### Straight from the Shoulder

SINCERE—"Same in reality as in appearance; frigned; genuine; frank; honest; true."
Webster's definition of the word "sincere" is equally applicable to SINCERITY CLOTHES.

Truth often Aurts; -- but truth more often

It is our intention to give you facts about clothes-making-Straight from the Shoulder. Cloth can't be stamped out by machinery as metal is; because cloth is variable in texture. Different Operators get different results with the same cloth; -so every garment ught to receive Individual treatment

Defects are bound to occur in the process of making, and the finished garments from the tailors' hands are often found very im-

Now with about 80 per cent, of clothesmakers, the Hot Flat-Iron comes into play at this stage. It is the ready Curre All of the clothing

With the Flat-Iron, a slack seam is shrunken up or a tightness stretched out;-This answers the purpose for the time being, but these defects are only marked by this

It is the cheapest way to "doctor" gar-ments; but it does not remove Faults permanently For, after the garment is worn on a damp

day, the Flat-Iron "faking" witte out, just like the work of the Curling-Iron. That accounts for the multitude of shoulders that become humpy and sloping,--Collars that set away from the neck or bind too tightly-

-Lapels that set away from the collar --Sleeves that twist, and pinch up under the arms -

-Coat fronts that wrinkle crosswise under the arms from slack neams.

SINCERITY CLOTHES are not"doped" by the Hot Flat-Iron. Nothing but the Shears and Honest, Hand Needle-Work will permanently restore the imperfections of the garment due to mistakes in the making;and that is the way we make SINCERITY CLOTHES;—by careful, hand revision.

But Needle-Work is the most costly thing

in clothes-making, next to expert designing -And, that is why "Old Dr. Goose,"-The Flat-Iron-is called in by so many clothes makers, to administer his quack remedy.

One good test of a Sincerely made Coat

Lay it out on a table, as shown in the picture, and you will see that the outer edge and turn-over time will lie perfectly straight. If the Flat-Iron has given shape to the Collar, you will find these lines curved and wary.
In making SINCERITY CLOTHES by Hand-Revision, there is no need of Flat-Iron "faking," and—you will find that a SIN-CERITY Suit or Overcoat requires little or no pressing during its life, beautiful this "Sincerity" in tailoring.

Now if this Shape Retention and Style Insurance seems worth investigation or worth having in your clothes, Mr. Reader; it is also worth asking for. It's up to you. The label of the SINCERITY Clothes Makers, reads as follows

"SINCERITY CLOTHES" MADE AND GUARANTEED BY

### ACREAGE PROPERTY MOVES

Farm Land Adjacent to Omaha Changes Hands at Good Prices.

WILL BE CUT UP INTO TOWN LOTS Forty-Acre Truct North of Krug Park is Sold for Three

Hundred Dollars an

Another boost was given surburban acre age property Thursday morning, when Hastings & Heyden and Carvin Bros. closed. a deal with W. W. Morsman for the forty-acre tract north of Krug's park. At the east side, along the road, the property is separated from the park by a five-acre piece, but in the rear it joins the park. The price paid was \$12,000, or \$300 an acre. It is considered very cheap in comparison with the Brown forty, a short distance east, which is farther from the car line, is not on the county road, as the Morsman tract is, and is partly low ground. The Brown tract is said to have brought \$14,000. Hastings & Heyden and Garvin Bros. will cut the property into acre and haifacre lots and ordinary city lots, and

place it on the market this spring. name of the purchaser of Henry Rieck forty, a half mile north of the park, has not been announced. understood to be a local real ostate firm, which will place the land on the market in small pieces this spring. This, of course, is not so valuathe Hastings & Heyden purchase, being further away from the car line, but the price mentioned, \$10,000, is a good one.

The real estate fraternity at large has no information yet as to the identity of the huyer of the Brown tract. One of the realty men recently wrote Mrs. Brown, at Philadelphia, asking about the property, and he received an answer saying it had been sold.

The last two weeks has seen some ively sales of acreage property, as the demand is increasing, and the desirable pieces at a reasonable distance from the city are getting scarce. Another section which is feeling the activity is the vicinity of Elmwood park, which is recognized as a delightful location for country homes, though it is far from the end of the car line.

Highest Price Paid. It was in the park neighborhood that Harry L. Busch paid David Reed \$11,000 something over twenty-two acres the highest price paid for land at that distance from the city since 1887, when the Elkhorn paid \$500 an acre for about 120 acres west of the park. A short time ago Lewis Reed sold twenty acres in that vicinity to George Payne at \$400 an acre.

Peter Jessen, jr., representing the Dodge syndicate, has sold to Harry Marowitz the house and lot at the southeast corner of Twenty-fourth and Dodge streets, which was bought about a month ago by the syndicate from the Northwestern Mutual Life Insurance company for \$7,500. The consideration in the recent transaction is not given out, but the property has again been placed on the market at a \$10,000 figure. It is reported on good suthority that the Northwestern he at the northeast corner of Sixteenth and Webster streets, has been sold. Thomas Bren nan is agent for the property.

The Byron Reed company has sold to Mr. Billings a lot at Thirty-third and Harney streets, immediately west of the new exchange of the Nebraska company. \$1,750 for the lot and will build on it a \$4,500 residence.

SLABAUGH'S SPEECH TARGET

County Attorney's Address to Clark Jury Alleged Grounds for New Trial.

The use of alleged improper language by County Attorney Slabaugh in his argument to the jury will be one of the grounds esented by Harrison Clark, who was con victed of the murder of Street Car Conductor Flury, why he should have a new An affidavit, signed by E. R. Leigh and Hugh Myers, was filed Thursday to support their contentions.

The affidavit states County Attorney Slabaugh said to the jury: "There are only two verdicts in this case, one death and the other acquittal. A life sentence

Success of Lydia E. Pinkham's Vegetable Compound Rests Upon the Fact that it Really Does Make Sick Women Well.

Thousands upon thousands of American women have been restored to health by Lydia E. Pinkham's Vegetable Compound. Their letters are on file in Mrs. Pinkham's office, and prove this statement to be a fact and not a mere

Overshadowing indeed is the success of this great medicine, and compared with it all other medicines and treatment for women are experiments.

Why has Lydia E. Pinkham's Vege-

table Compound accomplished such widespread results for good?

Why has it lived and thrived and done its glorious work for a quarter of

Simply and surely because of its sterling worth. The reason no other medicine has even approached its success is plainly and positively because there is no other medicine in the world so

good for women's ills, The wonderful power of Lydia E. Pinkham's Vegetable Compound over the diseases of womankind is not because it is a stimulant—not because it is a palliative, but simply because it is the most wonderful tonic and reconstructor ever discovered to act directly upon the female system, positively curine disease and displacements and

restoring health and vigor. Marvelous cures are reported from all parts of the country by women who have been cured, trained nurses who have witnessed cures and physicians who have recognized the virtue in Lydis E. Pinkham's Vegetable Compound, and are fair enough to give credit where it is due. If physicians dared to be frank and open, hundreds of them would acknowledge that they constantly prescribe Lydia E. Pink-ham's Vegetable Compound in severe cases of female ills, as they know by

experience that it will effect a cure. Women who are troubled with painful or irregular periods, backache, bloating (or fiatulence), weakness, displacements, inflammation, ulceration, "bearing-down" feeling, dizaness, faintness, indigestion, nervous prostration or the blues, should take immediate action to ward off the seriequences, and be restored to health and strength by taking Lydia E. Pinkham's Vegetable Compound. Anyway write to Mrs. Pinkham, Lyan, Mass., for advice. 10's free and always

would mean only ten years in the peniter

The amdavit states Judge Slabaugh asked the jury if the defendant should receive the same sentence as a man who stole \$35 worth of junk. It is also alleged he erred when he asked the jury to bring in a verdict that would satisfy the community, knowing that the sentiment of the community favored Clark's conviction The motion will be argued Saturday bcfore Judge Sutton.
