Shall Citizens Own the City or Shall the Corporations Have Control, is the Question Before Voters.

E. A. Benson, A. W. Jeffers, John Scott, John Butler, William Kennedy, Joseph Scheidt, T. B. Dygart and "Uncle Bill" Christie crowded the list of speakers at republican headquarters last night.

Relationship of Salesman to Employer was the subject handled by Arthur C. Smith, and he was followed by Rev. T. J. Mackay, pastor of All Saints' church and a member of Post A.

James Winterstein of Fremont followed with "A Wandering Tale," C. W. Close with a discussion of the "Growth of the Travelers Protective Association," and G. M. Hitchcock with "The Boys of the Road in High Places."

A most noticeable feature of nearly all the speeches made during the evening was the eulogistic offerings laid at the feet of the many wives, mothers, sisters and sweethearts present.

MELODRAMA CALLS UP FOND PLAYS

Social Amenities of Select Set Rarely Jarred and the Demolition is Effected Before Squire Crawford.

A thrilling little melo-drama was enacted Friday morning before the people's bar.

The social calendar of 1323 Howard street showed that Johnson and Miss Russell were on each other's calling lists and that they had on numerous occasions eaten ice cream from the same spoon.

Miss Russell testified Johnson rushed at her husband and caused her summary ejection before she had even completed her evening toilet.

Johnson showed her a dagger dripping with a red fluid which afterward proved to be a scarlet dyeing liquid.

Johnson then gave a correct imitation of Johnson holding the dripping dagger and herself pleading for mercy and an open door.

CONTAGIOUS BLOOD POISON THE WORST DISEASE IN THE WORLD

Contagious Blood Poison is the worst disease in the world; not only those who contract it suffer, but the awful taint is often transmitted to innocent offspring whose lives are blighted and bodies diseased because the virus of Contagious Blood Poison has been allowed to remain in the family blood.

The first sign of this disease is usually a little pimple or blister, then a red rash breaks out, the mouth and throat ulcerate, the hair comes out, copper colored spots appear on the limbs, back and breast; and as the disease more thoroughly pollutes the blood, sores and ulcers form and if the trouble is not checked the finger nails drop off, and the soft bones of the nose and head are destroyed.

S. S. S. goes down into the blood and forces out every particle of the poison and makes a complete and lasting cure. As soon as the system gets under the influence of the remedy the symptoms begin to pass away, and when the cure is complete the patient is left in perfect health.

So thoroughly does S. S. S. rid the system of the virus that no signs of the disease are ever seen in after years, and posterity is born with a rich, pure blood supply.
