**Palm Sunday**

Easter comes next Sunday, and you will want a pair of our new spring shoes—or oxfords. The "Military" for women will be used extensively this season, and we are showing as complete a line of these popular shoes as you could find in any of the eastern cities. One particular pattern that is very popular is a full metal calf-blucher cut oxford—with military heel—new drop toe—made to fasten over the instep with a strap and buckle. Hundreds of orders to select from. Please do your trading early.

**"To Tooth-Sore Folk"**

No doubt you've heard your friends declare (Old gentlemen and ladies),  
The time they're in the dentist's chair  
They'd rather spend in hades.

They tell of shattered nerves and jaws,  
And swallowed teeth—the fact is,  
You sit and wonder why our laws  
Permit such rank malpractice.

But here's a friend to tooth-sore folk!  
To his art life-long apprenticed,  
He'll drive your pains away like smoke—  
**BAILEY—The Painless Dentist.**

For a decade to decayed teeth  
He's given his attention.  
Put crowns on top, filled holes beneath  
Too numerous to mention.

Sore teeth extracted, filled again,  
New ones in old ones' places,  
Without disturbance, without pain,  
Without sour words or faces.

Address—third floor—the Paxton Block—  
Tomorrow—don't call later.  
Go right in—don't stop to knock—  
Yes, take the elevator.

**Leading Business Men**

Who buy for cash buy steel ranges of us because they know that we sell only the best. We enable wage-earners to buy the same kind by selling any size at \$5.00 down and \$5.00 per month.

**Michigan**

It's the burner we sell in the world, but it is no more charming in the winter time than the Michigan is in the summer time, and it is all on account of the burner. The burner is as large in diameter as the cover of a steel range. It is perfectly flat and covered with little cones. Each cone has two jets and each jet makes a clear blue flame. For frying meats, eggs, potatoes, making griddle cakes and heating and ironing it has no equal.

Mr. Sanborn, president of the Sanborn Mfg. Co., and also the man who is responsible for Omaha having an Auditorium, says: "The steel range we bought of you nearly ten years ago is as good as new and does the most perfect kind of work."  
Mr. Drescher, one of the leading tailors of Omaha, and located in the heart of the business district, says: "That steel range I bought of you is a wonder. To say that we are delighted with it doesn't express it. We have hundreds of testimonials like these from prominent people."

**Why and Wherein Sherwin-Williams Paints Are Different From Other Mixed Paints**

We wish to call special attention to the general distinguishing facts about these paints. First, Their unswerving reputation for purity and reliability, having been upon the market OVER FIFTY YEARS, and BEING BETTER KNOWN IN MOST LOCALITIES THAN IS ANY OTHER BRAND OF WHITE LEAD. Second, That in this line of paints there is a paint prepared for EACH DISTINCT PURPOSE for which a paint may be used. For example, there is INSIDE floor paint then one quite different for OUTSIDE floors (i. e., floors exposed to wind and sunshine), and this is called PORCH FLOOR PAINT. Then there is the CREOSOTE paint for barns and roofs, but if it is a METAL barn or roof there is another paint made especially for metal surfaces, which is called ROOF and BRIDGE PAINT, and a black metal paint for iron fence, called "GRAPHER PAINT." Then there is "ENAMEL PAINT" and another kind intended for nothing but BATHTUBS. This is called "BATHTUB ENAMEL," and still another enamel for BICYCLES. And so on through the line. Third, the SHERWIN-WILLIAMS paints are all sold in suitable sized packages, and you ONLY HAVE TO BUY WHAT YOU NEED. You can get 1/2 pint of enamel or farnel paint or a 50-gallon barrel of house, barn or bridge paint. Parties who intend painting will receive special information if they will tell us what class of work is to be done and CALL FOR COLOR CARD.

**"The Last West"**

"THE LAND OF WHEAT."

Great Opportunities in Manitoba "The Saskatchewan" and "Manitoba" Published Every Sunday in This Paper.

J. J. Hill has just announced that he will at once proceed to build a railway from Winnipeg to Vancouver. Three thousand miles of other railway are under way in that rich farming country.

The world's best small grain country, splendid business openings. Cheap land for money makers. Free homesteads for all who want them. The last chance to get free or cheap land in America's humid belt.

One hundred and twenty thousand new settlers in 1906—8,000 Americans coming this year.

Special Homesteaders' railway rates Tuesdays.

Don't be too late. For free copies of a handsome magazine, interesting literature and all sorts of information about Western Canada, fertile lands and its growing cities, write to U. S. Bureau of Resources, 225 New York Life Building, Minneapolis, Minn.

Unprecedented Demand for Lands in the Western Canadian Wheat Belt Leads to a Sharp Rise in Prices. WINNIPEG, Manitoba, April 7.—The people of western Canada are just beginning to wake up to the fact that the general occupation of what has been called the "Last West" is almost accomplished. It is almost impossible any longer to secure large tracts of land. The Canadian Northwest land department is reported to have practically disposed of all its lands that were offered in large blocks. The Canadian Pacific railway still owns a vast acreage, but is reported to be discouraging wholesale purchases. Both companies have advanced prices a dollar or two an acre, and in some districts the Canadian Pacific has withdrawn lands from the market pending a readjustment of prices. The prediction is freely made that first-class unimproved wheat lands in western Canada, which may today be had for from \$5 to \$15 an acre, will within a year or two be bringing \$15 to \$25. The Winnipeg hotels are crowded with American land buyers, investors and farmers. Last week 250 cashed up settlers' checks from the states arrived at boundary points, according to J. Obed Smith, Dominion immigration commissioner at Winnipeg. Mr. Smith's figures show that by the end of March 15,000 immigrants arrived in western Canada this season. The percentage of Americans is much larger than ever before.
