Sam Snyder, the Broadway pawnbroker, yesterday proved himself to be an excellent markeman with a revolver. He was out on his 300-acre farm in Lewis township, just west of Lake Manawa, when he espied a she wolf bolting from a hole in the bluff. He drew his revolver and took a flying shot at the wolf, hitting her in the shoul-

Reports of active retail and jobbing trade, of immensa in fact unprecedented buildb's operations and really excellent crops, iunish a sharp contrast to the weakness of nish a sharp contrast to the weakness of the country's central market for securities. This latter reflects liquidation due to past excesses by a comparatively small number of operators, not apparently, as in some past years, generally shared in by the public at large. Continued favorable weather has allowed good progress in planting, the germination of crops, the enlargement of country retail trade, improved re-orders for summer goods and the placing with confidence of a volume of fall orders fully equal to a year ago. Collections also have measurably improved. Eastern money for legitimate business needs is likewise fire shadowed. Railway earnings are large, legitimate pushess needs is likewise the shadowed.
