well attended meeting Thursday evening. It was decided not to discontinue the meetings of the club, and the next one will be held May 2.

The Byrne-Hammer company delivered the first shipment of its machinery yesterday. This will be set up on the upper floors of the city hall building and the new shirt and overall factory will begin operations at an early date.

ELECTIONS ARE SET ASIDE

Constitutional Democrats of St. Petersburg Not Permitted to Take Seats.

REACTIONARY LAWS ARE PROMULGATED

Political Prisoners at Moscow Threaten to Starve Themselves Unless They Are Given an Early Trial.

ST. PETERSBURG, April 6.—The elections by the constitutional democrats of the St. Petersburg district of Prof. Paul M. Milukoff and M. Hensen, as delegates to the provincial convention have been annulled by the election commission, on the ground that the recent indictment in connection with the suspension of the Svo Bodanabog of which paper they were editors. The commission has replaced them by conservative candidates, who received scarcely a tenth of the vote cast for Mr. Milukoff and Hensen. The action of the authorities has aroused a storm in radical circles because the commission did not take exception to their candidacies before the balloting. Besides Prof. Milukoff, is one of the prominent leaders of the consti-

tutional democrats, and was expected to be a power in Parliament. The rigorous press regulations announced yesterday, have been supplemented by a sweeping repressive measure, making it a prison offence to spread false reports about government officials, or troops which tend to produce public excitement. The penalty is multiplied in such reports, result in actual rioting.

Father Gapon has formally applied to the Holy Synod to withdraw the ban which forbids him as an unfrocked priest to live in St. Petersburg for seven years. Gapon has begun the publication of a paper entitled, "Oxy" (Fire), in the interest of his labor organization. The chief of police of St. Petersburg, after various tests, is equipping the police and gendarmes with coats of mail to be worn under their uniforms.

Prison Threatens Starvation.

MOSCOW, April 6.—The political prisoners with whom the local jails are crowded have declared a "hunger strike" (refusing to partake of food) to compel the authorities, either to bring them to immediate trial or order their release. Many of the prisoners have been three months in jail without being confronted with the charges against them, notwithstanding the fact that Interior Minister Durnovo, in an official order, made public some time ago, instructed the local officials throughout the empire to confront prisoners within twenty-four hours, with the charges which caused their

arrest. But, the police also received instructions to hold by administrative order all prisoners against whom no definite charges could be brought. Strong detachments of Cossacks are patrolling the industrial quarters.

In Other Places.
MITAL, Courland, Russia, April 6.—Florin, chief of the revolutionary band which pronounced death sentences against the reactionary officials during the recent revolutionary disturbances here, was executed today.

ZHIPTOMIR, Province Volhynia, Russia, April 6.—An engineer and a lawyer, both Jews, have been elected to the provincial convention.

GRONKO, Lithuania, Russia, April 6.—The elections to the provincial convention have been completed. The delegation consists of twenty-nine Poles, thirty Russians, three Lithuanians, eleven Lithuanians and twenty-five Jews.

KISHINEFF, Russia, April 6.—The elections to the municipal convention have been completed. The delegation is composed of forty-two radicals including twenty-eight Jews and thirty-six moderates.

Oxford-Cambridge Boat Race Today.

LONDON, April 6.—On the eve of the annual boat race between Oxford and Cambridge universities, ideal weather and an interesting contest are expected. The odds are in favor of Oxford, but since they have been practicing on the Thames for some time they have improved so rapidly that the betting is now slightly in their favor. The Oxford men have the advantage in physique and weight, while the Cambridge crew has a better stroke and more dash, and if most sure to win. Oxford's strength, however, may tell. The Oxforders brought a new boat to London, but a week ago decided to revert to last year's boat and do not seem to have been buying in practice. In any event a fine race is expected.

Yale Wrestlers Win.

NEW YORK, April 6.—Yale's wrestlers won the intercollegiate wrestling championship in the Columbia university gymnasium tonight by defeating the teams of Columbia, Princeton and Pennsylvania. The final score was Yale 7, Columbia 5, Pennsylvania 4 and Princeton 4.

Wolcott and Gans Matched.

BOSTON, April 6.—William A. Pierce, on behalf of Joe Wolcott, telegraphed Morris Levy of San Francisco today accepting a match with Joe Gans for the welterweight championship of the world. April 27 is the date set for the bout.

Sporting Events.

The New York Giants will go into the fray with less chances than any other team. Pfeister is counted upon to step right into regular work, taking the place of Welmer as regular southpaw.

The fans are all taking a hand in picking the regular team from the mass of material. It will take a long time to get the Chicago Nationals outfield probably will be Scheckard, Slagle and Schulte and the infield Chance, Evans, Tucker and Steinfeld.

Pittsburg papers are comparing Ganley, last year with Des Moines and Keeler. They say he resembles Waco Willie in appearance as well as in hitting power.

Ban Johnson has set down on the talk which has been going around of LaJole and his players wishing to leave the team on the outcome of the race in the American. Johnson wired that betting in any form was strictly forbidden by the American League.

The B Jetter baseball team has re-organized for the season of 1906 under the name of "Jetter's Gold Top." The lineup will be the same as last year, with two exceptions. The team would like to correspond with any amateur teams wishing games.

The White Sox will be here for their annual spring games Saturday and Sunday, and if the weather man keeps up his present clip some good base ball weather is liable to be on hand. The Bourkes have been practicing faithfully since the departure of the Millers and the pitchers are getting in shape. Gording has not worked a full game yet, but the fans all know the captain will be there when called upon. Fressa and Marx have been doing all the receiving.

The Chief Attractions AT THE SHOW.

Naturally cars of established reputation like The Cadillac, The Franklin, The White "Steamer" and The Baker Electric, attracted every visitor. Known leaders in their respective classes, customers realize they were making no experiment in purchasing any of these machines.

The Cadillac is an extremely economical, low priced, dependable car.

The Franklin is a rare, high, luxurious machine, built in different models to meet varying requirements.

The White "Steamer" is in a class by itself. No car built gives greater power, speed or endurance; so other machine is so easy running or has such flexible control.

The Baker Electrics are justly known as "The Aristocrats of Motordom." From an engineering and carriage standpoint nothing finer has ever been put upon the market.

Troubled by Peeping Toms.
Residents in the neighborhood of Farnam and Douglas streets, west of Twenty-fourth, complain to the police of having been annoyed recently by a "Peeping Tommy," and descriptions of a young man have been furnished said to correspond to the one with the craze for rubbering into people's houses at night. Detectives Horne and Pastalle caught a young man acting strangely near Twenty-fourth and Farnam streets last night and he was locked up. He gave his name as Horace Fay, but denied he had been doing promiscuous peeping, saying his efforts had been confined to watching the movements of a certain young woman whom he intends to marry, and who, he thinks he has reason to fear, is keeping company of other men.
