water now available. Hereafter and until the system has been entirely inspected and repaired there is to be but one water supply for each block throughout the city. This was considered necessary because of the wanton waste of water by many people and to conserve the present supply against a possible emergency.

The state militia has not been withdrawn, notwithstanding the requests from the mayor and citizens' executive committee of fifty. Governor Pardee has not yet met in conference with the executive committee, nor with the heads of the military and civil authorities at Fort Mason. He has sent word in explanation of his absence from these meetings that he has been advised to wait to reach the meetings. It is not known what he will do in the matter, but it may be said the citizens of San Francisco would experience a feeling of relief if they would retire.

Mistakes of Militia.

It appears that as a rule the members of the state militia have had a misapprehension of the conditions prevailing in San Francisco during the last week. They have acted as if martial law were in force and that it was their duty to regulate the affairs of the city according to their individual conception of that law. Since they have been confined to a limited district, however, and the matter explained to them, there has been less complaint from citizens. There is nothing but praise for the work of the army, the navy and the municipal police. They have acted with reason at all times. Marines are being used in a large section of the city for patrol duty, and have maintained the best of order without one instance of conflict with anybody. The direction of the municipal police under Mayor Schmitz and Chief Ditch has been excellent and many are the heroic actions that could be told of these men during the last week.

Schmitz's Remarkable Success.

Mayor Schmitz has worked day and night to alleviate the condition of the people and has directed affairs with remarkable success.

Perishable Food Not Wanted.

The food committee reported the all necessary provisions were on hand, and obtainable. They said that they were even overwhelmed with provisions. Perishable food is causing trouble. Mayor Schmitz drew up a telegram which was to be sent to the entire United States requesting all sources of relief to refrain from sending perishable food. Food supplies should be limited to staples.

The San Francisco Labor Council, on behalf of its 106 affiliated unions, has announced that wages will remain the same as before the strike.

The branch unit yesterday shipped out the first consignment to be sent from the money was transferred to Oakland for the use of the Oakland bankers and was protected by the troops. Further shipments were interrupted by the dynamiting going on in the neighborhood of the mint.

Money was received at the mint during the day from a variety of sources for safekeeping. Superintendent Leach said that he had received a call from the bankers of San Francisco also to know when funds would be at their disposal.

Between 3 a. m. Wednesday, April 18, and Sunday night the Southern Pacific ran 129 trains with over 900 cars to the main line and local and eastern points, carrying free refugees from San Francisco. During the same time 50 suburban trains were run from the Oakland pier with 480 cars, a total of 779 trains, with 1,380 cars. During the same period about fifty trains, with 500 cars, were run from points between Third and Townsend streets and Ocean View to the south.

Southern Pacific officials today stated that their estimate of the people who had left the city up to 10 o'clock this morning is 300,000. Of this number 50,000 or more have returned. Travel outwardbound has been steadily falling off in volume since yesterday and traffic across San Francisco was up to noon but little in excess of normal.

Including the donation of E. H. Harrison, the contribution of the Southern Pacific company to the suffering of San Francisco is figured by some prominent officials at nearly \$1,000,000. In accounting for the total figure that passenger traffic carried without charge represented \$500,000 and that the free hauling of freight will amount to about \$500,000.

Lincoln Man Repeats.

There is an ex-convict residing in Lincoln, Neb., who has had a matter of \$33.34 on his mind for over thirty-three years, and today he went a New York draft to the Treasury department to ease his conscience. This veteran enlisted during the period of the civil war when Uncle Sam was paying a bounty of \$100 for new recruits. The Lincoln man enlisted and served honorably, but through an error in bookkeeping he received \$33.33, or \$33.33 more than he was entitled to under the bounty provision. Today he returned this amount, minus interest, however, but the government is not willing to be paid for the money on an account almost forgotten that they took no notice of the lack of interest. The veteran in his letter explained that he had known all these years that he had been overpaid, but had refrained from making restitution because of the expense of attorney fees to be paid by the pension bureau in the matter of his claim for pension. Evidently he has finally been given a "square deal" by the pension office and therefore today swells the "conscience fund" by the amount above stated.

Change in Indian Land Laws.

The senate passed the house bill today affecting the status of the Indians who are applicants for fee simple titles to lands, with several amendments. The bill changes the existing law so that an Indian cannot become a citizen during a period of trust. The bill gives the secretary of the interior the power to accept a simple title of any Indian when he believes capable of managing his own affairs. The senate amendments, which were prepared by Congressman Burke of South Dakota, provide that when an Indian takes an allotment and there is some question as to heirs, the secretary of the interior is authorized to determine who the heirs are, sell the land, if he deems proper, to the heirs in fee simple, and give title to the purchaser. Under existing law administration must ensue and the title go to property until nearly so good as the plan was contemplated.

Killian Ordered to Coast.

Captain J. N. Killian, U. S. A., who has been stationed in Washington the past winter in the commissary department, has received hurry orders to repair to San Francisco and report to General Greeley. Captain Killian sailed for San Francisco last night on the Santa Cruz. He is expected to arrive in San Francisco through the Philippine campaign, and entered the regular establishment after the first Nebraska was mustered out.

An army training school is appointed to meet at noon time to this for the examination of such officers as may be ordered before it. The detail for the board is: Brigadier General Theodore J. Wint, Colonel John Van R. Hoff, assistant surgeon general, Lieutenant John C. Mullen, Major J. W. Johnson, surgeon, Major Charles R. Noyes, military secretary, First Lieutenant Edward Davis, Eleventh cavalry, aid-de-camp, recorder.

Minor Matters at Capital.

The application of George W. Perry, J. E. Coggin, Alf. Dieffenferer, C. W. Garbutt, Edward Gillette and Scott K. Knicker to organize the Sheridan National bank of Sheridan, Wyo., with \$500,000 has been approved by the comptroller of the currency.

Senator Burkett has been invited to deliver an address on Decoration day to the inmates of the United States Soldiers' home in this city. In this home are quartered only those soldiers who have served in the regular army. Mr. Burkett will probably accept the invitation.

Senator Burkett today introduced bills increasing the pension of S. H. Fortson, Nebraska City, and William B. Ashton to \$30 per month each.

Mrs. Catherine Goodwin of Lincoln has been granted a pension of \$5 to date from October, 1905.

Judge Kinkaid was today notified that a pension of \$5 had been granted to Elijah Bennett, Lexington, and Mrs. Jane B. Lawrence, Ewing.

Representative Pollard is advised that Mrs. Anna M. Bencard of Lincoln has been granted a pension of \$5 per month to date from November, 1905, also Caroline Jones, Pawnee City, granted a pension of \$12 from June 22, 1905, and accrued pension.

Senator Burkett today presented to the president Prof. F. W. Fairfield, acting president of the University, former president of languages at Tabor college, Iowa. Prof. Fairfield invited the president to deliver the graduating address in June.

SUMMER CAMP OF SOLDIERS

War Department Perfecting Plans for the Maneuvers at Fort Niobrara.

CONGRESS PROVIDING ENLARGED FUND

Nebraska Veteran Who Was Overpaid When He Entered the Army Returns the Amount to the Federal Treasury.

(From a Staff Correspondent.) WASHINGTON, April 25.—(Special Telegram.)—The War department is now engaged in formulating plans for the summer camp for maneuver and general instruction of troops, both regulars and militia, at Fort Niobrara during the months of July and August and during that time there will be mobilized there militia from contiguous states. The plan is to have adjacent posts. Adjutant General J. H. Custer of Nebraska in a recent letter to Senator Millard required \$2 to the amount of money which will be carried in the appropriation bill this year for the purpose of training the National guard of the country during the summer. It appears upon inquiry that the senate committee on military affairs, of which Senator Warren is chairman, has inserted in the bill a paragraph increasing the appropriation for the training of the National guard from \$1,000,000 to \$1,500,000 for the coming season. Further than this the committee has also added to the army bill an additional \$1,000,000 to be expended in maneuvers for the regular army encampments and in this the militia of the country will enjoy the benefits, together with the regulars.
