An informal banquet at the Lincoln hotel will be attended by the visiting bankers Wednesday evening by the associated banks of the Lincoln clearing house.

Sheldon Working on Fence. Now that George L. Sheldon has returned to his home in Nebraska and has announced positively over his own signature that he will be a candidate for governor before the republican state convention, Lincoln politicians are expecting a revival of political talk along the line.

Inasmuch as Sheldon persisted in looking after his property interests rather than his political chances during the last few months, and as State Treasurer Peter Mortenson has been ruled out of the running by reason of a constitutional prohibition, the Lincoln fellows have been sitting back and listening and doing little talking about a gubernatorial candidate.

A rumor was started Friday night, however, that Sheldon was in Lincoln and that politicians at once began to take notice. So far as discovered, however, no one here saw the senator, and if he was in the city taking a few boards in his fences the general public is not aware of the fact.

Another rumor has it that Sheldon will show up in Lincoln tomorrow and get together with some of his friends and get next to what is really doing.

Several conferences have been held by some of the party workers during the last two or three days, but it is evident no agreement has been reached when the county convention should be held or when Chairman Walter Roberts will call the committee together.

The state officers are not talking politics at all because all their time is taken up with other things, most notable of which, of course, is the railroad assessment. There seems to be little doubt now that the board will conclude its labor in a shorter time than the same work has been done since the new revenue law became operative.

The first two or three days Auditor Seale was absent, but since that time every member has attended all the meetings and a disposition is shown to get the work over with as soon as possible.

Haskell Says Residence. George E. Haskell, president of the Beatrice Creamery company, has bought the residence of Dr. George O. W. Farnam at 170 E. street, one of the finest in the city, and will take possession the first of the month.

Dr. Farnam will continue to reside in Lincoln, but he said the deal was made so quickly he had no idea where he would erect his next home. Mr. Haskell is now in Chicago.

High School Play at Crete. CRETE, Neb., May 13.—(Special.)—The A CRITICAL PERIOD

INTELLIGENT WOMEN PREPARE

Dangers and Pain of This Critical Period Avoided by the Use of Lydia E. Pinkham's Vegetable Compound.

How many women realize that the most critical period in a woman's existence is the change of life, and that the anxiety felt by women as this time draws near is not without reason?

If her system is in a deranged condition, or she is predisposed to apoplexy or congestion of any organ, it is at this time likely to become active and, with a host of nervous irritations, make life a burden.

At this time, also, cancers and tumors are more liable to develop their destructive work. Such warning symptoms as a sense of suffocation, hot flashes, dizziness, headache, drowsiness, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and inquietude are promptly heeded by intelligent women who are approaching the period of life when woman's great change may be expected.

We believe Lydia E. Pinkham's Vegetable Compound is the world's greatest remedy for women at this trying period.

Lydia E. Pinkham's Vegetable Compound invigorates and strengthens the female organism, and builds up the weakened nervous system as no other medicine can.

Mrs. A. E. G. Hyland, of Chester, writes in a letter to Mrs. Pinkham, says: "Dear Mrs. Pinkham:— I had been suffering with a displacement for years and was passing through the change of life. I had a good deal of nervous, dizzy spells, headaches, and was very nervous. I wrote you for advice and commenced treatment with Lydia E. Pinkham's Vegetable Compound, and in a few days I was happy to say that all those distressing symptoms were gone, and I have passed safely through the change of life a well woman."

For special advice regarding this important period, women are invited to write to Mrs. Pinkham, Lynn, Mass. She is daughter-in-law of Lydia E. Pinkham and for twenty-five years has been advising sick women free of charge. Her advice is free and always beneficial to ailing women.

This was the annual play given by the graduating class and the relatives and friends of the class of 1906 were pleased with the quality of the production. Those who took part in the play were: William Bell, Carl Cowan, Oscar Stiles, Thomas Patz, Orin Stapanek, Willie Sheeler, Willard Carr, Mildred Haight, Michael Kerst, Lulu McKinley and Hazel Bonister.

FORGER ARRESTED AT BEATRICE

Man Who Attempts to Pass Hogs Checks Has Large Supply. BEATRICE, Neb., May 13.—(Special.)—W. B. Ellis, alias W. B. Elbert, alias W. B. Wilson, a forger who was captured here Saturday night by C. M. Coon after he had attempted to pass a forged check on Mr. Coon for \$25.00 was well supplied with forged paper when searched by the officers at police station ten checks, six of which were drawn on the First National bank of this city and the others on the German National bank, were found on his person, besides a lot of rubber stamps and a small instrument used by bankers to check the figures so as to prevent their being changed on a check. The six pieces of paper drawn on the First National were made payable to W. B. Wilson and W. B. Elbert, and bore the signature of J. M. Wheeler, a former living associate of Beatrice. The checks on the German National bank were purported to have been signed by W. H. Bowman, a stockman living northwest of the city, and were made payable to W. B. Ellis. Some of the checks were drawn for \$25.00 and others for \$15.00. Three of the prisoner's alleged pals escaped from the officers and have not yet been located. Ellis, or whoever he may be, says his home is at Garnett, Kan., where his family resides. He is a man apparently 30 years of age, and claims he reached the city Friday.

Boy Drowned at Tekamah.

TEKAMAH, Neb., May 13.—(Special.)—Temple Rice, aged 12, second son of A. K. Rice and grandson of R. A. Templeton of this city, was drowned yesterday afternoon, about 4 o'clock, in the Combination ditch east of this city. "Billy," as he was familiarly called by his schoolmates, has always been a lover of hunting and fishing, and hundreds of fish were taken from the ditch and the Combination ditch Saturday afternoon he mounted his pony and rode to the ditch. This was the last time he was seen alive. He did not return at 5 o'clock and his father raised the alarm and with friends made a search up and down the ditch until his pony was found and a bridge east of the city. His fishing rod and fish were found on the bank near the bridge, where indications showed that the bank had caved under him and precipitated him into about seven feet of water. The body was recovered about two hours after the accident occurred. This is a particularly sad blow to the family and friends at this time, as it was only last October they were called upon to mourn the death of Billy's mother, Mrs. A. K. Rice, who died after a lingering illness of two years. The funeral was held today at 2 p. m. from the residence of R. A. Templeton, sr.

Hospital Fair at Blair.

BLAIR, Neb., May 13.—(Special.)—The hospital fair and carnival held during the entire week closed last night with receipts amounting to nearly \$500, which will be used toward paying of the indebtedness of the Blair Emergency hospital. The carnival opened up Monday night with the play, "Dot, the Miner's Daughter," by home talent. A program consisting of songs, recitations, tableaux and other miscellaneous numbers was rendered each evening. Friday evening a feature of the program was a contest with boxing gloves between a leading society woman and one of Blair's business men. Billy Johnson of Omaha sang a number of selections and was called back a half dozen times. The Emergency hospital, which was opened for occupancy in January, has been filling a long-felt want in this county, being a purely charitable institution.

Shingle Nail Lodged in Throat.

GRAND ISLAND, Neb., May 13.—(Special.)—W. B. Billis, a carpenter of Cairo, was brought to the St. Francis hospital in this city yesterday with a shingle nail in his throat. Mr. Billis placed a few nails in his mouth, and while second in a ladder one of them accidentally lodged in the throat. He was taken to a physician in Cairo, who was, however, unable to remove the nail. He was then taken to Wood River, where the physicians were equally unsuccessful, though he was able to catch hold of the nail twice with an instrument. It has by this time become so firmly lodged that Mr. Billis was brought to this city for an operation. While the doctors were opening the throat the patient suddenly swallowed the nail completely. Mr. Billis had a quiet night and is resting easily today.
