KEARNEY MAN ENDS LIFE

William Johnson Commits Suicide After Becoming Despondent and Drinking Heavily.

KEARNEY, Neb., May 9.—(Special Telegram.)—This morning the lifeless body of William Johnson was found by his wife hanging to a tree in the yard at their home in this city. Johnson was despondent. Death came through strangulation. The sheriff considered it unnecessary to hold an inquest, as his death was evidently suicidal.

Besides his wife he is survived by two sons, his mother, Mrs. E. A. Benschoter, at the Soldiers' home in Grand Island; a brother, Frank Johnson of Lincoln, and a sister, Mrs. Butterfield, in Oregon.

State Council, Knights of Columbus.

COLUMBUS, Neb., May 9.—(Special.)—The annual meeting of the state council, Knights of Columbus, was held in Columbus Council hall yesterday afternoon. State Deputy T. J. Mahoney presided. Delegates were present from the Omaha, Lincoln, Columbus, O'Neill and Alliance councils. Reports received from the district deputies showed that the order has a membership of 1,000 in Nebraska and is growing steadily. A new council is to be instituted at Hastings next Sunday under the direction of John Fitzgerald council of Lincoln, making the sixth council in the state.

Officers-elect of the state council are: Deputy, C. J. Smyth, Omaha; secretary, T. J. O'Donnell, O'Neill; treasurer, J. H. Schmidt, Omaha; warden, Mark Burk, Columbus; delegates to the national convention, T. J. Mahoney, C. J. Smyth, Omaha; alternates, [illegible], Lincoln, and A. Mullen, O'Neill.

The national convention will be held at New Haven, Conn., the second week in June, when the new headquarters building, costing $300,000, will be dedicated.

Hastings to Have Y. M. C. A.

HASTINGS, Neb., May 9.—(Special Telegram.)—The Young Men's Christian association building fund was today increased to $21,000, former Senator Dietrich donating $1,000. The new building will cost $50,000 and the furnishing and equipping $10,000. The contract for the structural work has been given to S. J. Chambers of this city. The building will be started this week and the contractor expects to have it finished by January 1.

State Sunday School Convention.

YORK, Neb., May 9.—(Special.)—The executive committee of the State Association of Sunday Schools after considering the claims of all the places asking for the state convention, accepted York's invitation and the convention will be held on June 19, 20 and 21.

RUNNING SORES COVERED LIMBS

Little Girl's Obstinate Case of Eczema — Instantaneous Relief By Cuticura—Little Boy's Hands and Arms Also Were a Mass of Torturing Sores — Grateful Mother Says:

"CUTICURA REMEDIES A HOUSEHOLD STANDBY"

"In reply to your letter I write you my experience, and you are privileged to use it as you see fit. Last year, after having my little girl treated by a very prominent physician for an obstinate case of eczema, I resorted to the Cuticura Remedies, and was so well pleased with the almost instantaneous relief afforded that we discarded the physician's prescription and relied entirely on the Cuticura Soap, Cuticura Ointment, and Cuticura Pills. When we commenced with the Cuticura Remedies her feet and limbs were covered with running sores. In about six weeks we had her completely well, and there has been no recurrence of the trouble.

"In July of this year a little boy in our family poisoned his hands and arms with poison oak, and in twenty-four hours his hands and arms were a mass of torturing sores. We used only the Cuticura Remedies, washing his hands and arms with the Cuticura Soap, and anointed them with the Cuticura Ointment, and then gave him the Cuticura Resolvent. In about three weeks his hands and arms healed up; so we have lots of cause for feeling grateful for the Cuticura Remedies. We find that the Cuticura Remedies are a valuable household standby, living as we do twelve miles from a doctor, and where it costs from twenty to twenty-five dollars to come up on the mountain. Respectfully, Mrs. Lizzie Vincent Thomas, Fairmount, Walden's Ridge, Tenn., Oct. 13, 1905."

Complete External and Internal Treatment for Every Humor, from Pimples to Scrofula, from Infancy to Age, consisting of Cuticura Soap, 25c., Ointment, 50c., Resolvent, 50c. (in form of Chocolate Coated Pills, 25c. per vial of 60), may be had of all druggists. A single set often cures the most distressing cases when all else fails. Potter Drug & Chem. Corp., Sole Props., Boston, Mass.

Mailed Free, "How to Cure Torturing, Disfiguring Humors," and "The Great Skin Book."

Farmer Injured in Runaway.

KEARNEY, Neb., May 9.—(Special Telegram.)—While harrowing at his farm near Buda, four miles east of this city, D. B. Slatter met with an accident which may deprive him of the sight of his left eye and caused serious injury to his nose. As he was walking along driving his harrow the horses became frightened and ran away. Mr. Slatter hung onto the lines in a desperate effort to stop the frightened animals, when the harrow tipped up and struck him in the face. One of the teeth pierced his cheek just below the left eye and glancing along the cheek bone entered his nose, smashing that member and pushing it over his right cheek.

Hotel Company Sued.

BEATRICE, Neb., May 9.—(Special Telegram.)—Today Mrs. Jennie Burns of Lincoln filed suit in the district court against the Paddock Hotel company and Johnson & McCann, lessees of the Paddock Opera house, for $5,000 damages for the accidental death of her husband, Charles Burns, an actor, who was killed by falling from a rear doorway of the Paddock stage last August. The plaintiff charges negligence on the part of the company and operators for not having the opening properly protected. Defendants have five weeks in which to file an answer.

Boy May Lose His Nose.

KEARNEY, Neb., May 9.—(Special Telegram.)—Guy Huston, the son of Mr. and Mrs. John Huston of Riverdale, met with a peculiar accident, which came near cutting off his nose. As it is, it may become necessary to amputate the member, though nothing definite has yet been determined. The little fellow was playing on a disc harrow, sitting on the seat as if he was driving, when suddenly he lost his balance and fell down, his nose striking one of the discs, which almost severed the member from his face.

Beaver City Votes School Bonds.

BEAVER CITY, Neb., May 9.—(Special Telegram.)—At a special election today the proposition to issue bonds for the erection of a high school building was carried by an overwhelming majority, there being but nine votes cast against the same.

FORECAST OF THE WEATHER

Fair Today and Tomorrow in Nebraska and South Dakota—Warmer in East Portion Today.

WASHINGTON, May 9.—Forecast of the weather for Thursday and Friday:

For Nebraska and South Dakota—Fair Thursday, warmer in east portion; Friday fair.

For Iowa and Missouri—Fair Thursday and Friday, warmer Thursday in east portion.

Local Record.

NORTHWESTERN TO EXPLAIN

Representatives to Tell State Board About Stocks Omitted from Returns.

JUDGE SULLIVAN NOT A CANDIDATE

Could Not Be Drafted Even as the Democratic Candidate for Governor in Order to Beat Out Berge.

(From a Staff Correspondent.)

LINCOLN, May 9.—(Special.)—Tomorrow the State Board of Assessment will listen to the explanation of the Northwestern railroad officials regarding the apparent discrepancy of some $23,000,000 which the company owns in stocks, bonds and securities which is shown by its annual statement to the stockholders, but which is not contained in its report to the state board. A telegram was received this morning from the railroad officials that they would appear tomorrow and make an explanation.

Should the explanation be satisfactory and not be the cause of more delay it is the hope of the board to complete the assessment of the Northwestern by Saturday and be ready to take up the Union Pacific and the Burlington the first of the week, when the representatives of these corporations will be present. Unless unforeseen obstacles interpose it is likely the board will complete its work in record breaking time and be all or nearly through by the latter part of next week.

The attorney general today gave a verbal opinion to the board that it had no right to allow the county assessor of Otoe county to assess the bridge across the river at Nebraska city. The Burlington returns this bridge with its right-of-way and also includes in its receipts the money collected from foot passengers and wagons. No written opinion was filed with the board.

Sullivan Will Not Run.

If the democratic party drafts Judge Sullivan to run for governor to head off George W. Berge it will have to enforce the draft with a lead pipe, according to the statement made by the Columbus statesman this morning. He was asked if he would accept the nomination at the hands of the democratic state convention and without turning a hair he replied:

"If I thought there was any chance of the democrats nominating me for governor I would move into a state where the officials would refuse to honor extradition and become for ever after a fugitive from justice."

Knights of Pythias Grand Lodge.

The Knights of Pythias concluded the state session this evening with the election of the following officers:

W. S. Leyda, Falls City, grand chancellor.
A. G. Fisher, Chadron, vice grand chancellor.
Rev. J. C. Chase, Valparaiso, grand prelate.
W. H. Love, Lincoln, grand knight of records and seals.
John B. Wright, Lincoln, grand master of the exchequer.
J. W. Dunkin, Ravenna, grand master-at-arms.
W. H. Jimmerson, Liberty, grand inside guard.
W. T. Denny, Omaha, grand outside guard.
Carl Kramer, Columbus, trustee, long term, three years.
E. J. Farr, Blair, trustee, short term, one year.
George A. Magney, Omaha, past grand chancellor.

Breckenridge on Insurance.

Charging that state departments mulcted insurance companies of millions, Ralph W. Breckenridge of Omaha today urged federal supervision of insurance. He addressed the students of the State university this morning on insurance questions.

BANKERS MEETING AT HASTINGS

Hundred and Twenty-Five Attend Group Meeting.

HASTINGS, Neb., May 9.—(Special Telegram.)—Over 125 members of group No. 4 of the Nebraska Bankers' association attended the annual group meeting here today. Two business sessions were held and tonight the visitors were tendered a banquet by the local bankers.

The morning session was opened with an address of welcome by Mayor Miles, to which response was given by T. M. Davis of Beaver City. Various topics pertaining to banking were discussed.

J. B. Dinsmore of Sutton presided as toastmaster at the banquet tonight and toasts were responded to by J. P. A. Black of this city, H. M. Bushnell of Lincoln and others.

The following officers were elected: President, Carson Hildreth of Franklin; vice president, C. C. Vennum of Stratton, secretary, R. V. McGrew of Bloomington; treasurer, W. F. Dobbin of Bertrand.

Receivership No Surprise.

FREMONT, Neb., May 9.—(Special.)—The appointment of a receiver for the Standard Beet Sugar company in the federal court by Judge Munger, as announced in the papers this morning, was not wholly unexpected by the business men here. It had been generally known that the financial condition of the company was not the best and that President Leavitt was making strenuous efforts to raise money by trying to induce the stockholders to assign their shares of stock, so that it could be put up as security for loans to pay for last season's beets and other expenses. Beet raising has not proved very profitable around here and A. S. Grigereit is about the only one who has raised them successfully on a large scale. He already has a contract for this year and some work done on the land. Whether he goes on with his contract or not will, of course, depend on the policy of the receiver in regard to operating the plant this season. The permanent shutting down of the factory would prove a big loss to Fremont and it is hoped that the affairs of the company can be so arranged that it will continue to operate.

News of Nebraska.

PAPILLION—The frosts and continued cold for the last few days has been very disastrous in this vicinity. Early beans, tomatoes, etc., are killed.

BEATRICE—Frosts have occurred here during the last few night, but not severe enough to do much damage.

FALLS CITY—This locality was visited by a heavy frost Tuesday night. Thin ice was frozen also, but it is thought that the fruit is not hurt.

STELLA—The sheriff came up from Falls City today and arrested seven persons for gambling. The trial will come before the county judge at Falls City.

BEATRICE—Yesterday in the county court, Judge Spafford officiating, occurred the marriage of Mr. Frank J. Fisher of Cleone, Ore., and Bertha Bock of Wymore.

NORTH PLATTE—Ora Elder, who has been city marshal for two years past and has just retired from that position, opened up a real estate office in this city this week.

VALLEY—At a special election $9,600 bonds were voted to erect a high school building. Only four votes were cast against, while a year ago the same question was lost.

ALBION—The thermometer has hovered close to the freezing point for the past four nights. Vegetation is making but little advancement, and farmers are beginning to complain.

BEATRICE—The Degree of Honor held a largely attended meeting last evening at which there were a number of initiations. A banquet was held at the close of the business meeting.

SEWARD—August Groff, cashier of the State bank of Goehner, this county, received $65 in small contributions for the San Francisco people and sent the money to Dr. Devine of the Red Cross.

ELKHORN—Yesterday at 8 o'clock Mr. Charles A. Obert of South Omaha and Miss Anna C. Burke of Elkhorn, Neb., were married in St. Patrick's church by Father Hoheisel of Papillion, Neb.

SEWARD—August Brokaw, who carried off the honors in the district high school declamatory contest at Hastings, will go to Lexington to represent this school at the state declamatory contest.

YORK—Joe Dillow and Willie Curtis, two young men are confined in the county jail on the charge of stealing a set of double harness from William McCann, a farmer living south of McCool Junction.

NEBRASKA CITY—Prof. Neal Sinclair has been re-elected superintendent of the city schools and his salary increased by $100 per year. The Board of Education will elect the teachers on Monday, evening, May 28.

YORK—William Lesh, a former member of the Lincoln High school foot ball team and coach last year of the York High school, came near losing all his household goods last from the explosion of a lamp in an incubator in the cellar.

BEATRICE—Mrs. Wilkins, wife of A. F. Wilkins, an engineer on the Union Pacific road with a run between Manhattan, Kan., and Lincoln, fell yesterday at her home in this city and broke her right hip. As she is eighty years of age, the injury is a serious one.

BEATRICE—The athletes at the high school have been preparing for the state field meet to be held at Lincoln next Friday. It is thought the boys will win a good place at the meet. At least 100, and possibly more, from Beatrice, will attend the exercises.

BEATRICE—An organization to be known as the Beatrice Tennis club was perfected here last evening by the election of E. G. Drake as president and C. E. Smith secretary-treasurer. The membership of the club is limited to forty and it will begin active operations at once.

ALBION—Superintendent George E. Kindler, who has been at the head of our schools for the past three years, has been elected superintendent of the Seward schools. Mr. Kindler has proved himself a strong and successful school man. No superintendent has been elected here.

SEWARD—The old school board held a meeting last night and the new members, M. D. Carey and L. H. Schultz, were sworn in. There were fifty applications for the superintendence of the schools. George E. Kindler, who is now superintendent of the Albion, Neb., schools, was elected to the position.

COZAD—Louis Burdeau, a retired farmer, and respected citizen of Cozad, died at his residence. The deceased was an old settler, having come to Nebraska from Chatsworth, Ill., over twenty years ago. He first settled in Custer county and later came to Dawson county, settling on a farm about four miles north of town.

SEWARD—Mayor Dickinson, who is also the president of the Commercial club of Seward, called a meeting of that club at the rooms last night in order to make a special practical demonstration of good roadmaking. Nine split-log King drags will be used on the roads leading to Seward to show the farmers the good that it does.

COLUMBUS—Columbus is to have a gas plant and gas will be furnished here as cheap as it can be furnished anywhere. A local company has been formed, consisting of Messrs. Garlow, Roen and George A. Scott, and the business will be started right away so as to furnish gas for fuel and for lighting purposes before next winter.

NORTH PLATTE—North Platte at last is waking up to the need of permanent sidewalks, and during the last two weeks nearly 1,500 lineal feet of cement sidewalks have been laid and the work is barely in its beginning. Contracts are out and arrangements have been made for several miles of cement walks to be laid this season.

NEBRASKA CITY—The Nebraska City district conference of the Methodist church convened in session at the First Methodist church in this city this evening. Prof. F. M. Gregg of the State normal at Peru delivered the opening address. Many delegates are attending the conference, which will be in session until Thursday evening.

FALLS CITY—The remonstrances against the granting of saloon licenses to Frank Nufer, Peter Frederick and William Harneck were tried before the city council on Monday and Tuesday of this week. The council has not yet announced its decision on any of the cases. Three more cases are remaining to be tried. They are all being hotly contested.

WEST POINT—The several frosts which have occurred in this vicinity during the last week have not damaged the fruit trees to any appreciable extent. Some little damage has been done to early garden plants, but in only a slight degree. It is believed that the bulk of fruit crops of this portion of the Elkhorn valley is perfectly safe. The weather is gradually getting warmer.

KEARNEY—Mrs. Ella J. Keens passed away this afternoon. Mrs. Keens had been ill for several months and during the last six weeks has been at the Kearney hospital. She was 49 years of age. Her parents, Mr. and Mrs. L. D. Grant and her sons, Fred, Harry and Frank, were present at the bedside when she expired. Her son Harry came from California and arrived in this city yesterday.

SEWARD—Judge Evans adjourned the April term of the district court last Saturday until Thursday. After he had dismissed the grand jury for the week he received a telegram from Iowa announcing the death of his aged mother and he made an order excusing the petit jury from appearing until Monday of next week. The judge left at once for Iowa. The grand jury will be in session for a week yet.

AUBURN—A jury was secured yesterday in the case of the State against Charles M. Chamberlain of Tecumseh. The following persons compose the jury: J. S. Clark, F. L. Bourliero, N. S. Horn, George Coulter, W. K. Blount, Albert S. Higgins, G. C. Parriott, Joseph Guilliott, V. P. Peabody, W. M. Kauffman, jr., Wilson E. Majors and Earl Fisher. The jury as a whole is regarded as a very good one, and especially for the state.

BEATRICE—The Rock Island bridge across the Blue river at this point, which has been in course of construction for the past few months by the Griffith Construction company of Kansas City, was completed yesterday, and the bridge crew left for Du Bois, Neb., where it will construct a new bridge. During the construction of the bridge at this place six men were injured, two of them seriously.

STELLA—J. W. Jameson & Son have sold their mill and edevator at this point to Sherm Sayor and A. J. Wixon, who will conduct the business in the future. The flour machinery, however, will be shipped by the Jamesons to their new location in Montana. Mr. Jameson has been engaged in the mill and elevator business at this point continuously for the past twenty years. The new proprietors will keep the corn meal plant, however, and run this in connection with the elevator.

STELLA—Jason Timerman received a telegram from Los Angeles this morning telling of the death of his son Ona Timerman at that place. The young man was a graduate of the state university and held a chair in the engineering department till his health failed during the past winter, when he went to California on the advice of a physician, but becoming worse his mother left for his bedside a short time ago, just arriving a few days before his death. He leaves a wife, who is a teacher in the Havelock schools.

YORK—A report of the financial condition of the city of York shows that York has less indebtedness than any city of its size and never in the history of York has there been a legalized saloon, from which a license was received to help pay. In the city treasury are funds with which to pay the city hall bonds, funds accumulated with which to pay the $10,000 bonds of the Kansas City & Omaha railroad, and $13,000 to pay the Fremont, Elkhorn & Missouri Valley railroad, all of which are due next year. Cash was paid for the fine sewerage system and now the city will pave.

NORTH PLATTE—A new lodging house has been opened in this city by Mr. C. A. Howe, proprietor of the furniture store here bearing his name. This news will be welcome to parties desiring accommodations in this city over night for the reason that heretofore very often parties have been compelled to stay up all night because of their inability to secure lodging. The contracting agent for the Campbell circus, which is billed here May 21, spent a night in a chair because he could not secure a room when he was here recently making arrangements for their exhibition.

BEATRICE—At a meeting of the city council last evening the report of City Treasurer Jones showed a balance on hand May 1 of $36,983.43. Water Commissioner Field reported that the year's total receipts in the water department were $7,531.69, with expenditures amounting to $6,719.86. The committee on lights reported recommending that the city draft an ordinance fixing regulations and rates before the final granting of the charter to the Maxwell Gas and Lighting company. Mr. Maxwell stated that he was willing that the maximum for gas should be fixed at $1 per 1000. The report was adopted. A druggist's permit was granted to W. B. Walter.

NORTH PLATTE—Foreman Martin, who has had charge of the construction of the city sewer and who for the past few weeks has been cleaning out the mains and leveling the manholes, announces that the work on the same is now complete and that the contractor will await the recommendation of acceptance or rejection by Engineer Rosewater of Omaha, who arrived here yesterday to examine the sewer. Heretofore there has been considerable difficulty between the city, the contractors and the engineer over the construction of the sewer, it being claimed by citizens that the contractors were constructing a very defective and inefficient sewer, and by reason of this complaint the contractors, Herrick & Co., have been trying to correct the defects complained of.

Two Million Little Children Starving

Poor and Rich Alike Suffer from Lack of Good Food.

We notice that John Spargo, in his new book, "The Bitter Cry of the Children," says no less than two million American children between the ages of five and fourteen are victims of chronic under-feeding. They are the easy prey of disease, nervous, irritable, weakened both physically and mentally and unfit for that perfect development which nature intended for them.

Mr. Spargo speaks particularly of the children of the poor, but what he says is, in thousands of cases, true of the children of the wealthy and the comfortably well-to-do. Many children who have "all they can eat" are really underfed. For the food they are given is not food from which they can get the nutrition they need.

There is no other food, so far as we know, so nutritious, so strengthening for children as Malta-Vita, the perfect pmalted whole wheat food. This is not only because Malta-Vita is so rich in all the nutrition the body needs for sustaining health and strength. More important by far is the fact that the nutrition of the malted wheat is so easily digested and assimilated that all its life-giving elements are taken up by the system, forming rich, red blood in abundance and giving growth and vigor to the body and brain. Malta-Vita is insurance to perfect health for children. And it is so good to eat!

All grocers, now 10 cents.
