Frank Riker and Robert Wallace said for the meeting in Neola. they would raise \$19,000 if the committee would raise the balance. From their renarks it was inferred they had strong opes of securing that sum, or at least \$5,000, from one certain party

The committee of five to be appointed by Chairman Smith is to at once enter into negotiations with some well known Young Men's Christian association "funds raiser," but it is not likely that the active ampaign will be begun until about August The committee, however, has no intention of letting the matter go by default or inerest in the project to flag. It has decided that a Young Men's Christian association s a necessary institution in Council Bluffs and it is determined that there shall be one and that it shall be suitably housed in a building of its own.

It was suggested also last night that some assistance might be obtained from the several railroads centering in Council Bluffs and the committee will at once enter into communication with the officials of these railroads.

DES MOINES, May 8 .- (Special.) - In a decision of the state against William Lingelback of Payette county the supreme court today held that saloons must not only close their doors at 10 o'clock, but that the proprietors, barrenders and all employes and everybody else must be out of the saloon at that hour is the meaning of the law. The decision, which was written by Justice Ladd, holds that the bartenders cannot remain behind to wash he glasses, the proprietor cannot remain after in o'clock to count his cash and that patrons and everybody else must be ou at 10 o'clock and remain out till 3 o'clock the next morning. In the case of Lingelbuch be had conducted his saloon accord ing to the findings of the court strictly within the meaning and requirements of the law with the exception that he remained for about fifteen minutes after 10 o'clock each night to count his cash. He was arrested for violation of the mulci law and the supreme court now halds that he was guilty. The decision will affect nearly every saloon in the state, it is be Heved, for the reason that it has been a very common practice for salcon proprie tors and bartenders to remain after the closing four to count the cash, clean out the saloon and get things in readiness for the next day.

SIMPLE HERBS AS REMEDIES.

V. JNDERFUL CURES REPORTED IN GERMANY.

The use of simple herbs as remedies instead of the more concentrated and asually more dangerous inorganic medicines has been revived very widely of late. In Germany a new school of physicians has arisen, which throws out almost the whole of the pharmacopeia and relies on an adaptation of the methods of wild animals in curing themselves. Somewhat similar systems have arisen in large numbers in America, and they are daily adding to their adherents. While the chief feature of the Nature treatment is the use of water, heat, cold and light, a few simple roots are used as medicines with very interesting results,-New York World.

It was Dr. R. V. Pierce, chief consulting physician to the Invalide Hotel and Surgical Dr. Flerce's Favorite Prescription for weak, nervous, "rundown" women.

But to return to the "Golden Medical Discated the extended use of some of our native covery. roots, Golden Seal, for instance - which was only taken up within the last decade and recommended to Allopathic Physicians by Dr. Bartholow, has been the chief ingredient in Dr. Pierce's Golden Medical Discovery for forty years.

Briefly then let us say that the "Golden Medical Discovery" was named from the sturdy little plant Golden Seal, the root of which enters largely into its composition. Besides this most valuable ingredient, it contains glyceric extracts of Stone root, Queen's root, Black Cherrybark, Bloodroot and Mandraka roo

Finley Ellingwood, M. D., an eminent practitioner o' Chicago and Professor of Materia Medica in the Bennett Medical College of that city, in his recently published work on Therapeutics, says of Golded Seal to the normal functions of digestion. Its influence upon the mucous surfaces renders it most important in catarried gastritis (inflammation of stemach) and gastric (stomnch) ulcoration.

Many other amborities as well as Dr. Ellingwood extol the Hydrastis (Golden Seal), as a remedy for cutarrhal diseases of the passages, stomach, bronchia, gall ducts, kidneys, intestines and bladder. Among these, we may mention Prof. John King, M. D., author of the American Dis-pensatory; Prof. J. M. Scudder, M. D., in his "Specific Medication" : Dr. Hale of the Hahnemann Medical College of Chicago; Grover Coe, M. D., of New York, in his "Organic Medicines": Dr. Bartholow of Jefferson Medical College and scores of other leading medical writers and teachers. All the foregoing eminent authorities ex-tol the curative virtues of Golden Scal in cases of stomach, liver and intestinal weak-

envery." It may be said that its curative properties are not wholly dependent upon Golden Seal, valuable as it is, as other equally potent ingredients add greatly to its value and in fact are not less important than

The formation of the company grew out of the appointment by the Real Estate exchange a few months ago of a committee to investigate the advisability of a building for the exchange, the general feeling being that the exchange needed a home and that the rise in real estate values was permanent. When the Woodmen Circle decided not to build, the location was offered on favorable terms, through Robinson & Wolf, to F. D. Wead, who took an option on the property.
