LION BRAND CLOTHING

Cincinnati, Ohio, Sold to Us the Remainder of Their Spring Stock

All wearers of good clothes have heard of The Lion Brand. Silberberg products are displayed in the foremost retail stores in all sections of this country. It is the house that has elevated the making of Men's Clothing to the place of high art. Only imported weaves enter their work rooms, and among them only the choicest novelties that cross the ocean. Silberberg cutters are the highest priced men in their profession. Experts on style pass upon the work at each stage of manufacturing process. The outcome of all this is lines of clothing which rank with the best products of merchant tailors of renown.

Styles for young fellows, the dressy ones who insist upon something nobby in all latest weaves and novelties; styles for the more sedate middle-aged, where the thought is to get clothes that fit perfectly, make one feel comfortable, and still proclaim the true dressed man.
