## BENSON IN THE FIRST WARD

Lincoln Hall.

REITERATES STAND FOR GOOD GOVERNMENT

Republican Candidate for Mayor Plainly Tells His Heavers His Position in the Present Campulgu.

The First Ward Republican club was the guardian host at a rousing meeting held fueeday evening at Lincoln hall, corner Sixth and Pierce streets. The hall was completely filled with enthusiastic repub-

The first speaker was Nelson C. Pratt, who after a short review of republican principles and their essential application to municipal affairs, spoke of the magnificent ticket submitted for the republicans Omaha this year and the duty of all good citizens to rally to its support.

"It is to your interest as citizens having a regard for the welfare of the city," he said, "to give the republican ticket your loyal support. It stands for all that is good, business like and for the very best interests of Omaha. Its election will mean an abolition of crime and an assurance that we are not to be left to the mercy of robbers, highwaymen and thieves, either on the streets when on our way to our homes or at our homes. With the election of Mr. Benson Omaha will rise high in the estimation of all its people and the country in general that is watching this municipal campaign with singular interest. I believe that Mr. Benson and the entire republican ticket will be elected, but we must not take any chances, but every good itizen must turn out and do his duty and urge his neighbor to do so."

Benson's Words to Voters.

E. A. Benson, republican candidate for mayor, was the next speaker. He said;

Friends and fellow citizens of the First ward. I am glad to be here tonight, I come here to talk not to you, but with you, and should any of you wish to ask me questions I will try and answer them and will not be disturbed by such interruption. If I make statements other than the truth I want you to correct me. I will not intentionally make a misstatement, and would not have the office for which I am now a candidate if I had to make misstatements to obtain it. All of my interests are in Omaha and have been for the last twenty years, and will be for the future. I expect to live and die in Omaha. I would wish to see beautiful Omaha still more beautiful. I believe in the cultivation of civic pride and that we should all stand up for Omaha. Civic pride is as valuable an asset for a city as patriotism is for a nation. Our city elections are more directly important to us than national elections. The municipality is nearest to us. We are deeply interested in the collection of municipal taxes as well as in their judicious disbursement.

I have said that all my interests are here in Omaha, and you have a right to know why I am seeking the office of mayor. If you do not think that I am the right man, and that I have no interest in the city, then do not vote for me. I am not seeking the office for the salary connected with it, for, as a matter of fact, in administering this office for three years, should I be elected, from a money standpoint it will be a sacrifice to me. I would like to see Omaha made the most beautiful city of the country; adorned with numerous small parks for the recreation of the poorer people who have not the means to take eutiles. A. Henson, republican candidate for mayor, was the next speaker. He said;

Stands for Good Government. I stand on every line of the platform i announced during the primary campaign. I stand for a clean, moral city. I am glad of the part that I took in the Juvenile court onvement, and only regret that we had not done so long ago. The best investment of humanity, and the municipality, is to save the boy and girl. We expend annually \$250,000 in the prosecution, apprehension and punishment of crime. If we would put \$25,000 in small parks and playerounds for children sanually, in ten years we would have no criminals. If my record as a citizen is such that you think it would be to your interest to vote for me, I would be to your interest to vote for me, I would be pleased to have you do so. I am unsi-terably opposed to graft in all its forms, direct or indirect. I am opposed to ac-cepting courtesies from corporations, and to help boost any man for office in the city or general government for that in-dividual's personal gain. I am opposed to the use of the people's money for any other use than for dividual's personal gain. I am opposed to the use of the people's money for any other use than for the good of the whole people. Any other use of it is criminal. I have been reliably informed within the last day or two that the sole object of the enemy, the democrate, in this election is, if successful to build up a great political machine, and to turn that machine in the control of the contro nto the direct purpose of electing a demo-ratic senator and legislature. Every of cratic senator and legislature. Every effort of the democrats in this campaign is to that end. Are you, therefore, in favor of putting the city government of Omalia into the nands of such a machine for the elevation and giorification of any one man? (Cries of "No.") Compare the two tickets, and see which of them stand for the best interests of Omalia, and which of then carry the names of men that have been interested in the upbuilding of the city and are still actively identified with its interests, and then on May I cast your vote accordingly.

Other Candidates Speak.

The other speakers were Sam K. Green leaf, candidate for city clerk; W. Ernes Johnson candidate for comptroller; John H. Butler, candidate for building inspector; George Hurst, LeRoy Lucas, D. A. N. Chase, Frank Crawford, John A. Scott, C Anderson, George S. Cott and John C. Peterson, candidates for the city council, and W. H. Christie, the old republican wheel horse of the Fifth ward.

The councilmanic and other candidates again gave the He to the story of the socalled Fontanelle club pledge which a morning paper alleges that all of the candidates on the republican ticket were re-

Announcements of the Theaters. The closing performances of the engage

ent of "The Little Gray Lady" will be given at the Boyd theater this afternoon and evening. This pleasant little comedy has been much enjoyed by the Omahans who have visited the theater during its stay, and in sure to be popular with the large houses present today.

Bobby Barry is leading the hosts in "Litle Johnny Jones," the George M. Cohan play of fun and music that is coming to the Boyd for its first visit to Omaha next week, starting with Sunday evening. Mr. Barry is one of the bright and sprightly youngsters who are forcing their way to the very front on the American stage. In the role of the American jockey he is an immense hit. Adele Rafter, who has the role of a San Francisco "lady" reporter, is also making an immense hit. BENSON NAILS MORE FAKES

Repudiates Democratic Roorback that He Han Deserted His Platform.

STANDS SOUARELY WHERE HE FIRST STOOD

Republican Nomince for Mayor is Kept Busy Denving Absurd Stories Circulated for Campaign Purposes.

Among the charges against Benson that have had their birth in the democratic hotair nursery is one to the effect that the republican mayoralty candidate is privately recanting what he said about standing for the enforcement of the Slocumb law, inluding Sunday closing of saloons. This statement is denounced as a falsehood by Mr. Benson in unmeasured terms. Says he

"I stand on every plank and line of my platform before the primary. It was my platform then and it is now. I am just as much in favor of every part of it today as I was when I made it public at Creighton hall. I am not going back on the Sunday closing section or any other part of it-So far as Sunday closing is concerned 1 be lieve it is beyond the control of the chief executive under the Slocumb law; that is to say, if any determined effort is made or it no mayor can block the way. But am not promising lummunity to anyone, nd anything you hear of that character ou can put down as a lie. Even though 1 wanted to, I have too much self-respect to go back on my declarations of principles. would much prefer to lose the office than o sacrifice my self-respect. I can afford to lose the former, but I can't afford to

Just to show that it could forget primary lifferences and line up with the party, the Equal Rights club at a meeting of the central body Monday night endorsed the repubcan municipal ticken from top to bottom. It was done in a manner to be practically inanimous. Mayoralty Candidate Benson Chairman Jefferis and W. Ernest Johnson, candidate for comptroller, made short taiks before the business session was held.

With one or two exceptions the appointive officers and employes of the city hall are working for the election of Benson and the republican ticket. The street department, the health department, the elevator men and ianitors, and in fact all the forces that control any number of votes at the city hall are out for the republican ticket and out for it hard. During the last few days dozens of votes have been changed by influences from the city hall, and the work

A well known Omaha banker was discussing the local campaign the other day

"I just had a call from a banking man from up in the cow country where Jim death of the great Swedish poet and Dahlman used to punch steers., After we were through talking business we talked Michael Sopich, South Omaha, a little politics. He remarked that he had heard that Dahlman was a candidate chorus. The present concert tour is the for mayor and asked if it were true. I fifth in the history of the organization, told him it was and he seemed a good bit Last year concerts were given in Illinois, surprised. Well, it's just a joke isn't it? he inquired. He said that up his way everybody thought Jim Dahlman's campaign was just a big joke and that was all there was to it. They could not conceive him in the role of mayor of Omaha."

Injuries.

John Crane, aged about 55 years, lies at St. Joseph's hospital in a critical condition from injuries which he received in a fall over a wheelbarrow at the gas works, where he is employed, at 10:30 o'clock Tuesday night. Crane was engaged in wheeling coal when he fell. The accident would have resulted in no serious latur; were it not for a growth in the natur of a large tumor in his side, upon which the full force of the fall was received.

The police were notified and Police Sur geon Wills had the man taken to the hos pital in the city ambulance. An operation was plainly necessary, but the doctors feared to undertake the work until the infured man should improve. If he lives until daylight an attempt will probably be made to use the knife.

anxiety to gain wealth are given as an explanation by physicians of the conditions which exist to-day.

Doctors have established the fact that the nerve forces which control the stomach and the heart, are affected by the ach and the heart, are affected by the burry of men in the daily scramble to bolt their food, in order to quickly resume their exciting careers. Many young men ow succumb to heart disease, where 30 years ago, a case was rare when a person under 30 years of age died from this mandy. Women are also victims. This is at-

Women are also victims. This is attributed to the manner in which they worry over social engagements, also to over-work. Worry and excitement, together with many nerve shocks which come to all in their daily life, of bustle and hustle, are the principal causes which snap the heartstrings. We Americans, both men and women, are living too fast. We work too hard and worry too much. How can the strain be best contracted and the damage done be quickest repaired? Only by humor-ing and assisting the stomach to act in a more healthy manner. Thus will the blood be enriched, the nerves invigorated and the action of an enfeebled heart strengthened and regulated. Dr. Pierce's Golden Medical Discovery contains just the right ingredients to do this, as will the right ingredients to do this, as will be seen from what eminent medical authorities say of the different ingredients composing it. To make the weakened stomach strong that it may properly digest the food and thus manufacture rich, red blood. prominent ingredient of the "Golden Medical Discovery" is pre-eminently the article needed. The late Prof. John M. Scudder, M. D., of Cincinnati, author of "Specific Medication," says of it:

"It stimulates the digestive processes, and increases the assimilation of food. By these means the blood is enriched,

" " The consequent improvement on the nervous and glandular systems on the nervous and glandular systems are natural results." He further says:
"In relation to its general effects on the system, there is no medicine in use about which there is such general unanimity of opinion. It is universally regarded as the tonic useful in all debilitated states."

says of Golden Seal root: "As a local remedy Hydrastis (Golden Seal) has a remarkable effect upon the mucous membranes. Used in gastro-intestinal (stomach-bowel) catarrhs. "In its influence upon the nervous system this agent (Golden Seal), has atimulating properties, affecting respira-tion and circulation, importing tone and ion and circulation, importing fone and increased power to the heart's action."

Then besides Golden Seal, which according to the best medical authorities, stands at the head of all stomach and heart tonics and invigorators, there is Stone root (Collinsonia Canadensis), which

enters largely into the composition of Golden Medical Discovery," and it is an enters largery into a content to the series and it is an acknowledged stomach and heart tonic-specially superior to all other remedies in valvular and other affections of the beart. The late Prof. Wm. Paine, M. D. of Phila., says in his work on Concentrated Medicines:

"I, not long since, had a patient who was so much oppressed with a valvular disease of the heart that his friends were obliged to carry him up-stairs. He, however, gradually recovered under the infinence of Collinsonin (the active medical content and some only Stamps to pay expense of mailing only. It is a trite saying that no man is It is a trite saying that no man is stronger than his stomach. Dr. Pierce's Golden Medical Discovery strengthens the stomach—puts it in shape to make pure, rich blood—helps the liver and kidneys to expel the poisons from the body and thus cures both liver and kidney troubles. If you take this natural blood purifier and tonic, you will assim your system in manufacturing each day a pint of rich, red blood, that is invigorating to the brain and nerves. The weak, nervous, run-down, debilitated condition which so many people suffes from, is usually the effect of poisons in the blood; it is often indicated by pimples or boils appearing on the skin, the face becomes thin and the feelings "blue."
