JIM SAVED THE TOWN PUMP

One of His Glorious Feats While He Was Mayor of Chadron.

FAMOUS COWBOY CANDIDATE A HUMMER

When the Town Pumps Were Out He Bonded the City and Made Arrangements for Water to Run Down Hill.

The democrats gave a three-angled performance last evening in Germania hall, which had been improvised for the occasion by a liberal posting of lithographs of "Jim," the famous cowboy candidate. James C. Dahlgren, former Congressman G. M. Hitchcock and John Grossman were the star performers, while the members of the Swedish Independent Political club were the auditors. A quartet, some funny stories and quips made the evening at least amusing if not altogether an argumentative treat.

SEVERAL OF CHADRON'S PUMPS.

Mr. Dahlgren arrived at the hall shortly after 9 o'clock, and as he had two other meetings to attend during the remainder of the evening, he was in a hurry. He began with a neat little saying by saying that when the Swedish people do anything they do it right and then made bold to assert that nearly all present will pull the democratic lever of the voting machines.

GOOD MEETING IN FIRST WARD

Many Voters Out to Listen to Republican Speakers.

A very large attendance greeted the republican meeting held at 23 Pierce street under the auspices of the First Ward republican club. The speakers were E. A. Benson, Ernest Johnson and Chairman Jeffers of the republican committee.

Many More Go East. The Northwestern took out 130 refugees on a special as soon as they arrived at the station, the remainder staying until the regular evening train on the Milwaukee.

Those who remained were well cared for in every way. Many needed medical attention, which was immediately provided. Some were short of clothing and these were cared for.

The nurses from the Visiting Nurses association were busy all afternoon looking after the wants of those in need.

Superintendent Lewis of the hotel department of the Union Pacific has placed a kitchen car on the switch tracks near the tents. This car contains large ranges, which will be utilized for making coffee and for heating water for use in the hospital tent.

MEDICINE-MAKING IN HOUSE

Debate on the Agricultural Bill Develops Much Campaign Material.

PRINCIPAL SPEECH IS BY HEPBURN

Iowa Member Predicts That Protection Will Be the Principal Issue—Boutelle, Rainey, Sulzer and Sims Talk.

WASHINGTON, April 26.—The agricultural appropriation bill again furnished the theme for discussion in the house today, although but few references were made to the subject matter of the bill.

Under the latitude of general debate the leaders on the republican side began "medicine making" for the approaching congressional congress, Mr. Hepburn (Ia.) predicting that tariff revision and protection would furnish the main issue of the campaign.

Mr. Boutelle (Ill.) referred to the "Watch trust" speech of Mr. Rainey (Ill.), while Mr. Sulzer (N. Y.) talked on the American merchant marine and Mr. Sims (Tenn.) on free rural delivery boxes.

It was a field day, the attendance on the floor being exceedingly large, while the galleries were crowded with interested listeners, who greatly enjoyed the wordy combats between the republicans and democrats.

The agricultural bill will continue the subject of general debate until tomorrow evening.

When Mr. Hepburn (Ia.) rose to address the house on the subject of protection to American industries, the floor and galleries were filled. Mr. Hepburn said he had no doubt that the next great political contest would be over the question of protection and he desired to show by platforms of the democratic party before and after the war that they are "absolute free traders."

Mr. Hepburn said that the democratic party has now a triple-headed leadership, "Bryan, Hearst and company."

"No, we have Roosevelt with us," yelled Mr. Galines (Tenn.) amid applause from the democratic side.

Mr. Hepburn closed with a tribute to the principles of protection, citing the "lean years" of free trade as against the "fat years" of the present tariff.

WISCONSIN SENATOR DISCUSSES LEGAL STATUS OF BALLE'S AMENDMENT

WASHINGTON, April 26.—In the senate today Mr. Spooner spoke for three hours on the railroad rate question and then gave notice that he would continue his remarks tomorrow. He addressed himself especially to Mr. Balle's amendment taking from the inferior federal courts the right to enjoin against the execution of the orders of the Interstate Commerce commission, contending that such an exercise of power would be the first step toward the destruction of the power of the judiciary and result in an undesirable blending of the co-ordinate branches of government.

He also discussed at length the distinction between "jurisdiction" and "judicial power." The address was technical and consisted largely of quotations from legal decisions.

The bill making an appropriation of \$30,000 for the employment of extra labor at the Mare Island (Cal.) navy yard was passed.

A bill increasing the privileges of Spokane, Wash., as a port of entry, was also passed.

Committee Approves Barnes. WASHINGTON, April 26.—The senate committee voted a favorable report today on Benjamin Barnes for postmaster at Washington. A motion to investigate protests against Mr. Barnes was defeated, the democrats voting for it and the republicans against it.

Sterling Silver—Fenner, 15th and Dodge.
