Under this demand the market became firm. Later in the session, however, a considerable amount of profit-taking in the May option, coupled with the fact that the total airrivais today were 234,000 bu., against 198,000 bu. for the corresponding day one year ago, casseed a weak tone in the market. The volume of trading was small, the forthcomins government report on Thursday being assigned as the chief cause of the duliness. The market closed easy with prices near the lowest point of the day. The following table shows the receipts of cattle, hogs and sheep at South Omaha for the year to date, compared with last year: 1908, 1955, Inc. (attle 334,331 28,811 47,529 Hogs 5,656 8,515 47,529 Hogs 656,670 88,855 58,515 RANGE OF PRICES.

SHEEP-Today's trade in sheep might be described as a good, steady market and fairly active. Desirable kinds of both sheep and lambs were in good demand and the offerings of such as a rule changed hands early in the morning. There were, however, a number of leads decidedly on the common order which were a little hard to sell, buyers apparently having little use for anything lacking in quality. There were very few wooled lambs in sight, the best being good enough to bring \$1.00, but good shorn lambs sold up to \$6.25. Wooled wethers and yearlings were also very scarce, but good clipped stuff brought \$5.50 \$25.00. From the sales below it will be noted that a considerable proportion of the receipts consisted of shorn stock, probably as much as half of the total arrivals, it will also be noted that there was very little in the way of right choice or finished killers, either shorn or wooled.

Quotations, Good to choice western lambs, \$1.00@7.35; fair to good lambs, \$5.00@7.35; fair to good to choice yearlings, \$5.75@5.00; good to choice yearlings, \$5.75@5.00; good to choice yearlings, \$5.75@5.00; good to choice wethers, \$6.00@7.35; fair to good ewes, \$5.00@5.75; cuil sheep and buens, \$1.00@0.00.

Shorn sheep and lambs are bringing prices generally 75c@\$1.25; iess than wooled stock.
