Loyal Mystie Legion in Court. The Loyal Mystic Legion of America has appealed to the supreme court to have set aside the decision of the Hall county district court, which found for the plaintiff in a suit brought against the lodge. Emma A. Richardson, as beneficiary under the sands of cattle, into a compact agricultural policy held by Charles G. Richardson, deceased, of Hastings, brought suit for \$1,000. The company defended on the grounds that Richardson was a resident of Colerado and not of Hall county, that he had not paid his dues to the lodge and that he was never initiated and therefore was never a member. The plaintiff contended because the lodge said he was behind in his dues that it acknowledged he was a member. They claimed also that Richardson was a charter member of the order and was living in Hastings at the time the lodge was organized.

## Prospecting for Oil and Cost.

TECUMSEH, Neb., April 15-(Special.)-It begins to look as though there would be ome prospecting for oil, gas, coal and other mineral wealth in this section. Messrs. J. N. and W. M. Maupin of nearly a unit in favor of the scheme and Boulder, Colo., who have been soliciting gave their hearty support to the governleases on land here, announce they have ment. 4.500 acres up to this time. They are backed by Lincoln, Neb., capitalists, who demand 10,000 acres within five miles of the city limits. They agree to go to a depth of 4,000 feet if necessary to make the required overshadowing importance to the future Petrunkevich.

investigations. No expense is attached to the property owners, and in case of a find they are to receive as royalty 10 per cent of the output of the plant. Messrs. Maupin are experienced in the oil and mining bus!ness and declare their belief that there is something worth going after here. They received word from Lincoln last night that the first shipment of machinery for work there had been received. Parties from Rulo are negotiating with the Mauping to get them to go to that point from here on a prospecting tour.

## Peach Crop Probably Safe.

TABLE ROCK, Neb., April 15.-(Special.) The statement heretofore promulgated regarding the destruction of the peach eron in this locality will have to be modified somewhat, as on examination it is shown there are enough fruit buds alive to warrapt the prediction that there will be a fair crop of peaches if nothing happens from this time on. The late backward weather makes everything late.

#### Folk Says Lynching is Murder.

JEFFERSON CITY, Mo., April 15.- (Special Telegram.)-As a result of the lynching of three negroes at Springfield. Mo. last night and the threatened race war at that place today, Governor Folk has ordered six companies of the national guard to that city to preserve order and protect life and property.

Tonight Governor Folk gave out the folowing statement concerning the matter:

Lynching is nurder, cowardly murder. It is murder regardless of the guilt or inno-sence of the accused. Every person charged with a crime is entitled to be tried by the law, not by a mob. The Springfield affair was fiendish and revolting. The extreme ensity administered to some income by

law, not by a note. The Springness analy was fiendish and revolting. The extreme penalty administered to some lynchers by law would have a salutary effect. Assistant Attorney General Gentry has been in-ntructed to go to Springfield and ald the prosecuting attorney in investigating this diagraceful occurrence to the end that proper punishment may be meted out to those who took a hand in the crime. I shall offer a reward of \$00, the limit allowed by law, for information given to the prosecuting attorney leading to the arrest and con-viction of any person engaged in this das-tardly offense, not against the wretches mobbed, but against the state of Missouri. The sheriff and prosecuting informed me this afternoon that the city is in imminent danger of mob violence and that they are helpiess to control the state troops to preserve peace and protect the lives and property of chizaen there.
