

Hidden Dangers

Before a man can protect himself from peril of any kind, he must know where the danger lurks.

We have to fight against heavy odds in the sale of SINCERITY CLOTHES.

—And the reason is that 60 per cent of the clothes are "faked" into shape.

—Doped by Dr. Goos, the Hot Flat-Iron, to mask Defects in the Cloth.

It takes more time, and costs more, to design, and sew, and revise by conscientious handwork.

—But clothes cannot be made sincerely without it.

SINCERITY CLOTHES mean correct style, perfect fit, and a guaranty of workmanship and materials.

Flat-Iron style and fit, produced by Heat and Moisture, disappear quickly with dampness and wear.

Which will you have? SINCERITY CLOTHES are for sale in most communities.

If you object to Flat-Iron trickery in your clothes, let your next purchase be a SINCERITY suit.

Send a cent stamp for "The Test," which is a sure way to detect the work of old "Dr. Goos," the Hot Flat-Iron Fakir.

You will find this label in SINCERITY CLOTHES:

PRESBYTERIANISM AT BEST

Dr. Divens Writes of Assembly to Meet This Week at Des Moines.

SOME OF THE MATTERS TO BE PRESENTED

Union of Churches, Prayer Book and Cathedral Will Cause Discussion When Delegates Start to Work.

DES MOINES, Ia., May 12.—(Special Correspondence to The Bee.)—"For my own part, of property I have some of reputation I have more."

These burning words from the lips of John Witherspoon, one of the signers of the Declaration of Independence, during the struggle of the colonies for independence, for besides being the only clergyman who signed the declaration, he was the moderator of the first general assembly, which was held in Philadelphia in 1776, a few weeks after the American constitution was adopted and which he had no little influence in framing.

Two agreements towards having a cathedral church building have been started, one in Washington by Justice Harlan and the other in New York by Dr. Howard Duffield and the subject will be one of several brought before the Presbyterian general assembly, which will be opened next Thursday morning in the Auditorium in this city.

"Cathedral" Buildings. Two agreements towards having a cathedral church building have been started, one in Washington by Justice Harlan and the other in New York by Dr. Howard Duffield and the subject will be one of several brought before the Presbyterian general assembly, which will be opened next Thursday morning in the Auditorium in this city.

Establishment of a church large enough and sufficiently well endowed to enable it, in the name of the common Presbyterian church, to take a full share of the work of influencing the guiding life of the nation at its governmental center. Dr. Duffield believes that the old first church of New York is today practically a cathedral church and only needs an endowment to enable it to fulfill all that could be expected from the church which it is proposed to erect in Washington.

Small Boy is Killed by Window. Heavy Sash Drops on Youngster and Breaks His Neck. BLAIR, Neb., May 12.—(Special Telegram.)—Casper, the 8-year-old son of Mrs. Marten Knutson, was killed today noon while trying to climb into the barn window. He placed a board up to the window and when that way through knocked the drop from under the heavy sash, which fell and broke his neck.

Home Road Promoters on Ground. DAKOTA CITY, Neb., May 12.—(Special.)—Carpenter, A. Talbot, chief promoter of the Home Road, is in the city today. He is in the city today. He is in the city today.

MANY PEOPLE HAVE CATARRH OF KIDNEYS AND DON'T KNOW IT. Backache, a Warning Symptom of Kidney Trouble. Pe-ru-na is Invaluable in Such Cases. Prominent Persons Who Have Been Cured.

Mr. J. Blyler, 1205 Ohio street, Des Moines, Ia., writes: "I wish to state my appreciation of your excellent remedy."

"I have always enjoyed excellent health, except frequent and painful attacks of bladder trouble, which doctors failed to relieve or cure."

"Upon recommendation I used Peruna to my utter satisfaction, not having had an attack now for four or five years."—J. Blyler.

Mr. Leopold Brandl, 246 Blocker street, Brooklyn, N. Y., writes: "I was sick three months with catarrh of the kidneys and lungs. I was treated by my home physician and relieved to some extent, but after I had worked again for two weeks, my old suffering—backache and pain in the right lung—returned. The dreadful cough which bothered me day and night lasted six months and no one could help me. I tried three different patent medicines, without avail. I could scarcely eat anything and slept only a few hours each night."

"A friend told me to take Peruna. I did so and the second day my appetite had improved. I took a teaspoonful of Peruna every hour, day and night, for three weeks. Now I have taken five bottles. I can now do enough for two people and am able to sleep well. Whenever I meet a sick person, I advise him to take Peruna. I thank you a thousand times for your medicine, as it was the only remedy that saved me. We continue to keep it in our family."—Leopold Brandl.

High Commendation for Pe-ru-na. Mr. C. B. Fizer, Mr. Sterling, Ky., writes: "I have suffered with kidney and bladder trouble for ten years past. Last March I commenced using your Peruna and continued for three months. I have not used it since, nor have I felt a pain."

"I believe that I am well and I therefore give my highest commendation to the curative qualities of Pe-ru-na." Neglected catarrh of the kidneys is apt to develop into Bright's Disease or diabetes, when a cure is almost an impossibility.

"We have on file many testimonials like the ones given here. We can give our readers only a slight glimpse of the vast array of unsolicited endorsements we are receiving every month. No other physician in the world has received such a volume of enthusiastic letters of thanks as Dr. Hartman for Peruna."

Revised Formula. "For a number of years requests have come to me from a multitude of grateful friends, urging that Peruna be given a slight laxative quality. I have been experimenting with a laxative addition for quite a length of time, and now feel gratified to announce to the friends of Peruna that I have incorporated such a quality in the medicine which, in my opinion, can only enhance its well-known beneficial character."—S. B. HARTMAN, M. D.

TRICKS OF OIL SALESMEN. Former Agent of Standard Tells of Methods of Deceiving Purchasers. GRIT PLACED IN PRODUCT OF COMPETITOR. Discrimination in Freight Rates in Favor of Combine Alleged by Illinois Warehouse Commission.

CHICAGO, May 12.—The investigation of the Interstate Commerce commission into the relations between the Standard Oil company and the railroads was concluded this afternoon, as far as this section of the country is concerned, and will be resumed in Cleveland, May 24.

F. S. Hibbs of Peoria, who was for thirteen years in the employ of the Standard Oil company, was the star witness of the day. He demonstrated how the agents of the oil company were accustomed to trick customers into thinking that the product of their company was superior, when, in fact, it was inferior to the product of the independent companies.

Other witnesses told of bribing employees of railroads and milling companies, and one instance was related where a wire and nail mill in Indiana was compelled to shut down because grit had been placed in the oil purchased of an independent company at the instance of an agent of the Standard Oil company.

Testimony of Mr. Hibbs. F. S. Hibbs of Peoria, for thirteen years an employee of the Standard Oil company, told the Interstate Commerce commission a number of "tricks of the trade" which the witness said were used by salesmen and agents of the Standard Oil company. Witness named five towns in Illinois where he had convinced customers by
