

PASS SYSTEM AT CITY HALL

Evil that is so Deeply Entrenched as to Be Hard to Uproot.

CONFESSION OF RETIRING COUNCILMAN

Says Railroads Should Shut Off on It, for Constituents Will Not Cease Demanda Any Other Way.

"The pass evil so far as city councilmen and other city officers are concerned cannot be exaggerated," said one of the outgoing councilmen.

"During the last administration the charge has been made repeatedly that at least one councilman not only procured lots of transportation for his friends and himself, but actually got money and sold them to scalpers, netting a clear profit for himself by every transaction of the kind."

"The talk about the anti-pass question being injected into the new administration as a leading issue started as a joke, but it has developed into something more serious."

UNION PACIFIC'S NEW LINES

Total of Seven Hundred Miles of Track Will Be Laid This Year.

In addition to the new work already mapped out, the Union Pacific, during the year 1906, will relay 337 miles of main line between Council Bluffs and Green River.

The magnitude of this work is best explained by stating that if in a straight line it would build a track from Chicago to a point nearly fifty miles west of Grand Island.

This is in addition to the double track work which is being done in Wyoming. The work on the Lane Cut Off is progressing as well as was expected and the hills are being cut away and placed in the heavy hills, which the work requires.

The contractors also are pushing the work on the line from Council Bluffs to Stormburg, and as no heavy grades will be met, this work should soon be finished.

"Fighting the Flames." Talbot's "Fighting the Flames" is the rather unique title given to the big show that comes to Omaha for four days' entertainment, commencing Wednesday night, May 23.

The local Fire and Police board will benefit by the sale of tickets. The huge tents and enclosures will be located at Twentieth and Paul streets. "Fighting the Flames" is an entirely new era in the amusement world. It requires two special trains of forty cars each to transport the show over the road. In its presentation, nearly a thousand people, horses, ponies, etc., are used.

VERY LOW RATES To Boston and Return, via the Michigan Central, the "Niagara Falls Route."

VERY LOW RATES Tuesday, balance of the year, the Chicago Great Western Railway will sell homeseeker's tickets to Minnesota, North Dakota and Canadian northwest at about half rate.

Low rates to Boston and New Haven, Conn., and return, via the ERIE RAILROAD—picturesque trunk line of America.
