THE OMAHA DAILY BEE: THURSDAY, APRIL 12, 1906.

Words of Praise Well-Merited

BY A WELL-KNOWN ARTICLE.

CO much has been written by the standard medical authorities, of all the several schools of practice, in praise of the native, or American, medicinal plants which enter into the composition of Dr. Pierce's Golden Medical Discovery, that in attempting to quote from the various works on Materia Medica one hardly knows where to commence, since they are so voluminous that only the

briefest and most imperfect reference can be presented in a short article like this. Briefly then let us say that the "Golden Medical Discovery " was named from the sturdy little plant Golden Seal, the root of which enters largely litto its composition. Besides this most valuable ingredient, it contains glyceric extracts of Stone root, Queen's root, Black Cherrybark,

Bloodroot and Mandrake root. Finley Ellingwood, M. D., an eminent practitioner of Chicago and Professor of Materia Medica in the Bennett Medical College of that city, in his recently published work on Therapeutics, says of Golden Seal root : "It is the most natural of stimulants to the normal functions of digestion. Its influence upon the mucous surfaces renders it most important in catarrhal gastritis (inflammation of stomach) and gastric (stomach) ulceration."

Many other authorities as well as Dr. Ellingwood extol the Hydrastis (Golden Seal), as a remedy for catarrhal diseases of the nasal passages, stomach, bronchia, gall ducts, kidneys, intestines and bladder. Among these, we may mention Prof. John King, M. D., author of the American Dispensatory; Prof. J. M. Scudder, M. D., in his "Specific Medication"; Dr. Hale of the Hahnemann Med. College of Chicago; Grover Coe, M. D., of New York, in his "Organic Medicines," Dr. Bartholow of Jefferson Med. College, Phila., and scores of other leading medical writers and teachers.

All the foregoing eminent authorities extol the curative virtues of Golden Seal in cases of stomach, liver and intestinal weakness, torpor and ulceration of bowels. Dr. Ellingwood recommends it most highly, "In those cases of atonic dyspepsia when the entire apparatus, including the liver, is stagnant and inoperative." He also extols it most highly in the many weaknesses and derangements peculiar to women and says, "It is a most important remedy in many disorders of the womb." Golden Seal root (Hydrastis), is an important ingredient of Dr. Pierce's Favorite Prescription for weak, nervous, "run-down" women.

But to return to the "Golden Medical Discovery" it may be said that its curative properties are not wholly dependent upon Golden Seal, valuable as it is, as other equally potant ingredients add greatly to its value and in fact are not less important than the Hydrastis, or Golden Seal.

In all bronchial, throat, lung and kindred ailments, Stone root, Black Cherrybark, Queen's root and Bloodroot, each plays as important a part in effecting the phenominal cures of "Golden Medical Discovery" as does Golden Seal. All these ingredients have the endorsement of prominent | alcoholic, non-secret, safe and reliable.

practitioners of all schools of medicine for the cure of diseases of the bronchia, throat and lungs,

Of Queen's root, Prof. King says : "An alterative (blood - purifier) unsurpassed by few if any other of the known alteratives. Most successful in skin and scrofulous affections; beneficial in bronchial affections; permanently cures bronchitis; relieves irritations; an important cough remedy; coughs of years' standing being cured; aids in blood-making and nutrition and may be taken without harm for long periods."

Queen's root, Golden Seal root, Stone root, Black Cherrybark and Bloodroot, all articles extolled by leading practitioners of all the schools, as the very best of cough medicines, are made especially valuable when combined with chemically pute glycerine which greatly enhances the curative action of all these ingredients in all bronchial, throat and lung affections, severe coughs and kindred ailments.

Who can doubt the efficacy of such a compound, when scientifically made up, as in Dr. Pierce's Golden Medical Discovery? Who can doubt that it is a most effective remedy for the several diseases for which its ingredients are so highly recommended by the formost writers on Materia Medica ?

It is in the cure of the more chronic or lingering, persistent, and obstinate cases of bronchial, laryngial and lung affections, attended by hoarseness and severe cough, which if neglected or badly treated would generally have run into consumption, that "Golden Medical Discovery" has won the highest praise from all who have observed its marvelous control over these and kindred affections. It is no cheap compound made-up of trashy ingredients for free distribution, that curious people may experiment upon themselves as with the many fake nostrums so commonly sent out as 'trial bottles." It has a forty year record, embracing many thousands of cures behind it, is sold at a reasonable price and may be found in all drug and medicine stores in this and many foreign countries.

It will be seen from the above brief extracts how well Golden Medical Discovery" is adapted for the cure of all blood diseases, as, scrofulous and skin affections, eruptions, blotches, pimples and kindred ailments; also that it is equally good in all Catarrhal affections no matter where seated, and for all cases of indigestion, or dyspepsia, torpid liver, or biliousness and as a tonic and invigorator in all manner of weaknesses, and in nervous debility and prostration the above extracts amply show.

Much further information as to the properties and uses of "Golden Medical Discovery" and Dr. Pierce's Favorite Prescription for weak women, will be found in a little booklet of extracts from standard medical books which will be mailed free to any address on request, by letter or postal card, sent to Dr. R. V. Pierce, Buffalo, N. Y.

All the several ingredients of Dr. Pierce's medicines will be found, from the reading of this little booklet, to have the strongest possible professional endorsements and recommendations for the cure of all the diseases for which these medicines are recommended. No other medicines for like purposes have any such endorsements. They are non-

MOTHER'S LOVE.

WHAT IS MORE BEAUTIFUL THAN A MOTHER'S LOVE?

"Who ran to help me when I fell And would some pretty story tell, Or kiss the place to make it well, My mother."

MOTHER'S worries are many. She sometimes forgets her own bodily discomforts because of her overpowering love for the child. She becomes broken

down, sleepless, nervous, irritable and feels tired from morning until night. Many mothers of experience can tell you that at such a time they have been relieved, benefited and strengthened and put into proper health by taking a prescription which their mothers had told them was the best woman's tonic and nervine to be taken at such times. Dr. Pierce's Favorite Prescription has enjoyed an enviable reputation for over a third of a century. In all that time it has sold more largely in the United States than any other tonic for woman's needs. Dr. Pierce made up this prescription from native medicinal roots without the use of a particle of alcohol and for the single purpose of curing those diseases peculiar to women and when there is a lack of womanly strength to bear the burdens of maternal duty. How few women come to this critical time with adequate strength. The reason why so many women sink under the strain of motherhood is because they are unprepared. Is preparation then required for motherhood? asks the young woman. And every experienced mother answers-"Yes." "I unhesitatingly advise expectant mothers to use Dr. Pierce's Favorite Prescription," writes Mrs. J. W. G. Stephens, of Mila, Va. The reason for this advice is that Dr. Pierce's Favorite Prescription is the best preparative for the maternal function. No matter how healthy and strong a woman may be, she cannot use "Favorite Prescription" as a preparative for maternity without gain of health and comfort. But it is the women who are not strong who best appreciate the great benefits received from the use of "Favorite Prescription." For one thing its use makes the baby's advent comparatively painless. It has in many cases reduced days of suffering to a brief few hours. It has changed the period of anxiety and struggle into a time of ease and comfort.

A DUTY WOMEN OWE THEMSELVES.

"Good actions speak louder than words," so, too does the testimony of many thousands of women during a third of a century speak louder than mere claims not backed by any such record of cures.

Miss Emma Petty, 1126 S. Olive Street, Indianapolis, Ind., Past Vice-President, Daughters of Pocahontas, Minneola Council, also Organist, South Baptist Church, Indianapolis, writes: "For several years I suffered from female weakness, which was a serious drain on my vitality, sapping my strength and causing severe headaches, bearingdown pains and a general worn-out feeling, until I really had no desire to live. I had many medicines recommended to me and tried many, but did not get permanent relief

until I took Dr. Pierce's Favorite Prescription. In two months I was much better and stronger, and in four months I was well. Have had no more disagreeable discharge, no more pain; so I have every reason to praise 'Favorite Prescription.' I consider it without an equal for ills of women."

10

All the ingredients entering into Dr. Pierce's Favorite Prescription are printed in plain English on each bottle wrapper. Dr. Pierce thereby shows that he is not afraid to tell his patients just what this medicine is made of. This is not true of any other medicine especially designed for the cure of woman's peculiar ailments. The "Prescription " is also the only woman's medicine sold through druggists that does not contain a large percentage of alcohol; it contains not a drop.

As an indication of the high esteem in which the medical profession are coming to regard the several ingredients of which Dr. Pierce's Favorite Prescription, for weak and ailing women is composed, we have room here to insert only the following:

Dr. John Fyfe, of Saugatuck, Conn., Editor of the Department of Therapeutics in THE ECLECTIC REVIEW says of Unicorn root (Helonias Dioica) one of the chief ingredients of Dr. Pierce's Favorite Prescription: "A remedy which invariably acts as a uterine invigorator and always favors a condition which makes for normal activity of the entire reproductive system, cannot fail to be of great usefulness and of the utmost importance to the general practitioner of medicine."

"In Helonias we have a medicament which more fully answers the above purposes than any other drug with which I am acquainted. In the treatment of diseases peculiar to women it is seldom that a case is seen which does not present some indication for this remedial agent."

"The following are among the leading indications for Helonias: Pain or aching in the back, with leucorrhoea; atonic (weak) conditions of the reproductive organs of women, mental depression and irritability, associated with chronic diseases of the reproductive organs of women, constant sensation of heat in the region of the kidneys: menorrhagia ("flooding"), due to a weakened condition of the reproductive system; amenorrhœa, arising from or accompanying an abnormal condition of the digestive organs and an anæmic (thin blood) habit; dragging sensations in the extreme lower part of the abdomen."

If more or less of the above symptoms are present, no invalid woman can do better than take Dr. Pierce's Favorite Prescription, one of the leading ingredients of which is Unicorn root, or Helonias.

MEN AND WOMEN

should have a medical book handy, for knowledge is power. They should know about anatomy and physiology. They should have a book that treats of the sexological relations of both sexes out of and in wedlock, as well as how and when to advise son and daughter. Has unequaled endorsement of the press, ministry, legal and medical professions. The main cause of unhappiness, ill-health, sickly children, and divorce is admitted by physicians and shown by court records to be the violation of the laws of self and sex. A standard work is the People's Common Sense Medical Adviser, by R. V. Pierce, M. D. Send 31 one-cent stamps for the cloth-bound book, or 2; stamps for the paper-covered volume. Address Dr. R. V. Pierce, Buffalo, N. Y.
