

BUFFALO LITHIA WATER

Has for Thirty Years been Recognized by the Medical Profession as an Invaluable Remedy in Bright's Disease, Albuminuria of Pregnancy, Renal Calculi, Gout, Rheumatism and all Diseases Dependent upon a Uric Acid Diathesis. Time adds to the Voluminous Testimony of Leading Clinical Observers.

"THE MOST VALUABLE MINERAL WATER IN USE."
Dr. Graeme M. Hammond, of New York, Professor of Diseases of the Mind and Nervous System in the New York Post-Graduate Medical School and Hospital: "In all cases of BRIGHT'S DISEASE OF THE KIDNEYS I BUFFALO LITHIA WATER of the greatest service have found in ELIMINATING THE ALBUMEN. In certain cases of Melancholia, accompanied by excessive elimination of URATES and URIC ACID, it is often the only remedy necessary. In GOUT and RHEUMATISM it is highly beneficial. I have long regarded BUFFALO LITHIA WATER the most valuable mineral water in use."

"ESPECIALLY BUFFALO LITHIA WATER OF VIRGINIA."
Samuel O. L. Potter, A. M., M. D., M. R. C. P., London, Professor of the Principles and Practice of Medicine in the College of Physicians and Surgeons, San Francisco, in his handbook of PHARMACY, MATERIA MEDICA and THERAPEUTICS, a text book in many of the leading medical colleges of the country, under the head of ALBUMINURIA, page 586, 7th edition, in the BUFFALO LITHIA WATER givals highly recommended. Under the head of "CHRONIC BRIGHT'S DISEASE," page 601, same edition, in the citation of remedies, he says: "Mineral waters, BUFFALO LITHIA WATER of Virginia, especially the, which has many advocates."

"A VERITABLE ANTIDOTE."
Dr. Wm. H. Drummond, Professor of Medical Jurisprudence, Bishop's University, Montreal, Canada: "In the Acute and Chronic Nephritis—BRIGHT'S DISEASE—of Gouty and Rheumatic origin, as well as in the graver Albuminuria BUFFALO LITHIA WATER to act as a VERITABLE ANTIDOTE, and I know of NO OTHER NATURAL AGENT POSSESSING THIS IMPORTANT QUALITY."

"NO REMEDY SO ABSOLUTELY SPECIFIC."
Geo. Halsted Boydland, A. M., M. D., of Paris, Doctor of Medicine of the Faculty of Paris, says: "There is no remedy so absolutely specific in all forms of ALBUMINURIA and BRIGHT'S DISEASE, whether acute or chronic, as BUFFALO LITHIA WATER. Spring No. 2, accompanied by a diet of Pregnancy where Albumin is found in the urine at late as the last week before confinement, if this Water and a milk diet are prescribed, the Albumin disappears rapidly from the urine and the patient has a positive guaranty against Puerperal Convulsions. Used as a substitute for ordinary water during the period of Gestation, it will be found invaluable as a preventive of Puerperal Convulsions and other disturbances incident to this condition. It is also a valuable tonic to both mother and child, allaying at the same time Nausea and Vomiting."

SMOOT CASE BEING ARGUED

Former Secretary Carlisle Addresses Senate Committee on Subject.

CRITICISES ATTITUDE OF THE CHURCH

Speaker Contends that Majority Vote is Sufficient to Unseat Member from Utah Under the Pledgings.

WASHINGTON, April 12.—Arguments in the case of Senator Reed Smoot were begun today before the senate committee on privileges and elections after an inquiry extending over three years into his right to return his seat. Former Secretary of the Treasury John G. Carlisle opened for the protestants. He will be followed by A. S. Worthington of the counsel for Mr. Smoot. The members of the committee, present were Chairman Burrows and Messrs. Foraker, Knox, Dillingham, Dillingham, Dubois, Bailey, Overman, Frasier and Pettus.

The committee room was crowded, most of the spectators being women. Mr. Smoot was present, as well as several prominent Mormons who have assisted Mr. Smoot in his defense. The Utah senator apparently was not concerned as to the outcome of the proceedings.

Mr. Carlisle reviewed first the testimony of President Joseph Smith and other Mormon officials to show that the first presidency and the twelve apostles are a self-perpetuating body responsible for everything that is done, either spiritual or temporal.

Mr. Smoot's membership in this body, asserted Mr. Carlisle, made him equally responsible for any wrongdoings under the laws of the nation. He said the Mormon church is more than a church; it is a commercial and political organization. He criticized at some length church control over candidates for its public offices and asserted that the situation is such that the politics of Utah can be dominated by the Mormon church at will.

Senator Knox inquired of Mr. Carlisle whether he contended that the laws of the church require members to submit to the jurisdiction of the church laws when in conflict with the laws of the state and nation. Mr. Carlisle replied that was his contention and that the officers of the church could do nothing without the consent of the apostles, of which Mr. Smoot is one.

Speaking of the endowment house oaths Mr. Carlisle admitted that he did not know the exact form of the obligation taken, but he believed it could not be disputed that some oaths of the character described by several witnesses is administered and that each person taking the ceremony assumes an obligation to obey the laws of the church.

Discussing the constitutional provision relating to the eligibility of members of the senate, Mr. Carlisle said that three disqualifications are enumerated—insufficient age, noncitizenship of the United States and nonresidence in the state for the requisite period, but that these are not all of the disqualifications of which the senate may take cognizance. He mentioned certain classes of law breakers, lunatics and, finally, women. Dissenting laughter from the women greeted this classification and Mr. Carlisle paused a moment to make his peace, during which he said he hoped to see a constitutional amendment that would admit them.

Mr. Carlisle contended that the senate or house should determine the fitness of its members to serve, in the same manner as if the constitutional privileges did not exist. He declared that expulsion of a senator cannot be made because of something that occurred prior to the beginning of his term; that expulsion must be for an act committed as a member of the legislative body and this would require a two-thirds vote of the senate. He contended that the action against Mr. Smoot is to disqualify him for service and that it can be done by passing a resolution to the effect that the Utah senator lacks the requisite qualification.

HEADQUARTERS IN BIG TENT

Such is Idea of Jeffers, Who Promises Hottest City Campaign Ever.

A. W. Jeffers, chairman of the new republican city committee, proposes to give Omaha a municipal campaign possessing a zest and vigor never known here before. With only three weeks remaining until election day the chairman says he recognizes the necessity for prompt and energetic measures, and he is anxious to show Omaha just how swift and efficacious a fight can be made for the ticket.

If he has his way headquarters will be located in a big tent on a prominent downtown corner, where not only conferences, but mass meetings can be held. He thinks the tent idea would appeal to the voters on the balmy spring evenings when it would be difficult to herd them in stuffy halls. At the same time expenses will be lessened, with the accomplishment of better results, in the chairman's opinion. He does not mean to dispense with ward meetings.

"Don't believe what you hear about republican defection," says Chairman Jeffers. "The democrats recognize that we had many candidates in our primary contests and many of them were successful. Reasoning along this line they figured there would be many soreheads, and they started out to circulate stories of how republicans were bolting tickets by the hundreds."

"During my few hours as chairman of the committee I have had many callers and they come from all factions and ranks of the party. They all pledge their support. The city committee is harmonious and united, all reports to the contrary notwithstanding, and the outlook is good to me."

WOMAN IN CLUB AND CHARITY

The household economics department of the Woman's club has added another item to its long list of practical accomplishments in its gift of \$30 Friday to the building fund of the Young Women's Christian association, the money to be applied on the equipment of the School of Domestic Science, which is to be a conspicuous feature of the association's new building.

The department raises its funds by giving kennington afternoons for the members each month. These are always well attended and each member contributes 10 cents. By this plan and a few luncheons the department has been able to carry on its own work and contribute to several worthy causes, among them being the support of the travelers' aid, a domestic science scholarship at Bellevue college and the maintenance of cooking classes at the City mission.

The local Women's Christian Temperance union will renew its agitation for a night police matron at the city jail. At present there is a day matron, but the women contend that where women are confined as prisoners there should be a woman over them all of the time. Various organizations of women of the city have interested themselves in the work of the police matron at various times and it is expected these will unite their influence to a night as well as day matron.

The greater part of Wednesday afternoon's meeting of the union was devoted to a discussion of the remodeling of the city jail and conditions prevailing there. Some time ago the union, in a written communication to the Board of Fire and Police commissioners, asked that women prisoners in the city jail be completely separated from the men. In reply the women were assured that the remodeling of the city jail then in process would accomplish such a separation. A committee from the union visited the jail recently and Wednesday afternoon reported that the new arrangements, while admitting of more privacy, is still far from what is desirable, for conversation between the women and men prisoners may still be carried on. A communication was ordered sent to the police commissioners calling attention to the fact and asking more privacy for toilet and bath conveniences, also that a night matron be installed.

At the annual meeting of the department of physical culture and expression held Wednesday, Miss Minnie Hiller was re-elected leader; Mrs. C. R. Glover, assistant leader; M. J. O. Burger, secretary and treasurer, and Mrs. H. F. Wagner representative on the directors. The department will continue to meet every two weeks, the same week as the general club meeting.

The members of the department of ethics and philosophy surprised Miss Joale McHugh Tuesday at her home, Miss McHugh having been leader of the department for the past two years. Refreshments were provided by the women and a handsome hand decorated tea set was given to the leader from the department members.

A bill providing for the appropriation of \$300,000 to be used by the Department of Commerce and Labor in an official investigation of the industrial conditions of women and children was introduced in the house of representatives of congress, March 20, by Member Gardner of New Jersey, chairman of labor committee. The bill is now R. 17,562 and is in the hands of the committee of the whole house on the state of the union. Club women are urged to petition their congressmen to support this bill.

The Woman's Journal of Boston, founded by Lucy Stone and one of the most widely circulated women's papers in this country, has announced that in future it will bear the Union Label. Several club papers already bear the label and the interest of the women is shown in the increasing frequency with which it appears on year books, committee reports and other literature sent out in the interest of club work every year.

As it will be impossible for the soliciting committee or team members to call upon all who wish to contribute to the building fund of the Young Women's Christian association, all those who expect to give are urged to send in their pledges as soon as possible and so expedite the work of making up the closing record, the campaign ending at midnight Monday, April 16.

The city has issued building permits to the following: C. J. Carlson, \$1,000 frame dwelling at Twentieth and Maple; T. A. Jackson, \$2,000 frame dwelling at 2224 South Thirtieth avenue; S. Kinkens, \$2,000 frame dwelling at Twenty-sixth and Fifteenth and Lake; W. B. Long, \$1,200 frame dwelling at Thirty-fifth and Lafayette avenue; Albert Bergquist, \$2,000 frame dwelling at Fifteenth and Lake; W. B. Long, \$1,200 frame dwelling at 2311 North Twenty-second; J. A. German, \$2,000 frame dwelling at Twenty-fifth and Manderson; G. A. Morton, \$2,000 brick houses at 266-7 Harney.

BIDS FOR BEMIS PARK WORK

Contracts for Completing Boulevard Are Let by the City Park Board.

A committee of the Park board composed of Commissioners Craig, Gordon and Mills, accompanied by the city engineer, will make a trip over the proposed route of North and West Central Boulevards Monday and examine the plans prepared in the engineer's office. The commissioners wish to make a personal examination of the ground before committing themselves positively to the lines the driveway will take. At the special meeting Thursday morning increasing number of north end residents and property owners appeared asking for information about the route. Much building and some pending transaction are being held up awaiting the final decisions of the board. The meeting was held to receive bids and award a contract for completing the west end of Central Boulevard from Bur street to Bemis park, the job entailing something like the handling of 15,000 cubic yards of earth. E. W. Lamereaux captured the contract at 18 cents a yard. Klerle & Plant bid 18 1/2 cents and Dugan and Nolan 19 cents. Work is to be started without delay. For the most part it will be through the Opreighton farm property north of Cumis street.

Wife Says Husband Hurt Her

Mrs. Lulu Anderson of Fourteenth and Ohio streets appeared in police court Thursday morning and swore to a complaint of assault and battery against her husband, Lawrence Anderson. The wife alleged her husband broke her nose while in a fit of anger. The man has been in the police court before on a similar charge.

PROBLEMS IN THE SOUTH

Program of Panamerican Congress May Be Changed After Opening.

RIVER NAVIGATION INTERESTS NATIONS

Many Questions of Grave Importance to South American Not on Program as Issued by Officials.

WASHINGTON, April 12.—Several of the Spanish-American republics are more interested in questions not contained in the program for the Panamerican congress at Rio Janeiro, next July than in the subjects agreed upon for discussion. Although the program has been decided upon it is likely that other questions will be laid before the congress when it is convened.

The all-important question to many South American republics is the navigation of rivers passing through two or more republics. Disputes more aggravated than those which have arisen over the boundary waters between the United States and Canada have threatened the peace of South America repeatedly in recent years. Located as many of the South American republics are, mountains to the westward form a barrier to their commerce and the rivers are the chief avenues of trade.

The Orinoco, Amazon and Plata rivers and their numerous tributaries for an inviting net of waterways for the products of parts of Colombia, Bolivia, Peru and Ecuador, but the conditions under which most of these streams are open to interstate commerce have discouraged shippers.

An attempt to include the regulation of international commerce in the Rio Janeiro program, had the support of several of the west coast republics, but Brazil was not willing and discord was avoided by not pushing the matter. Colombia and Venezuela have had trouble for years over the navigation of the Orinoco and its tributaries, but this question of interstate commerce is said to be one which will be satisfactorily settled through the treaty now pending between the two republics. As Venezuela is not a party to the Pan-American congress any and no indications of relating and sending representatives to Rio Janeiro, the action of that body could not affect the Orinoco river navigation, but the navigation of the many streams which traverse Brazil and Argentina in finding the way to the ocean was the subject which the western powers hoped to have satisfactorily disposed of.

As to Arbitration. Another subject of great moment was the wording of the section of the program relating to arbitration. An attempt was made to have this section worded in such a way that arbitration might be extended to disputes in the past. If this had been done Peru might have been able to carry to the Hague its old controversy with Chile concerning the Tacna and Arica provinces, and many other celebrated disputes which have been reopened. But great care was taken in wording the arbitration provision in such matter that it will not be retroactive. Yet this is not satisfactory in its present form to many of the powers which are to participate in the congress and an attempt to amend it is expected at Rio Janeiro.

FISCAL OFFICES NOW IN ONE

City and County Treasury Merged, with Bob Pink in Charge at Court House.

The city treasurer's office ceased to exist as a separate department Thursday and became merged with the county treasury under the charge of County Treasurer Robert G. Pink. With the city treasury went the fiscal department of the school district of Omaha. The transfer began at 8 o'clock and continued throughout most of the day. The cash and checks in the drawer were first transferred and later the funds in the banks and the books.

Six of the firms in the city treasurer's office were retained and eight dismissed. Those to go were John Helgran, chief clerk; Miss Hogby, tax clerk; Miss Clara Cooper stenographer, and Fred Schamel, J. W. Van Dine, George Wright, Fred Anderson and Peter Kiewitz. Those who will stay for the present are L. L. Bisset, deputy; J. W. Pead, bond clerk; Joel Johnson, bookkeeper and Cecilia F. Hopper, Thomas Lamb and Lester Hutchinson, tax clerks. Their tenure is indefinite and for the most of them is not expected to extend beyond two weeks.

The office was closed for about an hour after the regular opening time, 9:30, while a rubber stamp changed the serial number on tax receipts anew for the benefit of the new regime.

The transfer was checked by the comptroller's office and auditors for the bonding companies, holding the sureties of Treasurer Pink and Jennings. For the present city business will be transacted in the old quarters at the city hall the same as usual. Later the offices will be consolidated either in the court house or city hall as finally arranged. City Treasurer Jennings declines to say what course he will take as to resigning or his future business connections. He remains city treasurer in title and with salary until May 21, when his term expires.

FIFTY-FIVE THOUSAND NOW

Fund of Y. W. C. A. Gradually Grows and New Forces Are Put to Work.

The strenuous whistle of the Omaha Bemis Bag company got into the Young Women's Christian association building campaign Thursday morning and until the canvass closes next Monday evening will blow for every \$1,000 that is raised. A few articles too many Thursday morning misled the women to unwarranted rejoicing, but the fund was increased up to noon by \$3,000, \$1,000 of which was the gift of the Omaha National bank, \$250 from the Richardson Drug company and several hundred dollars from the teams helped to make up the other \$2,000, raising the total to \$5,239.46.

A pledge of \$50 was made Thursday morning from the household economics department of the Omaha Women's club, the money to be applied on the equipment of the school of domestic science which is to be an important feature of the new building.

Miss Besse Chambers' team has devised a unique plan for helping out the fund. The use of a dozen or more of the largest automobiles in the city has been promised for Saturday afternoon, when beginning at 1 o'clock, parties may leave Sixteenth and Farnam streets every five minutes for an hour's ride about the city to Florence, Fort Crook or wherever desired. Tickets will be sold at 10 cents each at the building headquarters in the Board of Trade building.

The committee of sixty-five prominent business men began its work Friday assisting the women in the soliciting. Another grain company has promised to contribute to the building fund 10 cents on every car of grain it receives during the next six months.

The teams have raised over \$5,000 more than their original pledge—\$10,000—and have started in determined to raise that amount to \$20,000 by next Monday night.

Colors and Captains. Amount. Dark blue, Halle Hood, \$2,246.95; Red, E. J. Stinson, \$2,214.50; Orange, Susan Paxson, \$1,814.00; Green, Mary Larson, \$1,708.00; Pink, Besse Chambers, \$1,471.50; Violet, Clara Ady, \$1,280.75; Brown, Ora Johnson, \$500.25; Yellow, Mrs. G. E. Finley, \$484.00; Light blue, Nellie Crandall, \$662.85; Lavender, May H. Finley, \$517.50; Total, \$15,169.46.

Every Woman a Chance. It will be an impossibility for the committee canvassing for the Young Women's Christian association building fund to see in person every body who would like to contribute. The proposed building will stand for the best things for the womanhood of the city.

We invite every woman and girl to have a part in it. We ask that every family at the breakfast table Sabbath morning make an offering of at least \$1 for every woman and girl in the household. We appeal to the fathers to make an offering for the very little girls, so that as they grow up they may feel they have a part in it. This is asked in addition to what may have already been subscribed.

The invitation is given to hotels and boarding houses. Bachelors and young men may make the offering in the name of their mothers or sweethearts. Monday morning the names with the money marked "Easter offering," should be left at headquarters, Board of Trade building. Every name accompanied by \$1 or more will be enrolled and placed in the corner-stone of the new building. We hope that many thousands will avail themselves of this opportunity to take a share in the ownership of this splendid building. We ask that it be made in the spirit of the glad Easter.

MRS. W. P. HARFORD, President.

Creditation at Trinity Cathedral. The Cathedral choir, seventy-five voices, will render Stainer's "Creditation" at Trinity Cathedral, Eighteenth street and Capitol avenue, this evening at 8 o'clock. The choir will be assisted by the regular soloists of the church, namely: Mrs. Ben Stanley, soprano; Miss Daisy Higgins, contralto; Mr. W. B. Wilkins, tenor; Mr. C. B. McIntyre, bass; Mr. Hurl C. Minor, baritone; Mr. Walter Nixon, baritone; and Mr. Stanley, organist and choirmaster. There is, of course, no charge for admission.
