

DEMOCRATS SICKEN AT DUNN

New Administration Disgusted at Burnam's Choice, Plans to Keep Herdman.

PROPOSES TO HAVE CORPORATION COUNSEL

Resented at Dose Threat Down Their Throats by Walter Moise New Officials Adopt Nearest Means of Relief.

Announcement by City Attorney-elect Burnam that he would appoint Ignatius Jehovah Dunn as his first assistant means the creation of the separate office of corporation counsel, according to information from sources representing the new administration.

Dunn's selection at Moise's direction has aroused indignation among many of the officers-elect and better element of democrats and threats were made by councilmen that they would not confirm the appointment. Inquiry showed them, however that the attorney is the sole arbiter in the matter of choosing his assistant, and neither the mayor nor the council has anything to say about it.

In view of the circumstances Mayor Zimman's proposal to make the new office of corporation counsel has increased greatly in favor with the democrats from Mayor-elect Dahlman down; in fact, it was said in a semi-official way Saturday morning that the great majority of the democrats and threats were made by councilmen that they would not confirm the appointment.

As proposed, the corporation counsel would receive \$3,000 a year. His duties would be to advise the mayor and other city officers in legal matters and to pass approval on all ordinances, contracts and other documents requiring care in preparation. He would be named by the mayor, subject to confirmation by a majority of the council. Lawyers say the charter definition of the city attorney's duties will not hinder the new office. To the city attorney and his assistant would remain the litigation of all kinds in which the city is involved.

Will Herdman for the Place. It is no secret at the city hall that in all probability W. H. Herdman, who for three years has been assistant city attorney, will be the first corporation counsel. Herdman supported his chief, a republican, in the last election and his retention as assistant has not been counted on. Despite this fact it was not concealed by the democrats who hope for the best from the administration that they desired Herdman kept in a position where he could help it by reason of the experience and familiarity with municipal affairs he has acquired.

Neither has it been any secret that Burnam is regarded as exceedingly light from a professional standpoint for the place of city attorney. No one supposed the democrats would win it and he was the only man who could be induced to take the nomination. It was hoped he would appoint Herdman as assistant or some other lawyer of proved capacity. The Dunn announcement surprised nearly everyone and the change was made at once that it represented the hand of Walter Moise. It has not been charged up to Mayor-elect Dahlman, who, it is understood, has kept his hands off the legal department altogether. Dahlman had a man in mind for second assistant, but as this office was abolished it probably will not be recreated in view of the corporation counsel.

Plan to Bar Dunn from City Hall. Burnam's choice was announced Friday night, but was not generally known until the papers published it the next morning. Before 10 o'clock officers-elect were holding conferences trying to figure out a way of barring Dunn from the city hall. After sitting the matter down it was agreed the creation of the corporation counsel's office would be the only way of keeping the administration from the mercy of Burnam and Dunn.

Dunn's reputation, his connections with Walter Moise and his professional and private conduct generally make him odious to the majority of the men who will take office May 21, said one of the number. "It is a bad blow to the new administration and will cripple it severely. Dunn, and not Burnam, will be the real city attorney, and that is another of the bad features."

DON'T TAKE IT YOU CAN DO BETTER! If your grocer will not sell Arbuckles Coffee, we will send you a Family Box.

If he will not sell Arbuckles' ARIOSA write to us. We will supply you direct. You will get greater value for your money—a better pound of coffee—full weight—than he can sell you under any other name. He cannot sell Arbuckles' ARIOSA loose, by the pound out of a bin or bag, because we supply it only in sealed packages that you can identify every time, which protect the coffee from the dust and impurities that loose coffee absorbs—and insure full weight. Coffee exposed to the air loses its flavor, strength and purity. You cannot tell where it came from—neither can the grocer—he may think he knows—but he doesn't, and all you can ever know is the price ticket. It is worth remembering that outward appearance is no indication of "cup" quality.
