NEAT FRAUD BY FILIPINOS

Order Made by Pen Deceives Army Officers Until Text Is Closely Examined.

WASHINGTON, April 13.—A sample of Filipino cleverness and imitativeness has been unearthed at the War department in the course of an examination of some old claims by the church authorities for property alleged to have been commandered by American troops in the early days of the insurrection. The church authorities in this particular case alleged that some of their valuable herds of cattle had been taken by American troops, while this claim was met by the charge that the insurrectos had seized the cattle.

In support of the latter statement was what appeared to be a pass issued in due form by General Stanley, the commander of the Eighth division, in February, 1905, to Balluazar Ramon and twenty fellows, who alleged that they were simple herders, but who were charged with having really stolen the cattle from the church. The curious feature is that this pass was in every line executed by pen, although the body of the document was supposed to be clean English-printed characters. The imitation was so clever as to almost defy detection, and this would have been the case save for a curious idiomatic blunder made by the forger, whose mission was set out on the pass as "for the purpose of, to See the City and Take an Automobile buy biffs, horses and caribao."

Hawkeyes at Practice.

IOWA CITY, Ia., April 13.—(Special.)—Coach Chalmer's Hawkeyes opened the local season here with an informal practice game with the old Hawkeye professionals which resulted in a score of 0 to 0 at the end of the ninth inning. Kent for the regulars and Johnson for the professionals, were invincible, only four safe hits being made during the entire game.

WITH THE BOWLERS.

The Onimods won two games from the Storz Blue Ribbons last night in the closing match of the season. G. O. Francisco was high man and his total of 640 wins the Storz monthly prize for April.

Next Wednesday the entries will close for the two-men handicap tournament for the city championship. The opening game will be played the following Monday night.

Milwaukee and Omaha.

Milwaukee's American association team will be the opponents of Pa's Colts at Vinton Street park this and Sunday afternoons. The games will be called at 3:30 and should be of considerable interest. Omaha played an even game with the St. Paul team of the same league and the players hope to do as well with Cantillon's men. Rourke's men have been putting in the week practicing team work and being lectured on the fine points of the game by the manager. The teams will line up thus:

SUTTON MAKES THE HIGH RUN

American Establishes Tournament Record, but Loses Game to Cure.

HOPPE WINS HIS FROM MORNINGSTAR

Great Madison Square Billiard Tournament Marked by Some Remarkably Brilliant Plays and Nervy Work.

NEW YORK, April 13.—Louis Cure, the Parisian billiardist, played his third game in the world's championship, 18-2, tonight and defeated George Sutton by a score of 400 to 427. This was the Frenchman's first victory here, as he had been beaten earlier in the week by Morningstar and Slosson.

Cure played a very steady game and at the end of the tenth inning was 249 points ahead of Sutton. The latter is noted for his nurse plays, and he gave a fine exhibition of nerve and skill when he made the high run of the week's play in his sixteenth inning, scoring 168 points. It was a hard fought, uphill game on Sutton's part, and in his twenty-second inning he got within eleven points of the leader. But Cure had not played his half and that inning, when he did so, he added fifty-nine to his total. Sutton then got nineteen and the French expert ran out with an unfinished twenty-two.

Willie Hoppe, the boy champion, by winning from Morningstar in the afternoon contest proved that he is still in the front ranks and must be considered as a very likely winner of the 18-2 championship.

Hoppe Shows Great Form.

Will Hoppe, the young American expert, who holds the world's championship title at 18-1 billiards, defeated Ora Morningstar in the afternoon game of the international 18-2 tournament here today. The score was 300 to 207 and the game was finished in the twenty-sixth inning.

Hoppe played in masterly fashion all the way through, clearly demonstrating his thorough knowledge of the game. His best run was 106 in the twelfth inning, during which he resorted to every shot known in balk line billiards. His nursing and strategic driving for position were frequently applauded by the largest gathering of men and women that has been present at any of the matinee contests during the week.

Morningstar did not play as well as in his previous games this week. His best effort resulted in a run of 37 in the ninth inning. The scores:

Hoppe—0, 93, 13, 1, 6, 8, 0, 18, 3, 0, 29, 105, 3, 34, 38, 58, 0, 4, 1, 4, 1, 50, 1, 2, 9, 19. Total, 500. Average, 19 6-26. High run, 105.

Morningstar—9, 0, 1, 5, 6, 11, 1, 2, 37, 0, 22, 17, 6, 15, 11, 2, 0, 22, 4, 6, 1, 25, 3, 0, 8, 2. Total, 207. Average, 7 25-26. High run, 37.

Cure Against Sutton.

When Sutton and Cure were introduced for tonight's game the American's chance against the Frenchman was considered to be excellent. Sutton won the bank and scored three caroms. Cure made a single count on his first attempt. Neither man got the balls rolling properly until the fifth inning, when Cure found them in good position after a kiss had interfered with Sutton. Cure's work was very neat and gentle until he had made about twenty points, with the balls well in hand, and then a series of diversified plays followed until the Frenchman was forced to sit down, having missed a one-cushion bank shot after a run of eighty-five. Sutton coaxed a run of thirty-one, another kiss spoiling an excellent try for a carom along the top rail.

In the latter half of the eighth inning Cure went further ahead at a rapid rate, clicking carom after carom with great confidence. The balls got away from him two or three times, but he always managed to get them together again after three or four drives around the table. After he had run up fifty he got them on the line at the top of the table and worked the line nurse for a while, until he sent the spheres into the center space. Here he made three beautiful masse shots and reached the top of the table again, where he held the ivory until the three lined up on the top rail. His cue ball was on the left hand corner, the red in the right corner and the white object ball right in the center. After studying the situation for fully thirty seconds Cure played a four-cushion carom off the white and counted. This made 100 points in the inning and there was deafening applause. He missed the next shot, but smiled good-naturedly as he sat down.

Sutton in Hard Luck.

Sutton only tallied once in his tenth inning and Cure followed with seventy-six. This made his total 281 against 67 for Sutton. The latter had very hard luck in the following inning, missing his tenth shot by a hair's breadth and leaving the three balls bunched in the center of the table. Cure accepted this advantage promptly and secured forty-four.

Sutton did not score in the next inning, but Cure added forty-six to his string. In getting these the French expert played from one end of the table to the other. Sutton gave an excellent exhibition of close nursing along the foot of the table in the twelfth inning, finally missing on his fifty-third shot.

At 10 o'clock, just two hours after the game began, Sutton, playing in the sixteenth inning, passed Slosson's high run of the tournament, 153 and was still playing. Sutton's wonderful faculty of nursing the ivories was never shown to better advantage and his long run did not end until 168 points had been scored. He kept the spheres the greater part of the time in the three top spaces, occasionally getting them into the center. It was a magnificent exhibition of skill and the spectators gave him a noisy ovation. The score at the end of the sixteenth inning was: Sutton, 324; Cure, 394. Sutton made only five in his next two innings and Cure turned the 400 mark with twelve in the eighteenth inning. A lucky kiss on his twenty-fourth shot in the twenty-second inning enabled Sutton to continue scoring. He turned into the last hundred, still playing and the run ended with a total of sixty, which left him only eleven points behind Cure.

Cure Wins the Game.

After making fifty-nine in his twenty-second inning, Cure had the three balls close against the bottom rail, but they were frozen and after the referee spotted them Cure failed to make the carom. His score was then 478 and Sutton had 468. Cure won out in the twenty-third inning with a run of twenty-two, after Sutton had made nineteen in his half. The score:

Cure—1, 3, 5, 10, 85, 0, 1, 100, 76, 44, 46, 1, 2, 5, 14, 0, 12, 9, 4, 0, 59, 22. Total, 500; average, 21 17-23; high run, 100.

Sutton—2, 0, 6, 13, 2, 4, 7, 31, 1, 5, 0, 52, 21, 2, 5, 168, 3, 2, 19, 0, 0, 60, 19. Total, 427; average, 18 13-23; high run, 168.

No Sunday Ball in Indianapolis.

INDIANAPOLIS, Ind., April 13.—Following a conference today between Mayor Bookwalter and the owners of the American association base ball team, it was stated that no Sunday games would be played in this city during the coming season. The city officials announced their determination to enforce the city ordinance against Sunday games should the necessity for action arise.

Base Ball Game Fatal.

ST. LOUIS, April 13.—Henry G. Paschall, a wealthy bachelor, died from heart disease last night as the result of excitement while watching the thirteen and one-half-inning base ball game yesterday afternoon between the National league clubs of St. Louis and Pittsburg. He was an enthusiastic "fan."

PUEBLO INDIANS AT PRACTICE

Manager Selee Starts Late, but Has Been Hustling.

PUEBLO, Colo., April 13.—(Special.)—Notwithstanding the fact that Manager Selee has had to face the problem of developing an entirely new infield, the present outlook for the Pueblo Indians is exceedingly bright. Early in April notice was sent to the players to report by April 10 and with the exception of three or four players of last year's team, all are now in the city engaged in daily practice. Though only some preliminary work has been done, appearances seem to indicate that Manager Selee has gathered together a most promising bunch of youngsters to represent Pueblo in the pennant race of 1906.

In the catching department Messitt of last year's team will be one of the standbys, while Sissler, who for a part of last season worked with Denver, will also officiate in this department. Reniker, who for several seasons played with the champion C. F. and F semi-professional club, is being given a tryout and is showing up well in practice. There is a chance that he will replace one of the other men.

Five candidates for infield positions are now in the squad and a lively race is resulting. Edwards is the most promising candidate to guard the initial sack. He is fast in covering the ground and so far has displayed considerable ability as a sticker. Last season Edwards played with the Cripple Creek aggregation, recognized as one of the hardest hitting clubs in the Rocky Mountain region. From this club also comes Starkey, a candidate for third. Starkey is especially strong in his ability to smash the sphere.

For second, Elwert, who last year ruled in the right garden for the Indians, is the most promising candidate. Elwert is an experienced ball player and is showing up stronger than in last year's work. Last year he was one of the team leaders in stick work. Several seasons ago Elwert played independent ball in the vicinity of St. Louis, but since that time has resided in Pueblo. Walther of Little Rock, and Kane, a local youngster, are making a hard try for short. While both men are proving fast in the field, Kane at this stage appears to have a little lead in the batting department.

Pueblo will have one of the strongest outfielders in the league. Starting with Jimmy Cook, who will again this year be seen in left and Blake in center, Manager Selee has rounded out the triumvirate by the acquisition of Melchoir from the Seattle club. Melchoir is fast in the field aside from being one of the hard-hitting variety, quite like his companions, Cook and Blake.

In the pitching department the present outlook is most encouraging. Kinor, who last year was recognized as one of the fastest twirlers in the league, has already joined the squad and promises to make even a greater record during the coming season. Stimmel with his famous crossfire delivery, will also again be one of the stand-bys of the pitching staff. To this duo has been added Bill Morrison, last season with Des Moines and later with Milwaukee. Morrison is in excellent condition and will be one of the club's reliables. Faurot, who closed the season with the Indians, is out for practice and will doubtless be a fixture, as will also Lindsay of last year's aggregation. A recruit to this department has been secured in the person of Dye, a youngster with plenty of smoke and a variety of twisters.

The new down town grounds were put in shape this week and within a short time the fence and grand stand will be completed. The new park is located within five minutes walk of any part of the business section of the city and this will add greatly to the attendance, especially during the week day games.

Sporting Brevities.

Thirty new wire lockers have been received by the Omaha Field club and will be installed at once. This will give enough additional lockers so good care can be taken of visitors who may come to the tournaments this year.

Automobile men are all smiles these days because of the reappearance of the city asphalt repair gang. A start has been made with these repairs and unless something interferes many blocks of pavement should be improved this spring.

Pitcher Dodge is expected to report to the Omaha team for the season soon. Manager Chance has decided another year in the minors is just what he needs to make a star of him and will loan him to Pa for this season.

Johnny Morrison is preparing to hold a billiard tournament at his place on Harney street. The interest in the east in the game has struck this town and many of the old players who have been keeping up their practice are anxious for some sort of a series whereby to test their relative merits.

A few good bags of jacks have been mad and many hunters are looking for som spot where this elusive bird is apt to b found. The principal flight of the ducks is now over and the season ends Sunday. The season of jacks will give two weeks more of shooting provided the jacks stay.

Many small improvements are being made at the Country club, which in the aggregate will improve the appearance of the club considerably. The building has been doubled in size and the sod has been patched up in spots until the whole presents an improved appearance.

The Church and Sunday School Athletic league is now well organized and the various teams are seeking lots on which to practice. A schedule of games will be prepared between the teams of the different churches and every effort will be made to make the scheme the success in Omaha it is in other cities.

The lesser teams of the National league did not show the weakness at the season's opening Thursday, in some spots where weakness was expected. The St. Louis team which lost six of seven games to the St. Louis Browns, held the much touted Pirates for a thirteen inning game, no score being made by either side until the thirteenth inning.

CURES CREATE CONFIDENCE

OUR cures create confidence and have made our practice large. Our patrons are not disappointed, for we never promise them more than we can perform. We have demonstrated to legions of men the truth of what we claim—that our special treatment for Male Pelvic Diseases is as certain to cure them as it is that the sufferers engage our services and follow our directions. All that deep knowledge, expert skill, vast experience and thoroughly scientific office equipments can accomplish is now being done for those who come to us for the help they need.

PAY US FOR CURES

Our well known, reliable and long established institution is conducted solely for the cure of Male Pelvic Diseases. Moderate charges, fair dealing, faithful service and speedy cures are responsible for our immense practice.

REFLEX DISEASES.

In curing an ailment of any kind we never fail to treat its reflex complications. If your case is Nervous Debility, the weakness arising from it disappears; if it is Obstruction in the Urinary Organs and has developed into the Kidney and Bladder affections, the injured organs are restored. If it is Blood Poison, all skin, blood and bone diseases caused by the taint are eliminated from the system. Hence, all resulting ills and reflex complications, which are often more serious than the original ailment that gives rise to them, disappear completely and forever with the cure of the main malady. Our specialties are Nervous Decline, Skin and Blood Diseases, all Urinary Complications and all Special Diseases and Weaknesses of men, due to inheritance, exhaustion or the results of Specific Diseases.

DOCTORS FOR MEN

We are living in an age of specialism, an age when success can only be attained by the concentration of every thought upon the unswerving pursuit of a single object. We are precisely such specialists. This accounts for the difference between success and failure in the treatment and cure of diseases of men. The physician who tries to explore and conquer the whole field of medicine and surgery becomes proficient in no particular branch. We have confined ourselves entirely to a single class of diseases and the complications that ensue and mastered them. We do not scatter our faculties, but concentrate them on one particular specialty. We have made a life study of diseases and weaknesses peculiar to men, spending thousands of dollars in researches involving a special system of treatment that is a quick, safe and certain cure for skin, nervous, blood and private diseases.

If you are drifting into a sea of sickness and disease toward the rocks and shoals of chronic invalidism, you should consult with the eminent specialists, the STATE MEDICAL INSTITUTE at once, before it is too late.

WE CURE SAFELY AND THOROUGHLY.

Stricture, Varicocele, Emissions, Nervo-Sexual Debility, Impotency, Blood Poison (Syphilis), Rectal, Kidney and Urinary Diseases.

and all diseases and weaknesses of men due to inheritance, evil habits, self-abuse, excesses or the result of specific or private diseases.

FREE CONSULTATION AND EXAMINATION. Office hours: 8 a. m. to 8. p. m. Sundays, 10 to 1 only.
