Imported dress Swisses, embroidered dots in three sizes, special for Monday, at, yard..... **15c**

BIG PAVING CAMPAIGN ON

Work for Summer Will Exceed Any Past Omaha Record.

FARNAM STREET THE MOST EXTENSIVE JOB

Asphalt from Thirteenth to Eighteenth on the Main Downtown Thoroughfare with Many Little Outside Stretches.

The year 1906 promises to be a heavy one for paving and it is likely that the \$50,000 paving intersection bonds voted at the last election will be used up in the improvements. In order that no time may be lost it is proposed to issue and sell the bonds as soon as the legal requirements can be completed with. Until the money is on hand contracts cannot be let.

The job to be done this year of greatest general interest is the resurfacing of Farnam street from Thirteenth to Eighteenth with asphalt, which is to replace the cumbersome stone blocks that have long made the wide street of Omaha hard to drive or walk over. It requires a petition of two-thirds of the front-foot owners to sanction the improvement, but this was obtained last year and nothing now remains to be done but to create the district and award the contract. Red tape will probably keep the work back until well along in the summer. Owing to the width of the street the yardage will amount to 1,213 yards. The old stone blocks will be taken up and probably sold or kept by the city for repair work.

Contractors Already Busy.

Contractors are at work finishing up the asphalt paving jobs, on nearly as many streets, left undone from last year. Hugh Murphy has completed the brick paving on California street from Twenty-first to twenty-sixth—the first new paving of the year, and has started work on a similar contract on Nineteenth street from Leavenworth to St. Mary's avenue. Contractor Fanning will begin on the brick paving on Jackson street, from Ninth to Tenth Monday and that on Harney from Eighth to Ninth will follow soon.

The Street Railway company is rebuilding its tracks on South Tenth street, between Lincoln avenue and Castellar, preparatory to the new asphalt, which is to be put down by Hugh Murphy. The Barber company has been curbing on Thirtieth street from Leavenworth to Jackson and its paving gang will start business next week, among the early jobs being those on Twenty-seventh street from Farnam to Dodge and on Davenport from Fortieth to Forty-third. The Commercial Land company has finished several curbing contracts and is now working on Maple street from Twentieth to Twenty-fourth. E. D. Van Court is putting in curbing on Miami street from Twenty-second to Twenty-fourth and on Twentieth from Ohio to Lake.

Easier Start Than Ever.

This activity shows that paving has been given an earlier start in Omaha than ever before. Besides the left over job eleven petitions have gone through the legal mill at the city hall, been found sufficient and are about ready to have contracts let under them. Petitions for at least seven other jobs have been signed up or are in circulation and much more of the same class of improvements is contemplated.

The left over jobs which the engineering department is having done without loss of time are as follows: Jackson, Ninth to Tenth, brick; Eighteenth, Spencer to Emmenton, brick; Dewey avenue, Thirty-eighth north to Dodge, asphalt; Nineteenth, Leavenworth to St. Mary's avenue, brick; California, Twenty-third to Twenty-sixth, brick; Davenport, Fortieth to Forty-third, asphalt; Davenport, Central boulevard to Thirty-first, asphalt; Twenty-seventh, Farnam to Dodge, asphalt; Maple, Twentieth north to Twenty-fourth, asphalt; Miami, Twenty-second to Twenty-fourth, brick; Tenth, Lincoln avenue to Castellar, asphalt; California, Twenty-sixth to Central boulevard, brick; Thirtieth, Leavenworth to Jackson, asphalt; Twentieth, Lake to Ohio, macadam; Harney, Eighth to Ninth, brick; Woolworth avenue, Twenty-sixth to Twenty-ninth, asphalt; Thirty-fifth avenue, Howard to Jackson, asphalt; Intersection, Eighteenth and Lake streets.

New Paving in Prospect.

Petitions for the following jobs have been completed and advertised: Farnam, Thirteenth to Eighteenth; Dodge, Twentieth to Twenty-sixth; Howard, Twenty-seventh to Twenty-eighth; Fifteenth, William to Lincoln avenue; Eighteenth, Harney to St. Mary's avenue; Nineteenth, Harney to St. Mary's avenue; Davenport, Twenty-fifth to Twenty-sixth.

Petitions for the following have been inspected, found all right, but have not been advertised: Twenty-fourth, Leavenworth to Vinton; Thirty-eighth, Dodge to Burt; Harney, Twentieth to Twenty-fourth.

The park board will macadamize Leavenworth street, from Fortieth to Fifty-third streets, or to Elmwood park, but the city will build the curbing by contract as far west as Forty-eighth street.

For the following pieces of paving petitions have been signed or are in circulation: Twenty-seventh street, Leavenworth to Hickory; Twenty-eighth, Woolworth avenue to Shriley; Hickory, Twenty-sixth to Twenty-eighth; Hamilton, Twenty-fifth to Fortieth; Thirty-fifth avenue, Jackson to Leavenworth; Forty-first avenue, Hamilton to Seward; California, Central boulevard to Thirty-sixth.

STATE MAKES GOOD RECORD

Only Loses Two Important Cases During a Long Term.

CROWE AND WARREN THE LUCKY MEN

County Attorney Sinsbaugh Reviews Work of February Sitting of Court, Which Has Been a Busy One.

With the adjournment of the February term of the district court Saturday afternoon one of the busiest terms held in years was finished. At the beginning of the term the dockets, especially the criminal docket, were full. Judge Sinsbaugh insisted on prompt and speedy trials in the criminal department and the result is most of the important cases have been finished.

In only two important cases did the state fail to secure a conviction. The first of these was the Pat Crowe robbery case, which resulted in a verdict of acquittal after a long trial. The other was the case against Joe Warren, charged with being implicated in the murder of Nels Lausten. Warren was acquitted after the jury had been out over eighteen hours.

The death penalty was awarded by the jury in the case of Jay O'Hearn, charged with the murder of Nels Lausten, and Harrison Clark, charged with murdering Street Car Conductor Flury. Leo Angus, an accomplice of O'Hearn's, pleaded guilty and received a life sentence.

The murder cases against Leslie Allen, William Barter and Jay Doyle were also tried, resulting in sentence of ten to twenty years. Frank Noonan was found guilty of manslaughter and has not been sentenced yet.

In addition to these cases six or eight holdup cases from South Omaha were decided, verdicts of guilty being returned in nearly all instances, the sentences running from five to fifteen years. The usual trial of smaller cases were turned out during the term.

An unusual number of cases were disposed of in the other branches of the court, with the result the docket for the May term, which will open Monday, contains 100 less cases than the February docket did.

BREEN ON STRAIGHT VOTING

City Attorney Would Abolish Present System and Make New Arrangement.

City Attorney Breen, after carefully computing how the stars happened to fall out of the firmament and defeat him for re-election, has come to the conclusion that the voting machines, as now operated, are not quite right. He believes the party lever should be done away with altogether and it made necessary for the voter to pull down small projections over each candidate for whom he wishes to vote. To discourage a simple running of the finger along a straight ticket the attorney would have the candidates of various parties distributed in checkerboard fashion—that is, with layers of republicans sandwiched in between layers of democrats and socialists, and vice versa.

"Had this been the arrangement every man on the republican ticket, with the exception of two, would have won at the recent election," said Mr. Breen, with a sigh. "In Wisconsin the use of the party lever is prohibited and the elector must cast his ballot for the individual men he prefers. This scheme I heartily commend and I believe it should be adopted here and incorporated into our laws. It would be carrying out the contention for the 'reading ballot,' now so strongly insisted upon by reform element in New York and other states."

Following which Mr. Breen started to lay out a plan for cleaning up his desk.

MANDERSON AND THE MACHINE

General Nearly Loses His Vote, but Finally Makes It Go All Right.

General Manderison came very near losing his vote at the city election Tuesday, according to the story that comes out of the polling place in his precinct. The general, despite weakness from a long illness, came out determined to do his full duty as a citizen. He thought he was fully informed as to the working of the voting machines, used for the second time locally, but events proved he was not or else had an attack of stage fright. He pulled the republican lever all right, but instead of throwing back the curtain and registering lever he parted the curtains and crawled out that way. One of the judges informed him he had not cast his ballot and the general was prepared to argue the case until it was demonstrated he was wrong. Then he laughed and thanked the judge, who admitted that the next man hardly could vote without someone pulling the lever back and count that of a general—straight republican.

EXODUS HEADS FOR EXCELSIOR

Democratic Councillors Will Follow Dahman Into the Quietude of His Rest.

Local politicians became aware Saturday that Excelsior Springs, Mo., would be a very popular place on Sunday for those Omahans who are supposed to carry considerable weight with the new state administration, and others, who have favor to beseech. The indications were that a dozen or more well known democrats would put in the day with the mayor-elect on business which was not to be shouted from the housetops. Among those who were counted on to make the pilgrimage were Councilman Dave O'Brien, Lee Herdman, Frank Johnson, Frank Ransom and Lee Spratlan of the Burlington.

Stoppers.

Dangerous Coughs, Colds, Sore Throats are quickly cured by Dr. King's New Discovery. 50c and \$1.00; guaranteed. Sold by Sherman & McConnell Drug company.

Malta-Vita

"The Perfect Food"

Little children like Malta-Vita but that isn't the best reason for letting them have it. Malta-Vita provides them with all the nourishment their young bodies need, and in such a form that they digest it easily. This perfect malted whole-wheat food is the ideal food for children. It makes them healthy and robust.

There is nothing else so delicious, so satisfying as a bowlful of Malta-Vita with milk or cream. It's good for the children whenever they are hungry. Always ready to eat. No cooking. No inconvenience. All grocers. Now 10 cents.

REPORT ON THE RELIEF WORK

Committee Holds Session at Mayor's Office and Straightens Up Its Business.

The San Francisco relief committee at a meeting held in the mayor's office Saturday morning ascertained that it had a balance of about \$4,500 on hand. Of this amount \$2,500 was ordered sent at once to the San Francisco authorities through James D. Pheban, head of the citizens' committee in the burned municipality. The committee will meet again soon to consider the raising of more money.

Superintendent Morris submitted a detailed report covering the assistance rendered refugees passing through Omaha on their way eastward. The report specially commended the Union Pacific and other railroads, the Omaha Tent and Awning company, stage employer's local union, physicians, Visiting Nurses' association, the women of the city, the police department and the press, for the support given in the work. Names of individuals were not mentioned. The report showed that 4,071 refugees were fed, 280 treated in the hospital, 6,139 garments distributed and transportation obtained for 1,041. Owing to the openheartedness of Omaha corporations,

Even an expert cannot distinguish by its appearance roasted Java from Brazilian coffee. Then how can you know that you get your money's worth when you buy loose grocery-store coffee on looks and the price mark? You don't know, and the grocer does not know, for "cup" quality is not visible to the eye, and he cannot show it to you. Refuse loose scoop coffee! You may be sure that all coffee deteriorates when exposed to the air, and is easily contaminated by dust and impurities.

You will find it to your advantage to buy from us direct if your grocer refuses to supply Arbuckle's Ariosa Coffee.

For your protection, to positively insure you full weight, purity and the best coffee value for your money, Arbuckle's Ariosa Coffee is sold in sealed one pound packages only. As the largest coffee dealers in the world, with a business exceeding any four other coffee dealers, we can and do give better coffee than can be bought elsewhere for anything like the same price—in proof of which the sales of Ariosa for 37 years are greater than the combined sales of all other packaged coffee in the United States. Whenever you may be getting the full advantage of our enormous facilities. By the original "mother's" process patented by this firm the pores of the coffee bean are hermetically sealed, after roasting, with a coating of fresh eggs and sugar, which preserves intact the delicious flavor and aroma due to our skilled blending and roasting—not to be compared with crude, hermetically sealed, after roasting, with primitive methods on a smaller scale. We drink Arbuckle's Ariosa ourselves every day with the best coffee of the world to choose from.

If your grocer refuses to sell you Arbuckle's Ariosa Coffee send us express or postal money-order for \$1.50, and we will send 1 lb. of Ariosa in a wood box, transportation paid to your freight station. The price of coffee fluctuates—we cannot guarantee the price for any period. We will ship in the original packages with signature of Arbuckle Bros., to 1 lb.—1 signature—which entitle you to presents. New book with colored pictures of 97 presents free. You can write first for the book and see the pictures of the useful and beautiful presents before you order the coffee.

What is the use of paying 25 to 35 cents a pound for coffee that may not be as good as Arbuckle's Ariosa!

Address our nearest office, Box Dept. ARBUCKLE BROTHERS, 17 Water Street, New York City, 120 Michigan Avenue, Chicago, Ill., 1111 Broadway and Wood Street, Pittsburgh, Pa. 3 411 South Seventh Street, St. Louis, Mo.

IF YOUR GROCER REFUSES TO SELL ARBUCKLE'S ARIOSA COFFEE WE WILL SEND YOU 10 LBS DIRECT
