BEFORE THE PEOPLE'S BAR

Newly Married Man Defends His Love with His Fists.

WHIPS MAN FOR FLIRTING WITH HIS BRIDE

Breaks Nose and Knocks Out Teeth of Him Who Makes Eyes at the Wife He Has Just Taken.

That it is not wise for a man to make eyes at another man's wife, particularly if the wife be a bride of a few weeks, was the illustrated object lesson given before the people's bar Friday morning.

P. Ollerman, a young man with a red necktie and a light shading of hirsute growth on his upper lip, was the complainant in a case of assault and battery against W. H. Clark of 228 South Twenty-fourth street. Ollerman's contention was he sustained a broken nose and lost two teeth at the hands of Clark, who had no provocation, but the defense offered a strong case, showing that Ollerman was ogling at Mrs. Clark at Sixteenth and Farnam streets last Sunday evening. Clark made no denial of striking Ollerman. The defendant was discharged.

The story was that Clark and a companion were walking with their wives Sunday evening, when they met Ollerman and a friend at Sixteenth and Farnam streets. The women, who walked ahead, said they were passed several times by Ollerman and friend, Ollerman making eyes at them in a manner as to suggest a desire for acquaintance. Clark told Ollerman he would knock the cigar from his mouth if he did not look another way. Then Ollerman showed Clark a notebook, indicating he had traveled to such places as Philadelphia and Council Bluffs, and would stand on his rights of looking any way he pleased. Clark struck Ollerman with a knife first,

which the complainant denied. The Clarks were married a few weeks ago.

"Are you a bicycle rider?" asked Police Judge Crawford of George La Fayette, colored, Friday morning.

"Not practically," replied La Fayette.

"Ten days," responded the police judge. The police judge is still trying to work out the enigma.

La Fayette was arrested while leading a bicycle. Detectives Patullo and Horns bringing the man to the city jail on a charge of vagrancy. As La Fayette could not convince the detectives he was a practicing bicyclist nor establish legal ownership of the vehicle, he was arraigned in the police court on the charge of being without visible means of support.

S. J. McDowell, a diminutive old man on crutches, was arrested Thursday evening at Fourteenth and Douglas streets by Patrolman Flynn on the charge of drunkenness and begging on the street. When searched \$10.45 was found in McDowell's pockets. The police judge sentenced the man ten days and a bath in the county jail.

David Brown of 2124 Chicago street was found not guilty when arraigned in police court on the charge of cruelty to animals. Brown was arrested on the charge of kicking a neighbor's dog to death, the animal having invaded the Brown yard and threatened to bite the Brown child.

W. B. Hamilton of North Fourth street, arrested on suspicion of having stolen chickens, was discharged by the police judge Friday morning. The evidence against Hamilton was not of a nature to warrant conviction.

FOUR WOMEN WANT DIVORCES

One Gets Decree for Nonsupport and Three Others Press Their Cases.

Alleging cruel treatment, drunkenness and nonsupport, Mrs. Rosina Pleagle has begun suit for divorce from Henry W., and in addition asks for an injunction to restrain him from visiting her or in any way molesting her. They were married in Council Bluffs July 21, 1894, and shortly afterward she avers his maltreatment began. She says she has been forced to take in washing to support herself and twin children. She asks for alimony.

Antoinette Blackman asks for a divorce from Charles P. on the ground of drunkenness and nonsupport. They were married in Chillicothe, Ia. July 2, 1882.

John McMillan, who was sued for divorce by Mary E. in an answer filed Friday, declares the charges of cruelty made against him are untrue. His wife, he says, sued him for divorce in January, 1906, but withdrew the petition and went to living with him again. Last February, he says, after he had turned over his February salary to her, she left him and renewed the divorce suit.

Tilla Norman was given a divorce from Harry by Judge Kennedy. Nonsupport was the principal reason given. She was given back her maiden name, Tilla Moraske.

MEMORIAL SCHOOL AT 'FRISCO

Building to Be Erected in Stricken City by Pupils in Various Cities.

Among the edifices destined to command more than the passing interest of the future visitor to San Francisco will be its Memorial school building. A committee appointed by Superintendent Brooks of the Boston schools has mailed to every school superintendent in the United States a letter urging that the school children be permitted to contribute funds for this object. The Boston Teachers' club by a contribution of \$50 has made it possible to defray the expenses incident to the circulation of this appeal. Boston children in elementary schools were limited to a contribution of 5 cents and high school children to one of 10 cents. About \$500 will probably be raised by that city in this way. Omaha schools will have a hand in this work.

PROMINENT MEN EXAMINED

Mayor Zimman and Others Testify Before County Grand Jury in Election Case.

The county grand jury is still probing away at the alleged primary election frauds, and indications are a report will not be made for some time. There was a rumor at the court house that at least one indictment in the case might be returned.

The jury is working on two theories, one that the ballots were changed in order to complicate the election and give a chance for a contest, and the other that it was all

the work of persons who had bet large sums of money on the relative positions of certain candidates.

Several persons of prominence were examined Friday. Among those summoned to testify were Mayor Zimman, Thomas Dennison, William Nesselhaus, W. J. Connell, John Dennison, Frank Blash, H. H. Baldrie, William Jackson, Ed Halpin, Herman Cromwell, W. A. Chase and Charles Arnold.

FAN WINS ON SHEER LUCK

Lets Other Man Pick Three Teams and Then Gets the Cola Himself.

"I had the greatest luck with my betting yesterday," said an old base ball fan Friday. "I was talking base ball with a friend and told him I would bet him \$10 on each of the three games of the Western league, I offered to let him pick his teams. We put up the money and he took Pueblo, Denver and Des Moines. Well, Omaha, Lincoln and St. Louis City won and I took the money. Never had such luck but once before. That was last year. A man whose favorite was Des Moines was bewailing the prospects for his team. I made five bets with him of \$10 each, one that Des Moines would finish in the first three, one that it would finish in the first two, one that it would win the pennant, one that it would make money, and finally I bet that I would win all these four bets. Des Moines took the pennant, made money, and I made \$50."

OMAHA STILL MAKES GAIN

Nebraska Metropolis Goes Up in Building Percentage, While Other Cities Drop.

Figures compiled by the Construction News show that in twenty-seven leading cities of the country the building operations for April increased 13 per cent over the same month last year. Omaha came up with a respectable gain of 19 per cent, whereas Minneapolis dropped off 45 per cent; Denver, 15; Evansport, 20; Louisville, 24, and Grand Rapids, 29. The News says that an evenly healthy condition in building trades prevails throughout the cities of the middle west and the coast.

Permits recently issued by the local building department include: A. L. Hoover, 2100 frame dwelling at 2115 Q; Mrs. Callahan, \$1,500 frame dwelling at 2021 South Nineteenth; Henry Delina, \$1,000 frame dwelling at 2235 Boyd; Mrs. Ella Henderson, \$1,000 frame dwelling at Forty-third and Jackson.

OMAHA BOY ACHIEVES HONOR

Henry A. Raapke Gets Distinction in His Architectural Work in Paris.

Henry A. Raapke, an Omaha boy, studying architecture in Paris, has just pronounced success in his work. Some of his plans have been received by the Great Salon of the Society des Artistes Francais, an honor very difficult to obtain. Out of 1,000 architectural works presented, but 20 were accepted. This year's judgment of architectural work was very severe, which accounts for the small number of admissions. The subject of his work was the church "Saint Germain-Auxerrois."

HARTMAN'S

22 GREAT STORES THROUGHOUT THE U. S.

1414-16-18 DOUGLAS STREET

Department stores use most space in The Bee. Why?

The shrewdest buyers in Omaha are the department stores; they use fifty per cent more space in The Bee than in any other Omaha paper. They make a study of where they get the best results. Why should The Bee be preferred, when they buy advertising? Not only because The Bee has the largest circulation in Omaha, South Omaha, Council Bluffs, and the towns of Nebraska, Iowa and the Black Hills, but because— The Bee goes to the homes. It is read by the whole family and the house wife, particularly. She does the buying, as a rule, and influences almost every expenditure—her husband's clothes—as well as her own. Some men read papers on the street cars that they would not permit their daughters to look at. A clean paper, like The Bee, is admitted to every home. The women folk like The Bee—women do most of the buying.

TIRED OF LIFE AWFUL SUFFERING

From Dreadful Pains From Wound on Foot—System All Run Down After Six Months' Agony—Not Able to Work—Completely Cured in Two Weeks

MIRACULOUS CURE BY CUTICURA REMEDIES

"Words cannot speak highly enough for the Cuticura Remedies. I am now seventy-two years of age. My system had been all run down. My blood was so bad that blood poisoning had set in. I had several doctors attending me, so finally I went to the hospital, where I was laid up for two months. My foot and ankle were almost beyond recognition. Dark blood flowed out of wounds in many places, and I was so disheartened that I thought surely my last chance was slowly leaving me. As the foot did not improve, you can readily imagine how I felt. I stood this pain, and during this time I was not able to wear a shoe and not able to work."

"Some one spoke to me about Cuticura. The consequences were I bought a set of the Cuticura Remedies of one of my friends who was a druggist, and the praise that I gave after the second application is beyond description; it seemed a miracle, for the Cuticura Remedies took effect immediately. I washed the foot with the Cuticura Soap before applying the Ointment and I took the Resolvent at the same time. After two weeks' treatment my foot was healed completely. People who had seen my foot during my illness and who have seen it since the cure, can hardly believe their own eyes."

Robert Schoenbauer, Newburgh, N. Y., Aug. 21, 1905.

Said throughout the world. Cuticura Soap, etc. Ointment, etc. per retail of 25c, may be had of all druggists. For full particulars, send for free book, "The Cuticura Remedies," to the Cuticura Remedies Co., P. O. Box 1039, St. Louis, Mo.
