PERKINS SPEAKS AT WALNUT

Plans Changed at Request of Citizens of East End of County.

HERRIOTT TO BE THERE THE SAME DAY

Senator Berry Billed for Several Speeches in the County in Behalf of the Candidacy of Governor Cummins.

George D. Perkins of Sioux City, the "standpat" candidate for governor of Iowa, will make one speech in Pottawattamie county. In response to the requests of the people in the east end of the county George S. Wright, chairman of the county republican central committee, yesterday secured a promise from Mr. Perkins that he would speak at Walnut on Monday, May 21.

Perkins' campaign manager, wrote that it was not necessary for Mr. Perkins to visit this county and that he would use his time to more advantage elsewhere. With this became known in the east end of the county yesterday morning telephone and telegraph messages came pouring into Chairman Wright to have Mr. Perkins make at least one speech in the east end of the county.

Chairman Wright at once got busy and in the afternoon received a telegram from Mr. Perkins saying he would be pleased to speak, as requested, at Walnut next Monday.

Extensive preparations are being made in the east end of the county for the Perkins-Herriott meeting at Walnut Monday. The Herriott meeting at Avoca on Tuesday and at Oakland on Wednesday. The demonstrations in these towns are being planned under the auspices of the recently organized Roosevelt Republican club of Pottawattamie county, which will provide music for the three gatherings. At Avoca the Grand Army of the Republic post has announced it will turn out in a body to greet Lieutenant Governor Herriott and accord him a fitting greeting.

While the "standpats" are demonstrating their activity throughout the county, the Cummins forces are not standing idle. By State Senator Berry of Indiana, will stump the east end of the county for Governor Cummins and meetings are being arranged for Macedonia, Minden and Carson, at which Mr. Berry will be the principal speaker. The dates have not yet been announced for these meetings, but it is likely they will be held the first days of next week. Indications are for a warm fight in Pottawattamie county from now on until the county convention to be held in this city Tuesday, May 23.

President Wilson of the Roosevelt-Cummins Republican league of Pottawattamie county received a telegram from Des Moines last night announcing that Senator Berry would speak at the following places in this county next week: Tuesday at Minden, Wednesday at Macedonia, Thursday at Carson. Friday afternoon in some township adjacent to Council Bluffs and Friday evening at Oakland.

Carpet taken up and cleaned by our sanitary process and laid out on the Y. M. C. A. Now is the time to leave your old carpet. Council Bluffs Carpet Cleaning and Rug Manufacturing company, 30 N. Main St., Tel. 516.

The writer contended that the payment of the annual license of \$500

WATER WORKS COMMITTEE ACTION

Rumor Negotiations for Purchase of Plant May Be Broken Off.

A meeting of the special committee of the city council appointed to take charge of the negotiations for municipal ownership of the water works will be held this evening in the office of the chairman, Dwight Lewis, city auditor.

The committee, which consists of Councilmen Olson, Knudsen and Hendrix. It is said the meeting is for the purpose of discussing the advisability of suspending all negotiations for the purchase of the present plant and taking steps to construct an entirely new water works system, with possibly an electrical plant to drive the pumps.

The visit of E. T. Sykes, a contracting and construction engineer of Minneapolis, is said to be responsible for this change of front on the part of certain members of the special committee. Councilman Knudsen yesterday expressed himself in favor of building an entire new plant in conjunction with an electric light plant. He stated that the committee would most likely engage the services of Mr. Sykes to make an investigation of the present plant with a view to estimating its value and also prepare an estimate of the cost of a new water works system for the city and another estimate for the construction of a joint water works and electric lighting plant.

As no appropriation was made for the employment of a consulting engineer, it is said that it is doubtful if the committee under the circumstances can engage the services of Mr. Sykes. It is said that the council members are opposed to using any more of the city's funds for such a purpose. In view of the fact that under the contract with Earl & Tinley, special counsel engaged by the city, the municipality has already made itself responsible for the amount to them under certain conditions of \$2,000.
