Neither seemed to have trained for the contest and they simply slugged wildly without any show of science or judgment. The membership books were open until 7 p. m. ## A PHYSICIAN'S NOBLEST EFFORTS

To restore a man to health, strength and vigor and give him his rightful place among his fellow men is worthy of the noblest efforts of a physician's life, and every good physician works carneetly to this end. We offer you this aid, this help, this assurance of restoration, and if you will come to us we will spare you the penalties associated with private diseases and weak-messes of men. We will help you to escape from the slavery that is holding you captive and impeding your progress, both commercially and socially. Do not be deluded with the idea that diseases and weaknesses of men, will correct themselves they never do.

The fact that the trouble now exists makes it nec-essary that there should be no apathy, no delay, no deferring matters until later on. Sexual diseases, or affections resulting therefrom, should not be tampered with, owing to the natural tendency of every disease to insidiously progress and tenaciously fasten itself upon the system if, proper treatment is not secured to bring about a prompt cure. We cure safely and thoroughly:

Stricture, Varicocele, Emissions, Nervo-Sexual Debility, Impotency, Blood Poison (Syphilis), Rectal,
