WINT TO COMMAND THE CAMP

Ordered by War Department to Take Charge During the Summer.

TROOPS WILL ASSEMBLE AT FORT RILEY

Camp is Provisionally Arranged, Depending on Appropriation by Congress for Its Ultimate Consummation.

Brigadier General T. J. Wint, commanding the Department of the Missouri, has been designated by the War department to command the camp of instruction and concentration to be established at Fort Riley. Kap., during the summer months, providing the necessary appropriation for the camp is made by congress. It is at present intended that the camp, which will be known as Camp Riley, will be established about July 15. The purpose of the camp is for field and camp instruction and a very large military force will be assembled there during the summer, coming from all parts of the department, with possibly a number of National Guard regiments from the various states included in the Department of the Missouri.

Department of Missouri Roster.

The new roster of the Department of the Missouri has just been published by department headquarters. The roster shows the following troops now stationed in the de-

Army Recruiting Service.

But ien recruits were optained at the United States army recruiting depot during the month of April. This is the smallest number of recruits secured in any single month for some years. Ten recruits have already been enlisted during the first five days of May, and the outlook is for a big number of enlistments from now on. This sudden spurt of candidates for service in Uncle Sam's army is attributed to the recent calamity in San Francisco, that has thrown a large number of young men out of rebuilding stricken San Francisco, withof employment, and in their drifting back east, and failing to find expected employ- the generosity of the people. ment have decided to take up the army life character of enlistments thus far during seem to fill all the physical, moral and other requirements demanded of enlistments under the present rigid recruiting

GASOLINE STARTS THE FIRE Explosion Results in Destruction of

Trio of Small Condemned Cottages.

The explosion of a gasoline, stove in the basement of 517 North Fourteenth street Saturday morning caused a fire which wrought destruction to the cottages numbered 515 and 517 North Fourteenth street and damaged most of the household goods. The house at 517 was occupied by Peter Giangrossy and four barbers employed by him at 508 North Sixteenth street. The barbers lived, in the lower part of the house and had three gasoline stoves, one of which exploded in some manner which could not be explained. No one was in the house at the time the fire broke out. The other cottage was occupied by the families of Francis Black and John Carter, colored. The total loss on buildings and furniture was estimated at \$000. In addition to that Mr. Giangrossy had \$175 in eoin and currency and his wife \$200 worth of jewelry which went down with the ruins of the house.

The explosion of the gasoline in the closed basement was heard a block away and was of such force as to blow out some of the windows and shake the chim ney down. The horse of Thomas Falconer. assistant building inspector, who was passing at the time, became frightened and nearly ran away. Before the fire department arrived the houses were enveloped in flames and neighbors beginning to move
