INSURANCE QUEST WAITS

Four Members of Committee Decide to Wait for Naming of Fifth Man.

STATE PRINTER BEHIND IN HIS WORK

Humane Society Puts the Ban on Fox Hunt Which It Was Proposed to Have Near Fort Des Moines.

(From a Staff Correspondent.)
DES MOINES, April 13.—(Special.)—The four members of the Insurance Investigation commission, Senator Jamison and Representatives Kendall, Clary and Jones met in the office of Auditor Carroll today and decided to return to their homes till another senator is appointed on the commission by Governor Herritt in place of Senator Dunham, whose resignation was made public yesterday. It is taken for granted that Governor Herritt will make another appointment as soon as possible but it was the decision of the four members that it would be better not to organize for the investigation till the other member is appointed. James Wilson, private secretary to Governor Herritt during the session of the legislature, left today for Stuart to consult with Governor Herritt concerning the appointment.

Croford Case Continued.

A stipulation in the case of the State against Dr. J. W. Croford of Decatur county was filed with the clerk of the supreme court today continuing the case to the September term of the supreme court. Croford has twice been convicted of murder, the supreme court reversing it on the first appeal. It is now before the supreme court on the second appeal and will be orally argued at the September term. Croford was convicted of murder through criminal practice as a physician.

State Printer Behind.

The journals of the house and senate will not be printed and bound in permanent form for about three months and the Official Register, which is issued annually, will not be published for some weeks yet because of the state printer being still much behind in his work.

Grant Club Banquet.

The annual banquet of the Grant club on Grant's birthday will this year be given on April 23 instead of April 27. There will be three speakers this year—Judge E. B. Sherman of the United States district court of Chicago, Prof. Edwin E. Sparks of the Chicago university and Colonel Charles D. Clarke of Cedar Rapids. The club has a large membership of republicans over the state and the annual banquet is made of considerable importance.

Fox Hunt Declared Off.

A fox hunt proposed by the members of the Des Moines Board of Park Commissioners will never take place, according to Mrs. Elizabeth Jones, secretary of the Iowa Humane society. The board has two foxes it does not want, as they are objectionable animals for the park and hard to keep. They proposed giving them as a treat to the army post for a fox hunt in which the society people of this city and the officers and their wives of the army post were to participate. Mrs. Jones has notified the park board that "the fox hunt will not take place." Those who know Mrs. Jones believe the fox hunt will not take place.

Girl Chooses Mother.

Ida Brammer of Lincoln, Neb., a 3-year-old girl, chose her mother in preference to her father in police court in this city today, and this was the reward of the father after his three months' search for his wife and daughter. George Brammer is superintendent of one of the parks in Lincoln. He came to this city in search of his family and found them last night at 3 o'clock. Brammer filed charges against his wife and Robert Riggs, an East Side barber of this city. The 3-year-old daughter was given the opportunity to go with the father, but preferred the

mother. The parents were divorced some time ago and Brammer tried to get the sheriff to execute an order from the district court at Lincoln giving him the child. The sheriff refused to recognize the order and this afternoon Mrs. Martha Brammer was married to Robert M. Riggs.

After Saverly Hotel.

Charles McHugh of Rock Island, owner of hotels in Davenport, Rock Island and Peoria, is in the city negotiating for the controlling interest in the Saverly hotel of this city.

Depend on Technicality.

Tomorrow before Judge Thompson at Marion, Edward A. Dawson of Waverly will make an effort to get a writ of habeas corpus for Louis Buss, who is sentenced to be hanged April 23. The writ is asked on the ground that at the impaneling of the grand jury which brought in the indictment one member of the jury was ordered not to serve, and it is asserted that the other member chosen in his place was not legally selected. There will be an appeal taken to the supreme court if the writ is not granted and an effort will thus be made to save Buss. The supreme court had submitted to it this same matter when it passed on the case before. The supreme court was divided in its opinion.

May Mean Split in Church.

Since the greater number of the members of the National Holiness association are members of the Methodist church, it is asserted by persons familiar with the movement, that the founding of a new university at Oskaloosa, the contract for the erection of which was let here yesterday, will mean a split in the denomination and the formation of a new denomination around the university.

Farmer Injured by Train.

MINDEN, Ia., April 13.—(Special.)—Two nights ago, while driving from town to his home southeast of town, G. Parker met with a serious accident. His way lay over the Great Western tracks. Atlantic Wants Interurban.

ATLANTIC, Ia., April 13.—(Special.)—Atlantic feels much encouraged over the prospect of securing an interurban railroad since the visit of W. D. Olney, field agent for the recently organized Iowa Gas and Electric company, who was in the city yesterday. He came here in the interest of his company to confer with the business men as to the advisability of running the line into Atlantic, and received substantial support from all with whom he talked regarding the matter. He was also soliciting subscriptions to the stock of the company. The people of Elkhorn and Atlantic took hold of the proposition with eagerness and it is probable that the line will run through this place.

GRAFT IN COAL AND STEEL

Pennsylvania Railway Officials Hold Stock in Pittsburg Corporations.

THEY DRAW DIVIDENDS AT INTERVALS

President Hicks of Several Companies Says He Pays Them as Much as He Thinks Proper.

BALTIMORE, Md., April 13.—The Interstate Commerce commission met in this city today to continue its investigation into the alleged community of interests between interstate commerce carriers and the coal and oil business of the country, authorized by congress under the Tillman-Gillespie joint resolution.

Among the witnesses today was Superintendent of Transportation Arthur Hale of the Baltimore & Ohio. Mr. Hale admitted that coal is taken out of the mines by a company owned by the Baltimore & Ohio, transported over a railroad owned by the Baltimore & Ohio and distributed to retailers by companies in which the Baltimore & Ohio is interested, either by direct ownership or indirect stock ownership or other control. The witness said he owned fifty shares of the Consolidation Coal company's stock and 30 shares in the Fairmount Coal company, all of which he bought in the open market.

Captain Alfred Hicks of Pittsburg, president of the Allegheny Steel company and of the Interstate Steel company, and also president or treasurer of several coal companies, testified that Vice-president George L. Potter of the Baltimore & Ohio railroad company formerly held 30 shares in the Belmont Coal company, but sold it two months ago to the witness.

The witness said that General Manager W. W. Atterbury and Vice-president Thayer, Robert Pittsalm and second Vice-president Joseph Wood of the Pennsylvania railroad were other officials who had held stock in one or more of these companies. Captain Hicks testified that he had paid dividends to these gentlemen at intervals—as much as he thought proper. "We didn't have a very thorough system of bookkeeping," he said.

"Did these people pay anything for their stock?" asked Mr. Glasgow, of counsel for the commission.

"Some of them," said Captain Hicks. "Some of the stock in these companies, it was stated, was held in the names of the wives and daughters of the men mentioned. The inquiry will be resumed tomorrow.

CODIFYING FEDERAL LAWS

First Step is Taken Toward Criminal Code for the United States.

WASHINGTON, April 13.—The first step toward providing the federal government a complete code of criminal law independent of and separate from that of the individual states, has just been recommended in a bill favorably reported from the house committee on revision of the laws. The bill contains 40 sections. Besides bringing together all statutes and parts of statutes relating to the same subject, obsolete enactments are omitted, such alterations are made as are necessary to reconcile contradictory statutes and supply omissions, amend imperfections in the general text and such new legislation proposed as is considered necessary and advisable.

Daughters of Rebelkahn Convention.

WOODBINE, Ia., April 13.—(Special.)—At the convention of the Daughters of Rebelkahn of District No. 35, held here, the following officers for the coming year were chosen: President, Alice C. Lindsay; Logan; vice president, Mrs. Orvatt, Missouri Valley; secretary, Maud Bassett, Little Sioux; treasurer, Mrs. Ralph, Little Sioux. Next year the annual convention will be held at Logan.

NOURISH

the body, don't dose it with medicine. Scott's Emulsion is the best nourishment in existence. It is more than a food; you may doubt it, but it digests perfectly easy and at the same time gets the digestive functions in a condition so that ordinary food can be easily digested. Try it if you are run down and your food doesn't nourish you.
