

### Mme. Yale's Hair Tonic

FOR CHILDREN AND ADULTS

ANTISEPTIC AND HYGENIC  
Sells on Merit, not on Sensational Advertising.

A Hair Investigator—Just what its name implies. It supplies nourishment, the elements of growth, which, when absorbed by the hair, strengthens and beautifies it in the same way that sap glorifies the foliage of a tree. Even where the follicles are seemingly dead, if the scalp is massaged daily with Mme. Yale's Hair Tonic a vigorous growth will be produced. It has honestly earned its title of "the great hair grower." It stimulates the most stunted growth and makes the hair magnificently healthy and beautiful. By its use women can provide themselves with a trailing mantle of hair—woman's natural raiment, her birthright.

Mme. Yale's Hair Tonic is prized equally by men and women, particularly when the hair begins to weaken or fade. Cures baldness, grayness, splitting of the hair, dandruff and all diseases of the hair, scalp and beard. One application usually stops hair falling. A nursery requisite; no mother should neglect to use it for her boys and girls; when the hair is made strong in childhood it remains proof against disease and retains its vigor and youthfulness, through life.

Mme. Yale's Hair Tonic is a colorless, fragrant, delightful hair dressing; neither sticky, gritty nor greasy; makes the hair soft, fluffy and glossy. Contains no artificial coloring; would not soil the whitest hair; restores original color by invigorating the scalp and re-establishing normal circulation and proper distribution of the life coloring matter. Beautiful hair redeems the plainest countenance, and any one can secure it by using Mme. Yale's Hair Tonic. Now in three sizes; prices, \$1.00, 50c and 25c.  
Our special prices, 25c, 45c, 80c

### BRANDEIS & SONS

### DEMOCRATS MAKE THREATS

Promise Trouble if Election Certificates Are Not Soon Issued.

POLL BOOKS ARE STILL MISSING

Canvassing Board Billed for Meeting Wednesday Afternoon, but Failed to Materialize.

The missing poll books of the First precinct of the Fifth ward continue to cause trouble at the city hall and delay in issuing election certificates. The democrats are stirred up about the matter and are threatening to take the matter before the grand jury if the canvassing is not completed and the election certificates issued soon. Meanwhile, City Attorney Breen has got wrapped up in a terrific problem concerning the vote on the paving bonds, as canvassing with the missing poll books has sacrificed his lunch to an effort to get an opinion trimmed up for the meeting of the canvassing board yesterday afternoon, which did not materialize after all. It is desired to have the vote on the bonds appear of record eminently without a flaw, in order that no shadow may be cast upon the city paper when issued that will interfere with its sale.

Mr. Breen has discovered the law now authorizes the taking of the returns direct from the machines by the canvassing board, but that it expressly provides the figures shall be taken from the poll books as recorded by the election boards. Without poll books there can be nothing for the canvassing board to take in making up the totals and this is where Mr. Breen and other city officers are stuck.

### AT THE BOYD TONIGHT

The Mandarin, a Celestial Comic Opera in Three Acts.  
CAST:  
S. S. Hamilton  
Miss Mabel Leackey  
Do-Hay-Me  
Miss Gretchen Emery  
Miss Alice Winspear  
Chang public prosecutor  
Donald A. Johnson  
Chiang counsel for prisoner  
G. W. Long  
Usher  
Walter Sulhoff  
Foreman of Jury  
Max E. Weber  
Lecturer  
Colonel Goldsteel  
C. J. Francisco  
Captain Bluff  
Sergeant Livingston  
Chorus of Chinese ladies, Jurymen, soldiers, attendants, etc., and British soldiers and sailors.

This charming opera will receive its first hearing in Omaha tonight. It will be repeated tomorrow night and Saturday matinee for the benefit of the San Francisco sufferers. All three performances are under the auspices of the Parish Aid society of All Saints' church. A large number of seats have already been reserved, enough to warrant the expectation of crowded houses. The cause is one which appeals to the sympathy of everybody, and the performance offered ought to interest all who may have otherwise subscribed liberally and who like to patronize Omaha talent, especially when under competent direction as they are able to give a performance of professional excellence. There are some exceptionally clever people in the cast, who have been carefully prepared in their different roles. The chorus is large and efficient; the ballet is composed of sixteen pretty young women with sixteen Chinese tots as an adjunct, also the celebrated gaiting gun section of the Omaha Guards will appear in the battle scene and in their special drill. The costumes are new and the orchestra enlarged so that fully 100 people are engaged in the opera. The curtain rises at 8:15 and carriage may be ordered for 10:30.

### Like Wild Animals

that tear and rend you, are the pains of Rheumatism. The relief is guaranteed by Electric Bitters. Sold by Sherman & McConnell Drug Co.

### IMPORTANT NOTICE

To the Ladies of Omaha and Vicinity  
We Wish to Announce  
The recent purchase of TWO LINES OF FINE LACES and embroideries from the largest importer of fine laces in New York at 50c on the dollar. These goods were imported in two lots, one for St. Louis and the other for a Chicago dress-makers' supply house; they were late in delivery and were refused. We have never before in the history of our business been able to offer the equal of these lines, as they are all this season's goods, of very latest patterns and finest quality. Some of these goods are now on display in our show windows, but will not be ready for sale till Friday, May 11. We would very much like to have you see these lines as early as possible. The bands and batiste insertings are particularly desirable at this season, and for white goods the embroideries are truly exquisite. See this display Friday or Saturday at the latest.

### HAYDEN BROS.

Adding Machine Patent Sustained.  
The extended litigation between the manufacturer of the Comptometer, Felt & Tarrant Mfg. Co., Chicago, and the Mechanical Accountant Co., of Providence, Rhode Island, terminated May 4 in a decision of the United States Circuit Court of Appeals at Boston, broadly sustaining an important Felt patent on adding and calculating machines, and ordering a decree for an injunction.  
STEAMSHIP TICKETS  
To and from European and Asiatic Ports.  
Full line of outward and prepaid tickets via all Transatlantic steamship lines. Make your reservations for cabin passage early. For rates, sailing lists, etc., call at City Ticket Office, Chicago Milwaukee & St. Paul Railway, 1214 Farnam street, Omaha, Neb.

### Do You Want to Know

What You Swallow?

There is a growing sentiment in this country in favor of medicines of known composition. It is but natural that one should have some interest in the composition of that which he or she is expected to swallow, whether it be food, drink or medicine.  
Recognizing this growing disposition on the part of the public, and satisfied that the fullest publicity can only add to the well-earned reputation of his medicines, Dr. R. V. Pierce, of Buffalo, N. Y., has "taken time by the forelock," as it were, and is publishing broadcast a list of all the ingredients entering into his leading medicines, the "Golden Medical Discovery," the popular liver invigorator, stomach tonic, blood purifier and heart regulator; also of his "Favorite Prescription" for weak, over-worked, broken-down, nervous and invalid women.  
This bold and outspoken movement on the part of Dr. Pierce, has, by showing exactly what his well-known medicines are composed of, completely disarmed all hardy critics who have heretofore opposed the composition of his medicines. A little pamphlet has been compiled from the standard medical authorities of all the several schools of practice, showing the strongest endorsement by leading medical writers of the several ingredients which enter into Dr. Pierce's medicines. A copy of this little book is mailed free to any one desiring to learn more concerning the valuable, native, medicinal plants which enter into the composition of his medicines. Address Dr. R. V. Pierce, Buffalo, N. Y.

### HALLER AND HIS FLAMES

Talbot's Manager Here to Arrange for Fire Fighting Show This Month.

Sam Haller, assistant general manager of Talbot's "Fighting the Flames" company, is in the city, overseeing the placing of the first installment of advertising for the big benefit which will be given for the fire and police departments' relief fund. The date of this big show, which has been the talk of the east for two seasons, is May 23, 24, 25 and 26. The show is arranged for sixty-four boxes, all of which have been sold by the firemen and policemen who have been out hustling tickets. The location will be Twenty-first and Paul streets, the old circus grounds.

This is the big Luna park production which has been put on the road and will be seen for the first time in the west. Selp-Dundy used it as his feature attraction for two years, when he decided to let it go on the road. The show travels in forty cars, which are needed for the 300 people and horses and the large amount of scenery. The paraphernalia includes fourteen pieces of the most up-to-date fire apparatus, including hose carts, trucks and extension ladders. Forty expert firemen, selected from some of the leading companies of the United States, accompany this exhibition. One of the owners is E. W. McConnell, well known from the Transmississippi exposition, of which he and Dundy were the principal concessionaires. The originator, Frank L. Talbot, is a well known amusement and exposition caterer.

### Chamberlain's Cough Remedy "Thoroughly Tested"

No better test can be given a medicine than that of time. Chamberlain's Cough Remedy has been recommended by dealers who handle it. It has received thousands of testimonials from grateful people who have used it. It has been prescribed by physicians with satisfactory results. It has been analyzed by prominent chemists and found to be harmless. But the fact that it has been sold under guarantee to give satisfaction for almost a third of a century is the best test of all. It can always be depended upon and is pleasant and safe to take. Try it when you have a cough or cold.

### WATCHES—Frenzer, 15th and Dodge Sts.

\$12.50 to St. Paul and Minneapolis and Return  
From Omaha, via Chicago Great Western Railway. Tickets on sale daily after May 21 to Sept. 30. Final return limit, Oct. 2. Equally low rates to other points in Minnesota, North Dakota, Wisconsin and lower Michigan. For further information apply to H. H. Churchill, Gen. Agt., 1312 Farnam St., Omaha.

### DIAMONDS—Frenzer, 15th and Dodge Sts.

DIAMONDS—Edholm, 16th & Harney Sts.

### ROADS PREPARE FOR RUSH

Railways Got Ready for Landseekers Going to Shoshone Reservation.

ONE OF BIGGEST OPENINGS EXPECTED

Method of Drawing, Similar to That Employed at Hoshobad Agency, Will Be Followed Out.

Railroads, especially the Burlington and the Northwestern, are making active preparations for the coming of thousands of anxious landseekers to Wyoming in June and July on the occasion of the opening of the lands of the Shoshone or Wind River reservation for settlement. One of the most exciting openings in the history of western development is expected.  
The reservation, lying directly south of Big Horn county, one of the wealthiest and largest in the state southeast of Yellowstone park. The Shoshone Indians have ceded to the national government about 1,100,000 acres or nearly two-thirds of their reservation, and of this between 300,000 and 400,000 acres are said to be good agricultural land, fit for cultivation. The remainder is grazing, timber and mineral land. The land will be open for settlement by drawings, probably similar to that used at the opening of the Rosebud agency.  
"Considerable corn is already being listed in our section of the state," said J. J. Schmit, postmaster at Verdigris, Knox county, "and the whole country is in a receptive mood for seed. The acreage in Knox county probably will not be increased this year, as the farmers are going in more for cattle each year, realizing that is where the money is to be made. There is a great need for seed, and is the best way to dispose of the corn crop. Verdigris is on the Boneate extension of the Northwestern, above Norfolk, and the influx of settlers and the splendid crops for the last few years has made land a very valuable asset."  
Critical as the situation when the whole stretch of country from the Rocky mountains to the Missouri river will be one vast field of grain, said C. C. Cole, farm and ranch owner of Boulder, Colo., as he sat in the Merchants rotunda after lunch Wednesday. "This great American desert is a thing of the past and verdigris, Knox county, and the whole country is in a receptive mood for seed. The acreage in Knox county probably will not be increased this year, as the farmers are going in more for cattle each year, realizing that is where the money is to be made. There is a great need for seed, and is the best way to dispose of the corn crop. Verdigris is on the Boneate extension of the Northwestern, above Norfolk, and the influx of settlers and the splendid crops for the last few years has made land a very valuable asset."

### COLORED SOLDIERS TESTIFY

Members of Tenth Cavalry and Twenty-First Infantry Witness Proceedings in Land Cases.

Deputy United States Marshal J. O. Moore has returned from the northwestern part of the state, where he has been for the last two weeks summoning witnesses in the land fraud cases to appear before the federal grand jury.  
Among the witnesses are several colored soldiers of the Tenth United States cavalry at Fort Robinson and of the Twenty-fifth infantry at Fort Niobrara. These witnesses with others are to be questioned regarding their procurement to make things within the Comstock and Richards land enclosures under the assurance that they were to be reimbursed for the lands when they made final proof, if decided over to the Spade ranch and other cattle enclosures in Sheridan and Cherry counties. The investigation of the land fraud cases will be taken up Thursday morning.

### Announcements of the Theaters.

The last of the mid-week popular price matinees, which have been so popular with women, will be given at the Orpheum this afternoon. The eight varied acts constituting this week's program are drawing and enthralling large audiences and judging from the comment and demand for seats the house will be well filled this afternoon with women and children.

The regular shoppin' matinee will be given at the Burwood theater this afternoon, the bill being "The Cavalier." This production is one of the heaviest yet installed by the Woodward Stock company, and has proven immensely successful. Miss Lang is making a nightly hit in the role of Charlotte Duran. The bill for next week will be the well known melodrama, "The Belle of Richmond."

### The German Performances at Boyd's

opera house next Saturday and Sunday evenings should certainly draw a large attendance. The purpose is an excellent one, as the proceeds go towards the erection of a Schiller monument in River-view park, the first monument of its kind in Omaha. It is, therefore, the moral duty of each German to assist in this worthy undertaking, and he should be proud to show that he masters two languages.

### Plans for Sale.

I must sell at once my new \$450 mahogany piano. Will sell cheap, part cash, balance to suit. 111 N. 30th.

### Steamship Tickets.

I am agent for all European steamship lines, handling outward and prepaid tickets. Sailing lists, diagrams and literature can be obtained on application. First and second cabin and storage at very lowest rates. J. B. Reynolds, C. P. A. Burlington Route, 1522 Farnam street.

### JOHN REYNOLDS IS WANTED

Former Omaha Property Owner Sought by Citizen of San Francisco.

City and County Treasurer Fink has received a letter from T. H. Mulkey, 629 Golden Gate avenue, San Francisco, asking for information concerning the whereabouts of John Reynolds, who once owned property in Omaha. Mr. Mulkey explains that earthquake and fire victims are hunting up relatives in quest of financial assistance. Reynolds lived in Oakland after leaving Omaha and more recently went to Seattle, where trace of him was lost. Attorney Isaac E. Congdon remembers Reynolds, who was a locomotive engineer and was employed by the Union Pacific here about twenty-five years ago. Mr. Congdon does not know Reynolds' present whereabouts. He had a residence at Evanston, Wyo., for a time.

### RAILWAY NOTES AND PERSONALS.

N. H. Loomis, general attorney for the Union Pacific in Kansas, residing at York, was in the city Tuesday.  
The Burlington has nearly completed laying its ninety-pound rails on the main line between Lincoln and Denver.  
Fourteen German immigrants, direct from Castle Garden, left over the Union Pacific for San Francisco Wednesday morning.  
The Rock Island has prepared a neat folder setting out the advantages of an outing at Spirit Lake and Okoboji. The folder shows the New Orleans hotel, which has been built to replace the other destroyed by fire, and has interesting information on the fishing and boating to be found there.  
Harry Lee Roberts, substitute railway mail clerk, has been appointed to the Omaha and McFarland run on the Rock Island and Justin F. Rodgers, also a substitute, has been transferred to that run, and will operate from the Lincoln headquarters, instead of Omaha, hereafter. Otto H. Militt has been transferred to the Palmer and Burwell run from the Omaha and St. Paul, and Bert D. Burbury has been promoted from class three to class four. E. Archer, additional railway mail clerk, has been promoted to the Omaha and Ogden run on the Union Pacific.

### MEMBERS OF TENTH CAVALRY AND TWENTY-FIRST INFANTRY WITNESSES IN LAND CASES.

## The Food Value of a Soda Cracker

You have heard that some foods furnish fat, other foods make muscle, and still others are tissue building and heat forming.

You know that most foods have one or more of these elements, but do you know that no food contains them all in such properly balanced proportions as a good soda cracker?

The United States Government report shows that soda crackers contain less water, are richer in the muscle and fat elements, and have a much higher per cent of the tissue building and heat forming properties than any article of food made from flour.

That is why Uneda Biscuit should form an important part of every meal. They represent the superlative of the soda cracker, all their goodness and nourishment being brought from the oven to you in a package that is proof against air, moisture and dust, the price being too small to mention.

### NATIONAL BISCUIT COMPANY
