

Another Deep Cut of Prices IN LADIES' SPRING TAILORED Suits, Jackets and Skirts For Saturday, April 28

In order to clean out all spring merchandise and make room for our magnificent showing of Wash and Silk Suits for summer. Other stores can afford to wait for their price on Suits and carry them over, as they have the floor space, but we cannot, as being an exclusive establishment, the public expects of us a clean stock each and every season, and furthermore, we have only limited space to show our merchandise and we need room in order to place on display all the latest creations in summer wearing apparel.

- WE MERELY MENTION A FEW OF THE BARBAINS HERE BELOW: THREE OR FOUR \$75.00 SUITS—25.00 for. A FEW \$50.00 SUITS—19.98 for. A FEW \$45.00 SUITS—(Coral) 17.98 for. A FEW \$35.00 SUITS—(Coral) 14.98 for. A FEW \$15.00 SUITS—4.98 for. NOVELTY BOX COATS—\$15.00—4.98 now. COVERT JACKETS—\$15.00 and \$20.00—9.98 now. STATE RESTS GRAIN CASE

One Witness Hears Friday Morning and Prosecution Announces Bid. DEFENDANTS REQUEST FURTHER TIME. Matters May Be Submitted to the Referee on Testimony of Witnesses Introduced by the State.

(From a Staff Correspondent.) LINCOLN, April 27.—(Special Telegram.)—After J. W. Holmquist had testified in the grain case this morning Attorney General Brown for the state rested. Counsel for the defendants had time to consult and decide whether to introduce any evidence, and this was granted. Should the defendants decide not to introduce evidence the case will be argued on the evidence in this hearing has been devoted to the question of rebates, while there is still before the court considerable evidence to substantiate the attorney general's allegation of a conspiracy.

Mr. Holmquist testified that he had not received any money for loading grain onto cars, but he understood a terminal charge was paid in Chicago. "I have terminal elevators," he said, "and if I get any fee for loading cars or if I am paid a higher price for grain because of an elevator fee, I have been unconscious of the fact."

The attorney general started out to establish that favored shippers received a rebate in the nature of a charge for loading cars, and that other shippers did not receive this fee. A number of his witnesses this morning who do not own terminal elevators testified they received no fee for loading cars even though they owned elevators at towns where there is competition in transportation. The evidence was along the same lines as introduced yesterday.

James S. Ewart of Lincoln testified that his company owned seventeen elevators along the line of the Burlington and that the road did not allow him a cent for loading the grain to cars. He showed he paid the published tariff rates. At Endicott, he said, the Burlington was in competition with the St. Joseph & Grand Island.

E. N. Mitchell of Lincoln, an officer in the Jones Grain company, said his company owned no terminal elevators and received no fee for loading cars for shipment. Crowell Gets the Loading Fee. C. C. Crowell of Omaha testified he received 14 cents for loading cars from his terminals. He said this charge of 14 cents was not paid at Omaha but at Chicago or wherever the grain is loaded. He was positive that no one got any advantage because of this transfer charge.

"Well," interrupted Referee Pemberton, "if no one gets any advantage why don't the railroads cut out the charge altogether?" "Well the railroads would then rearrange their tariff rates and would charge higher rates."

"What effect would it have on the state if this charge was cut out," interrupted one of the attorneys for the defendants. "It would wipe out the terminals and materially injure Nebraska, as the surroundings states get the transfer fee."

"But the fact is," interrupted Attorney General Brown, "the other states don't get this transfer fee."

"The railroads pay this fee to the farmers get the benefit of it," said Crowell. "Well suppose the farmer loads a car of grain with his own elevator, as the surrounding states get the transfer fee."

"Yes sir," answered Crowell. "The railroads pay for handling the grain." "Do you know of any railroad that pays the shipper to load a car?" asked Judge Sullivan. "Well suppose the farmer loads a car of grain with his own elevator, as the surrounding states get the transfer fee."

Woman Injured in Runaway. WAYNE, Neb., April 27.—(Special Telegram.)—Mrs. D. Meyer, who resides four miles south of here, met with a serious accident while on her way to Wayne. Just south of the city, in crossing a bridge over the Logan creek, the team became frightened at iron and steel material near by for a new bridge to be erected, and, turning around, suddenly ran away, throwing Mrs. Meyer from the buggy with the result that she sustained a fracture of the right arm and a severe cut in the face. Her feet caught in the lines and she was dragged some distance. Dr. Blair and Wightman were at once summoned. It is thought she will recover.

Heavy Rain at Geneva. GENEVA, Neb., April 27.—(Special Telegram.)—The heaviest rain of the season fell this afternoon, two inches in less than thirty minutes. Some hail fell but did little damage. Fruit trees are in full bloom and may have been injured.

Mickey Talks at Kansas City. Governor Mickey returned this morning from Kansas City, where he addressed the Knife and Fork club last night. The governor spoke on the "Demands of the Hour." He was met at the station by a committee from the club and taken to the Coates house, where a luncheon was given, at which covers were laid for twenty. Mayor Bardsley was among those present. The governor reported a delightful trip and a cordial reception.

Train Goes Through Open Switch. BEATRICE, Neb., April 27.—(Special Telegram.)—Burlington freight No. 66, east-bound, ran into an open switch in the west end of the yards at Wynora last night, wrecking seven cars loaded with grain which stood on the sidetrack, and reducing the switch engine to scrap iron. The train was running about twenty miles an hour when the accident occurred and the engine

Oratorical Contest at Bellevue.

BELEVUE, Neb., April 27.—(Special.)—Last evening at 8 o'clock, in the First Presbyterian church, occurred the declamation contest between the freshmen and sophomore classes of oratory. There were eight chosen contestants. Mr. Hamblin, '06, took first place with Henry's "Liberty." Miss Tolles carried off second honors for the sophomores. Unusually interest was taken in the contest and class spirit was high. The freshmen are exultant over their victory, while the sophomores take their defeat gracefully.

Beatrice Refugees Arrive. BEATRICE, Neb., April 27.—(Special Telegram.)—Guy Liddcott and Mr. and Mrs. Leslie Mumford, refugees of the San Francisco disaster, reached home tonight from Omaha, at which place they arrived from the coast today. They lost everything they possessed in the great fire and were glad to escape with their lives. They have many thrilling stories to tell concerning the awful destruction wrought by the earthquake and fire.

University Musicians Please. CENTRAL CITY, Neb., April 27.—(Special Telegram.)—The University Glee and Mandolin clubs have come and gone, but in the short time they were here they gave the best entertainment Central City has ever had the pleasure of listening to. Despite the heavy rain a 200 house assembled to hear the Cornhuskers and there were none but went away with the satisfaction that they had never got so much for their money before.

Bliven Not Killed. DAKOTA CITY, Neb., April 27.—(Special.)—The report circulated that A. H. Bliven, wife and two daughters had met their death in the San Francisco earthquake was conducted by the Bliven's daughter, Mrs. S. A. Bridesbaugh, receiving word that they were safe and well.

The ceremony at the church the marriage was celebrated at the bride's home with a sumptuous dinner and a general good time.

SUN STROKE Does Not Come if One's Nervous System is Well Fed. I must tell you how food changed my condition. "Seventeen years ago I had a sun stroke and was confined to bed for 18 months. I was in bad condition to resist the shock at the time, as my nervous system had been poisoned from chronic constipation. My nerves were shattered by the stroke, kidney troubles followed, and my stomach became weak so that everything I ate, particularly anything containing starch, seemed to turn at once to gas in my stomach, causing palpitation of the heart and sinking spells from pressure on that organ. My head was packed in rubber ice-bags constantly for five months to reduce the temperature which sometimes ran as high as 104. The doctors frankly told my people that they could do nothing for me, to be prepared for my death at any moment.

"While in this condition, helpless and hopeless, a friend one day called my attention to an advertisement of Grape-Nuts food, which he had found in a magazine, and advised me to try it. I did so, and the effect was salutary from the beginning. I found that I could digest Grape-Nuts and cream without distress, and my improvement of the very first week I use it, was so encouraging that I presented, steadily growing better, till at last I was entirely recovered—nerves, heart, stomach, all resumed their normal tone, the poison symptoms entirely disappeared, and I gained 25 lbs. This was more than 6 years ago. I was soon enabled to take up my regular duties. I need not say that I continue to eat Grape-Nuts food, and that it is an important part of each meal to all of us. It has made of my eleven year old son, who before was a nervous sickly child, as rosy, robust and healthy a boy as you would care to see, and has relieved my other children from stomach and bowel troubles, from which they formerly suffered." \$100 Reward in Gold To any person that can substantiate that we do not make, ourselves, every Go-Cart that we sell or offer for sale at our store. This is to compel the truth from some of the big department stores, that have fastened their trade about us, in their claims that we purchase from eastern factories the carts we sell cheap. It is a mean way they take to beat us out of sales that are legitimately ours. They cannot compete with us any other way. We do not sell meat, nor coal, nor hardware, nor wet goods, nor groceries, dry goods, etc., etc. We sell but the one line—Baby Carriages and Reed Furniture—and every article that we sell we make ourselves. We are entitled to the trade on these goods for these specific reasons: First—We sell Go-Carts and every other article at from 30 per cent to 50 per cent cheaper than can be sold or offered to the people. We do no jobbing business. Our skilled workmen are all Omaha people and live in Omaha. Second—Every article offered for sale is better made and of better material than is offered elsewhere. Third—We guarantee every article we sell, repairing or furnishing anew any broken or disordered part that may occur within a year of the purchase of the article. Fourth—We are the only factory making these goods in the west—and the only factory in America which sells its entire output directly to the people. We do no jobbing business. Our skilled workmen are all Omaha people and live in Omaha. Does this not entitle us to Omaha trade? If you want to see the latest, the greatest variety and the best and cheapest in Go-Cart or other Reed or Furniture, visit us at our store. THE OMAHA REED AND RATTAN WORKS, 1512 Howard St.

BARTON JURY DISAGREES

Mistrial in Case of Man Accused of Perjury in Chamberlain Case.

TECUMSEH, Neb., April 27.—(Special Telegram.)—After being out since Wednesday afternoon, at 3:30 the jury in the case of the State of Nebraska against W. B. Barton, on perjury charge in the district court here, returned at noon today without a verdict and was dismissed by Judge J. B. Haper. Pay Money, but Get No Jobs. FREMONT, Neb., April 27.—(Special.)—Twelve colored men who claimed to have been victimized by the Union Pacific Railroad and Employment agency of Omaha, applied for lodging at the police station last night. They had cards showing that they had been hired by the agency to come to Fremont to work on a paving contract. Foreman Jackson, who is looking after the Fifth street paving, refused to take them as he already had all the men he wanted. The cards called for wages of \$2 per day, while Contractor Ford is paying common labor only \$1.75. The men stated they paid the agency \$1 each and were also out their car fare to Fremont. They started out to rustle up other jobs and several succeeded. Contractor Ford has had all the men needed and his foreman emphatically denies that he authorized the agency to send him men.
