Our Prescription Department

Has many EXCLUSIVE FEATURES which commend it alike to the physician and layman. This department in our store is in a separate room—where prescriptions are sent on a dummy—and are at once placed in the hands of skilled Pharmacists whose ENTIRE TIME is devoted to compounding. A quality of service is thus furnished that would be impossible where the dispenser is annoyed with the details of the commercial side of the drug business. The limit of our stock of DRUGS. CHEMICALS and PHARMACEUTICALS is defined by the wants of this section in our line, making it almost an absolute certainty that any prescription or sick room requisite may surely be obtained in a moment of emergency. We are especially pleased to receive orders for rare drugs and chemicals, or any article in the drug line which has been found difficult to obtain at other drug stores.

Mail or telegraph orders given prompt attention.
