**PURELY VEGETAB** 

The fact that S. S. S. is a purely vegetable preparation, containing not the slightest trace of mineral in any form, has been one of the strongest points in its favor during its forty years of existence. It is recognized everywhere not only as the best of all blood purifiers, but the one medicine that can be taken with absolute safety by the youngest child or the oldest member of the family. Next in importance to removing the cause of any disease is the condition in which the system is left after a course of medical treatment. Medicines containing mercury, potash or other strong mineral ingredients often do permanent injury by eating out the delicate liuing and tissues of the stomach, producing chronic dyspepsia, unfavorably affecting the bowels and so damaging the system that even if the original cause of the disease has been removed, it is left in

such a deranged and weakened condition that \$1,000 REWARD the health is permanently impaired. S. S. S. enjoys the distinction of being the only blood IF NOT PURELY medicine on the market that does not contain a mineral property in some form. Being made VECETABLE entirely of roots, herbs and barks it is absolutely

harmless to any part of the system, and while curing disease adds strength and health to every part of the body. S. S. S. removes all poisons, freshens and purifies the blood and gives better and more lasting results than any other blood medicine, S. S. S. is the very best treatment for Rheumatism, Catarrh, Scrofula, Sores and Ulcers, Skin Diseases, Contagious Blood Poison and all troubles due to an impure or poisoned blood supply. Besides being gots admitted having taken 10, which Karas the King of blood purifiers S. S. S. is the best and most invigorating of all tonics,
