The Hospital

Thankful are They Who Escape The Surgeon's Knife

Thousands of surgical operations are performed every year in our great city hospitals upon women afflicted with serious female troubles. Sometimes the operations are successful—oftentimes they are not.

It is safe to say that certainly nine out of ten operations for female troubles might have been wholly avoided.

The most valuable tonic and re-builder of the female organism, the medicine with a record of thousands of cases literally snatched from the operating table, is

Lydia E. Pinkham's Vegetable Compound

Do not consent to an operation which may mean death until after you have given Lydia E. Pinkham's Vegetable Compound a fair trial. Note what it did for Mrs. Paul Oliver, whose letter follows:

DEAR MRS. PINKHAM:—I was suffering from pains in my side and a serious female trouble. The doctors said to get well I must have an operation performed, but I would not consent to that.

I heard of Lydia E. Pinkham's Vegetable Compound and sent for a bottle; the first dose did me good, and after taking the first bottle I could sleep all right and I did not have those pains in my abdomen which I had all the time before. Now I can ride ten miles in a carriage, my color has returned, and I am full of life. I owe all this to the Vegetable Compound.

It has also done wonders for my thirteen-year-old daughter. I will never cease to praise it and recommend it to my friends.

MRS. PAUL OLIVER, St. Martinsville, La.

Thousands of women, residing in every part of the United States, bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound. It cures female ills and creates radiant, buoyant female health. For your own sake try it.

BOTH ROADS BOW TO OMAHA

Milwaukee and Northwestern Concede Desired Rates to Sioux City.

SCHEDULES EFFECTIVE FIRST OF MAY

F. A. Nash and S. F. Miller, as Representatives of Respective Roads, Give Assurance to Omaha Commercial Club.

F. A. Nash, general western agent of the Milwaukee, and S. F. Miller, assistant general freight agent of the Northwestern, acting on behalf of the officials of their respective roads, have promised the Omaha Commercial club the reductions in rates it demanded, and have announced one change which is to take place at once. The communication was made to the club at a joint meeting of the transportation committee and the executive committee Thursday afternoon. Mr. Nash acted as spokesman for the two roads and when he had finished Mr. Miller endorsed all he had said.

Mr. Nash said the rates from Omaha to Sioux City would be reduced May 1 to the basis in effect prior to December 6, 1905, in accordance with the request of the club. He declared the rate had been advanced through inadvertence, and not with any intention of doing Omaha injury; that it was thought there was little business between Omaha and Sioux City and that as soon as the roads discovered there was considerable business they were ready to make amends.

Admits Rates Are Unfair.

That the rates from Omaha to South Dakota points are out of line was freely admitted by Mr. Nash, and he promised the two roads concerned would hasten to put Omaha on a parity with other competing points. He said the only circumstance which prevented an immediate reduction was the fact that an unsettled condition had been brought about in railroad rates in the northwest by the action of the Minnesota railroad commission in readjusting rates. He assured the club that as soon as the commission had finished with the Minnesota rates the readjustment for Omaha would be made.

The question of grain rates from South Dakota points to Omaha was regarded by Mr. Nash as the most important point to be considered. The reason that these rates are out of line, he said, is that up to two years ago there was no movement of grain from that section through Omaha, and the Omaha grain dealers were not ready to handle the business. Now that Omaha has become a grain market and the dealers want more grain, Omaha will be placed as soon as possible on an exact parity, as regards the South Dakota business, with other grain trading centers.

New Rates Soon as Possible.

The promise was made by Mr. Nash that the new basis of rates to South Dakota points would be made at the earliest date possible and would be submitted to the Commercial club. If the schedule presented should be considered unsatisfactory to the club, he said, the railroads stood ready to consider a basis which the club thought fair.

The meeting was attended by the full membership of the executive and transportation committees, except those who were sick or were out of the city. The club received its first real assurance that something is about to be done to relieve the rate situation for Omaha, and now that a new rate between Omaha and Sioux City is scheduled to make its appearance May 1 the club members have faith that the other changes will be forthcoming in due time.

OAKLAND, Neb., April 26.—(Special.)—The ninth annual convention of the Northeast Nebraska Bankers' association was held in the Methodist church of this city Wednesday and was the most enthusiastic meeting yet held. About 100 bankers were in attendance. Omaha was represented by G. W. Wattles and Luther Drake.

The association opened with prayer by Rev. C. P. Lang of the Methodist church, which was followed by the address of welcome by V. Neumann, president of the Farmers and Merchants bank of Oakland. This was ably responded to by E. A. Wiltse of Pender. The address of the president, A. L. Cull, was next in order, which was followed by the reading of minutes and the reports of the treasurer, committees and trustees.

"Titles and Abstracts of Title" was ably handled by Charles H. Kelsey of Neligh. Judge M. R. Hopewell of Tekamah spoke on "The Man Outside the Counter." "Competition Among Banks" was the subject of a paper by E. H. Gerhart of Newman Grove. A miscellaneous discussion of postal savings banks and other topics proved most interesting.

The following officers were elected for the ensuing year: President, —— Burnam of Norfolk; secretary, G. D. Butterfield of Norfolk. It was decided to hold the next convention at Norfolk.

At 8 p. m. an elaborate banquet was held in the opera house, with George B. Butterfield as toastmaster.

Pickrell to Be Dry.

BEATRICE, Neb., April 26.—(Special Telegram.)—The Board of Supervisors, in session today, decided the remonstrance cases against the issuance of a saloon license to William Brehm and a druggists' permit to G. Smith at Pickrell in favor of the remonstrators. While no evidence was taken it appeared to the board that many of the residents of that place opposed the sale of liquor there, and it was not long in deciding the case. Smith has been in the drug business at Pickrell for six years and he has had no trouble in securing a permit heretofore. For the present the town will be "dry."

TESTIMONY IN GRAIN CASES

Attorney General Brown Puts Number of Dealers on the Stand.

PAYMENT FOR RELOADING GRAIN CARS

Secretary of Lumber Dealers' Association Makes Statement Concerning Action Brought by Attorney General Brown.

(From a Staff Correspondent.)

LINCOLN, April 26.—(Special.)—The taking of the testimony in the case wherein Attorney General Brown is seeking to secure a perpetual injunction against certain grain dealers to prevent them from combining to control the prices to be paid for Nebraska grain was begun in the supreme court rooms this morning before Referee Pemberton of Beatrice. By the heads of a number of prominent grain firms the attorney general, who is assisted by former Chief Justice Sullivan, showed that the terminal elevator owners were paid by the railroads 1¼ cents a hundred for loading grain to be shipped east of the Mississippi river. At the conclusion of the hearing this afternoon Mr. Brown desired to stipulate that all defendants who did not own terminal elevators were not paid this money for reloading and while the lawyers present were willing to make the stipulation, it was not made because many of the defendants were not represented by counsel.

During the discussion of the stipulation the statement was made by Ed P. Smith and President Updike of the Updike Grain company that any person could get this reloading or transfer fee if the grain was delivered to the Great Western at Omaha. This road, the attorney said, owned an elevator and allowed the grain to be regraded in it and then allowed the dealer the 1¼ cents for reloading it.

Attorney General Brown will contend that the sum paid for the transfer of grain or the reloading of it, is in the nature of a rebate and not being paid to dealers who do not own terminal elevators, the latter has a certain advantage.

The witnesses examined were E. P. Peck and President Updike of the Updike Grain company of Omaha; C. G. Crittenton of Lincoln and Frank Fowler of Fremont. The attorneys present for the defendants were F. M. Hall of Lincoln, M. L. Learned and Ed. P. Smith of Omaha and Attorney Courtright of Fremont. Attorney General Brown, J. J. Sullivan and Deputy Attorney General Thompson are looking after the interests of the state.

Some months ago the legal department of the state secured a temporary restraining order to prevent the grain dealers from combining. To the petition filed the grain men demurred. The demurrer was overruled and a referee appointed to take evidence and report to the supreme court. Only a short session was held today and tomorrow morning at 9 o'clock the second session will begin with other prominent grain men as witnesses.

Witnesses All Agree.

The testimony of each witness was practically the same. Mr. Updike, whose company owns terminal elevators at South Omaha, Lincoln and Missouri Valley, Ia., said his company had never received any rebates from any railroad company. If he had a car shipped to his terminal elevator and it was unloaded and then reloaded he was paid 1¼ cents a hundred for reloading. This charge he said was arbitrary and he did not know the cost of the work done. Statements of the cars loaded were sent to the railroad companies and the bill was paid. There was no agreement that such a charge should be paid, but it was merely a custom, he said.

The rate from Hastings to Omaha, he said, was 16 cents a hundred, and from Omaha to Chicago was 12 cents, but if the car was shipped clear through it would cost 28 cents. The witness explained that some of the dealers in Chicago sent out bids to the small shippers or individuals just the same as were sent to the terminal owners, but if the grain was not transferred at Omaha the individual shipper would get the 1¼ cents for reloading, or, in other words, would get ⅝ of a cent more for their wheat. If the wheat was transferred at Omaha the terminal company would get this fee for reloading. The fee was either paid at Omaha or at Chicago, he said, and was only paid once.

Capital City Briefs.

J. F. O'Hara and Lillian O'Hara, under arrest at Omaha and wanted in Chicago for grand larceny, will be taken to the big city. Governor Mickey today honored a requisition for their return to Illinois.

Governor Mickey tonight will deliver a speech before the Knife and Fork club of Kansas City and will return to Lincoln tomorrow. He went to Kansas City this morning.

The taking of testimony in the Union Pacific tax injunction case will begin again next Monday. At that time the attorney general expects to put Secretary of State Galusha and Land Commissioner Eaton on the stand. They were not here when the other members of the board testified last week.

Statement by Grain Men.

Secretary Critchfield today gave out the following statement regarding the petition filed yesterday by Attorney General Brown asking for an injunction to restrain certain lumber dealers from combining to control the price of lumber:

Several weeks ago I showed Attorney General Brown the constitution and by-laws of the Nebraska Lumber Men's association and offered to let him read every scratch of correspondence in the office, including letters to and from the dealers in the state. He read the constitution, but declined to read the correspondence. I told him our aims and asked him if we were a trust. I told him that if our association was doing anything contrary to law I wanted to get out of it. He declined to answer. Said he wanted more time to think it over.

Just two things in the petition we will admit, and all the rest will be denied absolutely. We reserve the right to receive and disseminate information regarding the trade and we have been sending out bulletins giving the names of the dealers, including those who are members of the association and those who are not. While we claim the right to notify our members of any sales of lumber direct to the consumer by the wholesalers, we have not exercised the right. Mr. Brown will search in vain for a single instance where we have exercised this right.

Mr. Critchfield said that he had offered to have all of the officers of the association come to Lincoln next Tuesday so that the papers can be served on them at the same time.
